CONTRACT FOR PROFESSIONAL SERVICES

This CONTRACT FOR PROFESSIONAL SERVICES (the "Contract") is made and entered into by and between Baldwin County, Alabama, acting by and through its governing body, the Baldwin County Commission (hereinafter, "CUSTOMER"), and Via Mobility, LLC, a Delaware limited liability company with its principal office located at 160 Varick Street, Floor 4, New York, New York 10013 (hereinafter, "VIA").

WITNESSETH:

Whereas, the CUSTOMER manages the Baldwin Regional Area Transit System (BRATS), which is a federally funded public transportation provider; and

Whereas, the CUSTOMER was awarded funding from the Federal Transit Administration (FTA) for participation in the Integrated Mobility Innovation (IMI) Program to create one of the nation's first rural, fully on-demand public transit system (hereinafter referred to as "PROJECT") which will involve testing and deploying technology to accommodate long-distance interzone trips; and

Whereas, the PROJECT will deploy cutting edge, on-demand technology that will require configuration for CUSTOMER's specific needs for utilization in the BRATS service area; and

Whereas, the PROJECT will require the technical services of a person or persons who possess a computer engineering degree, or who are considered to be computer engineers based on their technical knowledge or skill; and

Whereas, the requirements of the PROJECT are such that it is not possible to competitively bid out these professional services using technical specifications, and any specifications that could be generated would not be sufficiently definite to allow potential bidders to prepare bids intelligently or for the CUSTOMER to adequately compare the bids received; and

Whereas, the IMI Program permits applicants to name "Key Partners" who are essential to the project and allows for a noncompetitive award under the federal procurement requirements for the services provided by the Key Partners; and

Whereas, Via is an industry leader in mobility on demand ridesharing technology, whose team of software engineers and project managers has guided public and private partners around the world through complex mobility on demand transit software deployments, desires to partner with the CUSTOMER as a Key Partner on the Project to create one of the first fully on demand rural transit systems in the United States and provide access to the necessary technology for such a system ("Services"); and

Whereas, the CUSTOMER finds that the PROJECT requires essential professional computer and engineering services that meet one or more of the requirements of ALA. CODE § 41-16-51 which governs contracts for which competitive bidding is not required.

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the sufficiency of which is hereby acknowledged, Via and CUSTOMER agree as follows:

1. Services. The CUSTOMER hereby retains, and VIA agrees to perform for the CUSTOMER, the Services including but not limited to, the Via Solution and the support and ongoing services as hereinafter set forth and as described in the Baldwin County Deployment Service Order, attached hereto as Exhibit A. VIA shall immediately commence performance of the Services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out.

A. The Via Solution is comprised of driver and rider software applications (each, an "Application") and certain system management tools and may also include certain additional software, data, data feeds, or other content owned by and licensed from third parties. While all the Applications are cloud-based, certain of them are deployed via download to handheld mobile devices used by riders or drivers, while others are installed on devices field-deployed by Customer to personnel and vehicles.

B. Subject to the terms and conditions herein, VIA will provide the Services, as set forth herein and in the Baldwin County Deployment Service Order attached hereto as Exhibit A (the "Service Order"). The Services will include all related services, functions or responsibilities not specifically described in this Contract, but that are required or reasonably necessary for the proper performance of the Via Solution in connection with Customer's fully on-demand rural public transportation network that Customer intends to operate, for the benefit of prospective and actual riders, using vehicles, equipment and services (including telecommunications and/or dispatch equipment and services), personnel, routes and other infrastructure it owns or otherwise controls. VIA will grant CUSTOMER, access, and use rights for the specific Applications and deployment types identified in the Service Order attached hereto.

C. VIA shall provide ongoing communications with CUSTOMER regarding Services provided hereunder, including, but not limited to, regular updates, emails, calls and reports. Additionally, VIA will meet with CUSTOMER as needed or requested.

D. VIA is responsible for the professional quality, technical accuracy, timely completion and coordination of all Services furnished by or in relation to this Contract, per CUSTOMER's cooperation.

2. Representations of VIA. VIA is retained by the CUSTOMER as a professionally-qualified contractor and VIA represents and warrants as follows:

B. VIA represents and warrants that its services shall be performed within the limits and standards provided by the CUSTOMER, in a manner consistent with the level of care and skill ordinarily exercised by similar providers under similar circumstances at the time the services are performed.

C. VIA represents and warrants that VIA is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the Services. VIA further represents and warrants that it shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of Services.

D. VIA and CUSTOMER coordinated on the preparation of an application for participation in the IMI Program. The application package, attached hereto as Exhibit B, is incorporated herein by reference as documentation of VIA's representations regarding the Services hereunder.

E. The representations and warranties described above are a material inducement to the CUSTOMER in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the CUSTOMER's option.

3. Term. This Contract shall be effective for sixteen (16) months and shall be effective and commence immediately upon the same date as its full execution and shall terminate upon the expiration of sixteen (16) months thereafter unless terminated sooner as set forth in Paragraph 6 below. VIA and CUSTOMER may agree to renew the contract for up to three (3) additional one (1) year terms.

