Background on the Cindy Haber Board, Inc.:

The Cindy Haber Center, Inc. (“Board”), operates under an Act of the Legislature, generally and commonly referred to as Act 310, which was adopted by the Alabama Legislature in 1967.

Today, Act 310 is codified at §22-51-1, et seq., Code of Alabama 1975. The pursuits of this Board

remain the planning of actions to combat mental retardation and other associated developmental disabilities.

This Board was originally established in May 1994, with the required approval granted by the Baldwin County Commission, as the “Baldwin County Mental Retardation Board, Inc.”

In October 1998, this Board sought to amend their then existing Articles of Incorporation to become the Mental Retardation/Developmental Disabilities Board, Inc., in order to service both Baldwin and Clarke Counties.

In October 2010, this Board requested the Baldwin County Commission approve restated articles of incorporation which was approved by adoption of Resolution #2011-010 (October 5, 2011, regular meeting) which, among other things, changed the name of the public corporation to the MR/DD Board, Inc.

In January 2018, the Baldwin County Commission adopted Resolution #2018-042, which officially changed the name of The MR/DD Board, Inc., to The Cindy Haber Center, Inc., and modified the Articles of Incorporation to reflect said change.

In March 2018, the Baldwin County Commission approved an amendment to Resolution #2018-042, which corrected the name change from “The Cindy Haber Center, Inc.” to “Cindy Haber Center, Inc.” as requested by the board and modified the Articles of Incorporation to reflect said change.

On January 15, 2019, the Baldwin County Commission adopted Resolution #2019-038 which approved expanding the service area of the Cindy Haber Center, Inc., to Mobile County and the 2018 Amended Certificate of Incorporation to reflect the expansion.

Today, the Board remains composed of a total of thirty-two (32) members serving six (6) year terms, of which eight (8) members are appointed by the Baldwin County Commission, eight (8) members are appointed by the Clarke County Commission, eight (8) members are appointed by the Washington County Commission, and eight (8) members are appointed by the Mobile County Commission.

RE: Letter of Commitment – Electric Vehicle Infrastructure Projects

Dear Mr. Boswell:

As members of the Baldwin County Commission, we are writing in support of the Baldwin County Economic Development Alliance with this Letter of Commitment in response to the Alabama Department of Economic and Community Affairs (ADECA) FY 22 Electric Vehicle Charging Infrastructure Program. The Baldwin County Commission being the owner of the properties located in Robertsdale and Fairhope provide our commitment to host the proposed charging stations at Central Annex II and Fairhope Satellite Courthouse for a minimum of 5 years from when they are first activated.

The Baldwin County Commission is committed to working with Baldwin County Economic Development Alliance on installing publicly accessible charging stations as a value-added amenity to spur economic development, enable electric vehicle adoption and connect communities across the Gulf Shores region. Baldwin County Economic Development Alliance and their installation partner will lead all engagement and coordination with the utility, and we will support as required.

For these reasons, we strongly support this grant application and are hopeful that Alabama Department of Economic and Community Affairs will grant this application as quickly as possible. Thank you for your consideration of this project.

Space Allocation in County Facilities - Central Annex in Robertsdale, Alabama

STAFF RECOMMENDATION
Pursuant to the authority granted the Baldwin County Commission at §11-3-11 (a) (1) of the Code of Alabama 1975 and Section 6 of Act No. 239 (1931), as amended, and without limitation, adopt Resolution #2022-098 of the Baldwin County Commission, which designates the rooms to be occupied in the Baldwin County Central Annex Building and further, to authorize the space allocations and offices applicable to the Baldwin County Central Annex Building located at 22251 Palmer Street in Robertsdale, Alabama.

(Resolution #2022-098 repeals Resolution #2021-005, adopted by the Baldwin County Commission on October 6, 2020.)

BACKGROUND INFORMATION

Previous Commission action/date: October 6, 2020 - Last space allocation at Central Annex.

Background:
At the request of staff, designate space for the Probate Office, Planning and Zoning and Building Inspection Departments and adopt the attached resolution which changes the space allocation for the Central Annex Building.

According to Alabama General Law and Baldwin County Local Law, as recited in the attached resolution, the Baldwin County Commission has the sole authority to locate the courts and designate the office space to be utilized by the various county officers and / or offices at all Baldwin County Commission facilities.

On October 19, 2021, the BCC approved a lease agreement on a new location in Loxley, Alabama for the Baldwin County Library Cooperative.

In April 2022, the Planning and Zoning and Building Departments relocated to the space in Central

Annex previously occupied by the Library Cooperative.

The Revenue Commission (Appraisal) Office relocated from Central Annex to another facility in May 2022.

The Planning and Zoning Department will occupy the space previously utilized by the Revenue Commission Appraisal Office.

The Probate Office will expand to occupy the space at Central Annex previously occupied by the Planning and Zoning Department.

Resolution #2022-098 would update the space allocation to reflect these changes.

The last space allocation change for the Baldwin County Central Annex Building in Robertsdale was approved by Resolution #2021-005, adopted on October 6, 2020. The proposed Resolution #2022-098 would repeal Resolution #2021-005.

I. INTRODUCTION

Standard Operating Procedures (SOPs) are a key tool for the operation and management of The Baldwin County Animal Shelter (BCAS). They establish a base line for how all staff and volunteers perform routine shelter tasks. The consistency and predictability that SOPs can provide help make life less stressful for the animals in the shelter and for people working and volunteering.

All staff and volunteers will be held accountable for following the SOPs. The SOPs enable us to be consistent about expectations for every employee and volunteer and determine whether performance meets, exceeds, or falls short of expectations. All staff and volunteers should read the entire document and then review the sections that relate to his or her specific job.

This manual is a “living” document that will be updated as we identify better ways of doing our jobs and responding to the needs of the animals in our care and the community we serve. The formal procedures for suggestions and making changes to the manual are outlined below. The Animal Shelter Manager will have the master document, and everyone will receive a copy.

To avoid confusion and inconsistency, only the Animal Shelter Manager can make the actual written changes. If an employee has suggestions for changes, deletions, or additions, ask your supervisor to include SOPs on the agenda for department staff meetings.

- After discussion with the entire department, the department supervisor will advise the Animal Shelter Manager of his/her team’s suggestions or needed clarification.
- The Animal Shelter Manager will evaluate the requested change and, if necessary, discuss it with the County Administrator and/or Advisory Board.
- If the changes are authorized by the County Commission, that section of the master manual will be updated with the new wording and instructions.
- A memo then goes out to the entire staff with a summary of the update. Each staff person and volunteer also receives a printed copy of the new revised section for the staff member to update their own manual. The staff member and/or volunteer must sign a form indicating the revised SOP update has been received and return that form to their supervisor or assigned staff member.

This manual is the foundation for the continued excellent performance of our staff and volunteers at the BCAS. The manual will be used as a training document throughout the shelter. The supervisors are responsible for ensuring that their staff understand and follow the SOPs that apply to their roles in shelter.

II. HOURS OF OPERATION

The hours of operations are designed to ensure that all domestic animals receive proper and humane care and that the public has adequate opportunity to conduct business at the Baldwin County Animal Shelter.

A. Adoption Hours – Open to the Public
*** Subject to change***
Monday – Friday 9:00 a.m. to 5:00 p.m.
Open 1st and 3rd Saturday of every month 9:00 a.m. to 11:00 a.m. (hours are subject to change).
Closed to the public Sundays and County Holidays (cleaning and feeding only).

B. Operating Hours – Staff Cleaning/Feeding Hours and Municipality Drop Off
The shelter is open for all other animal-related services (cleaning, transports, and animal control officers on call).
Monday – Friday 7:00 a.m. to 5:00 p.m. (hours will vary for kennel techs and front desk). Open Saturdays 7:00 a.m. to 12:00 p.m. (hours vary for all personnel)

C. Emergency Service Hours
The shelter promptly responds to animal emergencies 24 hours a day, every day of the year. Any situation is considered an emergency when a domestic animal is in danger or is creating a danger to the community or a Deputy of the Baldwin County Sheriff's Department. In the event of an emergency during non-business hours, the Baldwin County Sheriff's Department must be contacted to receive assistance.

III. SAFETY RULES

A. Personal Safety

Following these common-sense rules will help prevent many accidents.

1. **Report all injuries**, no matter how slight, to your supervisor.

2. All personnel working with animals are required to purchase and wear skid- or slip- resistant shoes.

3. Do not attempt to lift/push objects or animals that are too heavy. Ask for help. Bend at the knees and hips and lift with your legs. Lift/Push animals in teams of 2 if the animal is over 50lbs.

4. Identify and remember the location of fire extinguishers, fire alarm pull boxes, and emergency exits. NEVER block these areas with materials or equipment. Keep floors and aisles free of debris at all times.

5. Use personal protective equipment as described below:

    a. Goggles, safety glasses, and gloves must be worn when working with chemicals (quaternary ammonia, degreaser, etc.).
    b. Staff will wear customary safety equipment when performing applicable tasks.

6. Horseplay is prohibited.

7. Seat belts are to be worn at all times when driving on business, whether in agency vehicles or personal automobiles. Per Baldwin County policies, the use of cell phones is prohibited while driving. Additionally, all animals are to ride in secured kennels in the back of the van or truck when being transported.

8. Tobacco use is prohibited in county vehicles.

9. When restraining animals over 60 lbs., seek assistance, if necessary. (See the Animal Handling SOP for detailed instructions.)

10. Any person known or observed to be under the apparent influence of drugs or alcohol will not be allowed to work and will be subject to disciplinary action, up to and including termination.

11. Any person willfully violating safety procedures and/or endangering the safety of other employees will be subject to disciplinary action, up to and including termination.

B. Housekeeping and Cleaning

1. All employees are responsible for maintaining the general orderliness and cleanliness of their work areas. Keep floors and aisles free of debris at all times. Housekeeping is an important part of maintaining a safe work environment. It reduces the spread of disease harbored by clutter and waste and eliminates tripping and falling hazards.

2. Do not eat, drink, smoke, apply cosmetics, or store food in areas where animals are handled. These practices encourage the spread of disease.

3. ALWAYS wash your hands in between handling animals to minimize the transmission of disease and after handling chemicals to avoid potential allergic reactions.

4. Non-hazardous spills are to be cleaned up promptly, and a "**Wet Floor/Caution**" sign placed in the area until the floor is dry. Aisles should be kept clear at all times.

C. Hazards and Hazardous Substances

1. Report all hazards to a supervisor immediately.
2. Only properly trained employees are to undertake any repair work involving electrical equipment.
3. Do not overload outlets.
4. Know the safety precautions for each chemical BEFORE you use it. The Material Safety Data Sheets (MSDS) can be found in the Animal Shelter Manager's office.
5. Refer to the Hazard Communication Program SOP for more specific policies for dealing with workplace hazards.

D. ANIMAL HANDLING SAFETY

This information is a general overview of safe animal handling practices. It is not intended to replace actual safe animal handling training conducted by the supervisory staff and/or the Animal Control Officers. When handling animals, be sure to do the following:

- Take your time,
- Don't over stimulate the animal, and do not use a catch pole on any animal unless absolutely necessary.
- Remember that the animal may *perceive* a threat, even though you do not intend to threaten.
- Two staff members shall always handle animals with behavior issues.

1. General Rules

a. Inform a supervisor immediately if an animal is displaying signs of aggression and/or may be a threat to other animals or people.
b. Wear protective gloves and shoes with closed toes (no sandals) to reduce the degree of injury from bites and scratches.
c. **If you have questions, ask a supervisor. If you feel uncomfortable handling an animal, DON'T!**

2. Cats

a. When removing a cat from a kennel, be sure to get the cat's attention before opening the gate.
b. Allow the cat to check out your fingers before you pick it up. The cat should come to you, not the other way around. Talk to the cat calmly and softly to avoid over-stimulating the cat.
c. When handling a cat, control the head and neck at all times. Hold the cat firmly—left hand controlling the head and neck, right elbow supporting/gripping the hindquarters, and right hand controlling the front paws. Take a moment to readjust your grip if necessary. Keep the cat's face away from other cats. (You can reverse this procedure if you are left-handed.)
d. Always use a carrier to transport the cat more than a few feet.
e. Watch for signs of stress/fear–enlarged pupils, thrashing tail, growling, hissing, and attempting to hide or escape. If these signs appear, carefully remove the cat from the source of stress – away from other animals or into a less stressful kennel.
f. If a cat is fearful, approach the cat at his or her level. Do not reach over the cat's head. Move slowly because rushing the cat only adds more stress, leading to unpredictable behavior and increasing the likelihood of injury.

3. Dogs

a. When removing a dog from a kennel, distract the dog, and enter the kennel with your leash ready.
b. Attempting to "noose" a dog through the gap in the gate can lead to an escape by the dog.
c. Approach the dog from the side. Do not attempt to "noose" it over the top of its head, as this will only intimidate the dog. If the dog has a kennel mate, remove the kennel mate from the kennel if he or she is making it difficult to get the dog you need. Talk calmly to the dog to avoid over-stimulating him or her.
d. When moving the dog, keep the dog away from other kennels, and break his or her line of vision. Use proper leash techniques, looping the handle of the leash over your thumb and across your palm (like a joystick). Keep the leash short, bend your arms and knees and use both hands for better control. DO NOT hold the animal in the air with the leash on its neck or the control pole. That can choke and harm the dog's neck.
e. Only small dogs and puppies should be carried, and then, only as you carry a cat. Carrying a dog like a

baby is not permitted. If the dog won't move on the leash, coax the dog by moving in front and down low. Dragging a dog is never permitted.

f. Watch for signs of stress/fear:
   - ears back,
   - hackles raised, tail down and not wagging.
   - lifted lip,
   - submissive posture,
   - growling, snarling, barking, or lunging.

   If these signs appear, remove the dog from the source of the stress--away from other animals or into a less stressful kennel.

g. If a dog is fearful, approach the dog slowly and speak to the dog softly. Do not reach over the dog's head. Move slowly, it adds less stress. Do not rush the animal as it leads to unpredictable behavior, increasing the likelihood of injury.

4. **Approaching Fearful Kenneled Animals**

a. When approaching a fearful animal, you should make every effort to be as non-threatening as possible. Remember that a caged animal may not show you signs of fear until it feels cornered (i.e. when you close off the only visible exit path).
b. Consider your purpose: Are you evaluating the animal, attempting socialization, or trying to catch the animal to move and/or treat it? Only approach an animal as close as is absolutely necessary.
c. **Remember that the animal may PERCEIVE a threat,** even though you do not intend to threaten.
d. **Move slowly and deliberately.** Quick, sudden, or tentative movements may produce more fearful reactions. Be sure that the animal sees you.
e. While you obviously need to watch where you are going and what you are doing, direct eye contact is very intimidating and threatening to some animals. Look to the side, above the head, or toward the floor.
f. **Approach at the animal's level.** Even if you are not a very large person, you are taller than the animal and may seem to loom over it. Crouch down (bending at the knees) or kneel. You should be stable in whatever position you choose. (When working with higher cages, try to bring your hand in from the bottom, rather than the top, of the cage.
g. Do not reach over the animal's head if the animal is acting fearful. Reach out and touch under the chest or down the back of the animal rather than over the head. Allow the animal to sniff your fingers first if he wants to investigate you. (Cats will generally "tell" you where they prefer your finger to touch them; the jawbone is often selected!)
h. **Rushing an animal increases stress for the animal and the situation. Increased stress means more unpredictable circumstances, which lead to dangerous situations.**

5. **Restraint of Animals**

It is the goal of the BCAS to treat all animals as humanely as possible. We expect everyone to use the least amount of restraint necessary to both secure the animal and protect the staff and volunteers. The following policies for restraint, from least to most restraint, are the only ones that are appropriate to use:

a. All staff must have a slip leash with them at all times.
b. Pick up and carry or place the animal in an appropriately sized carrier. No dragging, ever.
c. If necessary, use a leash muzzle wrap when picking up an animal. Muzzles can be found in the Intake room or next to the tub in the Adoption area.
d. Frightened dogs or cats that try to bite or are fearful can be safely and humanely moved by wrapping the animal in a heavy blanket or towel and carrying the animal to the run or cage.
e. When lifting animals, work in teams of two. Both people lift the animal: one supports the animal's weight and the other controls the animal's head.
f. Use control poles only when absolutely necessary and only by staff who are properly trained on their use.
g. Transport all cats in transfer cages covered by a towel to minimize stress. Never hold cats in your arms to transport from room to room if dogs are in the area.

6. **Limiting Transmission of Disease**

   a. **Vaccination protocol is as follows:**
   Puppies and kittens 6 weeks in age are dewormed and vaccinated upon intake (please note, animals must be 12 weeks of age to receive bordetella medication). If the animal is owned (micro-chipped) or possibly owned, no vaccines are to be given until a thorough search for an owner is completed (usually not longer than 2 days of searching).

   b. If an animal has skin issues, bath him/her with the appropriate shampoo. If the skin doesn't seem to be clearing up within 5 days, he/she may need to be seen by one of our contracted veterinarians.

   c. Disease can be transmitted in several ways, and we must work diligently to prevent transmission as much as possible. The 5 main modes of disease transmission are:
      - Direct contact (one animal to another, such as nose to nose)
      - Fomite (indirect) transmission (germ transmission on an inanimate object, such as a mop, hand, shirt)
      - Aerosol (in the air, such as via a fan)
      - Droplet (sneezing, coughing, less than 1-meter distance transmission)
      - Vector (via a flea, mouse, or tick)

   d. Common diseases seen in shelter environments include feline upper respiratory infection and canine infectious upper respiratory disease (kennel cough). These are spread mainly through aerosol, droplet transmission, and through fomite transmission, such as via the hands, feet, and even on clothing of staff and volunteers.

      For this reason, please wash your hands (use hand sanitizer) between handling each animal and wear disposable gloves. Sanitizer bottles and dispensers are located throughout the kennel area. You do not have to sanitize your hands between the mother and puppies or kittens in a litter, but you must do so before you interact with another dog or cat.

   e. Other diseases, such as parvovirus in dogs and panleukopenia (the cat form of parvo virus), are spread mainly through fomite transmission of bodily secretions, such as vomit and feces. These viruses are very environmentally hardy and can be difficult to eradicate from the shelter environment if proper sanitation procedures are not in place.

   f. Staff or volunteers who observe animals exhibiting any signs of illness (such as diarrhea, vomiting, sneezing, coughing, nasal discharge, etc.) should immediately notify their supervisor.

7. **Every-day Practices that Help Prevent Spread of Disease**

   a. Report any animal that appears sick to a supervisor and make notes on his/her cage card.
   b. Wash your hands between animals.
   c. Do not let animals housed apart interact or touch noses.
   d. Do not put animals together that did not come in together, especially dogs under one year old and kittens under six months.
   e. Immediately pick up all feces once a dog has defecated on the grounds.
   f. After picking up feces, wash and then disinfect any cement or solid surface.
   g. Any time you disinfect, rinse or wipe the area thoroughly.
   h. Wash the laundry and dishes according to the posted written protocol.
   i. Don't keep dirty dishes lying around – take them to the dirty dish bin quickly.
   j. Change trash liners on a regular basis; don't let the trash receptacles overflow.
   k. Sanitize equipment, such as coaxing sticks between cats and disinfect control poles and pooper scoopers between uses.

   If we all follow the same procedures, the risk of having a disease problem will be greatly minimized.

IV. ANIMAL INTAKE PROCEDURE

A. From the Public

BCAS does not accept owner surrenders or animals "at the counter." The Public should not bring animals to BCAS. If citizens within the jurisdiction of BCAS need to report a stray dog, the citizen(s) should call BCAS to log a complaint. If citizens within the jurisdiction of BCAS need to report a stray cat that is sick or injured, the citizen(s) should call BCAS to log a complaint.

Please note, reporting a stray dog when the stray dog first arrives on the property is important. Feeding the stray dog without first reporting the animal can result in the citizen becoming the owner of the dog. Current protocols dictate that if a Sheriff's Deputy cannot determine ownership, BCAS may determine ownership based on the length of time the stray dog has been fed by the citizen.

Please note, at this time, BCAS is not sending out an Animal Control Officer on calls related to stray or feral cats, unless the cat is injured or sick (the Animal Control Officer will assess the health of the animal prior to pick-up).

B. From Municipalities

1. Rules regarding animals from municipalities:

    a. The Baldwin County Animal Shelter will continue to intake dogs, regardless of health, age, or breed and will charge the municipalities based on the fee schedule below.
    b. The Baldwin County Animal Shelter only accepts cats from municipalities that have been approved for the Municipality Cat Program.

2. Procedures for municipalities dropping off animals:

    a. All municipal representatives must sign in at the front desk of the animal shelter facility and follow the instructions provided by the County employees.
    b. Municipal representatives should park near the front office, walk in to sign in and be assigned a shelter employee. They must complete the required intake forms provided to them by shelter staff. They then will be instructed to pull their vehicle around the back to unload any animals into the temporary housing area.
    c. Municipalities will be billed monthly for the number of animals brought to the shelter. Please note fees are charged per animal (not per drop off or per family of animals, i.e. a mother dog with 4 puppies will require a fee for five animals).

3. Fee(s) for municipalities

    The fee per animal will be $100.00.

C. Intake Process for Shelter Staff

1. After creating a record in the computer for the animal, take a photo of the animal and scan for a micro-chip (see below). If the animal is frightened or you cannot safely control the animal, do not try to take a picture or scan at this time. Print out the cage card and place the cage card and the original paperwork in the plastic sleeve on the cage into which the animal is placed. Note that intake pictures and scan were not done and need to be done after the animal is calm.
2. The animal/animals are placed in the stray hold area only.
3. When strays enter with collars, any ID, rabies tag, license information on the collar or the tags are entered into the computer, the front office staff shall start tracing the information to attempt to find the owners. Stray animal collars are removed and placed in a zip lock bag with the animal number noted on the outside of the bag with a Sharpie pen. Bagged collars are kept with the animal behind his/her cage card in the sleeve. If the animal is moved to adoption area, then the collar is thrown away.

D. Photographs for Animal Records

1. A good photograph of each animal is necessary for matching animals in the shelter with owners looking for their lost pets.
2. To help ensure that the animal is readily identifiable in the photo, check to be sure that:

    - Animal is sideways and picture includes the feet and tail
    - Person holding animal does not block body of animal
    - Picture is properly lit and animal can easily be seen
    - Be sure to document any scar or tattoo

3. Please take time to be sure the picture is good. Check the printed cage card picture and, if necessary, re-take pictures. Look at the photo CRITICALLY, as though you are an outside critic of the agency reviewing the animals on our site.
4. If an animal came in on a control pole, or you muzzle the animal, or the animal is fractious at the time of intake, do not attempt to take the picture. You may be able to scan if the animal allows. Enter intake information for the animal in the computer and print out a cage card with a sticky note to take the picture of the animal after he/she calms down or is in the cage.

E. Using Memos in the Animal Record

1. The way to communicate anything about an animal is to place a hold on that animal in the comment field of the computer record or intake form. It is imperative that you use this format to communicate. Before any decision is made about an animal, the Animal Shelter Manager, Animal Resource Supervisor or designee will review the computer record or intake form for that animal to be sure there are no holds for that particular animal.
2. If a citizen is interested in adopting a stray, they must show up at the shelter the day the animal/animals are released from stray hold. Stray hold is a mandatory 7 days. At this time, puppies and young adult dogs are held for 10 days instead of 7 days to aid in the control of disease(s) at the shelter. If a rescue group has been contacted for this animal, these communications must be on the intake form. A sign on the cage is not a guarantee as that paper could get lost or destroyed during the daily activity in the kennel. If an animal has been selected for transfer to a rescue group and there is a hold in the computer record, suspend the transfer until you address the hold. To be official, all holds must have the name of person who put the hold on the animal and the date of the hold along with description of the situation. A hold without a name or date will not be considered a formal hold.

V. PHYSICAL EXAMINATION

A. Exam Process

1. Finalizing the Exam

a. For litters of kittens or puppies, place a secondary ID collar on each animal to indicate sex and name. Write the animal's ID number on the collar with a permanent marker.
b. Place the cat in its carrier or dog on a leash.
c. Record your examination findings. In addition, record vaccination and parasite treatments in the computer record and/or intake form. Record any abnormalities observed and action taken.

2. Kenneling Cats after Exam

a. Find a clean disinfected cage.
b. Fill the food dish with appropriate (kitten or adult) food and fill the water bowl.
c. Place the cat in the cage.
d. Place the cage card in the plastic sleeve on the front of the cage.
e. Ensure that the cage is properly closed but do not slam the door.
f. Place special needs notes on kennels of cats with special needs. Special needs include, but are not

limited to, feeding, medical treatment, or calm down needs.

g. Remove all newspaper from cat carrier(s) and return carrier to the dirty crate area for disinfecting.

3. **Kenneling Dogs after Exam**

a. Find a clean disinfected run.
b. Place the dog in the run.
c. Fill up the water bowl.
d. Give dog an appropriate amount of food.
e. Give an appropriate toy.
f. If the dog is a small dog or frightened, place a towel inside ½ of a carrier so the dog can curl up and gain some confidence.
g. If the dog is fractious or very fearful, take a blanket and use clamps to hang the blanket in front of the run to create a quiet, calmer environment. This helps the dog to relax.

VI. MEDICAL PROTOCOL FOR INCOMING ANIMALS

Enter all medical treatments, including injections, topical treatments, and oral treatments into the animal's computer record when they are administered.

A. Healthy and Potentially Adoptable Dogs

1. Take the dog into intake/stray hold area unless other instructions are on cage card.
2. Perform a visual and hands-on physical examination (if possible) nose to tail and record directly into the computer system or the intake form.
3. Check for spay scar or for neuter. If observed, note in computer or intake form.
4. Scan for microchip and check for tattoo or other ID.
5. Apply external parasite treatments.
6. Administer vaccines as dictated in protocols.
7. Administer internal parasite treatments.

B. Heartworm Protocol

1. Perform a blood smear test to check for the presence of heartworms (age determined by veterinarian). If the blood smear test is negative, perform a snap test.
2. If the dog tests negative for heartworms start prevention protocol (Advantage Multi or ivermectin 1/10th cc per 11 lbs.).
3. If the dog tests positive for heartworms start treatment protocol (dosages determined by veterinarian).

C. Healthy and Potentially Adoptable Cats

1. Take the cat into the intake/stray hold area.
2. Perform a visual and hands-on physical examination, nose to tail and record directly into the computer system or the intake form. Note if ear is notched, which indicates that the cat belongs to a feral cat colony. (Flag this animal so we can call caregivers in the area to see if this is their cat.)
3. Note if declawed or polydactyl.
4. Check for spay scar or for neuter. If observed, note in computer or intake form.
5. Scan for microchip and check for tattoo or other ID.
6. Apply external parasite treatments.
7. Administer vaccines based on protocols.
8. Administer internal parasite treatments if needed by protocol.

