Bay Minette, AL 36507

Re: Consideration of AltaPointe Health's Funding Request for Assisted Outpatient Treatment/Crisis Response Team

Dear Commissioner Ball and Members of the County Commission,

Please find attached our formal funding request for the continuation of the Assisted Outpatient Treatment (AOT) / Crisis Intervention Team. We respectfully ask the Commission to review and consider this proposal as part of your upcoming budget discussions.

As detailed in the attached document, our community continues to experience increasing demand for crisis response and intensive outpatient intervention. Continued support will allow us to provide timely outreach, reduce crisis-related hospitalizations and law enforcement involvement, and improve outcomes for individuals with serious mental illness and substance use disorders.

We greatly appreciate the Commission's ongoing commitment to strengthening behavioral health resources within our county. Should you have any questions or wish to discuss the request further, we would be glad to meet at your convenience.

Thank you for your consideration.

Sincerely,