4. General Responsibilities of the CUSTOMER.

A. The CUSTOMER shall pay to VIA the compensation as, and subject to, the terms set out below.

B. Nothing in this Contract shall be construed as granting VIA any right or guarantee to be selected or exclusively retained to provide the Services to the County.

5. Ownership of Documents/Work. The CUSTOMER shall be the owner of all copyright and other intellectual property rights in reports, documents and all other deliverables produced and paid for under this Contract, including any derivative works thereof or improvements thereto (excluding, for the avoidance of doubt, VIA's pre-existing intellectual property and any derivatives of or improvements thereto), and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the CUSTOMER without payment of further consideration. VIA shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the Services, without the CUSTOMER's prior written consent, which may be withheld or granted in the sole discretion of the CUSTOMER.

For the avoidance of doubt, and notwithstanding anything to the contrary herein, no intellectual property will be conceived, created or furnished under this contract. All intellectual property rights in and to VIA's cloud-based solution (the "Via Solution") and all of its derivative works and improvements are owned by, and are proprietary to the Via, and no such rights are or shall be granted to or transferred to the CUSTOMER, other than the limited subscription, access and use rights to the Via Solution during the Term of this Agreement.

6. Termination of Contract. CUSTOMER or VIA may terminate this Contract upon the other party's material breach of the Contract provided that (a) the non-breaching party sends written notice to the breaching party describing the breach in reasonable detail; (b) the breaching party does not cure the breach within thirty (30) days following its receipt of such notice (the "Notice Period"); and (iii) following the expiration of the Notice Period, the non-breaching party sends a second written notice indicating its election to terminate this Contract. In the event of termination, the CUSTOMER shall pay VIA for Services satisfactorily rendered and for any expenses incurred pursuant to this Contract prior to the date of termination and reimbursable in accordance with the Service Order.

7. Compensation. The compensation to be paid to the VIA shall be as provided in this Contract, the Service Order and any future service orders. Said compensation shall be all inclusive of, including without limitation, reimbursement of all costs, incidentals and operating expenses associated with those directly engaged in performance of Services hereunder. Any and all additional expenditures

or expenses of VIA not listed in full within this Contract or the Service Order shall not be considered as a part of this Contract and shall not be demanded by VIA or paid by CUSTOMER.

VIA understands that CUSTOMER has received a Letter of No Prejudice from the Federal Transit Administration providing pre-award authority for CUSTOMER to begin work on the Project prior to the CUSTOMER's execution of a Cooperative Agreement with the Federal Transit Administration. CUSTOMER understands that compensation for work performed prior to the execution of the Cooperative Agreement is subject to the full execution of the Cooperative Agreement, and all applicable regulations regarding eligible expenses. If the Cooperative Agreement is not executed for any reason VIA will not receive any payment for any expenses incurred or any work performed under this Agreement or the attached Exhibit A. If any expense related to work under this Agreement or the attached Exhibit A is deemed ineligible for any reason, VIA will not receive payment for the ineligible expense.

8. Method of Payment. VIA shall submit invoices to the CUSTOMER for payment for work performed in accordance with the Service Order. Such invoice shall be accompanied by a detailed account of compensation to be paid to VIA. Payment shall be made by the CUSTOMER within thirty (30) days of the submission of the invoice by VIA. The CUSTOMER agrees to review and approve invoices submitted for payment in a timely manner.

9. Indemnification. VIA shall indemnify, defend and hold the CUSTOMER, and its Commissioners, affiliates, employees, agents, and representatives (collectively referred to in this Paragraph as "CUSTOMER") harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitation, attorneys' fees and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever, incurred by, asserted against, or imposed upon CUSTOMER, as a result of the gross negligence or willful misconduct of VIA, its agents, representatives, employees, members, managers, or contractors (collectively referred to in this Paragraph as "VIA"), any breach by VIA of any applicable law, data security or privacy obligations arising from performance of this Contract, or any action or omission of VIA related to or arising out of any failure of VIA to perform its obligations under this Contract. This indemnification shall survive the expiration or termination of this Contract. Notwithstanding anything to the contrary herein, the liability of either party under this Contract, by reason of breach or otherwise, shall be limited to the amount of fees payable to VIA hereunder as set forth on Exhibit A attached hereto.

10. Insurance. Prior to performing Services pursuant to this Contract, VIA shall carry, with insurers satisfactory to CUSTOMER, throughout the term hereof, Auto Liability Insurance, including owned, hired and non-owned vehicles, with limits of not less than \$1,000,000, combined single limit, for both bodily injury liability and property damage liability each occurrence; Commercial General Liability Insurance, including all contractual liability hereunder, with limits not less than \$1,000,000.00, combined single limit, for both bodily injury liability and property damage liability for each occurrence; and Worker's Compensation Insurance meeting the statutory limits of the State of Alabama and Employer's Liability Insurance fully covering all employees and supervisors participating in the Services. All liability insurance shall name the CUSTOMER as an additional insured. Prior to commencing VIA's Services hereunder, a Certificate of Insurance evidencing such coverage, satisfactory to CUSTOMER, shall be furnished to CUSTOMER, which shall specifically state that such insurance shall provide for at least thirty (30) days' notice to CUSTOMER in the event of cancellation, termination or any change in such insurance policies. The worker's compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against the CUSTOMER and its representatives. Should VIA fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, CUSTOMER may, at its option, suspend this Contract until insurance is obtained, terminate this Contract immediately without further action, or hold VIA in material default and pursue any and all remedies available.