D. Fractious Animal Medical Protocol

1. A Supervisor or their designee will perform a visual health scan, with a hands-on examination if possible.
2. If possible, animals will be vaccinated and dewormed based on protocols.
3. Scan for microchip, if possible.

4. Animal Control Officers may take straight to a Veterinarian on BCAS list for evaluation if directed to do so by the shelter director.

Vaccination Timeline

Animal	Timeline
Animals 6 weeks and older	Vaccinations on intake (Bordetella is given to 12 weeks and older)
Please note, vaccination protocols are dictated by the Animal Control Advisory Board and best practices. The above timeline is used in conjunction with the protocols in this manual.	

VII. HOUSING DECISIONS AFTER INTAKE

A. Housing Areas

There are two building with different areas in the shelter for housing animals.

B. Intake and stray hold area – space for dogs or cats when these animals first arrive at the shelter. These are runs/cages for the animal to be held until he/she is given an exam and treatments, if needed. (We are limited on what treatments we can give at the shelter, and if the animal needs to be taken to one of our veterinarians, it will be transported by staff). Animals placed in these areas should not be handled by anyone except the staff and shall be treated as necessary. It is very important to strictly follow our protocols for preventing the spread of disease, because the animals housed here are on stray hold or in the sick ward. The public is not allowed in this area unless escorted by a staff member.

C. Healthy Adoption area – these are the areas where the animals that have been deemed adoptable and are healthy at the time they are moved into this area.

D. Quarantine– confiscated animals by law enforcement and aggressive animals. Animals in this area should not be handled by anyone except experienced staff. The public is not allowed in this area. A picture of the animal will be taken and shown to them for owner redemptions only, and if they are still not sure it is their animal, they can be walked in the area with a kennel tech to identify the dog.

E. Decision Process

After the physical exam and preventive healthcare, all animals are housed in the Intake and stray hold area. After the animal is placed in the appropriate cage, the kennel tech who worked the animal updates the record of the animal. The kennel tech supervisor or designee decides during the daily walk through whether animals are to be moved to another area.

The person conducting the daily walk through will make sure the animal's record is up to date and make any notes necessary. During these walk-throughs, decisions will be made as to how animals are routed. Animals will be listed as:

- "Intake Hold"— Animal was recently brought in and needs to be evaluated or has a behavior issue.
- "Stray Hold"— being held for stray/sick hold.
- "Adoptable" Hold —Animal is available for adoption.

Immediately notify the Animal Shelter Manager, Animal Resource Supervisor or Senior Animal Control Technician of any animal who shows any signs of illness so that the animal can be moved to the appropriate area. We cannot house sick animals in the healthy sections because this puts healthy animals at risk of disease.

VIII. PRELIMINARY BEHAVIOR ASSESSMENT PROTOCOL

A. Summary

Upon completion of an animal's stray hold, BCAS staff shall conduct a preliminary behavior assessment. The behavior assessment identifies animals with behavioral issues that need further evaluation. For the purpose of the preliminary behavior assessment, aggressiveness is defined as animals who are showing signs of aggression, have attacked another animal or a person, or have a history of aggression. It includes animals who have not and cannot be handled.

B. The purpose of the preliminary assessment is to:

- Identify aggression or potentially challenging behaviors, such as growling, hysterical barking and lunging.
- Identify dogs who would benefit from behavior modification and "meets and greets" or who need placement in a home without other dogs and/or Rescue only dogs.

Note: Only the approach behavior is assessed. A dog who approaches with body held high and tail up within the first couple of seconds of approach is more likely to have dog aggression issues than dogs who do not display this behavior. Please note if you see those issues.

C. To assess a dog (always have at least 3 people to assess):

1. Observe and note only the approach behavior for assessment. Interaction beyond the approach is not part of the 1st assessment. If possible, video the approach behavior.
2. Be sure to take your observational "snapshot" in the first few seconds of the approach. Dogs should not be allowed to interact during this 1st assessment.
3. The approach behavior assessment includes observing how the dog reacts to other dogs (no direct contact) and testing the dog with toys, food, and/or treats.
4. For the portion of the assessment that deals with how the dog being tested reacts to other dogs (no direct contact) it is important to select the appropriate helper dog:
   - A dog that has already been assessed and passed for good behavior
   - A dog who is the same gender as the dog being assessed and at least six months old
   - A dog whose size is within 20lbs of the dog being assessed
5. When using a helper dog, place the helper dog in the outside yard before bringing the dog being assessed. Let both dogs smell their surroundings and observe the assessed dog's reaction to seeing the helper dog (no direct contact).
6. If you identify a problem with handling, return the dog to the kennel and wait until the next day to reassess the dog. If you have more than one assessment team, another team should conduct the second assessment. If not, the original assessor and observer could repeat the assessment of this dog.
7. If the assessment process and dog handling were conducted appropriately, bring the dog's assessment to the attention of the Animal Shelter Manager or Animal Resource Supervisor to determine the next steps.

D. A sample of the behavior assessment worksheet is below. Please note, the Baldwin County Animal Control Advisory Board will make adjustments as best practices and protocols evolve.

Note: Employees should take the utmost care to ensure that the handler is safe at all times during interaction with the dog being assessed. If the situation becomes dangerous at any time, the assessment should be stopped. This assessment is to be used as an initial screening process to determine if further assessments are necessary, due to aggressive issues or other behavior problems.

1. Kennel Approach: Approach kennel, wait, and observe. Talk to the dog in a calm, quiet voice. Open gate, if safe to open, and turn sideways and watch dog. Check all the responses that apply:

_ Dog approaches in a friendly, relaxed manner

_ Body language is "soft" and relaxed

_ Dog is playful

_ Excitable response to human presence.
_ Fearful regression without aggression.
_ Dog is cautious and tense.
_ Defensive reaction/lunging and regressing
_ Lunges to attack
_ Showing teeth in aggressive manner
_ Hackles up
_ Stiff posture
_ Hard stare

2. Touch/handling: Gently touch head and body. Touch back and underneath dog/front and back. Apply slight pressure to back and hips and shoulders. Stroke tail and hold for a brief moment. Rub ears and cover one eye. Approach dog from the rear. Check all of the responses that apply:

_ Body softens with petting
_ Licks, nuzzles, seeks attention
_ Rolls onto back
_ Accepts additional contact
_ Over-stimulated, gets mouthy
_ Skittish/avoids contact
_ Avoids a certain area on the body. List: _
_ Actively avoiding touch/extremely stiff
_ Aggressive/ no touching allowed.

3. Food: Offer the dog a treat and allow the dog to take it. Offer another treat and, as he begins to bite it, gently remove the treat or pull back. Drop a treat on the ground and cover with your foot after the dog sees the treat. When dog is eating treat, begin mild generalized handling and petting. Mark all of the responses that apply.

_ Dog is indifferent or friendly
_ Body language remains relaxed/soft
_ Dog is confused and looks at you in non-aggressive manner
_ Dog is assertive and digs around for the treat, gets pushy, looks for treat
_ Growls
_ Hoards food/freezes
_ Refuses to give up treat
_ Body language becomes hard/stiff
_ Aggression

4. Overall behavior: General behavior observations. This is a general picture of your experience with the dog during your entire experience and interaction with him/her. Mark all of the responses that apply:

_ Relaxed, friendly
_ Easy to handle

- Playful
- No signs of kennel stress (pacing, repetitive motions, excessive panting)
- Not attention seeking
- Cautious/slow to engage
- Calm, quiet
- Signs of kennel stress
- Jumping excessively
- Pacing
- Jumps on handler
- Mouthy
- Shaking/hiding/avoiding interaction
- Aggressive

Please note, if an animal is deemed to have a behavioral issue, final assessment(s) are conducted by an evaluation team assigned by the Baldwin County Animal Control Advisory Board. The team will determine the next steps after all assessments are completed.

IX. ANIMALS LEAVING THE SHELTER

A. Counseling Citizen on Stray Hold Intakes

When Animal Control brings in a stray and a citizen wants to adopt it after the seven-day stray hold period:

1. Explain the stray hold state law.
2. Potential adopters should come back to the shelter when the dog/cat is taken off stray hold.
3. After the adoption paper work is filled out properly, the dog/cat will be taken to one of the Veterinarian's on BCAS list as soon as possible if the animal is not yet spayed/neutered.
4. If the dog or cat is having any known issues, the adopter will be told about the situation to ensure the safety of the citizen and the animal.
5. After he/she is altered and microchipped, then the adopter will pick up from the local Veterinarian's office, unless they have been pre-spayed/neutered and microchipped, in which case they can go at the time of adoption.

** Please note, microchipping will begin upon Commission approval of this document and the revised Veterinary Contracts**

B. Adoptions

Information about the animals adopted from the Shelter must be recorded in the computer record. This includes the date of adoption, name, address, and telephone number of adopter. The following information related to the animal is also recorded: date he/she came in, address where he/she was picked up, gender, color, and breed (if known). Adopters are encouraged to microchip their pet(s) if not yet provided by the shelter.

Fee for dog adoptions: $60.00

Fee for cat adoptions: $50.00

C. Owner Redemptions for domesticated animals

1. The owner's name, address, and telephone number should be noted in the computer along with the day the dog was returned and where he/she was picked up. Owner must show proof of current rabies vaccination.

Owner redemption fee: cost of boarding ($10/night) and a redemption fee of $35 are paid to the shelter, and if no rabies vaccination proof can be provided, the cost of a rabies vaccination must be paid (Currently, the required rabies vaccination price is $12, but this price is governed by the approved pricing in the veterinary contract).

2. **If someone attempts to claim a domesticated animal after the seven-day stray hold, or there is lacking proof of ownership during the seven-day stray hold, the Baldwin County Animal Shelter can choose to adopt the animal or send the animal to approved rescue.**

D. Guidelines for adoption procedures and the handling of adoption applications are administered so that potential adopters are given an equal opportunity to adopt. Front office staff are responsible for adhering to adoption procedures and for handling adoption contracts and fees.

1. Adoption procedures. The following procedures are designed to help place an animal in a suitable home.

   a. Adoption area. Currently adoptions are primarily handled in the Animal Placement Specialist's office or at the front desk area.

   b. Survey/Contract. Staff will ask the potential adopter questions and then show the adopter available animals. Prior to adoption, the potential adopter will interact with the animal and complete the adoption contract and pay the required fees.

   c. Family/household members. Because the decision to adopt a lifelong companion is a big step in one's life, it is recommended that family and household members participate in the selection with the pet if possible.

      - If possible, children under the age of 8 years should be observed interacting with the proposed animal.
      - We encourage potential adopters that already have a dog(s) to bring that dog(s) when adopting a new pet.

   d. Consultation. Once an animal is selected, the computer record is reviewed for information about that animal and to inform the applicant of any current holds on the animal or medical issues.
      - If there are holds, explain them to the applicant and discuss what happens next.
      - Front office staff will work with the applicant and the animal and engage in a dialog with the applicant to determine if this is a suitable match.

   e. Spay/Neuter. Animals must be spayed or neutered prior to adoption. In some cases, the animal in the Adoptable area may already be spayed/neutered, but there are other cases where the animal has not been sterilized yet. A note should be made in the animal's computer record and this animal be added to the spay and neuter list and transported to a Veterinarian on the shelter's list.

   f. Back-up applicants. We will accept back up applicants on animals who will be eligible to adopt that animal, if the applicant ahead of them forfeits. Office staff should record these back-up applications in the animal's computer record. Back-up applications are kept in a folder as well.

   g. Finalizing an adoption.

      The final adoption process includes payment of the adoption fee(s), providing copies of medical information, and signing adoption related documents.
      - Review the adoption application completely, including all the medical information at the bottom, and get a copy of the adopter's driver's license or other approved form of identification, adopter's initials where required and signature at the end.
      - Collect payment.

   h. Medical information. All medical information is kept current in the animal's record. This information is to be given to the adopter so their veterinarian knows what we have done for the animal.

i. Documentation. The animal's record is updated to record the date of adoption and the name, address, and telephone number of the adopter. Pet behavior evaluations can be given to the new owner.

j. Refunds. Adoption fees are nonrefundable. Managers can override this policy when a special circumstance arises.

E. Transfers to Rescues

1. Depending on the condition of the animal, shelter staff should indicate disposition of the animal before it is released to any rescue or partners approved by the Baldwin County Animal Placement Specialist.

2. Preparing a list of animals for transfer to partner shelters or rescue

a. The Animal Placement Specialist or other designee can prepare a list of animals for transfer, export or offsite adoptions.

1) Animals are selected for possible transfer during the daily walk through by the Senior Animal Control Technician or designee.

2) Animals are selected based on their ability to be adopted by the receiving agency, time at the shelter, health, and how they are doing in this environment. We will also transfer animals that have behavior concerns that are workable in a different environment.

b. The following must be done by the person preparing the list.

1) Access the computer record or intake form for each animal and check the memo field for holds or notes about that animal that would prevent the transfer or export.

2) Check the lost reports again for each of the animals on the list for possible matches.

3) Give the list to the Animal Placement Specialist or designee who will contact the partner shelters and our approved rescue list.

4) Change the computer routing status for each animal to rescue**.** Enter a note in the memo field that the animal is being transferred to (enter the group name and contact information and the date) or being exported to (enter what agency), and your name and date.

X. GENERAL ANIMAL CARE

A. General guideline for animal care (in order)

1. Clock in, proceed to designated area, check for signs of illness.
2. For dogs, clean outside kennels, clean inside kennels and then feed dogs inside. For cats, clean kennels first, then feed.
3. Medicate animals after morning cleaning and feeding is completed.
4. Remove and clean bowls.
5. Exercise animals.
6. Restock food as needed. Restock other supplies as needed.
7. Spot clean throughout the remainder of the day.
8. All second round(s) of meds should be administered no later than 2pm each day.

B. Protocols for animals scheduled for spay/neuter surgery

1. Adult animals scheduled for surgery are fasted from the night before, and their names are listed on the board in the front office.

2. Those animals between 6 and 12 weeks of age may be too young to spay/neuter through a contracted veterinarian. If that is the case, the adopter must purchase a voucher through the Baldwin County Humane Society.
3. If an animal is 2 lbs. or more and can be spayed/neutered through a contracted veterinarian, the animal should be fed a small meal the night before surgery. Water should not be withheld.
4. For pre-spay/neuter, the employee returning the animal to the cage/run must circle on the cage card that the animal is spayed or neutered.
5. The animal's computer record and/or intake form should be updated to indicate the animal is now spayed or neutered and if there are any meds to be given after surgery.

C. On-going Duties

1. Spot clean animals after morning clean-up and during the afternoon
2. Disinfect and set up dirty cages
3. Sweep/mop floors
4. Walk the dogs
5. Re-stock supplies based on schedule
6. Check water for all animals
7. Assist with intake of incoming animals
8. Clean toys from exercise yard
9. Bathe and groom animals as needed
10. Socialize those animals that are frightened or scared
11. Other duties as assigned

D. Closing Duties

1. Spot check dogs and cats one last time/ scoop kennels
2. Check water
3. Clean break room
4. Clean sick ward, wash room
5. Keep intake areas clean, organized and neat
6. Intake any animals that arrive; do not leave animals in temporary holding without food, water, and/or litter
7. Put away supplies in the appropriate place
8. Turn off the lights in the shelter
9. Lock the door as you exit
10. Make sure all water hoses are rolled up, turned off and not laying in the walk ways.

E. Washing the Dishes

Note: Do not leave water or disinfectant sitting overnight

1. For dogs, please mix up fresh cleaning solution first thing in the morning.
   a. Fill the first wash tub with water and disinfectant.
   b. Fill the second wash tub with plain water for rinsing (the rinse may also be performed under running water for affective cleanliness).
   c. When finished with the dishes, drain all the tubs.

2. For cats, please mix up fresh cleaning solution first thing in the morning.
   a. Fill the wash tub with water and disinfectant.
   b. Rinse thoroughly.

F. Disinfecting Dishes

1. Clean any food particles from the dishes by wiping them out into the trash.
2. Place dishes in the detergent solution and scrub completely with a scrubby (no sponges) inside and place the bowl in a clear water rinse.
3. Place dishes in the solution and leave for a minimum of 10 minutes.

4. Place dishes in the rinse water and thoroughly rinsed under running water until there is no residue.
5. Stack dishes upside down so they can drain on the racks next to the dish area.
6. When dishes are dry, take them back to the proper area. Clean dish area for dogs and cats or the food prep area. Do this by the end of the day so there are clean dishes for the next day.

G. Empty cage disinfecting (after animal leaves)

Cages that require disinfecting should have a red "Dirty Cage" sign hanging on the cage. The person removing the animal from the cage (for Return to Owner (RTO), Adoption, Euthanasia, or Transfer) is responsible for hanging the card.

1. Empty the entire cage, and take any dishes, blankets or toys to the washing area.
2. Scoop out any organic material.
3. Spray detergent on every surface of the run.
4. Scrub all areas with a stiff brush, removing the organic material.
5. Rinse run/cage.
6. Apply disinfectant or bleach solution to all surfaces of cage/run including the top, sides and gate.
7. Let it sit for 10 minutes, rinse, and wipe.
8. For cat cages, set the clean cage by lining it with newspaper and a full litter pan.
9. Remove the "Dirty Cage" sign and put back in its proper place.

H. Treatment Protocol for sick/injured animals or animals breaking with virus/disease

It is critical that we evaluate the animals in our care daily. This is done primarily by the kennel staff in their daily walk through, but also by other staff who bring problems to the attention of the animal control technicians/supervisor for their follow up. Best practices and treatment protocols are suggested and monitored by the Animal Control Advisory Board and BCAS contract veterinarians.

I. Daily Walk-Through Process

A supervisor walks through the shelter daily.

During this walk through the shelter each afternoon animals are evaluated.

1. If an animal is sick or it is showing signs of an oncoming illness, the animal is moved to the appropriate area for that species, notations are made on an animal's kennel card and in the computer record as to the type of illness and its severity.
2. If the animal is treatable with medication, the veterinarian will assess the animal and the cost of the treatment and discuss options with a shelter supervisor.
3. If an animal's illness is contagious (i.e. it may infect the entire kennel or human health) or if the animal is suffering, the supervisor may recommend euthanasia. At that time, a 2nd supervisor must concur and sign off, and then, a contracted veterinarian will be contacted to authorize and schedule the euthanasia. The animal will be transported to a contracted veterinarian for euthanasia.
4. Animals with clinical signs of Parvo are immediately taken to the vet, and a positive Parvo test requires that the animal be euthanized or immediately transferred to an approved rescue for treatment.

XI. DOG CARE

A. Working in the Food Prep Area

General

1. Please keep this area clean and neat.
2. If supplies of treats run low, re-stock the area from main inventory supplies.
3. Keep the stock of canned dog food on the shelves complete, re-stocking as needed.
4. Immediately take all dirty dishes to the dish washing station for disinfection.
5. Please do not leave open bags of dog food lying around. All food should be in the rolling bin either labeled "dog food" or "puppy food."

6. Use a bleach spray to keep the table clean; be sure to mix the bleach fresh each day.
7. Keep the tops tight on the food holders for adult and puppy food.
8. When these food holding containers are empty, roll them over to the supply corner and re-fill with appropriate food type.
9. Sweep up any spilled dog food after each feeding.

B. Filling Water Pails

1. The water bowls at the shelter in the dog areas are mostly self-watering
2. For the cat areas and when needed in the dog areas, please try to use sturdy, flat bottomed bowls

C. Feeding

1. Keep the area clean as you make the food. Discard the cans and can tops in the trash if canned dog food is being used.

2. Using cart(s), place food in appropriate containers and begin the process. Going down each row, start with Adoption, move to the other animal areas, and end with the animals in Isolation areas.

3. **IF THERE IS A "DO NOT FEED" SIGN ON AN ANIMAL'S CAGE, DO NOT FEED THAT ANIMAL! ANIMALS THAT ARE FED BEFORE SURGERY CANNOT BE SPAYED OR NEUTERED.**

4. Currently, the shelter is part of a food program partnership with Hill's Science Diet. All animals are fed Hill's Science Diet based on manufacturer suggestions and/or veterinarian instructions. Amounts per serving vary by food manufacturer/food type but a basic guideline is as follows:

   a. X-Large dogs (90 lbs. and over) = 3 cups in the a.m., if all food is eaten feed ¾ cup more in the p.m.
   b. Large dogs (60 - 90 lbs.) = 2 cups in the a.m., if all food is eaten feed ½ cup more in the p.m.
   c. Medium dogs (31 - 50 lbs.) = 1 cup in the morning and 1 in the afternoon
   d. Small dogs (16 - 30 lbs.) = ½ to ¾ cup twice a day
   e. X-Small dogs (5-15 lbs.) = 1/3 cup twice a day
   f. Puppies = ½ cup of each of dry and canned food, with mostly canned food twice a day
   g. All underweight, pregnant and or nursing animals should be fed extra as needed.

5. Weekly weigh-ins help determine food needs, and notes on the kennel/cage cards indicate if feeding guidelines need to be updated.

6. If there is any food left over in the Rubbermaid bins, go back and give more food to the skinny dogs or the large dogs.

7. Staff assigned to clean puppies are responsible for feeding the puppies and the nursing mothers. Use puppy chow and wet food. If there is a mother nursing, she gets puppy chow also. Puppies must be fed in a large flat bowl that allows all the puppies to eat easily. If necessary, use two bowls.

8. After feeding, take the Rubbermaid containers to the dish washing area and wash them.

9. The food dishes are to be collected during clean up and taken to the dish area for cleaning and disinfection.

D. Kennel Care

1. <u>Daily Process</u>

   a. Call all the dogs to the same side of the cage in one row. Close the guillotine door behind them. **DO NOT LET IT DROP.** A supervisor will direct staff which side to start on.

      1) Scoop up all the solid fecal material, hair, and/or toy parts with the scooper in each run all at once.
      2) Spray kennels with water to remove remaining debris.

3) Get hydrofoamer with kennel-sol, One Step or any other disinfectant approved on every surface of the run (walls, floors, etc). Disinfectant must sit for a minimum of 10 minutes or longer if needed per directions. Do an entire row with disinfectant then continue to the next step.
4) Scrub with a stiff brush as needed to remove all organic material.
5) Rinse runs/cages.
6) Fill clean water bucket/pails.
7) Squeegee each run and walkway.
8) Replace beds if needed.
9) Provide toy (please make sure to check cage card for notes regarding toys).
10) Move all the dogs back to the clean side, close the guillotine door after them and repeat above process on the other side.
11) When finished, open the guillotine door and let the dogs have access to both sides.
12) Empty the poop pail into the dumpster.
13) Soak the scoopers in the disinfectant bucket.
14) Empty the trash for your area and replace with clean bags.
15) Make sure water is turned off and hoses are wrapped up.
16) Clean the yard areas immediately before the end of shift.

b. When you remove a dog from his/her cage permanently, place a red “dirty cage” card on the cage to indicate that the cage needs to be disinfected.

2. Morning Duties

a. The first staff on duty each morning are responsible for cleaning, feeding, and medicating. After the animal cages are cleaned and the animals are fed and medicated as necessary, go back and check all kennels again for any feces or over turned bowls that might need to be picked up. All staff are to follow the instructions on the assignment board at Information Central regarding what areas they are assigned. Staff cannot change these assignments. If you are not able to work in the area assigned, discuss the situation with your supervisor.

b. The dog morning scrub begins right after the dogs are all fed. The morning scrub for all animals should be complete by noon each day.

c. Work in teams of two based on the assignment board from the kennel supervisor or employee in charge:

- One team of two people starts in the front with the healthy dogs.
- The other team of two starts at the back of healthy hold.
- When done, both teams clean intake/stray/sick hold areas.
- Please note these assignments are adjusted as needed.

d. Equipment needed:

- 5-gallon bucket lined with a trash bag and secured with a bungee cord
- Pooper scooper
- Foamer with disinfectant
- Long handled scrub brush
- Squeegee

3. Afternoon Duties

a. Kennel Inventory - The Kennel Supervisor will walk through the kennels and make decisions about what animals are to be moved. For instance, a dog or cat in intake/stray hold that is ready to be moved to adoption.

b. The Supervisor will use post it notes or something similar to indicate to the shelter staff “move to adoption” or “move to sick ward.” This way, the kennel staff can, during clean up, move the animal to the

new area and ensure the old kennel is thoroughly disinfected. The staff person moving the animal is responsible for making the change in the computer record by noon that same day.

4. Dog Walking

   a. When removing a dog from the cage or run, always use a thick slip lead. Never use the clip end of a leash on the collar. Frightened animals may pull back when being walked, and they can easily slip out of the clip collar and run away.

   b. Leave an "I am being walked" notice on each kennel dog's cage to indicate that the dog will be back in kennels shortly.

   c. As you walk outside, keep the dog on a short leash and do not allow the dog to interact, sniff, touch noses, etc. with any other dog or person.

   d. Only staff are allowed to walk animals that have a purple "do not walk" card. Volunteers can walk dogs from the adoption area only that are healthy and non-aggressive.

   e. Dogs that are indicated by the staff as being housebroken should be walked at least twice a day. Please keep poop bags with you and pick up any feces in the kennels at the end of your shift.

   f. If a dog gets away from a staff person or volunteer, never chase the dog. Instead, alert the staff and encourage the dog to come back to you with soft voices and treats.

   g. Deposit the feces in the trash can.

   h. Walk dogs in the designated area. Follow the protocols posted on the gate of the dog exercise area.

   i. To reduce the spread or outbreak of infectious disease, the dog walking area will be sanitized every night following a posted protocol.

XII. CAT CARE

A. Feeding

1. Keep the area clean as you make the food. Discard the cans and can tops in the trash if canned cat food is being used.

2. Make sure adoption cats are done first, then stray, then isolation/sick.

3. **IF THERE IS A "DO NOT FEED" SIGN ON AN ANIMAL'S CAGE, DO NOT FEED THAT ANIMAL! ANIMALS THAT ARE FED BEFORE SURGERY CANNOT BE SPAYED OR NEUTERED.**

4. Amounts per serving vary by food manufacturer/food type but a basic guideline is as follows:

   a. Adult cats ½ cup in a.m. and, if needed, ½ cup in p.m.
      - Nursing cats and or pregnant cats get additional food
   b. Kittens = ¼ cup per kitten

5. The food dishes are collected during clean up and taken to the dish area for cleaning and disinfection.

6. Kennel staff mark on the animal's cage card if they want the animal to be fed twice a day.

B. Kennel Care

1. Morning Duties

a. At the beginning of cleaning, kennel staff will check each animal and its environment in their assigned section, including inside and outside of the animal's cage to determine if it needs immediate attention (i.e. sick cats).
b. Always work in order of age and susceptibility when cleaning
    1) Pediatric
    2) Vaccinated healthy adult
    3) Unvaccinated adult
    4) Sick
c. Always wear a set of new disposable gloves for each cat.
d. Whenever possible, cats should be provided an area to hide in their kennel. A cat den, paper bag, box etc. will work well for this purpose. The cat can be encouraged to enter the hiding area (often will enter on her/his own) while spot cleaning occurs. If double sided cages are available, cats can be placed on the opposite side of the cage. Handling should be minimized during cleaning.
e. Whenever possible, use disposable items.
f. Kennel walls can be wiped down with a paper towel and animal-safe disinfectant or mild detergent to remove any organic material.
g. Litter box should either be disposed of or soiled litter should be disposed of and fresh litter replaced.
h. Empty water bowls and refill with fresh water.
i. Provide fresh food based on kitten or adult.
j. Shake bedding out to remove litter and food and return to cage if not soiled. Provide clean bedding if needed.

