REQUEST FOR APPOINTMENT OF DEPUTY CORONER / CHAPLAIN

Commissioners,

I respectfully request the appointment of Mr. Sam Curry to serve as a Deputy Coroner and Chaplain for the Baldwin County Coroner's Office.

Mr. Curry brings a unique combination of experience, professionalism, and compassion that would greatly benefit both our office and the families we serve. As a retired law enforcement officer, he possesses extensive knowledge of public service, crisis response, and community relations. Additionally, his service as a pastor has provided him with the ability to offer spiritual guidance, emotional support, and compassionate care during times of grief, loss, and tragedy.

The role of Chaplain within the Baldwin County Coroner's Office is intended to provide support to office personnel, first responders, and bereaved families during difficult circumstances. Mr. Curry's background, character, and commitment to serving others make him exceptionally qualified to fulfill these responsibilities.

For your review, I have included Mr. Curry's curriculum vitae, along with the proposed Chaplain workflow and expectations. By appointing Mr. Curry as a Deputy Coroner, the office would be able to provide appropriate uniforms and authorize reimbursement for mileage and training expenses associated with his duties.

It is my belief that Mr. Curry's appointment would further strengthen the mission of the Baldwin County Coroner's Office and enhance our ability to serve the citizens and visitors of Baldwin County with professionalism, dignity, compassion, and care.

Thank you for your consideration of this request.

Respectfully,

Dr. Brian Pierce
Coroner
Baldwin County Coroner's Office