For the avoidance of doubt, VIA will not provide insurance coverage for the operation of the CUSTOMER and its representatives of any vehicles.

All information VIA becomes privy to as a result of this Contract should be treated as confidential and shall not be divulged by VIA to any third person or entity without the express written consent of the CUSTOMER.

13. Warranties. VIA warrants that: (i) from the effective date of this Contract until the expiry or termination of this Contract, its Services hereunder will comply in all material respects with this Contract and with the Service Order; (b) the Services will be carried out in a competent and professional manner; (c) it has, and shall continue to have, all rights, consents and authorizations necessary to enable it to perform the Services in accordance with the provisions of this Contract and the Service Order; (d) it has not included or used any open-source software in the Via Solution which would prevent the Customer from exercising use rights over the Via Solution as contemplated by this Contract or the Service Order; (e) the Via Solution is free from any thing or device (including any software, code, file or programme) which may prevent, impair or otherwise adversely affect the operation of any computer software, hardware or network, any telecommunications service, equipment or network or any other service or device; prevent, impair or otherwise adversely affect access to or the operation of any programme or data, including the reliability of any programme or data (whether by re-arranging, altering or erasing the programme or data in whole or part or otherwise); or adversely affect the user experience, including worms, trojan horses, viruses and other similar things or devices, in each case that would substantially impair its operation; and (f) to VIA's knowledge, there are currently no actions, suits or proceedings or regulatory investigations alleging the infringement of third-party intellectual property rights by VIA pending before any court or administrative body or arbitration tribunal that might adversely affect the ability of VIA to meet and carry out its obligations under this Contract. In the event the Services to be provided hereunder fail to perform as warranted in this Paragraph, VIA shall use commercially reasonable efforts to promptly correct any such failure of its Services hereunder.

VIA is not an employee, servant, partner, or agent of the CUSTOMER and has no authority, express or implied, to contract for or bind the CUSTOMER in any manner. The parties agree that VIA shall be solely responsible for and shall have full and unqualified control over developing and implementing its own means and methods as it deems necessary and appropriate in providing Services, and that the CUSTOMER's interests herein are expressly limited to the results of VIA's Services. VIA is not entitled to unemployment insurance benefits, and VIA is responsible for and obligated to pay any and all federal and state income tax on any monies paid pursuant to this Contract.

The parties agree that, in the event of an inconsistency between a provision contained in this Agreement and a provision contained in the Federal Clauses attached hereto as Exhibit B, then, to the extent such provision in Exhibit B is applicable to this particular FTA program (and unless otherwise set forth in this Clause 19), then the provision in Exhibit B shall govern. Contractor shall comply with 49 USC 40118 (the "Fly America" Act) in accordance with General Services Administration regulations 41 CFR 301-10, stating that recipients and subrecipients of Federal funds and their contractors are required to use US Flag air carriers for US Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a US flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. Contractor shall include the requirements of this section in all subcontracts that may involve international air transportation.

Energy Conservation – Applicability – All Contracts except micro-purchases (\$10,000 or less, except for construction contracts over \$2,000) Contractor shall comply with mandatory standards and policies relating to energy efficiency, stated in the state energy conservation plan issued in compliance with the Energy Policy & Conservation Act.

Each tier shall also disclose the name of any registrant under the Lobbying Disclosure Act of 1995 who has made lobbying contacts on its behalf with non-Federal funds with respect to that Federal contract, grant or award covered by 31 U.S.C. 1352. Such disclosures are forwarded from tier to tier up to the recipient.

Access to Records and Reports – Applicability – As shown below. These requirements do not apply to micro-purchases (\$10,000 or less, except for construction contracts over \$2,000) The following access to records requirements apply to this Contract:

Contractor's failure to comply shall constitute a material breach of the contract.

Upon execution of the underlying contract, contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on contractor to the extent the US Government deems appropriate.

(2) If contractor makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification to the US Government under a contract connected with a project that is financed in whole or in part with FTA assistance under the authority of 49 USC 5307, the Government reserves the right to impose the penalties of 18 USC 1001 and 49 USC 5307(n)(1) on contractor, to the extent the US Government deems appropriate. Termination – Applicability – All Contracts over \$10,000, except contracts with nonprofit organizations and institutions of higher learning, where the threshold is \$250,000

- a. Termination for Convenience (General Provision) the recipient may terminate this contract, in whole or in part, at any time by written notice to contractor when it is in the recipient's best interest. Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient. If contractor is in possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.
- b. Termination for Default [Breach or Cause] (General Provision) If contractor does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and contractor fails to perform in the manner called for in the contract, or if contractor fails to comply with any other provisions of the contract, the recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
- c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.
- d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
- e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. If the contract is terminated, the recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.
- f. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract. If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and compete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work. Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:
1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
 2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.
- If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.
- i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice or

termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