2. The rest of the animal area (floors, garbage) etc. should be cleaned as usual.

XIII. LOST ANIMALS

A. Owners

It is the goal of the Baldwin County Animal Shelter to return all strays entering the Shelter to their owners and to provide assistance to those who have lost pets or to individuals who have found animals. The BCAS defines reasonable attempts to contact the owner as:

h. Checking lost reports
i. Checking found reports
j. Checking for microchip
k. Listing the animal on the website and/or Facebook

If the owner is known, reasonable attempts include phone calls and internet messages. If the animal is claimed by an owner, fees will be charged to the owner before the dog can be redeemed.

B. Holding Animals for Law Enforcement

The BCAS occasionally is asked to hold animals while their owners are being detained by law enforcement. It is critical that we get the following information from the Deputy on scene or person delivering the animal:

l. Name and badge number and phone number of the Deputy
m. Name of owner
n. Contact phone numbers of the owner and address of the owner
o. Completed release form

C. Holding Period for Stray Animals

Office staff are to record the date each animal is available for release on the animal's record. The mandatory stray hold is seven days. Currently all puppies and kittens are held for 10 days before they are available for adoption.

D. Sick or Injured Stray Animals

The shelter staff and a veterinarian will determine the correct treatment for the pet.

p. If the pet is severely injured or ill, the veterinarian will determine if euthanasia is appropriate.
q. Pets that, in the opinion of the veterinarian, are experiencing extreme pain or suffering may be euthanized after the staff has exhausted reasonable efforts to contact the owner.
r. If the pet is wearing identification, the veterinarian will determine appropriate treatment to make the pet comfortable while reasonable attempts are made to contact the owner.

E. Matching Animals

The description of the animal, date lost or found, location where animal was lost or found, and any forms of identification are important factors used for matching animals. Our goal is to assist the person who is looking for their lost pet!

F. Taking a Lost Pet Report

1. Ask the person if they have previously filled out a lost report.
   - If they have, ask them when (we keep reports for 90 days from the date of the report).
   - If they filled out a report within the last 90 days, check to be sure the report is on file.
   - If the report is still active for that animal, escort the person through the shelter.
2. All reports must be reviewed by the client care staff or volunteer to ensure the information is clear, the description is clear and the contact information is complete.
3. Explain to the patron they should visit the shelter every 3-4 days to check. We do check daily, but there are many animals. Sometimes descriptions do not match.
4. Explain the stray hold period.
5. Explain that their lost report will be held in our system for 90 days from the day it was filed.
6. Encourage them to post flyers around their neighborhood and to ask the mailperson or paper delivery person to look for the lost pet too.
7. The staff or volunteer who took the report will at this time check the found animal reports to see if there are any matches.
8. When there is time, staff or trained volunteers should call people who have filed lost and found reports to see if they have found their animal or found the owner. Many times they forget to call us back.

G. Calls from Citizens Reporting Lost Animals

Any time individuals call to report a lost animal, ask them to complete a lost/found pet report on the shelter website. The shelter does not accept lost reports over the phone, unless the person is handicapped or elderly and unable to come to the shelter.

H. Checking Lost Reports

These checks are done by walking through the shelter with the lost reports in front of you and looking at each animal to see if there is a possible match.

XIV. FOUND ANIMALS

A. Animals with Traceable Identification

1. The staff person who intakes the animal will enter all the information in the animal's record and create a memo and HOLD in the record that you have started tracing the identification.

2. That same person will start tracing the identification information to locate the owner (call the vet hospital to trace the tag even if it is long distance, call the owner listed on the ID tag, call the microchip company and find out the owner's information, if it is available).

3. Make notes in the animal's record that the attempts have been made and the result. i.e. contacted owner, current contact information, what the status is of being picked up, your name and date.

4. If able to contact the owner, explain the fees, the hours of operation and that the animal must leave the shelter in a carrier or on a collar and leash.

5. If there is no response from the owner or no owner is found, the animal will be held for 7 days (stray hold), and then, the animal will be evaluated to determine the next steps.

B. Stray Animals

1. The employee handling the intake of a stray animal brought to the Shelter by municipalities or Animal Control Officers shall:
   a. Check for microchip
   b. Check lost reports on file and on Facebook

2. The animal computer record should reflect the date and time the animal was found, the initials of the employee, and the date lost reports were first checked.

C. Matching

1. The description of stray animals that have been brought to the Shelter by citizens or through the animal control department should be immediately cross-checked with lost animal reports.

2. If a match is made, owners should be **promptly** called and notified of the process involved for the release of the animal. Should the owner be unreachable by telephone, email, or social media, personnel will post a notice at the door of the residence.

   a. A Hold is put on the animal's record of a possible match and return to owner.
   b. A note is put on the cage card of the animal with the date and name of the staff person writing the information.
   c. The possible owner is provided the information or steps he/she must take to finalize the return to owner.

3. Office staff should educate citizens reporting lost animals about the benefits of spaying or neutering, the hazards of leaving animals outside unattended and the importance of identification.

D. Calls from Citizens Reporting Found Animals.

1. Any time individuals call to report a found animal, ask them to complete a lost/found pet report on the shelter website. The shelter does not accept found animal reports over the phone, unless the person is handicapped or elderly and unable to come to the shelter.

2. If an individual brings a found animal to the shelter, office staff will complete the appropriate form and obtain as much detailed information as possible. The animals will not be taken over the counter but will be taken back to the property of the individual, and an animal control officer will try to help find the owner.

3. Lost animal reports should be promptly checked.

   a. If a match is made, the person should be referred to the owner of the animal.
   b. If no match is made, office staff should encourage the person to report the found animal to other local shelters, to post on Facebook, and to post signs in the area the animal was found.

E. Return to Owners: Proof of Ownership

1. Our mission is to GET THE ANIMAL HOME. Therefore, the following guidelines have been put into place. Proof of ownership can be determined in many ways:

   a. Microchip data
   b. ID tag, rabies tags or license tags
   c. Veterinary records

d. Pictures
e. Registration papers

2. If the above are lacking, take into consideration:

a. Where the animal was lost compared to where found
b. Description
c. Coordinating dates
d. How the animal reacts to the person
e. Calling the vet or the groomer
f. Notify your manager about all ownership disputes.

F. Animals are personal property and cannot be withheld from an owner without due cause.

1. Persons claiming a stray animal as their own must provide proof of ownership (see above). Pictures will be accepted only if they can show time, i.e. several pictures taken over time. Furthermore, pet owners will have to pay certain fees to reclaim the animal. Please note, owner redemption fees apply to animals claimed during the stray hold. If animal is still at the shelter and claimed after the 7 days, once the owner has been confirmed, the owner must go through the adoption process to retrieve the animal.

2. The fee to spay or neuter maybe be fully or partially paid for by the shelter using a contracted veterinarian. We currently have a program for Owner/Redemption Adoption fee. The owner may choose to pay the adoption fee to have the animal spayed/neutered instead of paying the pickup fee and boarding fee. This program is subject to change without notice.

3. In cases where a stray animal is being returned to an owner and the animal entered the Shelter without identification, office staff should explain to the individual the importance of identification and encourage the person to purchase a tag or have their animal microchipped. In addition, owners should be cautioned about leaving animals outside unattended.

4. All redeemed dogs must leave the shelter on a collar and leash, and all redeemed cats must leave the shelter in carrier (or collar/leash).

XV. EUTHANASIA DECISIONS

A. Humane euthanasia of animals is a practice acknowledged by most animal protection organizations as an acceptable means for alleviating or preventing suffering. Euthanasia is not a decision we take lightly, but one we must make, nonetheless. We only consider euthanasia as an option for animals that are suffering mentally, emotionally, or physically and have poor prognosis; are experiencing unremitting pain or mental suffering that cannot be reasonably alleviated; or pose danger to other animals, themselves, or people. All euthanasia procedures are performed by a licensed veterinarian that is contracted with the county.

B. We sincerely wish that every animal that comes to us could be adopted to a caring, responsible home. Unfortunately, there aren't enough quality homes for placement. We evaluate the health and temperament of each animal on an individual basis. We use our experience and protocol to evaluate an animal's needs and balance those needs with the greater good of the animal population in our care. Since euthanasia is the final act of kindness that can be shown to an animal, it is the policy of the Baldwin County Animal Shelter that animals be handled with respect and sensitivity and protected from stress, fear, discomfort, and pain.

C. Each animal who comes to us is evaluated, taking into account both behavior and medical conditions. Euthanasia will be considered:

1. Medical Issues:
   - After consulting with one of our contracted veterinarians and following his/her recommendations, we will consider euthanasia for an animal who has a poor prognosis, will have a long and painful rehabilitation process with little chance of meaningful recovery, has an incurable debilitating illness, or is not responding to the available treatment.

2. Behavioral Issues:
    - If an animal has a history of unprovoked biting and/or is exhibiting aggressive behaviors while in the shelter that pose unacceptable risk to people, evaluation protocols will be used to determine if the animal is unable to be rehabilitated, and if it is determined that the animal will continue to pose an extreme danger to others, the animal will be euthanized for public safety reasons.

D. We also recognize the adoptability of animals in shelters may be impacted by:

- temperament
- previous history (if known), age, breed, health
- ability to cope with kennel stress
- requirements ordered by the courts

Information from the behavior and health evaluations is included in the decision-making process. Staff members must bring questions about euthanasia decisions directly to the Animal Shelter Manager. Kennel staff clearly document the specific reasons for euthanasia decisions based on the language used in the guideline. All animals slated for euthanasia will be scanned for a microchip and checked for a tattoo. If the animal is a stray, a final search will be conducted in lost animal reports.

E. Pre-euthanasia Checklist

1. This checklist is checked against lost reports on file.
2. Pull files for any animals who are on the checklist and clip these files to the checklist.
3. The checklist with any file attachments is given to the Animal Shelter Manager for final approval.
    a. The responsible shelter staff member pulls up the computer record and checks the animal against lost reports, adoption applications, special holds, etc., to ensure the animal can be euthanized and no mistakes are being made.
    b. The responsible shelter staff member then creates a memo that says “approved and scheduled for E and D”.
    c. The checklist is complete when it is approved, signed, and dated by the Animal Shelter Manager or their designee.

F. Stray Animals

Strays are kept for a minimum of 7 days before we can make the decision to place the animal up for adoption or transfer. However, if the animal is suffering due to severe injury or illness, the animal may be euthanized before hold period ends with a veterinarian’s approval. Records must be clearly noted with the medical reasons for euthanasia.

G. Owner-surrendered Animals

BCAS does not accept owner surrenders at this time. Please call the shelter to discuss your specific situation, and we will try to assist you the best that we can.

H. Animals in Adoption Area

Animals who have been in the adoption area who fall in one of these categories may need to be considered for euthanasia:

- Dogs whose behavior is becoming worse: i.e. leaping up, trying to escape, trying to bite, and charging the gate, trying to or have attacked other animals.
- Dogs that become ill and have a poor prognosis, will have a long and painful rehabilitation process with little chance of meaningful recovery, have an incurable debilitating illness, or are not responding to the available treatment.

I. Aggressive Animals

1. Any animal regardless of its size, sex, or breed who is known to be aggressive or exhibits signs of aggression

towards people or other animals may be euthanized. Determination of aggression is made from past history, day-to-day interaction with the staff and volunteers, and through a series of behavior evaluations. Aggression includes, but is not limited to:

a. defensive and threatening behaviors
b. actual attacks
c. lunging at humans
d. baring teeth

2. Generally, cats need more time to adjust to the surroundings and noises. They should be placed in a quiet cage, with the front covered with a towel, and then re-evaluated after they have been given time to relax.

J. Summary

Euthanasia is an emotional and heart-wrenching process for those involved. It is a decision no one wants to make or carry out. We hope there will be a day when animals are no longer euthanized. Our programs are attacking the problems at the source with aggressive spay/neuter, education, and adoption programs. BCAS has assumed the responsibility for the animals of Baldwin County and to its citizens of humanely euthanizing those animals that are injured, sick and/or aggressive with no other options available.

XVI. INVENTORY CONTROLS

A. Needles and syringes are to be kept securely stored and shall never be accessible to the public or any unauthorized persons.
B. Only staff members who have been adequately trained to use such supplies will have access to them.
C. In the medical treatment room employees should have access to all the medicine and keep up with all medications given, and when they are getting low advise the Supervisor.
D. All medicine must be carefully inventoried.
E. The general supply of drugs is locked in the main supply drug cabinet, and only designated employees have access.
F. Each time a shipment of medicine is received, it should be immediately placed in the appropriate area and the appropriate paperwork completed, to include matching the invoice with the order slip. Any discrepancy should be immediately reported.
G. A complete inventory should be conducted quarterly and kept in the file.

XVII. MEDIA CONTACTS

If you are contacted by a reporter or representative of any TV, radio, newspaper, or magazine reporters, or by other media reps, you need to direct him or her to the Animal Shelter Manager.

VOLUNTEER PROGRAM

Mission

The Mission of the Baldwin County Animal Shelter's Volunteer Program is to educate the public and enhance the quality of life of the citizens of Baldwin County and the animals at the Baldwin County Animal Shelter (BCAS). The primary purpose of the Volunteer Program is to get the citizens of Baldwin County involved in making BCAS the best facility it can be. The Volunteer Program encourages and promotes participation by individuals and groups within Baldwin County.

BCAS is committed to the idea that involving volunteers in its operations will assist in carrying out our mission for the community. A successful Volunteer Program requires that staff and volunteers work as a team to implement the mission and goals of BCAS. Promoting volunteerism fosters increased citizen involvement in the community and enables citizens to enhance the services provided by BCAS.

Objectives

The BCAS welcomes volunteers who understand and support the mission, purpose, and policies of the shelter. The primary objective of the BCAS Volunteer Program is to improve the care and adoptability of the animals housed at the shelter and to provide for a quality experience for the citizens of Baldwin County.

The goals of our shelter are very straightforward:

- To provide the most humane care possible for the animals in our possession
- To find quality homes (via adoption or rescue) for as many animals as possible
- To educate the public about the responsibilities of pet ownership
- To provide unique and meaningful volunteer opportunities for volunteers
- To help citizens become more familiar with the BCAS programs and services

VOLUNTEER ACTIVITIES

The program allows for volunteers to assist in, but not limited to, the following:

Shelter and Animal Care

- Bathing or grooming adoptable animals
- Cleaning animal housing areas
- Walking adoptable dogs
- Socialization of adoptable animals

Administrative Duties

- Various activities such as making copies and off-site adoption event preparation

VOLUNTEER POLICIES AND PROCEDURES

Volunteers are expected to adhere to the policies set out in this manual, the guidelines set out in the BCAS Manual of Standard Operating Procedures, and the direction of department staff. If you have suggestions for improvement, you are encouraged to bring them to the attention of a supervisor. We are always looking for ways to improve.

1. Age: All volunteers must be 18 years or older to volunteer at the Baldwin County Animal Shelter.
2. Attendance: All volunteers are to sign in at the front office when they arrive at the shelter. If you have not already arranged your activities for the day with shelter staff, an assignment will be provided. A BCAS staff member will work with you to prepare a schedule convenient for you and helpful to the department. Our staff always appreciates any hours you are able to work.
3. Proper Attire: Please keep in mind that you will be working with animals and wear clothing both suitable for such work and also presentable to the public. Clothes should be clean and neat. Please do not wear suggestive or distasteful tee shirts, caps, shorts, etc. Shoes should be closed toed. Pants should be worn.
4. Conduct: While you are a volunteer at the shelter you are expected to extend a positive, courteous and friendly attitude to the staff and our patrons. All workers at the BCAS, whether paid or volunteer, are expected to conduct themselves in a professional, courteous manner with the public, the animals, and their coworkers. All volunteers are to be supportive of the BCAS and its staff. Any disruptive, negative, or rude behavior will not be tolerated. This requirement encompasses volunteer behavior both on and off shelter property as it relates to representing the shelter or sharing information related to the shelter. Please be mindful of any shelter (to include both staff, property, and animals) information, pictures, videos, etc. that you share, whether by word of mouth, social media,

or other avenue(s), to ensure that the content is within the scope of this Volunteer Program Packet.

5. The BCAS is a low-kill shelter. We do euthanize animals when it becomes necessary. Please understand that our mission is to not only to find caring homes for the animals at the shelter but also to protect the public. If you have questions regarding euthanasia, please speak to a supervisor at BCAS.
6. Off-Limits Areas: Do not enter the Quarantine or Isolation Areas of the shelter unless you are being accompanied by a staff member. Volunteers may not take any person into the stray area unless authorized by the shelter employee to which they are assigned. Do not discuss the animals in the stray area with anyone and do not walk or take these dogs or cats out of their assigned space.
7. Feeding/Watering: If you see an animal without food, water or with other needs, tell your staff assigned employee or the front desk. Do not take it on yourself to provide services without permission from your staff assigned employee.
8. Animal Handling: Volunteers may handle animals only when authorized by the staff person in charge of that particular area of the shelter. Be conscientious about the cage in which an animal is residing and make certain that the animal is returned to the same cage. Please be mindful of other markings on the animals' cages that indicate the animal(s) may not be a candidate for group play.
9. Working with and Questions from the Public: Please do not attempt to answer any questions to which you are not absolutely certain you can accurately respond. Misinformation provided to the public can damage positive public relations and may create liability for this department or the Baldwin County Commission. If anyone has questions about the operation of shelter refer them to your staff assigned employee, the front desk or the County Humane Officer. If you become involved in a situation with an unreasonable or belligerent person, please refer them to the front reception area where a supervisor or staff member can assist them.

11. Questions or Problems: Most questions or problems can be answered or resolved by any staff member; however, you are encouraged to consult with a supervisor about any problems, questions or concerns you may have. We hope you make it your responsibility to ask questions and learn about the Baldwin County Animal Shelter so you can be a more effective volunteer and share your experience with others.
12. Accidents or Injuries: Immediately report any accident or injury to a supervisor. DO NOTDELAY IN REPORTING ANY INJURY, ESPECIALLY ANIMAL BITES.

PRECAUTIONS: We recommend that all volunteers be current on their tetanus vaccination. Volunteers are required to follow all safety practices set out in this manual.

II. BCAS RESCUE PROGRAM

A. Purpose

The purpose of this program is to network with as many approved animal rescue groups as possible in an effort to save the maximum number of shelter pets.

B. Description

The Baldwin County Animal Shelter (BCAS) has instituted a Rescue Program for the purpose of finding reputable and caring rescue partners. BCAS is committed to working with all approved rescue groups that care for animals in a humane fashion. The goal of this program is to save as many shelter pets as possible. This handbook covers the application process for potential rescue groups and policies pertaining to those rescue groups that participate in the BCAS Rescue Program.

III. APPLICATION PROCESS

To become an approved rescue group, you must successfully complete the following:

A. Approval Criteria

1. The application must be submitted with all information requested, including references and requested attachments.
2. The Animal Shelter Manager, Animal Placement Specialist, or designee will review applicant's information for completeness and clarity.
3. The Animal Shelter Manager, Animal Placement Specialist, or designee will contact all Veterinarian and other Rescue references. Questions that will be asked include, but are not limited to:
    a. What is the quality of care given by the applicant to animals for which they are responsible?
    b. Are all animals spayed and neutered prior to being adopted?
    c. Does the rescue adequately provide for the medical needs of the animals for which they are responsible?
    d. Are the homes that the rescue finds for their animals of high quality and care?

B. Rescue Group Application Procedure

1. Complete an application for becoming an approved Rescue Group.
2. Submit the completed application to the Animal Shelter Manager, Animal Placement Specialist, or designee. We accept applications through the mail, email, or in person.
3. The applying rescue group will be notified of the result of the evaluation of their application within 30 days.
4. A signed and dated letter will be mailed or emailed to the rescue group notifying the rescue group as to whether or not it has been approved. If the rescue group is not approved, the reason(s) for declining their application will be included in the letter.

IV. RESCUE PROGRAM BASIC INFORMATION

A. Approved Rescue Groups

1. Approved rescue groups will be able to rescue animals from the shelter at no charge for animals that have only received their initial distemper/parvo, Bordetella, deworming medicine, and/or necessary antibiotics. If the animal has received medical care above BCAS normal intake care, there may be a fee to pull the animal based on the cost of the additional medical care. If the animal is already spayed or neutered, the normal adoption fee for an animal is charged. The Animal Shelter Manager may waive this fee in special circumstances at their discretion.
2. Approved rescue groups are able to pull an animal after it has been available to the public for 2 days. The rescue group can pre-identify an animal for rescue prior to the conclusion of the 2 days, but the general public will be given first right of refusal until the adoption hold of 2 days is over.
3. Each time a rescue group pulls an animal, it must complete a release form for that animal(s).
4. The general public is given first choice on all animals deemed adoptable by shelter staff. This means that, if a citizen pre-identifies an animal, that the citizen is given 2 days from the date that stray hold ended to come adopt the animal before any rescue pre-identify will be considered. Once an animal is claimed by a rescue group, they have 2 days to pull the animal, or the animal will be returned to the adoption kennels, if the animal was deemed adoptable, or released to another rescue group that would like to pull the animal and has space available. Beyond the 2-day period allowed for pulling an animal, the original rescue group which claimed the animal may still pull the animal if it is still available when the rescuer arrives. BCAS cannot guarantee rescue groups that it can hold a dog specifically for that rescue and only that rescue after the 2-day period has passed.
5. The BCAS reserves the right, in its discretion, to suspend rescue groups from the program, revoke any approvals granted, or take any other action deemed necessary to protect BCAS, staff, the general public and animals.

B. Limits to Approved Rescues

1. Rescue groups may not pull any animal held in the Intake Area without prior approval from the Animal Shelter Manager.
2. Should any information be determined to be false on an application, the approved rescue group may lose approval and be denied access to the animals at BCAS.
3. If a rescue group voluntarily withdraws its application or chooses to no longer rescue animals from the BCAS, the rescue group may not be allowed to rescue animals without submitting a new application. This determination will be made by the Animal Shelter Manager or the Animal Placement Specialist.
4. Rescue groups may not pull any animal deemed adoptable prior to the conclusion of the 2-day adoption hold, unless approved by the Animal Shelter Manager or Animal Placement Specialist. For animals that are deemed unadoptable to the public, rescue groups may pull

animals after stray hold is up (typically 7 to 10 days). In the case where an animal comes in as a stray, and where the owner was located prior to end of stray hold and said owner surrendered ownership rights, if the animal is considered as unadoptable to the public, rescue groups may pull the animal 24 hours after the owner surrender is finalized.

V. TRANSFER PROCEDURES FOR RESCUES

1. Identify the animal(s) the group wants to rescue. BCAS has a "First Come, First Serve" policy.
2. Identify the pick-up date. If pick-up date needs to be changed, BCAS needs to be made aware of this change as soon as possible.
3. When picking up an animal, the agent of the rescue group must provide proof that the agent is authorized by the rescue group (which should have been listed on the Rescue Application or added prior to the pick-up via an official request from an authorized agent of the rescue group – can be mail or email).
4. Provide the clerk with a photo ID, (Driver's License preferred).
5. Complete and sign the Appropriate Release Form.
6. In cases where an animal in the adoption area of the shelter has been tentatively identified for transfer to a rescue group and a citizen has subsequently indicated a desire to adopt the animal, the individual citizen will take priority. The Rescue Group should be notified as soon as possible of the change in availability of the animal they had identified.
7. All rescues participating in the program agree that, if the owner of the animal claims the animal prior to being adopted by a third party from the rescue, the rescue will return the animal to the owner upon the payment of actual costs incurred by the rescue for adoption fees paid to BCAS and other actual costs for medical care and expenses incurred. There shall be no mark-up or other fees charged by the rescue to an owner claiming an animal.

VI. QUESTIONS UNIQUE TO RESCUES

A. When two or more rescues want the same animal(s) how do you determine which rescue is awarded the animal?

BCAS has a "First Come, First Serve" policy. Whichever rescue is first to pre-identify will receive the animal, assuming no citizen has pre-identified. If, in the rare circumstance, two rescues pre-identify at the same time, the animal will be awarded at the discretion of the Animal Shelter Manager and Animal Placement Specialist.

B. When does an animal begin to receive medical care?

All animals begin to receive the regular medical care provided by BCAS within 24 hours of intake.

C. What fees could a rescue be responsible for?

Currently BCAS administers distemper/parvo, Bordetella, deworming medicine, and if necessary, antibiotics. At this time, we are not charging rescues for the normal medical care that includes

the aforementioned items. Any medical care above and beyond these items may require that the rescue pay the current adoption fee rate to pull the animal.

VII. AUTHORITY

1. The mutual objective of the BCAS and our Rescue Partners is to find permanent, responsible, and loving homes for the animals in our care.
2. The Animal Shelter Manager retains the authority to withdraw approval from any Rescue Partner that does not fully cooperate and/or comply with the Animal Rescue, policies and procedures set forth by BCAS.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: Since 1985, BRATS has received an annual 5311 grant from the Federal Transit Administration, administered by the Alabama Department of Transportation. The funds are used to provide public transportation to the visitors and citizens of Baldwin County. BRATS provides public transportation in both the urban and rural areas of Baldwin County, and receives funding from various FTA grant programs. Historically, BRATS has annually submitted two grant applications to the Alabama Department of Transportation (ALDOT):

1) Urban (5307) grant application
2) Rural (5311) grant application

Beginning with FY2023, ALDOT will not be administering the 5307 grant funds. The request for 5307 funds will be submitted directly to the FTA through the Transit Award Management System (TrAMS).

The grant fund requests are intentionally conservative (on the high side) to ensure that sufficient funds are awarded to provide the Baldwin County Commission with maximum flexibility for operating BRATS. The dollar amounts in these grants do not represent the actual expenses approved in the county budget. The Baldwin County Commission will approve the BRATS Fiscal Year 2023 budget separately during the annual budget process. BRATS will continue to issue invoices to ALDOT to draw down the 5311 funds.

During FY2020 - FY2022, the FTA funded public transit administrative and operating expenses at 100%; however, the FY2023 5311 grant program will provide federal funding of 80% for administrative expenses, 50% for operating expenses, and 80% for capital (rolling stock). Funding will be used to purchase four transit vehicles with 5311 grant funds at 80% federal reimbursement.

The FY2023 5311 request for federal assistance is $2,348,393.00 and the local match requirement is estimated to be $1,487,975.00, depending on the budget ultimately approved by the Baldwin County Commission. It is estimated that $425,000.00 of the required local match will be collected in fares, contract services, and advertising revenue. The balance as of March 31, 2022 in the Transportation Contract Revenue Escrow Account, resulting from the CARES Act Transportation Funding, was $312,149.00.

A public hearing was advertised and held on May 18, 2022 at 9:00 AM at the Baldwin County Commission BRATS office in Robertsdale, Alabama, to allow for comments on the proposed transportation service. The application deadline is June 10, 2022.

FINANCIAL IMPACT

Total cost of recommendation: Total 5311 Rural Transportation Program cost of $3,836,367.00 for FY2023. $2,348,393.00 of the total program cost to be funded with 5311 Federal Grant Reimbursement Funds. The remaining balance of $1,487,975.00 will be funded with FY2023 fare, contract, and advertising revenue estimated at $425,000.00 and contract revenue earned in FY2020 - FY2022 of approximately $325,000.00 held in an escrow account resulting in approximately $737,975.00 in local match for FY2023 depending on the budget ultimately approved by the Baldwin County Commission. The escrow account balance as of March 31, 2022 was $312,149.00. Contract revenue collected in the remainder of FY2022 will continue to be held in escrow per direction by ALDOT and will be utilized for FY2023 local match requirements.

Reference: Concurrence Letter

Mrs. Simpson,

Transit Management of Mobile D/b/a The Wave Transit System, which is the public transportation provider for the City of Mobile, strongly supports the Baldwin Regional Area Transit System (BRATS) for its grant application to Alabama Department of Transportation (ALDOT) for Section 5311 funding.

The Wave recognizes BRATS efforts to provide grant purpose trips, tripper services and commuter services designed to connect both counties. The Wave concurs with BRATS operation of public transportation within the urbanized area of the City of Mobile so long as each trip either begins or ends in Baldwin County. It is our belief that the proposed investment will strengthen the market access through this seamless option.

Again, congratulations for this accomplishment and please contact my office at your earliest convenience at (251) 375-2350 for further assistance.

Respectfully,

Damon Dash

Assistance for Passengers with Disabilities

Let us help with special accommodations

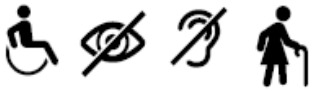

If you have a disability or other mobility challenge, and therefore cannot be served by our existing service, the BRATS team will attempt to modify its service to accommodate your needs. Call the BRATS scheduling team at **251-972-6817**, explain your situation and we will do our best to find a solution. We encourage you to make the request in advance, whenever possible. You are not required to use the term "reasonable modification" when making a request. A reasonable modification request form is available online at www.baldwincountyal.gov/departments/BRATS/ if you would prefer to make your request in writing. A full copy of the BRATS Reasonable Modification policy is also available on the website.

BRATS drivers may perform reasonable assistance in boarding and deboarding including opening a door and offering a hand or arm for stability. Drivers' assistance should be limited to a 25' radius of the bus to allow the driver to maintain sight of the vehicle for safety of the passengers and the vehicle.

Passengers requiring assistance beyond what the drivers are allowed to provide should have a Personal Care Attendant (PCA) accompany them. There is no additional charge for a PCA.

BRATS will grant a modification request unless:

1. The accommodation would fundamentally alter the nature of the public transportation service;
2. The accommodation would create a direct threat to the health or safety of others;
3. The accommodation would create undue financial and administrative burdens;
4. The individual with a disability can fully use BRATS's service without the accommodation being made.

ADA Accessible Vehicles

Over 90% of BRATS vehicles are ADA accessible!

Personal Care Attendants Ride Free

Unfortunately, our drivers cannot provide personal care assistance to passengers. No worries, though! Your personal care assistant's ride is on us.

ADA Grievance Procedure

We do our best, but we sometimes make mistakes. If you feel that BRATS has discriminated against you on the basis of your disability in the provision of our services, we encourage you to submit a written complaint, available on the BRATS website or by contacting the Director of Transportation at 251-972-6817.

Funding

BRATS is funded with:

- Federal funds administered by the Alabama Dept. of Transportation
- Local funds through the Baldwin County Commission
- Local Contracts
- Fares and other local revenue

Eligibility

Transportation is open to the general public in the service area.

Scheduling Guidelines

- Same day scheduling is available.
- You can schedule up to 2 weeks in advance.
- Transportation requests given to the driver will NOT be honored.
- No unscheduled stops will be made.

No Show Policy

Scheduled trips that are not cancelled at least 1 hour in advance are considered a "NO-SHOW". Passengers with 3 no-shows in a 30-day period may be suspended from transit for 14 days. No-shows are costly to BRATS and may prevent other citizens from being able to ride.

Baldwin Regional Area Transit System makes presentations to civic organizations, senior centers, chambers of commerce, and city councils. Baldwin Regional Area Transit System brochures are distributed to businesses, doctors' offices, etc. Information is available on our website www.ridebrats.com. The posting will appear in an area newspaper publication, aboard transit vehicles, and facilities for 30 days. This will enable public hearings to begin on the 31st day or thereafter. Protests must be submitted in writing to:

Honorable Chairman

312 Courthouse Square, Suite 12
Bay Minette, AL 36507

Wanda Gautney, Purchasing Officer
Baldwin County Commission

2. Solicitation or contract name and/or number.
3. A detailed statement of the legal and factual grounds for the protest, including copies of all relevant documents or information.
4. A statement of relief requested.

Only written protests received within the timelines stated in these procedures will be considered. Upon receipt of a protest, BALDWIN COUNTY COMMISSION will notify the protestor that the protest has been received by mail within ten (10) working days. BALDWIN COUNTY COMMISSION may request additional information from the protesting party, which must be submitted in writing to BALDWIN COUNTY COMMISSION within ten (10) working days from the date of BALDWIN COUNTY COMMISSION'S request.

Within thirty (30) working days of receipt of a written protest, BALDWIN COUNTY COMMISSION shall either:

1. Issue a final written decision which responds in detail to each issue raised in the protest and includes a rationale for the decision rendered, or
2. Conduct, at BALDWIN COUNTY COMMISSION'S discretion, an informal hearing to allow the interested participating parties an opportunity to present their positions and supporting facts, documents, justification, and technical information. BALDWIN COUNTY COMMISSION will advise all interested parties of the final decision in writing no later than ten (10) working days from the date of the informal hearing.

Protests before Proposal Solicitation

Bid protests alleging restrictive specifications or improprieties, which are apparent prior to bid or proposal opening, must be submitted in writing to BALDWIN COUNTY COMMISSION and must be received at least five (5) working days prior to bid/proposal opening. Bids will not be opened until five (5) working days after resolution of the protest unless BALDWIN COUNTY COMMISSION determines that:

1. The items to be procured are urgently required;
2. Delivery or performance will be unduly delayed by failure to make award promptly; or
3. Failure to make award will otherwise cause undue harm to BALDWIN COUNTY COMMISSION.

If the written protest is not received by the time specified, bids or proposals may be received, opened and awarded in the normal manner unless BALDWIN COUNTY COMMISSION determines that it is in the best interest of all concerned to delay any step.

Protests after Opening of Proposal Solicitation and Prior to Award

Protests against the making of an award may be made after bid opening and prior to award. Such protests must be submitted in writing to BALDWIN COUNTY COMMISSION and must be received by BALDWIN COUNTY COMMISSION within five (5) working days of the bid opening. If BALDWIN COUNTY COMMISSION decides to withhold the award pending resolution of the protest, BALDWIN COUNTY COMMISSION will notify all bidders

whose bids or proposals might become eligible for award, and offer them the option to extend or withdraw the bid or proposal beyond the 120-day validity period. Awards will not be made until at least five (5) working days after resolution of the protest unless BALDWIN COUNTY COMMISSION determines that:

1. The items to be procured are urgently required;
2. Delivery or performance will be unduly delayed by failure to make award promptly; or
3. Failure to make award will otherwise cause undue harm to BALDWIN COUNTY COMMISSION or the federal government.

Protests after Award

Protests received after announcement of an award or after a contract has been executed will only be considered if BALDWIN COUNTY COMMISSION determines that the matter is in the public interest or the protest presents clear and convincing evidence of fraud, misrepresentation, other illegality, or gross impropriety in the selection of a bid/proposal. If a protest is under consideration, BALDWIN COUNTY COMMISSION shall evaluate the bid/proposal at issue a second time in its entirety and use the same evaluation criteria and rating factors applied in the initial review of the bid/proposal. The bid/proposal will be evaluated by a panel designated by the BALDWIN COUNTY COMMISSION.

If a protest involving an executed contract is under consideration, BALDWIN COUNTY COMMISSION will notify the selected contractor of the protest and its basis and may, at its discretion, order the contractor to suspend all BALDWIN COUNTY COMMISSION work activities. If the awarded contractor has not executed the contract as of the date the protest is received by BALDWIN COUNTY COMMISSION, the contract will not be executed until five (5) working days after resolution of the protest unless BALDWIN COUNTY COMMISSION determines that:

1. The items to be procured are urgently required;
2. Delivery or performance will be unduly delayed by failure to make award promptly; or
3. Failure to make award will otherwise cause undue harm to BALDWIN COUNTY COMMISSION.

Protests Pertaining to the Funding of Unsolicited Proposals

The submission of unsolicited proposals is inconsistent with BALDWIN COUNTY COMMISSION'S policy to promote a full and open competition among interested parties for FTA contract funds. The filing of unsolicited proposals, therefore, will be deemed inappropriate by BALDWIN COUNTY COMMISSION and returned to the sender; complaints or appeals calling for reconsideration of such proposals will not be accepted.

ALL complaints unresolved at the local level will be submitted to the Alabama Department of Transportation for final resolution, to the attention of:

Re: Request to Purchase Transit Vans

Dear Mr. Lindsey,

In the FY2022 CARES 5311 Grant application and the 5311 Regular Grant application, Baldwin Regional Area Transit System (BRATS) requested to purchase a total of two (2) transit vans and two (2) cutaway chassis buses as replacement vehicles. BRATS would like to accept the offer to purchase two (2) transit vans in place of the two (2) cutaway chassis buses that were originally requested. The approval of this request would allow BRATS to order four (4) transit vans for the 5311 program.

Sincerely,

Ann Simpson

BID #WG22-43 SPECIFICATIONS
EMULSIFIED ASPHALT (Bituminous Materials)

Bituminous Materials shall be in accordance with Section 804 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, and any ALDOT Special Provisions which may supersede this publication.

Prospective Bidders should bid in accordance with the Alabama Department of Transportation Specifications which includes **Sections 109.02 (b) (c) and 109.03 (e)** regarding Bituminous Material Temperature Correction and Price Adjustments.

All Temperature Correction calculations and Asphalt Index adjustment calculations shall be provided by the Vendor with each invoice. No invoice will be paid without these calculations.

*The Volumetric Measurement shall be based upon a temperature of 60-degree F.

Test reports shall be furnished as requested.

Prices shall be offered for product delivered F.O.B. to Baldwin County and at Bidders facility F.O.B. Picked up by Baldwin County Vehicle. Location of such facility must be noted.

All Bid unit prices shall include delivery fees to Baldwin County facility.

Detention charges at Alabama Service Commission Rates, but not exceeding actual cost to vendor, will be allowed for delivered truck units held beyond Two (2) hours at the Baldwin County Facility or job site, which is the free period. This will only be allowed when a truck unit is held beyond two (2) hours as a direct result of neglect or cause by Baldwin County and in no way will be allowed due to equipment failure, personal neglect or otherwise by the vendor. Proper detention forms will be signed by an authorized employee of Baldwin County for each material involving detention time.

Bids will only be accepted from organizations ordering the material from an ALDOT approved Vendor.

In the event that the awarded bidder's Facility is not open for business then the secondary awarded bidder will become the prime supplier for that day. This will be noted by a notation being placed at the bottom of the request for materials by the County Representative that has contacted the awarded bidder.

Supply Location will play a big factor in determining the bid award for materials being picked up by Baldwin County Vehicles. The County Engineer or his designee will factor in the supply location in determining the low bidder. A per-road mile truck operating cost will be multiplied by the road miles of the best route between the supply location and Baldwin County.

The estimated quantities shown reflect the approximate number of gallons of each specified product that Baldwin County will theoretically order at one time. This is merely indicated to assist vendors for bidding purposes and in no way binds Baldwin County to purchase the quantities shown.

AWARD

Prices bid shall be effective the date of award and end on May 17, 2023.

RE: Change Order No.2

Ms. Gautney,

Please see the summary of explanations below that coincide with the subsequent Change Order Requests backup for the Area 100 Highway Maintenance Facility – Change Order No.2 as provided by the General Contractor. Should you have any additional questions, please do not hesitate to contact us.

CONTRACT TIME Change Request:

1. Due to unforeseen circumstances, the General Contractor experienced delays in the local Power provider (Alabama Power) getting the Facility's primary power installed. Fitzgerald Construction Requested Primary Power on 3/10 (see attached) and finally received power 4 weeks later. The General Contractor would like to request a Contract extension of 14 calendar days, rendering a new Contract Time of 334 calendar days.
    - We recommend approval of the requested for 14 additional calendar days to the Contract Time, totaling a new overall Contract Time of 334 calendar days.

CONTRACT PRICE Change Requests:

1. Change Order Request #4 is for the cost associated with requested revised grading to the adjust the aprons outside the Service bays.
    - We recommend approval of the Contractor's requested $4,395.00.

2. Change Order Request #6b is for the cost (credit) associated with replacing marine grade plywood with pressure treated plywood within enclosed areas such as the Mezzanine and Storage Bay.
    - We recommend approval of the Contractor's credit -$4,613.00.

3. Change Order Request #7 is for cost associated with additional structural studs required at Column line #3, a revised 3-hour Fire Wall required for Permitting Compliance.

watermark
DESIGN

- We recommend approval of the Contractor's requested $5,353.00.

4. Change Order Request #8 is for the cost (credit) associated with removing the County CIS requested Card Readers from the project due to supply chain shortages.
    - We recommend approval of the Contractor's credit -$4,631.00.

5. Change Order Request #9 is for the cost (credit) associated with relocating the facility's Primary Power Service to overhead in lieu of underground as Specified and Bid.
    - We recommend approval of the Contractor's credit -$10,318.00.

6. Change Order Request #11 is for the cost (credit) associated with removing the original Dimensional Characters (Signage) from the project due to size and location. New Signage to be added by County at later time.
    - We recommend approval of the Contractor's credit -$2,624.00.

7. Change Order Request #13 is for the cost (credit) to tape ductwork joints in lieu of sealant. Due to location of ductwork the method is approved by the Mechanical Engineer of Record, but the installation would come with a deductive credit.
    - We recommend approval of the Contractor's credit -$1,320.00.

In summary, if the recommendations for Change Order No.2 are approved it would increase the Contract Time by 14 calendar days and decrease the Contract Price by $13,758.00.

Tax exemption on covered items.

Covered items, as defined herein, are exempted from paying the state sales and use tax during the period from 12:01 a.m. on the third Friday in July of each year and ending at 12 midnight the following Sunday. (Act 2006-574, p. 1507, §4; Act 2017-120, §1.)

810-6-3-.65. Sales Tax Holiday for “Back-to-School”.

(1) Beginning at 12:01 a.m. on Friday August 4, 2006, and ending at twelve midnight on Sunday August 6, 2006, a sales tax holiday is enacted pursuant to Act No. 2006-574, whereby no state sales or use tax is due on "covered items" as defined herein. For each year thereafter, the sales tax holiday begins at 12:01 a.m. on the first Friday in August and ends at twelve midnight the following Sunday. This annual period during which purchases of covered items are exempt from state sales and use taxes is referred to as the “Back-to-School” Sales Tax Holiday.

(2) Pursuant to Act No. 2006-574, any county or municipality may, by resolution or ordinance adopted at least 30 days prior to the first full weekend of August, provide for the exemption of "covered items" from county or municipal sales or use taxes during the same time period, under the same terms, conditions, and definitions as provided in this rule for the state sales tax holiday. A county or municipality is prohibited from providing for a sales and use tax exemption during any period other than a state sales tax holiday. A participating county or municipality shall submit a certified copy of their adopted resolution or ordinance providing for the sales tax holiday, and any subsequent amendments thereof, to the Alabama Department of Revenue at least 30 days prior to the effective date of the resolution or ordinance. The Department will compile this information into a list of all counties and municipalities participating in the “Back-to-School” Sales Tax Holiday and issue a current publication of the list on its website.

(3) “Covered items" means: Articles of clothing with a sales price of one hundred dollars ($100), or less, per article of clothing. The exemption applies regardless of how many items are sold on the same invoice to a customer. "Clothing" means all human wearing apparel suitable for general use including sandals, shoes and sneakers. Clothing shall not include the following listed items which are excluded from the exemption:

(a) Belt buckles sold separately;

(b) Costume masks sold separately;

(c) Patches and emblems sold separately;

(d) Sewing equipment and supplies including, but not limited to, knitting needles, patterns, pins, scissors, sewing machines, sewing needles, tape measures, and thimbles;

(e) Sewing materials that become part of "clothing" including, but not limited to, buttons, fabric, lace, thread, yarn, and zippers;

(f) In addition to (a) through (e) above, clothing shall not include clothing accessories or equipment, protective equipment, or sport or recreational equipment, as defined in 1., 2., and 3. below, and which are therefore taxable:

computer supplies. "Computer," "computer software," and "school computer supplies" shall not include furniture and any systems, devices, software, peripherals designed or intended primarily for recreational use, or video games of a non-educational nature. These items are defined as follows:

(a) "Computer" means an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions also known as a central processing unit (CPU). For purposes of the exemption during the sales tax holiday, a computer may include a laptop, desktop, or tower computer system which consists of a CPU, display monitor, keyboard, mouse, and speakers sold as a computer package. The computer package will qualify for the exemption if the dollar amount of the sale is at or below seven hundred fifty dollars ($750). However, display monitors, keyboards, mouse devices, speakers and other computer parts or devices designed for use in conjunction with a personal computer not sold as part of a package will not qualify for the exemption.

(b) "Computer software" means a set of coded instructions designed to cause a "computer" or automatic data processing equipment to perform a task.

(c) "School computer supply" means an item commonly used by a student in a course of study in which a computer is used. The following is an all-inclusive list of school computer supplies:

1. Computer storage media; diskettes, compact disks;

2. Handheld electronic schedulers, except devices that are cellular phones;

3. Personal digital assistants, except devices that are cellular phones;

4. Computer printers; and

5. Printer supplies for computers; printer paper, printer ink.

(5) "Covered items" means: Noncommercial purchases of school supplies, school art supplies, and school instructional material, up to a sales price of fifty dollars ($50) per item. These items are defined as follows:

(a) "School supply" is an item commonly used by a student in a course of study. The following is an all-inclusive list:

24. Protractors;

25. Rulers;

(Continued)

810-6-3-.65. (Continued)

26. Scissors; and

27. Writing tablets.

(b) "School art supply" is an item commonly used by a student in a course of study for artwork. The following is an all-inclusive list:

1. Clay and glazes;

2. Paints, acrylic, tempora, and oil;

3. Paintbrushes for artwork;

4. Sketch and drawing pads; and

5. Watercolors.

(c) "School instructional material" is written material commonly used by a student in a course of study as a reference and to learn the subject being taught. The following is an all inclusive list:

1. Reference maps and globes;

2. Required textbooks on an official school book list with a sales price of more than thirty dollars ($30) and less than fifty dollars ($50).

(6) "Covered items" means: Noncommercial purchases of books with a sales price of not more than thirty dollars ($30) per book. The term book shall mean a set of printed sheets bound together and published in a volume with an ISBN number, but does not include magazines, newspapers, periodicals, or any other document printed or offered for sale in a non-bound form.

(7) Covered items are exempt only if the individual item is priced at or below the established threshold for the exemption. Exemption for only a portion of an individual item is not allowed. The following example illustrates the application of the rule to the exemption:

(a) A customer purchases a pair of pants costing $120.00. Tax is due on the entire $120.00. The exemption does not apply to the first $100.00 of the price of an item of clothing selling for more than $100.00.

(8) Splitting of items normally sold together. To qualify for the exemption, items normally sold in pairs shall not be separated, and articles that are normally sold as a single unit must continue to be sold in that manner. The following examples illustrate the application of the rule to the exemption:

(Continued)

810-6-3-.65. (Continued)

(a) A pair of shoes sells for $200.00. The pair of shoes cannot be split in order to sell each shoe for $100.00 to qualify for the exemption.

(b) A suit is normally priced at $300.00. The suit cannot be split into a coat and slacks so that one of the articles may be sold for $100.00 or less to qualify for the exemption. However, articles that are normally sold as separate articles, such as a sport coat and slacks, may continue to be sold as separate articles and qualify for the exemption.

(c) A packaged gift set consisting of a wallet (ineligible item) and tie (eligible item) would not qualify for the exemption.

(9) "Buy one, get one free" and other similar offers. If a dealer offers "buy one, get one free" or "two for the price of one" on covered items, the purchase shall qualify for the exemption when all other conditions of the exemption are met. However, if a dealer offers a "buy one, get one for a reduced price" the two prices cannot be averaged to qualify both items for the exemption. The following examples illustrate the application of the rule to the exemption:

(a) A dealer offers "buy one, get one free" on a pair of shoes. The first pair of shoes has a sale price of $99.00 and the second pair is free. Both pairs of shoes will qualify for the exemption because the first pair of shoes does not exceed the $100.00 exemption limitation.

(b) A coat is purchased for $120.00 and a second coat is purchased for half price ($60.00) at the time the first coat is purchased. The second coat will qualify for the exemption, but the tax will be due on the first coat. In this example, the sales price of the items may not be averaged in order to qualify for the exemption.

(10) Discounts, coupons, and rebates. A discount by the seller reduces the sales price of the item and the discounted sales price determines whether the sales price is within the sales tax holiday price threshold. A coupon that reduces the sales price is treated as a discount if the seller is not reimbursed for the coupon amount by a third-party. If a discount applies to the total amount paid by a purchaser rather than to the sales price of a particular item and the purchaser has purchased both eligible property and taxable property, the seller should allocate the discount based on the total sales prices of the taxable property compared to the total sales prices of all property sold in that same transaction. The application of the exemption to discounts, coupons and rebates extended on a covered item during the exemption period is illustrated by the following examples:

(a) If a dealer sells a pair of jeans with a sales price of $110.00 and offers to discount the item 10 percent at the time of sale, the exemption would apply because the actual sales price of the jeans is $99.00.

(Continued)

810-6-3-.65. (Continued)

(b) If a customer buys a $400.00 suit and a $55.00 shirt, and the retailer is offering a 10 percent discount, after applying the 10 percent discount, the final sales price of the suit is $360.00, and the sales price of the shirt is $49.50. The suit is taxable (its price is over $100.00) and the shirt is exempt (its price is less than $100.00).

(c) If a dealer offers a reduction in sales price of $100.00 through a store coupon for a computer with a sales price of $850.00, the exemption would apply to the purchase because the dealer's actual sales price to the customer is $750.00.

(d) If a customer gives to a dealer a manufacturer's coupon for $100.00 for a computer with a sales price of $850.00, the exemption would not apply.

(e) Rebates generally occur after the sale, thus the amount of the rebate does not affect the sales price of the purchased item. For example, if a pair of jeans was purchased for $110.00 with a manufacturer's rebate for $10.00, the exemption would not apply because the sales price is in excess of $100.00.

(11) Exchanges. The application of the exemption to an exchange of a covered item purchased during the exemption period is illustrated by the following examples:

(a) A customer purchases a covered item during the exemption period, but later exchanges the item for a different size, color, or other feature, and the original sale is not cancelled. No additional tax is due even though the exchange is made after the exemption period.

(b) A customer purchases a covered item during the exemption period. After the exemption period has ended, the customer returns the item and receives credit on the purchase of a different item and the original sale is cancelled. Sales tax is due on the total sales price of the newly purchased item.

(c) A customer purchases a covered item before the exemption period. During the exemption period the customer returns the item and receives credit on the purchase of a different covered item and the original sale is cancelled. Sales tax is not due on the sale of the new item if the new item is purchased during the exemption period.

(12) Layaway sales. A layaway sale is a transaction in which articles are set aside for future delivery to a purchaser who makes a deposit, agrees to pay the balance of the sales price over a period of time, and, at the end of the payment period, receives the merchandise. A sale of a covered item under a layaway sale will qualify for the exemption when final payment on the layaway order is made by, and the item is given to, the purchaser during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. A sale made by completion of transfer of title after the exemption period shall not qualify for the exemption.

(Continued)

810-6-3-.65. (Continued)

(13) Rain checks. A rain check allows a customer to purchase an item at a certain price at a later time because the particular item was out of stock. Covered items purchased during the exemption period with the use of a rain check will qualify for the exemption regardless of when the rain check was issued. Issuance of a rain check during the exemption period will not qualify a covered item for the exemption if the item is actually purchased after the exemption period.

(14) Mail, telephone, e-mail, and Internet sales. The sale of a covered item qualifies for exemption when sold through the mail, telephone, e-mail or Internet when the item is paid for and delivered to the customer during the exemption period; or when title to the covered item transfers to the purchaser and delivery is made to the purchaser during the exemption period. Pursuant to Section 40-23-1(a)(5), the sale of an item is not closed or completed until the time and place where delivery occurs to the purchaser after the act of transportation ends and the item comes to rest in this state for use or consumption. Covered items that are pre-ordered and delivered to the customer during the exemption period qualify for the exemption.

(15) Gift certificates and gift cards. Covered items purchased during the exemption period using a gift certificate or gift card will qualify for the exemption, regardless of when the gift certificate or gift card was purchased. Covered items purchased after the exemption period using a gift certificate or gift card are taxable even if the gift certificate or gift card was purchased during the exemption period. A gift certificate or gift card cannot be used to reduce the selling price of a covered item in order for the item to qualify for the exemption.

(16) Returns. For a 60 day period immediately after the sales tax holiday exemption period, when a customer returns an item that would qualify for the exemption, no credit for or refund of sales tax shall be given unless the customer provides a receipt or invoice that shows tax was paid, or the seller has sufficient documentation to show that tax was paid on the specific item. This 60 day period is set solely for the purpose of designating a time period during which the customer must provide documentation that shows that sales tax was paid on returned merchandise. The 60 day period is not intended to change a seller's policy on the time period during which the seller will accept returns.

(17) Different time zones. The time zone of the purchaser's location determines the authorized time period for a sales tax holiday when the purchaser is located in one time zone and a seller is located in another.

(18) Records. The retailer is not required to obtain an exemption certificate on sales of covered items during the exemption period. However, the retailer's records should clearly identify the type of item sold, the date on which the item was sold, the sales price of all items and, if applicable, any tax charged.

(19) Reporting Exempt Sales. No special reporting procedures are necessary to report exempt sales on covered items made during the exemption period. Exempt

(Continued)

810-6-3-.65. (Continued)

sales are to be included in the Gross Sales Amount and in the Deductions amount reported on the state and local returns. Taxable sales and exempt transactions should be reported as currently required by law.

(20) Transportation Charges.

(a) Where delivery is made by common carrier or the U.S. Postal Service, the transportation charge if billed as a separate item and paid directly or indirectly by the purchaser, is excluded from the sales price of the covered item. Transportation charges made by any other means are included as part of the sales price of the covered item, whether or not separately stated. Transportation charges are not separately stated if included with other charges and billed as "shipping and handling" or "postage and handling."

(b) "Shipping and handling" or "postage and handling" charges are included as part of the sales price of the covered item, whether or not separately stated. If multiple items are shipped on a single invoice, to determine if any covered items qualify for the exemption for purposes of determining a sales tax holiday price threshold, the shipping and handling charge or postage and handling charge must be proportionately allocated to each item ordered, and separately identified on the invoice.

(21) This rule shall become effective July 1, 2006.

(Sectioins 40-2A-7(a)(5), 40-23-31, 40-23-83, Code of Alabama 1975. Emergency Rule Adopted May 15, 2006, effective July 1, 2006, expires October 28, 2006; permanent rule filed October 4, 2006, effective November 22, 2006, amended January 23, 2013)

Dear Mr. Dyess:

I am submitting this letter of support for the "2022 Back to School" Sales Tax Holiday to the Baldwin County Commission on behalf of the Baldwin County Public Schools. Baldwin County Public Schools rely heavily upon sales tax revenue but has supported the Sales Tax Holidays for Baldwin County since their inception.

Baldwin County Public Schools supports this "2022 Back To School" Sales Tax Holiday, scheduled for July 15-17, 2022, to provide a needed benefit to our parents and to our employees. The parents of our students are so willing to assist our schools in many ways through fundraising, which provides much needed financial support to our schools. This is one small way that we can provide support back to them and honor them for their commitment to our schools.

Thank you for your continued support of Baldwin County Public Schools.

Sincerely,

Eddie Tyler, M.Ed.

To educate and enlist the support of all levels of government, service agencies and private organizations that can assist with securing resources and implementing programs. The Council on Aging is dedicated to preserving dignity, independence, and peace of mind for the elderly citizens of Baldwin County.

10. The BCCOA currently operates two nutrition centers in rural areas of the County. Both Centers are new construction, the Loxley Nutrition Center and the Little River Nutrition Center. The Loxley Nutrition Center is West of the City of Loxley. This community has many senior low-income residents and remains near low-income minority residents in the Ellisville Community. Two vital homebound meal routes are operated out of this center. The first serves the Ellisville Community and the City of Loxley residents. The second route provides homebound meals in the Robertsdale area, with several clients residing in low-income senior apartments in addition to those in private residences. We often have a waiting list for both homebound meal routes. The Loxley center hosts a variety of recreational activities for participants, and occasional guest speakers.

The Baldwin County Commission completed construction of a new building for the Little River Nutrition Center in May 2022. Little River is in the rural Northernmost part of rural Baldwin County. The Little River center hosts an onsite congregate meal program and activities for seniors. We are excited to offer a place for seniors to gather and enjoy a hot meal and fellowship. We have partnered with the Baldwin County Library Cooperative to provide a Bookmobile stop at Loxley and Little River Centers. This will provide access to library services including the new wifi program. It offers seniors the opportunity to check out a wifi hot spot.

Often Center managers are the first line of screening for seniors reserved to ask for assistance. Center managers are strongly encouraged to refer any concerns or questions regarding participants and their needs to the BCCOA staff. The Loxley Center manager also conducts in-home evaluations for all homebound meal clients.

BCCOA staff visits all nutrition centers in Baldwin County, as well as Senior Centers, promoting senior programs and evaluating the needs of participants. In addition, we continue to target the Bay Minette and North Baldwin areas reaching out to the low-income seniors residing in the rural areas that could benefit the greatest from senior programs.

The BCCOA office hosts two weekly sessions of ceramic classes. Many participants have entered their creations in the County Fair, claiming first place finishes. In addition, we offer weekly knitting/crocheting classes. The knitting/crocheting classes offer lessons for beginners or those with more experience. Many projects from this class are donated to area nursing homes, ARC transition homes, USA Women's and Children's Hospital and the VA home in Bay Minette. Recreational activities abound at the Nutrition Centers, ranging from the always popular Bingo to gardening and more. The seniors also have access to a wealth of information on programs and services available to them. Guest speakers offer educational programs. Occasionally, a senior blue grass band entertains the seniors at the Loxley Center.

The BCCOA staff finds it important to get out into the community via health fairs, promotional presentations to civic and church groups as well as networking with service agencies including public, private, profit and non-profit.

The BCCOA contracts with BRATS transportation service to provide transportation for seniors to the senior nutrition centers. In Stockton, the BRATS bus provides transportation for seniors and delivers homebound meals in the community.

S.A.I.N.T.S. is a program operated out of the BCCOA office, providing one on one assisted transportation service to frail elderly; those who cannot ride public transportation due to mobility or dementia issues. This service is vital in maintaining the independence of these seniors

Seniors who are not able to physically come to our office are evaluated in their home by BCCOA staff. Their needs are reviewed, and a case plan developed; the same as if they had made an office visit.

The Telephone Reassurance program is a vital service provided by the BCCOA. The program is designed for the frailest seniors who desire to remain at home. Often these clients are alone and

isolated. A BCCOA staff member calls each client every weekday morning to check on their wellbeing. We have emergency contacts for each participant in the event our calls go unanswered. For those clients who don't answer the call and don't have any family or emergency contact, we send a staff member to physically check on clients. In some instances, we contact the local law enforcement to conduct a wellness check.

We assist families and individuals when help is needed for caregiver support/respite care. Individuals and families receive case management and guidance through this transitional period.

From May 2021 thru April 2022, the COA has provided over 3,000 units of Case Management. This number does not include the number of requests for Information and Assistance which exceeded 21,000 contacts. With the growth of Baldwin County our contacts should continue to rise. Our goal is to provide the best service to all Seniors and their families making them aware of the programs that could potentially benefit them. Especially targeting the low-income minority seniors by getting out in the communities, attending health fairs, distributing literature, and seeking opportunities to speak about programs. Hosting Nutrition centers in rural areas of the county provides a means of getting information out to those citizens most at-risk. The Northern area of Baldwin County has the greatest potential of low-income seniors. The BCCOA staff visits the Northern end of the County monthly, targeting medical offices, senior centers, civic groups, Nutrition centers and public avenues to educate potential clients. We have contacted food pantries in the county and provided our program literature for their clients. The BCCOA is represented at health fairs across the County. We have a close working relationship with the local Social Security office. The SS Office makes referrals and distributes our literature to clients. BCCOA also make referrals to Adult Protective Services with DHR and attends intervention meetings on occasion. In addition, COA is represented at the Prodisee Pantry twice a month reaching out to potential clients.

11. The Baldwin County Council on Aging (BCCOA) serves the seniors of Baldwin County by offering one-on-one personal service tailored to address the individual needs. Serving clients from a diverse income base, providing programs ranging from the homebound meal program to insurance counseling and wide array of services and assistance not typically covered by an established program. If a client has a need beyond programs we offer, we attempt to locate additional resources to meet their needs. BCCOA staff has over 100 years of dedicated personal service to the growing senior population of Baldwin County. We provide service to most all Area Agencies on Aging and Councils on Aging provide, with a strong emphasis on individualized personal service. The BCCOA is comprised of 1 – Coordinator, 1- Administrative Support Specialist IV, 2 – Case Mangers, 2 – Case Workers, 1 – Center Manager/Activities Coordinators, 1 – Office Assistant IV, 1 – Part time homebound meal driver, 1 – Program Support Specialist, 1 – Part time Office Assistant IV and 2 – PT Center Assistants. In addition to serving in their area of expertise, the Coordinator, Case Managers and Case Workers are cross trained to better serve citizens. We provide resource referrals, locate housing, legal referrals, insurance counseling, prescription assistance, telephone assistance, tax aid, solid waste exemption referrals, property tax exemption referrals, telephone reassurance and in any capacity needed to assist clients. We do not

stop where our programs stop; if a need is there, we work diligently to address it. The BCCOA is housed in the heart of Baldwin County located in the Central Annex in Robertsdale.

Baldwin County is generally a rural county of over 1,600 square miles. BCCOA strives to serve all areas of the county, especially those areas with inherently limited access to elderly support services. The proportion of elderly in Baldwin County is greater than and is increasing at a rate faster than the national average. Approximately 90% of BCCOA's target clients are rural dwellers, 80% are high risk frail elderly, 50% are minorities, and 1% are Indian American.

The BCCOA is well represented at the local Social Security office. SSA staff screen their clients for services offered by BCCOA and referrals are made. In addition, we value strong networking relationships with service agencies, local municipalities and county departments servicing the public. We have reached out within the Departments of the Commission to educate other departments of what we do. Our own Citizen Service Center staff, BRATS, Revenue, Solid Waste and EMA department have interceded in the course of their own work and will refer a citizen in need to us. We place a strong emphasis in networking and will continue to do so to reach potential clients.

BCCOA staff have served and continue to serve on the board or steering committee for Volunteer Organizations Active in Disaster (VOAD), Emergency Food & Shelter Committee, Baldwin Regional Area Transportation System (BRATS) and the Lighthouse's Sexual Assault Team.

The BCCOA continues to provide appointment assistance to the income tax assistance program. In addition, this provides the opportunity to expose BCCOA's services and programs to potential clients.

12. See attached Excel spreadsheet.

13. This proposal requests continued Title III funding of $207,032 for fiscal year 2022-2023.

Personnel costs of $137,045 will provide two case managers, one administrative support specialist, one case worker, two center managers and the addition of two part time center assistants. The Center Managers manage operations of the Nutritional Centers (Loxley & Little River) ensuring congregate meals are served; homebound meals are delivered, and informative programs and activities are developed and provided in a nurturing environment for the rural elderly of Baldwin County. The addition of the part time center assistants will support the operations of both Loxley and Little River. The administrative support specialist will continue to provide support for both central office, centers and help in information/referral, support, and development of new programs. The Case Managers and Case Worker provides client case management, benefit screenings, insurance counseling, prescription assistance and aid clients with concerns regarding any problem. Continue marketing to area doctor's offices, senior centers, activity groups and the public as to the lower age requirement of 55 years or anyone on disability or applying for disability. This targeted group is growing at a steady rate replacing those lost to Medicare Part D.

Baldwin County Commission

Agenda Action Form

File #: 22-0996, **Version:** 1 **Item #:** BJ2

Meeting Type: BCC Regular Meeting
Meeting Date: 6/7/2022
Item Status: New
From: Dr. Brian Pierce, Coroner
Submitted by: Brandy Byrd, Coroner Executive Assistant

ITEM TITLE
National Network of Public Health Institutes - Grant Application for Implementation of New Case Management System for Baldwin County Coroner's Office

STAFF RECOMMENDATION
Take the following actions:

1) Authorize the Baldwin County Coroner's Office to submit a grant application to the National Network of Public Health Institutes (NNPHI) for the implementation of a new case management system in the amount of $20,000.00; and

2) Authorize the Chairman to execute the grant application and any other documents related to the application.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: The Office of the Coroner is requesting a grant through the National Network of Public Health Institutes (NNPHI) for the implementation of a new case management system which will reduce our office supply cost and increase our ability to share information between County and State agencies, such as ADPH. In addition, the implementation of this case management system will help create many streamlined efficiencies concerning, but not limited to, office workflow, reporting of cases by other police agencies and ER departments, allowing supervisor oversight in real time and proper assignment of resources for various types of responses. Ultimately, with better workflow, response strategy and timely case completion, families of the decedent will benefit from an improved timeline supporting accurate determination of cause and manner of death. The County will benefit with cost savings due to improved efficiencies and reduced supply needs. This grant would offset cost of an ongoing report platform project and allow for necessary upgrades to office workflow.

FUNDING OPPORTUNITY:

Infrastructure support for medicolegal death investigator offices

---

Funding amount: individual award ceiling is $20,000
Anticipated number of awards: 24
Eligibility: medicolegal death investigator offices - see details below
Anticipated funding period: August 2022- January 2023
Application deadline: June 15, 2022

Overview: With support from the Centers for Disease Control and Prevention (CDC), the National Network of Public Health Institutes (NNPHI) in collaboration with the International Association of Coroners and Medical Examiners (IACME) and the National Association of Medical Examiners (NAME) is pleased to offer an opportunity to provide capacity building support for medicolegal death investigator offices. CDC, NNPHI, IACME, and NAME recognize the need for medicolegal death investigator offices to purchase case management software that facilitates interoperability between case management systems and electronic death reporting systems. In implementing this initiative, CDC/NNPHI/IACME/NAME seek to facilitate timely and comprehensive data sharing with vital records offices and public health agencies to better inform drug overdose prevention and response efforts.

Background: According to CDC, more than 932,000 people in the United States have died from a drug overdose since 1999. Surveillance of overdose-related mortality is one key component of drug overdose prevention efforts, as data are used to better focus prevention and overdose response activities. According to a November 2021 Bureau of Justice Statistics report, as of 2018, only 40% of coroner's offices had a computerized case management system. This *Infrastructure Support for Medicolegal Death Investigator Offices* funding opportunity is intended to support case management system implementation facilitating timely and complete overdose mortality data that can be used to inform overdose prevention and response efforts.

Who is eligible to apply?

Medicolegal death investigator offices applying for this funding:

- Must be from a jurisdiction participating in SUDORS

- Must provide a letter from their locality stating the computerized case management system (CMS) will be sustained for a minimum of 2 years after the funding period ends, with funding priority to offices that can sustain CMS for longer
- Must be able to receive funding from NNPHI through a reimbursable contract
- Must confirm office is not already receiving other federal funds for case management system software (e.g., through relevant approved activities specific to the jurisdiction's CDC-funded Overdose Data to Action [OD2A] award)
- The selected case management system should be interoperable with the jurisdiction's Electronic Death Registration System (EDRS) and able to submit data in the FHIR format
- Awards will be prioritized for offices that do not have a computerized case management system in place, but applications will be considered to fund the integration of existing systems with EDRS

Funding Available: Total funding available: $480,000, individual award ceiling is $20,000 with the opportunity for a minimum of 24 total awards. This project is part of a larger cooperative agreement between NNPHI and the CDC. As such, respondents should be aware that the total funding available for these capacity-building awards is subject to availability.

Anticipated RFP Milestone Dates

June 15, 2022 (5:00 PM ET)	Applications due
July 8, 2022	Notification of Award Status
July 31, 2022	Contracts finalized

Timeline

NNPHI requests offices to propose expenditures and associated activities through January 2023. Should NNPHI receive approval for an extending agreement beyond the end of the project period, it will offer funded offices the opportunity to request extensions. Invoicing will be due within 90 days of the end of the funding period. Funds must be spent within 6 months of the award.

Example Requests: This opportunity is focused on enhancing infrastructure and it is estimated that the primary expenses will be the purchase of new or upgraded case management system software and upgraded technology to support such software.

NNPHI, IACME, and NAME will work with selected medicolegal death investigator offices to negotiate a budget and work plan. Please note travel will not be an approved expense for these project funds.

How will proposed project benefit County?

The new case management system will reduce our office supply cost and increase our ability to share information between County and State agencies, such as ADPH. In addition, the implementation of this case management system will help create many streamlined efficiencies concerning, but not limited to, office workflow, reporting of cases by other police agencies and ER departments, allow supervisor oversight in real time, proper assignment of resources for various types of responses. Ultimately, with better workflow, response strategy and timely case completion, families of the decedent will benefit from an improved timeline supporting accurate determination of cause and manner of death. The County will benefit with cost savings due to improved efficiencies and reduced supply needs.

STAFF RECOMMENDATION
Take the following actions:

1) Approve accepting 360 feet of Field Road for maintenance; and

2) Approve License Agreement #22006 permitting Mr. Chad D. Bolden to utilize 360 feet of currently unopened Field Road right-of-way to access his property. The term of this agreement shall commence on the date of full execution. License for access shall be indefinite according to the terms of the agreement.

3) Approve the Citizen Participation Program (CPP) Agreement between the Baldwin County Commission and Mr. Chad D. Bolden to construct and pave a portion of Field Road from end of pavement north approximately 360 feet as a 12-foot-wide single purpose road for an estimated cost of $3,690.00.

BACKGROUND INFORMATION

Previous Commission action/date:
09/21/2021: The northern 360 feet of Field Road was accepted for maintenance by the Baldwin County Commission and added to County Maintained Road List.

12/07/2021: The northern 360 feet of Field Road was removed from the County Maintained Road List.

Background: On September 21, 2021, the northern 360 feet of Field Road was accepted for maintenance by the Baldwin County Commission. After acceptance it was brought to the attention of

the Highway Department that some adjacent property owners did not agree with the County extending the maintenance of Field Road. To resolve the conflict, the Baldwin County Commission approved to remove the northern 360 feet of Field Road from the County Maintained Road List and allow time for residents to resolve access issues to their properties in a private manner. Residents have since not been able to resolve access issues, therefore access is being resolved utilizing the existing northern 360 feet of Field Road right-of-way.

This CPP AGREEMENT (this "Agreement") is entered into by the Baldwin County Commission (the "County"), with an address at 312 Courthouse Square, Suite 12, Bay Minette, Alabama 36507, and **Chad Bolden** ("Citizen"), with an address at **55900 Field Road, Stockton, AL 36579 (P.O. Box 122, Stockton, Alabama 36579).**

WITNESSETH:

WHEREAS, Baldwin County has a policy called the Citizens Participation Program ("CPP"), whereby Citizens who desire to expedite improvements of specific sections of county roads may subsidize the cost of the improvements in order to increase their priority in the order of the work of the Highway Department.

WHEREAS, any right-of-way needed for improvement of the specific section of county road subject to this Agreement has already been donated to the County;

WHEREAS, any surveying, right-of-way mapping, and right-of-way deed preparation has been completed and paid for by the Citizen seeking the improvements;

WHEREAS, Citizen has obtained a cost estimate for the desired improvements from the Highway Department;

WHEREAS, no payment will be made to Baldwin County until the Citizen is requested to do so by the Highway Department;

WHEREAS, Citizen agrees to have all payment available to be made to the County for the improvements within 90 days of signing this Agreement;

WHEREAS, the project will be scheduled for construction based on the current work load of the Highway Department;

WHEREAS, the Highway Department has verified that the improvements to the section of County road that is the subject of this Agreement can be completed by the Highway Department for the proposed cost amount and that the necessary requirements regarding rights-of-way and surveying have been met by the Citizen making the application;

WHEREAS, the County and the Citizen desire to make the improvements to the specific section of county road that are contemplated by this Agreement;

WHEREAS, the Parties acknowledge that this Agreement and the proposed improvements are subject to review and final approval by the Baldwin County Commission;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Recitals. The above recitals and statements are incorporated as part of this Agreement as if fully set forth herein.

2. Subject Roadway. The specific section of county road that the Citizen seeks to pay for the Highway Department to improve is limited to and sufficiently described as an existing County-maintained Road located in Section **22,** Township **T1N,** Range **R2E**. The Citizen seeks to improve the road from **End of Existing Pavement** to **the End of Maintenance**, a distance of **360ft**.

3. Scope of work. The Citizen agrees to subsidize, and the County agrees to make improvements including **Grade, Drain, Base, and Pave Field Road as a 12-foot-wide single purpose road.**

4. Citizen's responsibilities. The Citizen agrees to pay all funds for materials to the County prior to any construction being performed on the road.

5. County's responsibilities. The County agrees to provide the labor, equipment and materials to properly construct the above-described improvement.

6. Cost. The cost of all materials for the construction of **Field Road** from **End of Existing Pavement** to **the End of Maintenance**, a distance of **360ft**, is estimated to be $ **3,690.00.**

7. Cost. The County shall not increase the cost required to be paid by the Citizen for the work above the initial quoted estimate from the Highway Department that led to this Agreement being executed.

8. Payment. The Citizen warrants and agrees to be responsible for paying that cost to the County before any work is done on the road, and the County agrees to use those funds to construct the improvements.

9. Commission Approval. Notwithstanding any other provision herein, neither this Agreement nor any amendment hereto shall be a valid, binding, or enforceable obligation of the County unless and until such document is executed by the Chairperson of the Baldwin County Commission after a vote by the Commission to enter into the Agreement.

10. Public Property. Citizen understands that the roadway improvements subject to this Agreement are public in nature. Citizen makes no claim of private ownership or other possessory interest in the roadway subject hereto, and any rights of the Citizen granted by this Agreement are limited to the same extent as that of the general public. Any work performed by the County is considered to be a benefit to the general public, and the Citizen makes no claim that such work or improvements are private in nature. Citizen's only role in these improvements is to subsidize the cost, and they are not entitled to

direct, supervise, manage, or claim ownership over any of the improvements to the county road that is the subject of this Agreement.

11. Indemnification. Citizen shall indemnify, defend, and hold County and its Commissioners, affiliates, employees, agents, representatives, contractors, subcontractors, licensee and invitees harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitation, attorneys' fees and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever arising out of this agreement and the recitals and representations made herein..

12. Agency. It is neither the express nor the implied intent of the Citizen or the County to create an agency relationship pursuant to this Agreement; therefore, any actions of the Parties shall not be considered or implied to create such agency.

13. No Waiver. The failure of the Citizen or the County to insist upon a strict performance of any of the terms, conditions, and covenants herein shall not be deemed a waiver or any subsequent breach or default in the terms, conditions and covenants herein contained.

14. Miscellaneous:

    a. This Agreement shall not be construed more strictly against one Party than against the other merely by virtue of the fact that it may have been prepared by counsel for one of the Parties. Both Citizen and County have contributed substantially and materially to the preparation of this Agreement.

    b. This Agreement shall apply to and bind the successors and permitted assigns of the respective parties.

    c. This Agreement embodies the entire agreement and understanding of the Parties, and there are no further or prior agreements or understandings, written or oral, in effect between the Parties relating to the subject matter hereof.

    d. This Agreement may not be modified orally or in any manner other than by an agreement in writing signed by the Parties or their respective successors or permitted assigns.

    e. The headings in this Agreement are for convenience of reference only and shall not limit or otherwise affect the meaning hereof.

f. This Agreement may be executed in any number or counterparts each of which shall be an original, but all of which together shall constitute one and the same instrument.

g. This Agreement shall be construed in accordance with and governed by the laws of the State of Alabama, with proper venue for an action arising hereunder lying in Baldwin County.

IN WITNESS WHEREOF, the Parties have executed this CPP Agreement as of the date of full execution by the County below.

    D. Promptly remit payment within 30 days of the receipt of invoice for all actual labor and equipment costs incurred by the County.

11. **Termination and Notice:** Notwithstanding the foregoing, either party may terminate this Agreement, with or without cause, upon written notice to the other party. A party's said notice shall be deemed effective, and the Agreement deemed terminated, thirty (30) days after the date such notice is mailed by certified mail to the other party. In the event of termination by either party, the Town shall be responsible for all costs incurred by the County through the date of receipt of the requisite termination notice. All notices provided for herein shall be sent as follows:

To Town:	Town of Loxley P.O. Box 9 Loxley, Alabama 36551

    All guarantees, duties, representations, assurances, without limitation, contained within this Agreement shall survive and exist beyond the date of termination or expiration of this Agreement, and time, or the lapse thereof, shall not be used for or argued as a defense for the Town against the same.

    Nothing contained herein shall be construed to limit or modify the laws of Alabama as the same may apply to the County or Town or in any way diminish any immunity, absolute or qualified, to which the County and Town are otherwise entitled by law.

13. **Entire Agreement:** This Agreement represents the entire and integrated agreement between County and Town and supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by the parties.

14. **Both Parties Contributed Equally to the Agreement**. This Agreement shall not be construed more strictly against one party than against the other merely by virtue of the fact that it may have been prepared by counsel for one of the parties, it being recognized that both County and Town have contributed substantially and materially to the preparation of this Agreement.

15. **Failure to Strictly Enforce Performance:** The failure of either party to insist upon the strict performance of any of the terms, covenants, agreements and conditions of this Agreement shall not constitute a default or be construed as a waiver or relinquishment of the right of a party to thereafter enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.

16. **Assignment:** Neither this Agreement nor any interest herein shall be assigned, transferred or otherwise encumbered without a prior written agreement providing for such assignment, transfer or other encumbrance signed by the parties.

17. **Choice of Law:** The parties acknowledge and agree that this Agreement shall in all respects be governed by the laws of the State of Alabama, including, without limitation, all issues relating to capacity, formation, interpretation and available remedies, without regard to Alabama conflict of law principles.

ITEM TITLE
Permission to Advertise - Vacation of Dirt Road Portion of Etta Smith Road

STAFF RECOMMENDATION
Authorize staff to advertise for a public hearing to be held on July 19, 2022, as required, for the Baldwin County Commission to consider vacating the dirt road portion of Etta Smith Road, per the request of the County Engineer.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: The County Engineer is requesting to vacate the dirt road portion of Etta Smith Road to assist with Mobile Bay National Estuary Program efforts to stabilize ditch erosion adjacent to the road and improve public safety by eliminating a hazardous connection at County Road 32 and County Road 9 intersection.

Section 23-4-2 of the Code of Alabama 1975 reads as follows:

Procedure.

(a) Whenever the governing body of a municipality or county proposes to vacate a public street, alley, or highway, or portion thereof, the governing body shall schedule a public hearing prior to taking final action and shall publish notice of the proposed hearing on the vacation in a newspaper of general circulation in the portion of the county where the street, alley, or highway lies once a week for four consecutive weeks in the county prior to deciding the issue at a regularly scheduled meeting of the governing body. A copy of the notice shall be posted on a bulletin board at the county courthouse and shall also be served by U.S. mail at least 30 days prior to the scheduled meeting on any abutting owner and on any entity known to have facilities or equipment such as utility lines, both aerial or buried, within the public right-of-way of the street, alley, or highway to be vacated. The notice shall

describe the street, alley, highway, or portion thereof proposed to be vacated and also give the date, time and location of the meeting of the governing body at which the proposed vacation is scheduled to be addressed. Any citizen alleging to be affected by the proposed vacation may submit a written objection to the governing body or may request an opportunity to be heard at the public hearing held as required herein.

(b) If the governing body elects to vacate, it shall adopt a resolution which shall describe with accuracy the street, alley, or highway, or portion thereof, to be vacated and shall give the names of the owner or owners of the abutting lots or parcels of land and also the owner or owners of such other lots or parcels of land, if any, which will be cut off from access thereby over some other reasonable and convenient way. The resolution shall further set forth that it is in the interest of the public that such street, alley, or highway, or portion thereof, be vacated and shall be filed in the probate court of the county. In counties which elect the members of the county commission by single -member districts, the motion to approve the vacation shall be made by the commissioner in whose district the portion of the public street, alley, or highway to be vacated is located. The vacation shall not deprive other property owners of any right they may have to convenient and reasonable means of ingress and egress to and from their property, and if that right is not afforded by the remaining streets and alleys, another street or alley affording that right much be dedicated. The filing of the resolution as required herein shall operate as a declaration of the governing body's vacation and shall divest all public rights and liabilities, including any rights which may have been acquired by prescription, in that part of the public street, alley, or highway vacated. Title and all public rights, including the right to close the street, alley, or highway vacated, shall vest in the abutting landowners. Entities with utility lines, equipment, or facilities in place at the time of vacation, shall have the right to continue to maintain, extend, and enlarge their lines, equipment, and facilities to the same extent as if the vacation had not occurred. Notice of the governing body's action shall be published once in a newspaper in the county no later than 14 days after its adoption.

If the agenda item is approved, staff will publish a notice for the public hearing to be held on July 19, 2022, for four (4) consecutive weeks in all Gulf Coast Newspapers. Staff will also post said notice on a bulletin board at the Bay Minette Administration Building, the Foley Satellite Courthouse, the Fairhope Satellite Courthouse and Central Annex in Robertsdale. Other notices will be sent to the subject utility companies and abutting owners as required.

Linda,
First, let me say congratulations on your upcoming retirement. I know you will be tremendously missed!
Before you go, I wanted to be sure we take care of this (or at least start the process).
IV Mashburn has decided to resign from the Baldwin County Board of Adjustments. Ono would like to nominate Larry Kern to be the replacement representative.
Larry Kern will be a knowledgeable candidate for the BoA. He served numerous years as the POA President (just rolled off the board March 2022) and he is currently still a member of the Architectural Control Committee.
I've copied both of these gentlemen in this email so you can reply all to request any information that you may need.
If you need anything further from me, please do not hesitate to contact me.

Baldwin County Commission

Agenda Action Form

File #: 22-1025, **Version:** 1 **Item #:** BR3

Meeting Type: BCC Regular Meeting
Meeting Date: 6/7/2022
Item Status: New
From: Matthew Brown, Planning and Zoning Director
Submitted by: Matthew Brown, Planning and Zoning Director

ITEM TITLE
Proposed Planning (Zoning) District 38 - Acceptance of a Notice of Intent to Form a Planning (Zoning) District, Determination Regarding Infeasibility of Using Precinct Boundaries, and Acceptance of Proposed District Boundaries

STAFF RECOMMENDATION
Pursuant to Alabama Code §45-2-261.07, take the following actions:

1) Accept the notice of intent to form a Planning (Zoning) District and request a referendum for Planning and Zoning purposes for the proposed Planning District to be known as Planning (Zoning) District 38; and

2) Make a determination that it is not feasible to utilize the Voting Precinct boundaries of Precinct 50 as the proposed Planning (Zoning) District 38 boundary; and

3) Accept the proposed Planning District 38 boundaries subject to a subsequent affirmative referendum vote pursuant Alabama Code §45-2-261.07.

BACKGROUND INFORMATION

Previous Commission action/date: 05/17/2022 - Item was pulled from the agenda to allow time to expand the district in order to find a feasible polling location.

Background: Citizen Lisa Marie Atchley, residing at 14202 County Road 3, in the Barnwell Community and east of current Planning District 26, approached Planning and Zoning staff regarding the formation of a new Planning (Zoning) District and requested a referendum for zoning in this new district.

Coming under the Planning and Zoning Jurisdiction of Baldwin County is a citizen driven effort. The process must be initiated and led by the citizens. Alabama Code §45-2-261.07, requires that a new planning district “correspond to a voting precinct or precincts in the county unless the county’s governing body determines that the use of voting precinct boundaries is not feasible.”

The requesting citizen, Lisa Marie Atchley, resides at 14202 County Road 3 which is located in

Precinct 50. However, it is not feasible to utilize Precinct 50 for new Planning (Zoning) District for the following reasons:

- Precinct 50 contains Fairhope corporate limits, which would automatically be excluded from the new district and require a redrawing of the boundary.
- Precinct 50 contains portions of Planning (Zoning) District 26, which would automatically be excluded from the new district and require a redrawing of the boundary.

Because Precinct 50 does not provide a feasible boundary, Planning and Zoning staff worked with Ms. Atchley and considered other factors to establish an appropriate boundary for the proposed Planning District 38. These factors included:

- The north boundary is the corporate limits of the City of Fairhope, the new Planning (Zoning) District 8, and US 98.
- The east boundary is the new Planning District 8, Greeno Road, the City of Fairhope Airport Property, and Weeks Bay.
- The west and south boundary is Planning District 26.
- The new proposed district collectively represents an area of the Barnwell community with an abundance of sensitive wetland areas and prominent equestrian uses.

Based on these factors, Planning and Zoning staff recommended the County Commission accept the proposed Planning District 38 boundaries subject to the subsequent affirmative referendum vote Alabama Code §45-2-261.07.

A map showing the boundaries of the proposed district (cyan color area) is attached to this agenda item. The proposed district contains approximately 1145 registered voters and will required approximately 115 signatures. A final number will be provided by the Probate Judge's office.

The steps for exercising Planning and Zoning authority are found in Alabama Code §45-2-261 and the proceeding sections.

1) A party or parties seeking to file a petition shall notify the County Commission in writing that the parties will petition for the formation of a Planning District and the proposed boundaries of the district. **(PURPOSE OF THIS AGENDA)**

2) Within 15 days of notice to the County Commission, the Judge of Probate shall give a preliminary estimate of the number of signatures needed to call the election. Ten percent of the qualified electors residing within the proposed planning district will need to sign the petition. Planning and Zoning staff will notify the Judge of Probate. **(PURPOSE OF THIS AGENDA)**

3) The County Commission shall notify the principal party in writing, within 30 days of written notification of intent to request a referendum, that the proposed district is acceptable for planning, zoning and voting purposes, and shall furnish forms for use in seeking the required signatures. **(PURPOSE OF THIS AGENDA)**

4) The party or parties will have 120 days to gather the signatures and file the petition. Upon receipt, the County Commission and Judge of Probate will have 45 days to certify or reject the accuracy of

the petition. If the number of signatures is not sufficient, the party or parties will have an additional 60 days in which to obtain signatures and have the petition certified.

5) Upon certification, the County Commission shall instruct the Judge of Probate to provide for an election within the district no later than 90 days after certification. If the petition is not certified, a new petition cannot be refiled for two years.

County Commissioner Billie Jo Underwood
County Commissioner Charles F. (Skip) Gruber

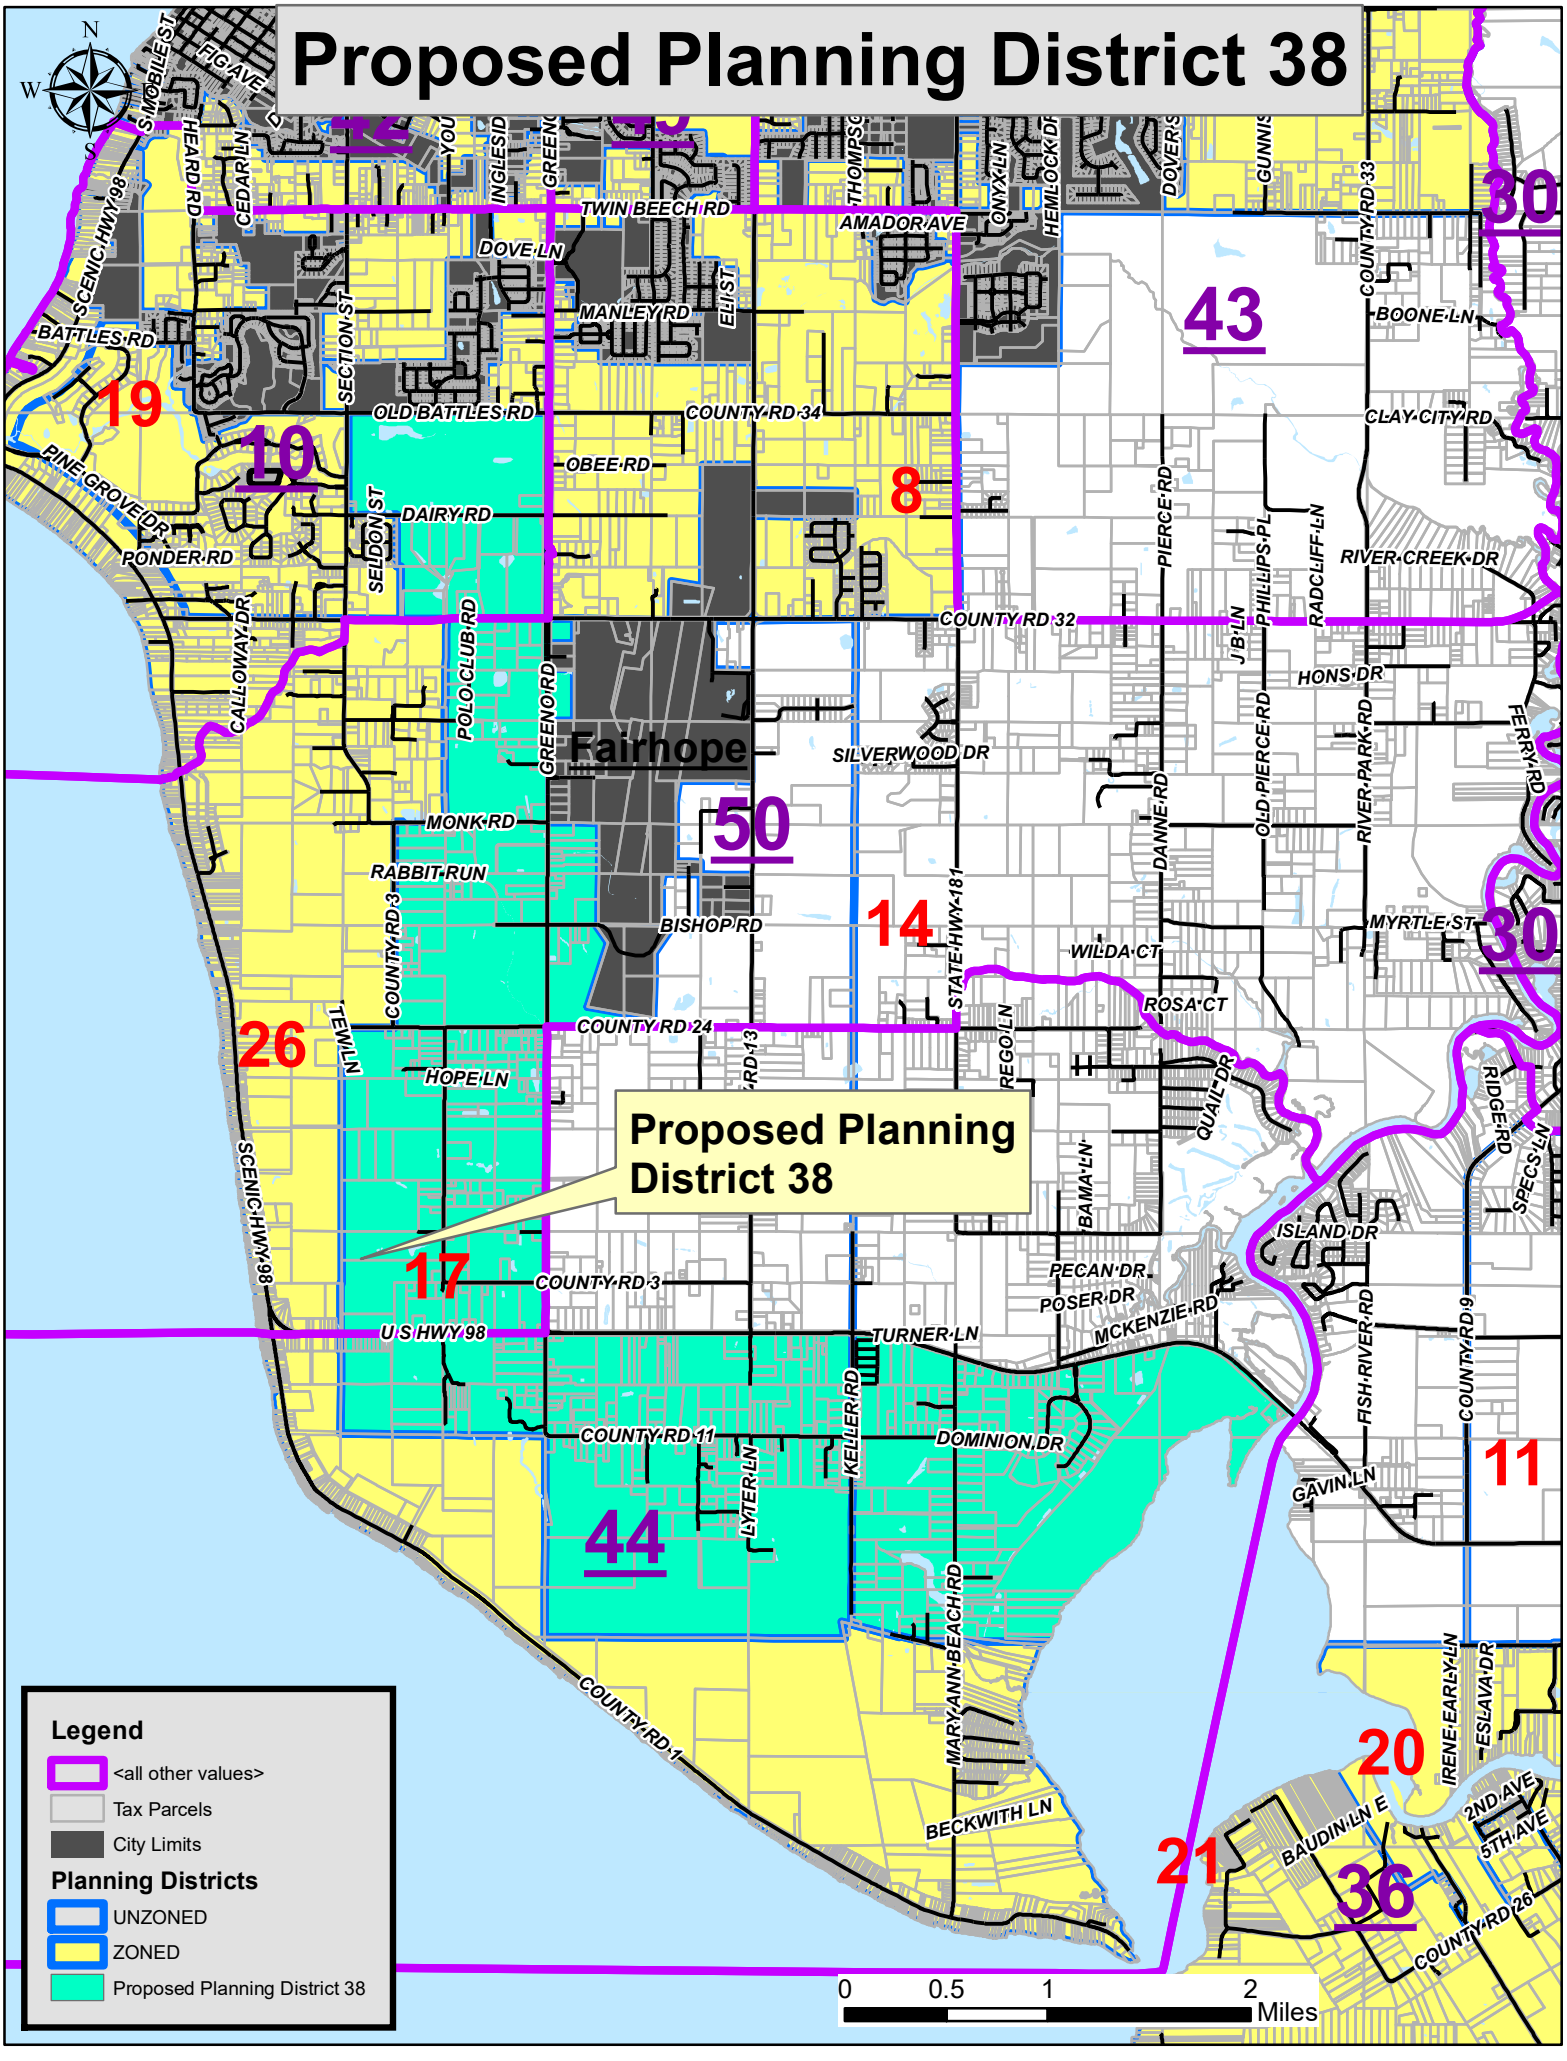

Dear Commissioners,

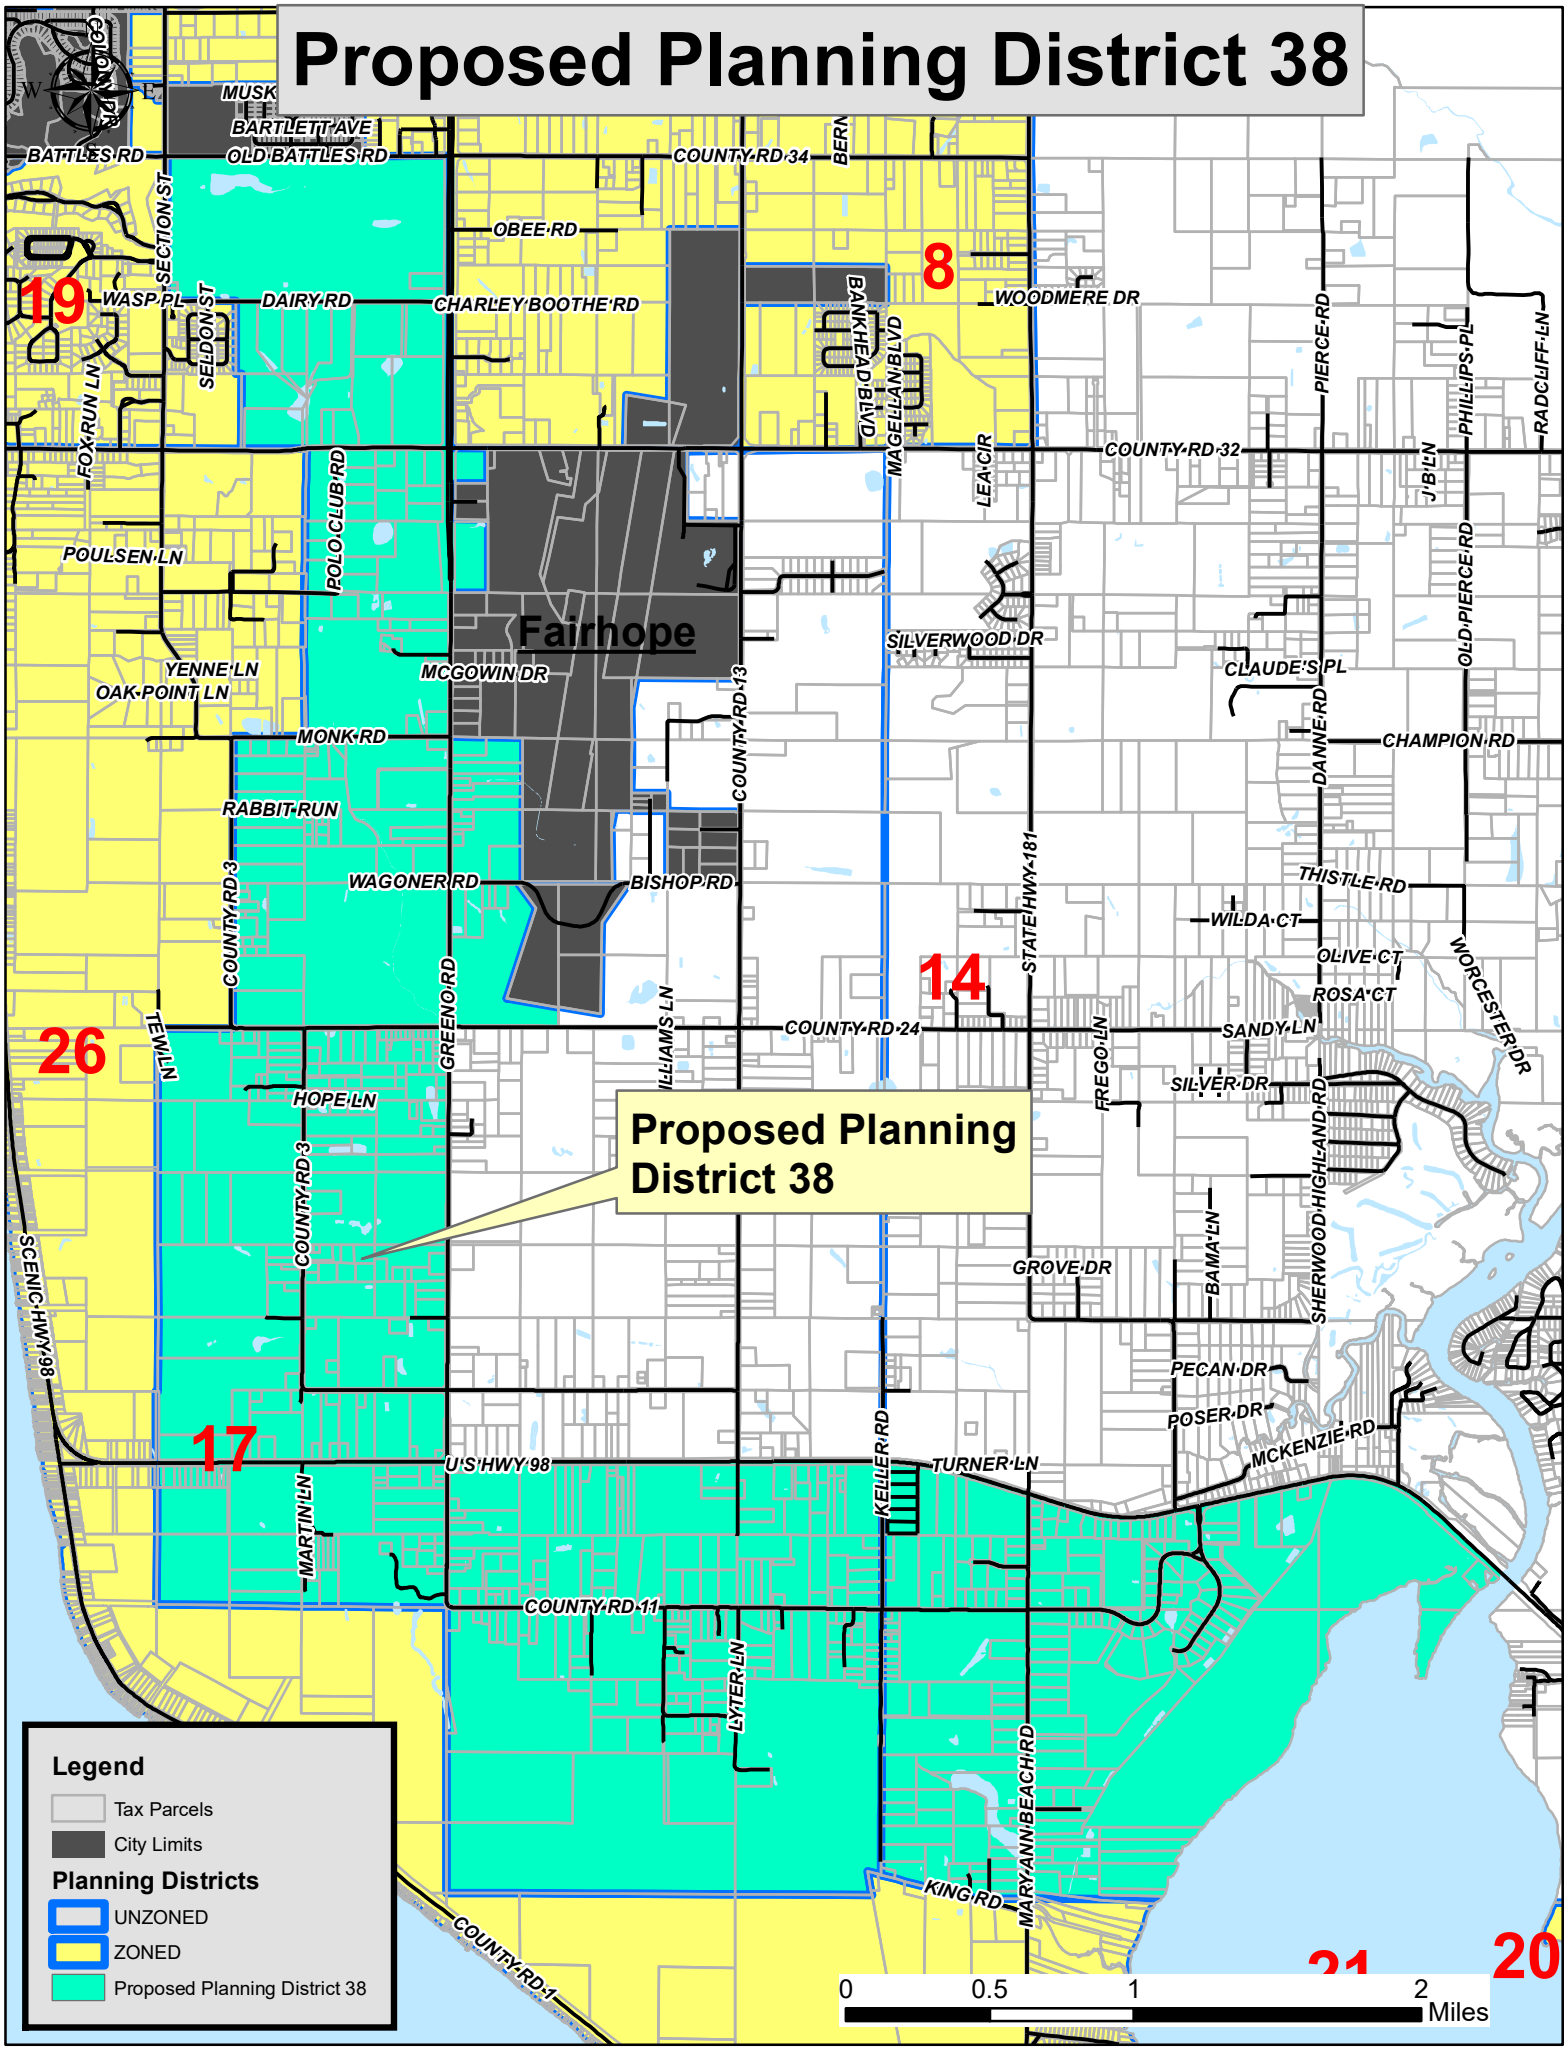

On behalf of a group of interested and concerns residents, I would like to respectfully request to the commission our plans to petition for the formation of a planning district based on the Title 45, Chapter 2, Article 26, Part 2, and Subpart 1 of the Code of Alabama.

Per our discussions with the county planning department, we would like to propose the boundaries shown on the attached map outlined in Green and labeled District 38. The area outlined is a rural and agricultural area as well as an equestrian corridor and preserving these uses for the future of our citizens was the primary driving factor. We would be happy to provide any additional information to the commission if needed.

Thank you in advance for your consideration and we look forward to working together in developing the designations of our proposed district.

> My wife and I both live in your district in the Sedona Subdivison in Daphne (23737 Havasu Drive). Several nights throughout the week, we hear extremely loud music, gun shots, yelling, and dirt bikes in the woods behind our subdivision (sometimes as late as 11pm-2am). This causes many restless nights and several mothers in our community have complained that their children can't sleep due to the high volume of the noise.
>
> We, along with many of our neighbors, have contacted the Baldwin County Sheriff's office for assistance with this matter. The deputies have informed us several times that there is currently no county noise ordinance for those outside of the city limits and that there is nothing that they can do about it. It has been frustrating for us and others to hear VERY loud noises inside our homes late at night without any recourse of getting it stopped.
>
> I am contacting your office to see if there is any type of noise ordinance legislation that could be put forth by the Commission, especially for those outside of the city limits. Given Baldwin County's rapid growth over the last few years, I believe it would greatly benefit our area to have a county-wide nuisance law in place to detract from these types of noise disturbances.
>
> In my opinion, Baldwin County needs to adopt a nuisance law to prohibit these type of situations during certain hours of the day. Some of the largest counties in Alabama have already adopted these noise laws for outside of the city limits (Montgomery, Madison, Shelby, Jefferson, etc).
>
> I appreciate your consideration in this matter and I look forward to hearing back from you.
>
> Blessings,

I. Background / Funding Provided

The U.S. Department of Treasury (U.S. Treasury or Treasury) Emergency Rental Assistance (ERA) Program has made funding available to assist households that are unable to pay rent and utilities due to the COVID-19 outbreak/ coronavirus pandemic.

Baldwin County, Alabama (the County) initially received an allocation of $6,686,362.30 (ERA1) from the U.S. Treasury. Administrative costs (up to 10% of the allocation) are permitted. Funds are subject to recapture/ reallocation by Treasury unless 65 percent of the allocation is obligated by September 30, 2021. Funds will remain available through September 30, 2022.

The County has also been allocated $5,290,605.50 of additional ERA funds (ERA2). Administrative costs (up to 15% of the allocation or amount paid, if less) are permitted. Remaining funds are available for direct financial assistance, including rent, rental arrears, utilities and home energy costs, utilities and home energy costs arrears, and other expenses related to housing. Treasury initially provided the County with 40 percent of funds allocated ($2,116,242.20) and will provide additional payments in tranches up to the full allocation in accordance with a procedure established by the Treasury Secretary, provided that any such procedure shall require not less than 75 percent of the funds (already disbursed by the Secretary) to be obligated.

If at least 75 percent of total funds allocated to the County (ERA1 and ERA2) have been obligated by October 1, 2022, the remaining 25% may be spent on other affordable rental housing and eviction prevention activities serving very low-income families (i.e., 50% AMI or less). Funds will remain available through September 30, 2025.

Provisions contained herein are subject to current and future Treasury guidance, as well as Treasury ERA Terms and Conditions (see Attachment A). Should any provision contained herein be found to be in conflict with any statutory and/or Treasury requirement(s), the statute and/or Treasury requirement will be followed.

IV. Introduction

The Baldwin County ERA Program (a.k.a. the Program) will assist eligible households located within the geographical boundaries of Baldwin County, Alabama (inclusive of all municipalities and unincorporated areas) that have qualified for unemployment benefits, experienced a reduction in income, incurred significant costs, or experienced other financial hardship and are at risk of experiencing homelessness or housing instability. For ERA1, the hardship must be due directly or indirectly to the COVID-19 pandemic. ERA2 broadens this criterion to include assistance to those who experienced a financial hardship "during" the pandemic also.

ERA1 funds will be awarded as grants and used for rental or utility payments made on behalf of income-eligible households for a maximum period of 12 months (with an additional three (3) months for forward rent, and subject to the availability of funds) to maintain housing and/or to reduce delinquencies and arrearages in rental, utility, and home energy costs resulting from the economic downturn during the COVID-19 outbreak. Additional forward rent payments are allowed under ERA1 (limited to 3 months per application): (i) subject to availability of funds and (ii) based on a subsequent application for additional assistance. The total number of months covered, for both arrears and forward rent combined, may not exceed 15 months. ERA 2 funds expand the period of assistance under ERA1; however, an eligible household may not receive more than 18 months of assistance, based on assistance provided under ERA1 and ERA2 combined.

Payments under the Program may be made to property owners or to landlords / management companies authorized to act on behalf of the property owner and in certain circumstances, may be made directly to the tenant. See Exhibit 1 for Tenant Direct Payment for Non-participating or Non-responsive Landlords SOP. ERA Program assistance is subject to availability of funds.

This Program Guide details the policies and procedures that shall govern the use of the funding under the Baldwin County ERA Program.

V. Program Overview

A. Program Objectives

The main objectives of the Program are to:

- Keep people housed during the COVID-19 outbreak/coronavirus pandemic by preventing evictions for failure to pay rent;
- Serve the maximum number of households as quickly as possible while also prioritizing households with the greatest need; and,
- Compensate landlords for unpaid rent during eviction moratoria

B. Assistance Provided

The Program provides financial assistance in the form of direct grants/payments to cover rent/utility costs for tenants who are behind on their rent/utilities and/or at risk of eviction due to COVID-19 outbreak (ERA1 & ERA2) or during the coronavirus pandemic (ERA2). Eligible uses of funds are defined by section 501, Division N, of Pub. L. No. 116-260, guidance from the U.S. Treasury, and County policy. Eligible uses for the Program are limited to:

- Rental arrears starting from April 1st, 2020.
- Forward rent paid in increments of up to three months. After each three-month period, applicants may apply to re-certify that they continue to meet program eligibility requirements for up to an additional three months of rent. All past due amounts will be considered arrears at the time of recertification, and will be paid as arrears, not counting towards the three-month limit on forward rent.
- The total number of months covered by the program, for both arrears and forward rent combined, may not exceed 15 months for ERA1 and no more than 18 months for ERA2 (combined number of months for ERA1 and ERA2 combined).
- Late fees related to eligible past due rent that are clearly stipulated in the lease
- Utilities related to housing and home energy costs (e.g., liquid propane gas)
- Utilities separately paid by the landlord and charged to the tenant per the lease will be paid as rent.
- Other expenses related to housing to include relocation expenses such as security deposits, application fees, and hotels for evicted tenants.

The County is not obligated to pay all rent/utility arrears; however, subject to the maximum number of months of assistance provided and availability of funds, payment of arrearages will be prioritized to minimize eviction(s). Forward rent, subject to the same limitations noted above, will be provided in an effort to stabilize tenant households as they continue to work through employment, health and other challenges encountered either as a result of the COVID-19 outbreak (for ERA1) or during the coronavirus pandemic (ERA2).

The Program funds **cannot** be used for the following costs, which are considered ineligible:

Cost Type	Reason Ineligible for Program

Mortgage assistance	Federal statute
Eviction-related court costs/attorney fees	County policy determination

C. Prioritization

The County intends to make prompt payments for all eligible applications. The County will continually monitor Program expenditures and will, when possible, prioritize completed applications for processing and payment based on the following criteria:

- Applicant households with income below 50% AMI. (Statutory priority)
  AND/OR:
- Applications from households that have at least one (1) individual who is unemployed and has not been employed for 90 days prior to date of application. (Statutory priority)
- All other applications are "first come, first served" based on submission date of all required/requested supporting documentation

The applicant priority system will establish two tiers of completed applications. Tier 1 will include the statutorily required prioritized populations based on income and/or unemployment status as identified above. Completed applications in Tier 1 will be prioritized for review initially. All other completed applications will be in Tier 2 and processed on a "first come, first served" basis. The two-tiered system will cease within 90 days of program startup (i.e., on June 30, 2021) and the tiers will be merged at that time to treat all applicants the same way.

Should the number of applications exceed the anticipated amount of available funding, Applicants will be notified that they are waitlisted for assistance based on the availability of funding. Following such notification (if necessary), should actual spending be less than projected or applicants determined to be ineligible or voluntarily withdraw from the program, Applicants will be notified that their application has been reactivated and will be processed for potential assistance.

VI. Application Intake and Eligibility

A. Application Process

Baldwin County has developed an ERAP on-line application portal and **applicant** management system that can be accessed by applicants as well as Baldwin County/Baldwin Together staff.

While landlords/property managers are encouraged to participate by providing information and receiving payment for rent, only tenants are eligible to apply for assistance. Tenant applications must be prepared to provide detailed information, including information for all household members, phone number, email address, address of the unit and other detailed information to determine eligibility for funding. Supporting documents from the tenant, such as a copy of the lease, income/employment information, proof of loss or reduction of income due to COVID-19, and landlord contact information are also required.

Landlords will be required to provide a W-9 and complete and sign an online ***Rental Assistance Contract (RAC)*** that details information such as the monthly rent, months in arrears, terms and conditions for accepting payment, and payment information. If the landlord does not respond or participate by providing a W-9 and completing and signing a RAC, Baldwin County may make payment directly to the tenant.

For those unable to apply online, an initial application may be submitted over the phone by contacting the *Baldwin County ERAP Hotline* at 251-239-4360 Applicants may also access the hotline for obtaining program information and for guidance in submitting online documentation. If the applicant is unable to submit supporting documentation online, instructions will be provided for mailing (or delivering to a local drop location) documents.

B. Application Review Process

Applicants will receive a unique application case number (ID). Each application will be assigned to a case manager who will review the application for completeness and eligibility. If required documentation is missing or inadequate, the case manager will communicate outstanding requirements to the applicant (tenant or landlord) via email or phone.

At least three attempts will be made to contact any applicant for missing documents. Applications with missing documents will remain in pending status until documents are received or the program ends, whichever comes first.

Landlords (or their property managers) will be required to complete and sign a Rental Assistance Contract (RAC) and provide a completed IRS Form W-9, and a ledger or other recording of past due rent. In the case of property managers, a contract or other document detailing their relationship with the property owner is required. A minimum of three (3) attempts will be made over a five (5) day period to contact the applicant's landlord with all contact attempts logged in the applicant management system. If the landlord is unresponsive, does not provide documentation in a timely manner, or simply refuses to participate, rent payment may be made directly to the renter. In these cases, the tenant will be required to sign an additional document confirming that payments received will be used for their intended purposes (i.e., rent or utilities).

If an application is determined to be eligible by the case manager, it will be reviewed for quality control by a team leader prior to submission for payment processing. Applications that provide one or more supporting documents and are determined to be ineligible by a case manager will also be reviewed by a team leader.

In the case of applicants that are deemed not eligible for the ERAP program, efforts will be made to direct them to other programs that may be of assistance, working through Baldwin Together.

Copies of checklists associated with ERA Program Required Documentation (Attachment B) and ERA Program BCC Application Instructions are included for reference and documentation of County internal processes relative to review of applications. These checklists align with current program guidance.

C. Eligible Household Criteria

Tenants may be eligible for rental assistance under the program if the following requirements are met:

1. Tenant resides and is obligated to pay rent on a rental unit or designated rental space for manufactured housing (including motor homes/recreational vehicles) within Baldwin County. The exception to this is a resident of an AHFA project. Residents of these locations should apply to the State of Alabama's ERAP Program .

2. At least one (1) individual in the tenant household qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship due directly or indirectly to COVID-19 (ERA1). At least one (1) individual in the tenant household qualified for unemployment benefits or experienced a reduction in household income, incurred significant costs, or experienced other financial hardship during or due directly or indirectly to coronavirus pandemic (ERA2).

3. Tenant has received a past due rent notice, past due utility notice, or an eviction notice, or is experiencing housing instability.

4. Funding for outstanding rent that is being requested through the Baldwin County program has not been paid, reimbursed or duplicated by any other source (e.g., municipality, city, federal, non-profit).

5. Household income does not exceed 80% of the area median income limit (AMI) for the County, as defined by the Department of Housing and Urban Development (HUD).[1] HUD 2020 income limits are to be used for all applicants that submit on or before April 1, 2021. HUD 2021 income limits are to be used for all applicants that submit after April 1, 2021. Future updates of these income limits will be applicable to the Program upon issuance by HUD on the effective date specified.

If an applicant is able to provide satisfactory evidence of residence but is unable to present adequate documentation of the amount of the rental obligation, the County will use up to 100% of the greater of the HUD Fair Market Rent or Small Area Fair Market Rent for the area where the applicant resides[2]. Participating landlords must agree to the terms of assistance and submit required documentation, including a Form W-9 and Rental Assistance Contract. The terms of assistance will require landlords to accept the following conditions to receive payment under the program:

> Not evict a tenant for at least 60 days after assistance ends unless eviction is for cause other than non-payment of rent.

(1) Proof of Income

Applicants must provide proof that household income does not exceed 80% of AMI based on current HUD AMI for the Daphne-Fairhope-Foley, AL MSA. Income may be calculated on a monthly or annual basis. Also see definition of income.

(a) Monthly Income

If an applicant is requesting assistance based on monthly income, the applicant must provide proof of income for at least the two months prior to submission of the application. This may include:

- Two months (or eight consecutive weeks) of pay stubs

[2] HUD FMR Data is available at: https://www.huduser.gov/portal/datasets/fmr.html and HUD Small Area Fair Market Rent is available at Small Area Fair Market Rents | HUD USER.

- Signed statement from employer stating wage and frequency of payment
- Unemployment compensation statement
- Notice of termination of employment or furlough

(b) Total Annual Income

If an applicant is requesting assistance based on change in annual income, the applicant must provide a copy of their filed IRS Form 1040 showing the adjusted gross income (line 11 on IRS Form 1040), or source documents evidencing annual income (e.g., W-2 form(s), interest statement, 1099-G/unemployment compensation statement).

A self-attestation of household income (without further verification) is allowable if the applicant confirms in writing that they are unable to provide required documentation. Such attestation should specify monthly or annual income to ensure that the income meets applicable HUD income limits. Where self-attestation is used for all or the majority of income claimed, income must be reassessed every three months by obtaining applicable documentation and/or a new self-certification.

If available, categorical eligibility and/or fact-specific proxy may be used in accordance with Treasury guidance.

(2) Proof of Financial Hardship[3]

Tenants will be required, as part of the application, to document that a member of the household has qualified for unemployment benefits or to provide a signed attestation that their household has experienced a reduction in income, incurred significant costs, or experienced other financial hardship due directly or indirectly to the COVID-19 outbreak (ERA1). To the extent administratively feasible, applicants must also provide proof of such financial hardship. For ERA2, tenants must provide either written attestation (signed by the applicant) or other relevant document regarding the qualification of a household member for unemployment or experienced a reduction in household income, incurred significant costs, or experienced other hardship **during** or due, directly or indirectly, to the coronavirus pandemic.

Financial hardship can be demonstrated by documentation for one of the following:

- At least one (1) household member qualified for unemployment benefits, as demonstrated by an unemployment compensation statement or other written proof of unemployment benefits (ERA1 and ERA2).

- For ERA1, at least one (1) household member experienced a reduction in income, incurred significant costs, or experienced other financial hardship due (directly or indirectly) to COVID-19

[3] The terms COVID-19 outbreak and coronavirus pandemic mean the same thing according to Treasury.

outbreak. For ERA2, at least one (1) household member experienced a reduction in income, incurred significant costs, or experienced other financial hardship **during** or due (directly or indirectly) to coronavirus pandemic. Documentation can include a layoff/furlough notice or evidence of either partial or full loss of wages (e.g., bank statements, pay stubs).

In the absence of the above, the following documents can also be used to support/demonstrate financial hardship; however, applicants are encouraged to provide proof to the extent feasible.:

- For reduction in income, bank statements or pay application documentation (e.g., Venmo, cash app) showing a reduction or cessation of regular income.

- Written statements from former employer(s) as to loss of employment and/or reduction in hours due to COVID-19 outbreak/coronavirus pandemic.

- To document incurring of significant costs or other financial hardship, applicants need to provide one or more of the following: 1) documentation of sickness with COVID-19 (or related variants) or caring for a household or family member who is or was sick with COVID-19 during the eligible pandemic period; 2) documentation of extraordinary out-of-pocket childcare expenses due to school closures/remote learning, medical expenses, or health care expenditures stemming from COVID-19 during the eligible pandemic period; and/or 3) documentation of expenditures/loss of income due to compliance with a governmental mandate/recommendation to stay home, self-quarantine, or avoid congregating with others during the eligible pandemic period (i.e., March 13, 2020 to present).

- Given the difficultly in providing whether a financial hardship is due to the COVID-19 outbreak/coronavirus pandemic, written attestation/self-certification from the applicant is allowed as to whether the financial hardship meets the statutory eligibility requirements. Further, any applicant that self-certifies that they meet the standard in ERA1 is considered to have met the standard for ERA2.

(3) Proof of Risk of Experiencing Homelessness or Housing Instability

The household must demonstrate a risk of experiencing homelessness or housing instability either directly or indirectly due to the COVID-19 pandemic through at least one of the following:

- Past due rent notice;
- Eviction notice from landlord or court related eviction notice; or
- Past due / shut off utilities notice.
  The landlord's indication confirming rental arrears in the RAC shall also satisfy this requirement.

If the above is not available, documentation demonstrating the following will be acceptable:

- Rent cost is equal to 50% or more of monthly take home pay/income and/or annual income/adjusted gross income.
- Any other evidence of such risk as may be determined by the County, inclusive of an applicant's self-certification identifying the risk factors (with or without other documentation).

(4) Eligibility Recertification

Applicants may apply for additional assistance after their initial award, subject to the availability of funds and a subsequent request for additional assistance supported by verification of continued eligibility, as noted below.

(5) Summary of Required Documentation

Positive identification is required for all applicants (inclusive of household members 18 years or older); state issued driver's license or photo identification is preferred, but other documentation is acceptable if such documentation clearly identifies the applicant's identity.

First-Time Tenant Applicants
Must provide proof of income in accordance with paragraph VI(C)(1); proof of financial hardship in accordance with paragraph VI(C)(2) and proof of risk of experiencing homelessness and/or housing instability in accordance with paragraph VI(C)(3).

Recertifying Tenant Applicants
Must provide updated proof of income in accordance with paragraph VI(C)(1); updated proof of financial hardship in accordance with paragraph VI(C)(2) and updated proof of risk of experiencing homelessness and/or housing instability in accordance with paragraph VI(C)(3).

Landlord Documentation (all required)

To be eligible to receive payments, landlords are required to provide: 1) proof of ownership of the rental unit; 2) properly executed Form W-9; 3) ledger or other record showing past due rent; and 4) an executed Rental Assistance Contract (RAC).

(6) Attestations

In lieu of required documentation, as stated above, the County will accept written self-certifications and/or attestations from the applicant. The intent is that these would be used in when required documentation is not otherwise available. To be valid, self-certifications and/or attestations must be clearly stated in English (translation is available if needed). All attestations will be reviewed and approved by the County (in accordance with standard application processing) prior to application approval.

(7) Waivers and Exceptions

To accommodate disabilities, extenuating circumstances related to the pandemic or lack of access to technology to complete an on-line application, the County will provide alternatives means by which to apply and/or document compliance inclusive of use of the ERAP hotline, mailing / drop off and use of self-certifications/attestations as outlined herein. The County also reserves the right to grant waivers/exceptions on a case-by-case basis, as may be necessary for program flexibility while still ensuring that eligibility criteria are documented.

D. Duplication of Benefits

Applicant households may not receive assistance from the Program which is duplicative of other benefits received. A duplication of benefits occurs when a person, household, business, government, or other entity receives financial assistance from multiple sources for the same purpose, and the total assistance received for that purpose is more than the total need for assistance.

> Example #1: An applicant has received rental assistance through a state or city program for the months of November 2020 to January 2021. However, the applicant will not receive any further assistance from the city program starting in February 2021. The applicant is eligible to receive the Program assistance beginning with February 2021 housing costs.
>
> Example #2: An applicant is receiving ongoing rental assistance through a local non-profit organization that will cover all expenses until June 2021. They are not eligible for rental assistance through the Program until they are no longer receiving assistance from the local non-profit organization.
>
> Example #3: An applicant received AHFA assistance that covered rental arrears for the months of June and July 2020, but not the remainder of the eligible period. Rental arrears for those two months would not be eligible again for this assistance, but other arrears may be eligible.

Program payments may not duplicate any other rental/utility assistance provided to an eligible household from federal or any other entity providing such assistance. Assistance is considered a duplication if it is used to cover the same expense(s) for which assistance is being sought.

NOTE – Subject to the availability of funds for ERA1, if an eligible household participates in a HUD-assisted rental program or lives in certain federally assisted properties (e.g., Housing Choice Voucher, Public Housing, or Project-Based Rental Assistance) and the tenant rent is adjusted according to changes in income, the household may receive Program assistance for the tenant portion of rent or utilities that is not subsidized. For ERA2, an eligible household that occupies a federally subsidized residential or mixed-use property is eligible to receive Program assistance, if the U.S. Treasury Program funds are not applied to expense(s) that have been or will be reimbursed under any other assistance.

VII. Landlord Requirements

A. Overview of Landlord Requirements

Landlords/property managers wishing to participate in the Program must:

- Acknowledge that the funds provided will go only toward rent payments for the tenant, as well as that any monies provided beyond rental arrears will be used towards future rent payments for the tenant.
- Agree to accept rental payment on behalf of the tenant from the Program. Forward rent will only be issued for up to three months at a time and no assistance may not be applied to rental arrears accrued prior to April 1, 2020.
- Submit applicable lease and proof of ownership of the property.
- Provide accurate information on a Form W-9.
- Provide a current ledger or some other accounting of past due rent amounts.
- Certify that there are no outstanding building or health code violations against the property.
- Agree not to pursue eviction for non-payment of rent while receiving rental assistance, and for 60 days after assistance ends.

Participating landlords are prohibited from:

- Requiring, pressuring, coercing, or otherwise causing the tenant to pay any additional amount for rent or fees above what is paid by the Program to cover the applicable months; and
- Accepting payments from tenants outside of the Program payments for the months specified in the RAC.

B. Rental Assistance Contract

Baldwin County will execute a separate Rental Assistance Contract (RAC) with the landlord for each individual tenant. Each contract applies only to the tenant household and the unit identified in the RAC. The terms and conditions in the RAC provide payment conditions to the landlord.

The Rental Assistance Contract ensures that payment will not be received unless the following conditions are met:

- The contract unit is free of any building or health code violations and that the landlord is providing the services, maintenance and utilities agreed to in the lease.
- The contract unit is leased to and occupied by the tenant named in the contract.
- The landlord has not received and will not accept any payments as rent/utilities for the months covered by the contract from other sources (i.e., no duplication of benefits).

- To the best of the landlord's knowledge, the unit is used solely as the tenant's principal place of residence.

Baldwin County's rights and remedies for owner breach of the RAC contract include recovery of overpayments, suspension of housing assistance payments, abatement or other reduction of housing assistance payments, termination of housing assistance payment, and termination of the RAC contract. Baldwin County may seek and obtain additional relief by judicial order or action, including specific performance, other injunctive relief, or order for damages. Any of the following shall constitute a breach of the Contract:

- If the landlord has violated any obligation under the contract; or
- If the landlord has demonstrated any intention to violate any obligation under the contract; or
- If the landlord has committed any fraud or made any false statement in connection with the contract or has committed fraud or made any false statement in connection with any Federal housing assistance program.

Neither Baldwin County nor the U.S. Treasury assumes any obligation for the tenant's rent, or for payment of any claim by the owner against the tenant. Baldwin County's obligation is limited to making rental/utility payments on behalf of the tenant in accordance with the RAC.

C. Housing Contract Requirements

(1) Leases

Baldwin County will require that tenants and landlords provide some form of written contract to receive rental assistance, in most cases this will consist of an executed lease. The Program will accept expired leases on the first application (if other proof of residency is provided) but will require new leases to be put in place before additional funding is issued.

The agreement must include signatures for all parties to the lease, which includes all adult members of the unit required to sign the lease agreement. The lease agreement should include identification of all members of the tenant household at the time of lease execution.

To qualify for fees/other costs, leases should clearly include reference to such.

(2) Termination of Tenancy

The Termination of Tenancy provision is included in the Rental Assistance Contract. This provision states the landlord may evict the tenant following applicable State and local laws. The landlord must give the tenant at least 30 days' written notice of the termination and notify the County in writing when eviction proceedings are begun. The landlord may not evict for non-payment of rent while receiving rental

assistance under the Program, and for 60 days after assistance ends. This provision does not apply to renter direct payments for non-participating landlords.

VIII. Reporting

Baldwin County will provide the following data (in addition to any other metric required in the future) to the U.S. Treasury as mandated for reporting requirements:

- Address of the rental unit,
- Name, address, social security number, tax identification number or DUNS number, as applicable, for landlord and utility provider,
- Amount and percentage of monthly rent covered by ERA assistance,
- Amount and percentage of separately-stated utility and home energy costs covered by ERA assistance,
- Total amount of each type of assistance (i.e., rent, rental arrears, utilities and home energy costs, utilities, and home energy costs arrears) provided to each household,
- Amount of outstanding rental arrears for each household,
- Number of months of rental payments and number of months of utility or home energy cost payments for which ERA assistance is provided,
- Household income and number of individuals in the household, and
- Gender, race, and ethnicity for the primary applicant for assistance.

Baldwin County will also collect information as to the number of applications received in order to be able to report to the U.S. Treasury the acceptance rate of applicants for assistance. The U.S. Treasury's Office of Inspector General may require the collection of additional information in order to fulfill its oversight and monitoring requirements. Baldwin County will comply with the requirements in Title V, Subtitle A, Section 501(g)(4) of Division N of the Consolidated Appropriations Act to establish data privacy and security requirements for information the Program collects.

IX. Program Timeline

The Program will begin accepting applications through the online applicant portal on April 1, 2021. The Program may cover up to a maximum of 15 months of rent/utility arrears and forward rent combined for ERA1. This period is extended until 18 months for ERA2.

All ERA1 funds must be obligated by September 30, 2022, under current guidance and statutory authorities. Beginning on September 30, 2021, the U.S. Treasury may recapture excess funds, not obligated by a grantee and reallocate to grantees who have obligated at least 65% of the amount originally allocated. Funds will remain available through September 30, 2022, unless in the case of a reallocation made by Treasury, the County requests and receives from Treasury an extension of 90 days. Current U.S. Department of the Treasury Emergency Rental Assistance grant terms are provided at Attachment A. Provisions contained herein will be subject to current and future Treasury guidance, upon issuance.

For ERA 2, Treasury initially provided the County with 40 percent of funds allocated (initial payment) and will provide additional payments in tranches up to the full allocation in accordance with a procedure established by Treasury, provided that any such procedure shall require not less than 75 percent of the funds (already disbursed by the Secretary) to be obligated. Reallocation of funds will begin on March 31, 2022, based on funds allocated, but not yet paid. To be eligible for reallocated funds, the County must have obligated 50 percent of the total amount of funds allocated.

If at least 75 percent of total funds allocated to the County (ERA1 and ERA2) have been obligated by October 1, 2022, the remaining 25% may be spent on other affordable rental housing and eviction prevention activities serving very low-income families (i.e., 50% AMI or less). Funds will remain available through September 30, 2025.

To allow sufficient time for review of ERA2 applications, the County will accept applications until August 1, 2022, or until such time as funds have been exhausted.

X. Program Terms and Conditions

A. Right to Inspect Housing

Baldwin County will require landlords to certify that there are no health or building code violations against the property. Baldwin County reserves the right to inspect the contract unit and related facilities at least annually during the assistance period, and at such other times as necessary to assure that the unit is occupied by the Tenant, that required maintenance, services and utilities are provided, and to investigate concerns related to provision of the Treasury ERA assistance.

B. Conflict of Interest Provisions

No employee of Baldwin County who formulates policy or influences decisions with respect to the Emergency Rental Assistance Program, and no public official or member of the governing body who exercise functions or responsibilities with respect to the Program shall have any direct or indirect interest during this person's tenure, or for one year thereafter, in the contract or in any proceeds or benefits arising from the contract.

XI. Preventing Waste, Fraud, and Abuse

Baldwin County will make use of the public to report allegations of theft, fraud, waste or abuse of public funds. Information can be provided anonymously, however, providing a name and telephone number can be helpful because it allows for follow-up questions. The name and telephone number of any individuals reporting, as well as the status of complaints, are confidential. If an individual suspects fraud, waste or abuse of public funds, information on how to this can be reported can be found at https://baldwincountyal.gov/report-it. Reports may also be filed with the U.S. Treasury Office of Inspector General (OIG) at Report Fraud, Waste, and Abuse | Office of Inspector General (treasury.gov).

Rental assistance fraud may take on various forms and involve various players. Examples of applicant attempts to commit fraud include the following:

- Knowingly making a false statement or representation.
- Intentionally falsifying required documentation.
- Deliberately failing to disclose material facts, or
- Knowingly withholding information in order to obtain benefits.

Fraud can originate from:

- Households (Tenants) falsifying applications
- Landlords (Owners) falsifying applications
- Landlord/tenant collusion
- Coordinated criminal attacks

The County's approach to fraud prevention includes the following components:

1. Prevention
2. Deterrence
3. Anti-fraud controls
4. Fraud detection analytics / response to suspected fraud cases

These components are built into all aspects of the Program to the extent feasible. The first line of defense for prevention is to utilize electronic software to compare applicants and detect duplicates based on applicant-specific information.

Deterrence is integrated into language used regarding potential penalties for making false and/or fraudulent statements/claims.

Anti-fraud controls include individualized review and case management to verify actual documents submitted and to clarify incomplete or questionable documents. Further, the accuracy of applicant addresses are verified using Baldwin County Revenue Commissioner website to ensure the property is located within Baldwin County.

Fraud detection analytics comprise elements of all the above, as well as use of duplication of benefit comparison for properties associated with the Alabama Housing Finance Authority (AHFA) Rental Assistance Program and with Baldwin Together agencies which also provide various rental/utility assistance. Every effort will be made to ensure that personally identifiable information (PII) is protected to the extent feasible, given that certain additional steps are needed to incorporate fraud detection and minimize potential duplication of benefits.

Suspicion of fraud is not sufficient for denial of assistance; however, it will serve as a basis for further inquiry and possible request for additional/substantiating documentation. Balancing the need for program flexibility with the need for fraud prevention (so as to not unduly impact access to rental assistance) is challenging due to the fact that these needs are inversely proportional to one another. Program policies require documentation for all eligibility criteria; however, where self-attestations are allowed (to decrease barriers to participation) there is greater potential for fraud to occur. It is inevitable

that some cases may receive assistance due to willful action to defraud; however, when these are discovered, the County will take action to either deny approval and/or to recoup funds that may have been paid (i.e., written notice will be sent to the tenant and/or landlord requiring repayment of funds). Those cases that have been paid but are later found to be fraudulent or reported to be fraudulent will be tracked and information made available to the U.S. Treasury OIG and/or law enforcement, as appropriate.

XII. Grievances and Appeals Policy

The Program utilizes a two-tier review system to resolve applicant disputes and consider appeals. Applicants must first request a Review Determination to resolve any issue before requesting to escalate the issue to a formal appeal. All formal appeals will be reviewed by Baldwin County ERAP Appeal Review Committee[4]; the Committee's determination is considered final.

Should applicants, recipients of assistance, or landlords have a grievance or receive notice of ineligibility, they should submit it in writing to Baldwin County via the applicant portal. Baldwin County will respond to grievances within 15 working days upon receipt, after conducting a Review Determination. This submission should include their Application ID, and a detailed explanation of their request. The Review Determination will be done by a different Compliance Technician that conducted the initial review. If the issue cannot be resolved during the Review Determination, the applicant can then request a formal appeal. Form appeals will be reviewed by Baldwin County ERAP Appeal Review Committee, which will make a determination and final decision in the matter. Appeal requests can take up to 30 days for a determination; however, all review will be expedited to the extent feasible.

XIII. Anti-Discrimination

The program will maintain compliance with the following regulations, laws and acts, as well as related County law and all statues/regulations as provided in the Treasury ERA Terms for ERA1 and ERA2 (see Attachment A).

A. Title VI (Civil Rights Act of 1964)

Title VI of the Civil Rights Act of 1964 (42 U.S.C. §§ 2000d et seq.) and Treasury's implementing regulations at 31 C.F.R. Part 22, prohibit discrimination on the grounds of race, color, or national origin under programs or activities receiving federal financial assistance, including Program.

B. Fair Housing Act

The Fair Housing Act, Title VIII-IX of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), prohibits discrimination in housing on the basis of race, color, national origin, sex, familial status, or disability, and

[4] The Baldwin County ERAP Appeal Review Committee will include the Baldwin County Administrator, Finance/Accounting Department Head and the Grants Administrator.

applies to all grantees, subrecipients, and/or developers funded in whole or in part with HUD financial assistance. Baldwin County and program participants will certify that no person was excluded from participation in, denied the benefit of, or subjected to discrimination in any housing program or activity because of their age, race, color, creed, religion, familial status, national origin, sexual orientation, military status, sex, disability or marital status.

Among other included actions, it is illegal discrimination to refuse to rent to an individual based on any of these criteria. It is also illegal discrimination to impose different rental charges or limit privileges, services, or facilities of a dwelling. More information on the Fair Housing Act is provided at https://www.hud.gov/program_offices/fair_housing_equal_opp/fair_housing_act_overview.

C. Section 504 of the Rehabilitation Act and Americans with Disabilities Act

Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act prohibit discrimination on the basis of handicap in housing and community development programs and activities, particularly those that are assisted with HUD funding. Section 504 imposes requirements to ensure that "qualified individuals with handicaps" have access to programs and activities that receive federal funds. Program implementation, including any prioritization policies, must be consistent with the nondiscrimination provisions of the Federal civil rights laws, including, but not limited to the Fair Housing Act, Section 504 of the Rehabilitation Act, Title VI of the Civil Rights Act, and Title II or III of the Americans with Disabilities Act, as applicable.

D. Age Discrimination

The Age Discrimination Act of 1975, as amended (42 U.S.C. §§ 6101 et seq.) and Treasury's implementing regulations at 31 C.F.R. Part 23, which prohibit discrimination on the basis of age in programs or activities receiving federal financial assistance.

E. Religious Participation

Applicants are not required to participate in religious services or activities as a term of receiving services, regardless of the religious affiliation of an organization.

XIV. Affirmative Outreach and Marketing

Baldwin County must make reasonable and documented efforts market and outreach hard to reach populations and groups that would benefit from program services. Such efforts include:

- Using plain language materials.
- Posting materials on social media and organizational websites.
- Offering materials and information in accessible formats and multiple languages.

- Targeting distribution of information and materials to locations where hard-to-reach audiences may best be contacted.

XV. Privacy and Confidentiality

Every effort will be made to ensure that personally identifiable information (PII) is protected to the extent feasible given that certain additional steps are needed to incorporate fraud detection and minimize potential duplication of benefits.

In accordance with 2 CFR 200.79, PII means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. Some information that is considered to be PII is available in public sources such as telephone books, public websites, and other listings. This type of information is considered to be Public PII and includes, for example, first and last name, address, work telephone number, email address, home telephone number, and general educational credentials. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. Non-PII can become PII whenever additional information is made publicly available, in any medium and from any source, that, when combined with other available information, could be used to identify an individual.

The following measures will be taken:

- **Limit Collection of PII**

  Do not collect or maintain protected PII unless necessary and/or required by regulation(s) or law. Collect only the PII that is needed for the purposes for which it is collected.

- **Manage Access to Sensitive PII**

  Only share or discuss protected PII with those personnel who have a need to know for purposes of their work.

- **Protect Hard Copy and Electronic Files Containing Protected PII**

  1) Lock up all hard copy files containing protected PII in secured file cabinets and do not leave unattended.

  2) Protect all media (e.g., thumb drives, CDs, etc.,) that contain protected PII and do not leave unattended. This information should be maintained either in secured file cabinets or in computers that have been secured.

  3) Secure digital copies of files containing protected PII by using the Baldwin County server as the primary electronic storage. This server is protected via a state-of-the-art firewall and access to Baldwin County staff with appropriate logins and passwords.

  4) Access to protected PII via approved workstations is further protected by locating such workstations in secured private offices which have lockable doors and have restricted physical access via use of key cards.

- **Protecting Hard Copy Transmissions of Files Containing Protected PII**

1) Do not remove records about individuals with protected PII from facilities where information is authorized to be stored and used unless approval is first obtained from a supervisor. Sufficient justification, as well as evidence of information security, must been presented.

2) Do not use interoffice or translucent envelopes to mail protected PII. Use sealable opaque solid envelopes. Mark the envelope to the person's attention.

- **Records Management, Retention, and Disposition**

1) Follow applicable records management laws, regulations, and policies.

2) Work with subrecipients / non-federal entities to ensure these are managing records in accordance with applicable laws, regulations, and policies.

3) Include records management practices as part of any scheduled oversight protocols.

4) Do not maintain records longer than required.

5) Destroy records after retention requirements are met.

6) Dispose of protected PII appropriately – use cross-cut shredders and coordinate with Baldwin County CIS Department to permanently erase electronic records when no longer needed.

- **Incident Response**

1) Supervisors should ensure that all personnel are familiar with reporting procedures.

2) Promptly report all suspected compromises of protected PII related to immediate supervisor.

Tenant Direct Payment for Non-participating or Non-responsive Landlords

STANDARD OPERATING PROCEDURE

BALDWIN COUNTY, ALABAMA
EST. 1809

Record of Changes

The Tenant Direct Payment for Non-participating or Non-responsive Landlords Standard Operating Procedure was approved by the Baldwin County Commission on June 1, 2021. This SOP was incorporated as Exhibit A of the Baldwin County Emergency Rental Assistance Program Guide with the revision of the Program Guide as of April 5, 2022.

Introduction

The purpose of this standard operating procedure (SOP) is to describe the process for managing landlords who are unwilling to support a tenant's application to the U.S. Treasury Emergency Rental Assistance Program ("the Program") for Baldwin County. A landlord is a property owner(s), management company(ies) of a residential dwelling (or multiple dwellings) or mobile home park(s) that leases the use of that dwelling or space to a tenant in return for the regular payment of rent.

This SOP describes:

- the type of documentation that is requested from landlords;
- the Request for Information (RFI) process that Case Managers use to elicit participation;
- when the Program will choose to process direct payment to the tenant;
- how the Program will process and monitor direct payments to tenants; and
- circumstances where the Program will support evicted tenants.

These procedures will be administered under the supervision of the Baldwin County Commission. They are intended to support efficient application processing so that Baldwin County's U.S. Treasury Emergency Rental Assistance Program can keep people housed during the COVID-19 pandemic by preventing evictions for failure to pay rent.

Policy Overview

The Program is able to most effectively distribute rental assistance when the landlord participates in the application process by:

1. Signing the Landlord Certifications and Acknowledgements, which describe the Program's requirements for landlords (e.g., not evicting tenants within 60 days of receiving payment, etc.); and
2. Providing a photo ID; and
3. Providing a complete Internal Revenue Service (IRS) Form W-9; and
4. Providing proof of ownership of the property in the form of a tax record or deed, or
5. Management Agreement between Ownership and the Property Management company

By providing this information, the Program is able to provide direct payments to landlords in order to cover past due and forward rent for applicants to the program. Case Managers must make reasonable efforts to elicit cooperation from landlords so that they can receive direct payments and provide stable housing to their tenants.

- The Program acknowledges that some landlords may be unresponsive and/or unwilling to participate in the Program. In these circumstances, the Program does not want to dissuade tenants from applying for assistance. If an eligible application is unable to proceed due to the landlord being unresponsive or noncompliant with a RFI, the Program will process assistance in

the form of a direct payment to the tenant, as allowed under the guidance[5] from the U.S. Treasury for the ERA funds. The maximum the Program will directly pay to tenants, for both arrears and forward rent combined, may not exceed 15 months for ERA1 and no more than 18 months for ERA2 (combined number of months for ERA1 and ERA2 combined).

Required Documentation from Landlords

Landlords are required to provide the following information:

- **Photo ID**: Landlords must submit a photo ID to validate the ownership of the property. If the property is under a property management agreement, the agreement will suffice for proper documentation.
- **IRS W-9 Form**: Landlords are required to provide a completed IRS Form W-9 so that the Program can process direct payments once the application is approved.
- **Proof of Ownership**: Landlords must submit proof of ownership of the property to receive rental assistance. This can be provided in the form of a tax record or deed.
- **Landlord Certifications and Acknowledgements**: Landlords must sign a Rental Assistance Contract ("RAC") indicating their acceptance of the Certifications and Acknowledgements, which legally obliges the landlord to comply with the Program's requirements. This includes that they may not evict for non-payment of rent while receiving rental assistance under the Program, and for 60 days after assistance ends; as well as that they will not require, pressure, or coerce the tenant to provide payments for months for which they receive rental assistance.

If landlords are non-responsive or decline to provide the above documentation, the Case Manager will complete the due diligence and determination process described below.

Landlord Non-Participation

If the landlord fails to provide required documentation, the Program will conduct the RFI process to elicit participation. During the RFI process, at least three attempts will be made to contact the landlord for missing documents over a period of 5 days and at different times of day. This outreach should be conducted in the following sequence: In all cases of direct payment to tenants, the ownership of rental property by the entity named as the landlord will be verified by Baldwin County's property appraisal database, as maintained by the Baldwin County Revenue Commissioner.

1. The Program will make reasonable efforts to obtain cooperation of landlords to accept payments from the Program. The preferred method of outreach will be at least three attempts by e-mail or phone over a five calendar-day period. The Case Manager will document each attempt in the application management system.

   In some cases, it may be determined that outreach will be made in writing, by mail. In these cases, if the landlord does not respond within seven calendar-days after mailing, the outreach will be considered complete.

[5] This approach is consistent with FAQ's # 12 and # 30, as issued by the U.S. Department of Treasury (revised August 25, 2021).

2. The application may proceed for direct payment processing without the waiting period if the landlord confirms in writing that they do not wish to participate in the Program.

If the landlord fails to respond to a missing document request within five calendar days of email or phone outreach or seven calendar days from the mailing of the letter, both the tenant and landlord will be sent an email informing them that the application will proceed as a direct payment to the tenant.

After the landlord has been determined nonresponsive or not willing to participate, the Case Manager will complete their review of the tenant's application and recommend quality control review.

The ERAP Liaison conducting the initial quality control review will make an administrative note as ***"Non-responsive or Non-participating Landlord"*** in the applicant management system, and will recommend a specific payment option. From that stage forward, all future review processes will evaluate the application as being considered for direct payment to the tenant. If the tenant is determined to be eligible for assistance and is approved, payment will proceed as a direct payment to the tenant.

The non-responsive or non-participating landlord designation should not be automatically applied to all tenants residing in units managed by that landlord, unless the landlord communicates in writing that they do not want to participate for any tenants.

Direct Payments to Tenants

The Program will utilize appropriate due diligence efforts (as outlined herein) to minimize the potential for fraud, waste, and abuse. If there are multiple tenants included on an application, direct payment will be made to the 'Applicant' in the household.

Applicants that are approved for direct payment will be paid via check. The check will be made out directly to the tenant to use for rental payments. Tenants who are provided direct payments will be provided the Direct Payment Form (see Appendix B.) As indicated in the form, by accepting the check, the tenant certifies that they will only use funds for past due rent payments, late fees and/or other expenses as may be allowed pursuant to section V(B) of the Program Guide.

Tenants must provide documentation that substantiates the amount of past due rent. Documentation may be a ledger/statement, letter, invoice, or email indicating past due amount or notice of eviction. Self-attestation will not be sufficient for payment of arrears rent.

The direct payment can be used to secure new rental housing if the tenant can provide proof of rent obligation, ideally in the form of a new lease.

Any tenant that receives direct payment is responsible for maintaining records and proof of the payment being used to cover rent. If the tenant applies for recertification, they will be required to provide proof of rent payment in order to be eligible for further assistance. Tenants that are identified as having used funds for expenses other than rent payments are not eligible for recertification to receive further assistance and may be subject to repayment of funds to Baldwin County.

Assistance to Evicted Tenants

In some cases, landlords who are unwilling to participate in the Program may evict the tenants instead of receiving assistance from the State to pay for past due and forward rent. Tenants that are subject to eviction may still be eligible to receive assistance after a copy of the new lease is provided.

Direct Payment Process

The following steps describe how the case management review, quality control, and payment processes align or divert from the normal Program process if direct payment to the tenant is required.

1. Case Manager reviews the application, working with the tenant to confirm eligibility criteria are met.
2. Case Manager attempts to reach the Landlord using multiple communication methods (RFI, phone call, email, etc.) in order to submit the required documents.
3. Landlord does not respond to multiple, documented outreach attempts OR landlord is reached, but communicates that they do not wish to participate in the program.
4. Case Manager completes review of application and recommends for QC review for direct tenant payment.
    a. Compliance Technician does approve arrears and forward months of rent as appropriate on the expenditure table.
    b. Compliance Technician sends the tenant a Direct Payment Form, to sign and date.
5. All applications marked for Direct Payment must be escalated to the ERAP Liaison for approval.
6. The final compliance audit is then conducted by the Compliance Technician and sent to the Baldwin County Grants Coordinator for final approval.
7. Lastly, the Finance Department processes payment and issues a check to the tenant directly.

Appendix A. Communication Etiquette and Scripts

When interacting with applicants, the Case Managers are expected to remain professional at all times in both their verbal and written language. Respect for the applicants should remain at the forefront of all communication. Remember, many of these applicants are under immense stress and as such, should be approached with empathy and understanding.

Communication should remain prompt without losing accuracy of messaging. In an attempt to reduce a duplication of efforts for both applicants and Case Managers, initial reviews and completeness checks should be as thorough as possible, while keeping in mind the goal is to get money out the door to applicants who qualify.

Note: If an applicant, either a tenant or a landlord, is rude, hostile, or extremely resistant to working with the program, the ERAP Liaison should be notified immediately to address and resolve the issue.

ITEM TITLE
Implementation of 2020 Salary Survey Increases

STAFF RECOMMENDATION
Take the following actions:

1) Approve the 2020 "Move to Market" salary survey recommendation for employees, as an annual increase due to their tenure in their respective positions and years of service with the County, to be effective June 20, 2022; and

2) Adopt Budget Amendment Resolution #2022-104 to fund this increase.

BACKGROUND INFORMATION

Previous Commission action/date: July 21, 2020 - Salary survey approved by the Commission.

Background: On July 21, 2020, the Commission approved the Evergreen Solutions salary survey option of "Bring to Minimum," which placed all employees within a new pay scale. Many employees received increases to only bring them to the minimum of the new pay scale instead of being based on their tenure in their position and within the County. Implementation of the "Move to Market" option will place employees closer to the correct salary based on these reasons. These increases are only for employees that were part of the salary survey in 2020, as those hired in after October 1, 2020, were hired in the new pay scale.

Evergreen Solutions began reviewing the salaries of Baldwin County Commission and Baldwin County Sheriff's Office in January 2019. Additionally, a committee of senior staff was formed to discuss the results and determine alternate or additional solutions to aid in the recruitment and retention of employees.

The Personnel Director respectfully requests that the "Move to Market" salary increases are approved.

STAFF RECOMMENDATION
Take the following actions:

1) Adopt Resolution #2022-100 of the Baldwin County Commission which elects to come under provisions of Act No. 2022-229 of the Regular Session of the Alabama Legislatures and, furthermore, agrees to provide all funds necessary to the Employees' Retirement Systems of Alabama to cover the cost of the one-time lump sum payment as provided for by said Act No. 2022-229 for those eligible retired members and beneficiaries of deceased retirees who retired from the Baldwin County Commission prior to March 1, 2022, with the aforementioned to be paid in October 2022; and

2) Authorize payment to the Retirement Systems of Alabama in the amount of $149,552.00 for the one-time lump sum payout to eligible retired members, and beneficiaries of deceased retirees, retired from the Baldwin County Commission, to be submitted in October 2022.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: Act No. 2022-229, adopted by the Alabama Legislature during their recent session, allows for a one-time lump sum payment to the retirement benefits of certain retirees and beneficiaries of the Employees' Retirement System of Alabama if approved by the applicable local governing body, in this case the Baldwin County Commission. The Act provides for the retiree, or beneficiary of deceased retiree, to receive a one-time lump sum payment of $2.00 per month of each year of service credited to the retiree's account.

The above staff recommendation allows the Baldwin County Commission to choose either to elect or decline coming under the provisions of Act No. 2022-229.

If the Baldwin County Commission elects to approve the one-time lump sum payment, the estimated cost is $149,552.00 which will require 0.53% to be added to the Baldwin County's employer contribution rate effective for the one-year period from October 1, 2023 - September 30, 2024, or the Commission could pay a lump sum total of $149,552.00, which will be submitted in October 2022, separate from the monthly retirement direct deposit.

FINANCIAL IMPACT

Total cost of recommendation: $149,552.00 - for FY2022 / 2023

Budget line item(s) to be used: various this will be comprehended in the FY 23 budget either as cash payout or included in the actuarial computation determined in budget deliberations

ITEM TITLE
Planning District 35 Advisory Committee Appointments

STAFF RECOMMENDATION
Discussion needed - Commission to appoint five (5) members from recommended list.

Related to the Planning District 35 Advisory Committee (approved to be created by the Baldwin County Commission as a result of the Planning District 35 Zoning Referendum held on April 26, 2022), appoint five Committee members with each member's term commencing June 8, 2022, and to expire upon the adoption of zoning ordinances and regulations for the district by the Baldwin County Commission.

The following qualified individuals are interested in being appointed to the Committee:

- Mr. Eldred "Mackie" M. Ray*
- Mr. Bill Jenkins*
- Mr. Craig Childre*
- Ms. Regina Worth*
- Mr. Michael Fletcher*
- Mr. Joseph Drake IV

This list may be supplemented with additional names prior to the meeting.

BACKGROUND INFORMATION
Item has been updated to place an asterisk (*) next to the individuals tentatively recommended by staff. A map has also been added with residences of recommended individuals shown in blue.

Previous Commission action/date:
February 1, 2022 - Pursuant to Alabama Code §45-2-261.07, took the following actions: 1) Adopted Resolution #2022-045 which certifies the accuracy of the petition for the Proposed Planning (Zoning) District 35; and 2) Instructed the Judge of Probate to provide a Zoning Election for Proposed

Planning (Zoning) District 35, to be held no later than May 1, 2022.

September 1, 2021 - Pursuant to Alabama Code §45-2-261.07, took the following actions: 1) Accepted the notice of intent to form a Planning (Zoning) District and request a referendum for Planning and Zoning purposes for the proposed Planning District to be known as Planning (Zoning) District 35; and 2) Made a determination that it is not feasible to utilize the Voting Precinct boundaries of precincts 37 or 47 as the proposed Planning (Zoning) District 35 boundary; and 3) Accepted the proposed Planning District 35 boundaries subject to a subsequent affirmative referendum vote pursuant Alabama Code §45-2-261.07.

Background:

An election was held on April 26, 2022, to determine whether or not Planning and Zoning District 35 should come under the Planning and Zoning jurisdiction of the Baldwin County Commission. In the election, 227 “yes” votes were cast and 44 “no” votes were cast. On May 3, 2022, the Honorable Harry D’Olive, Jr., Judge of Probate, certified the results of the election.

Pursuant to Section 45-2-261.08 of the Code of Alabama, the Baldwin County Commission must now appoint an advisory committee from the new district to work with and assist the Baldwin County Planning Commission in formulating and developing regulations, ordinances, and zoning measures for the district. The advisory committee must consist of five members who are qualified electors of the district and who reflect, as nearly as practical, the diversity of land use in the district.

Planning and Zoning staff sought out possible committee members from the community. Interested individuals were asked to complete a form and return it to Planning and Zoning staff.

Planning and Zoning Staff confirmed the voter registration status of interested individuals.

After the committee members have been appointed, Planning and Zoning staff will schedule committee meetings beginning in late June 2022. Early plans are to hold meetings on Thursday mornings from 9 AM to 11 AM at the Planning and Zoning Office in Foley until a zoning map and ordinance is ready for presentation to the Commission. Staff will coordinate with the appointed committee members to see if a more convenient day or time exists for the committee members who are ultimately appointed.
