

Where Innovation Meets Opportunity

I-10 and HWY 59, Loxley, AL | +/- 12M SF on +/-904 Acres

10.28.25

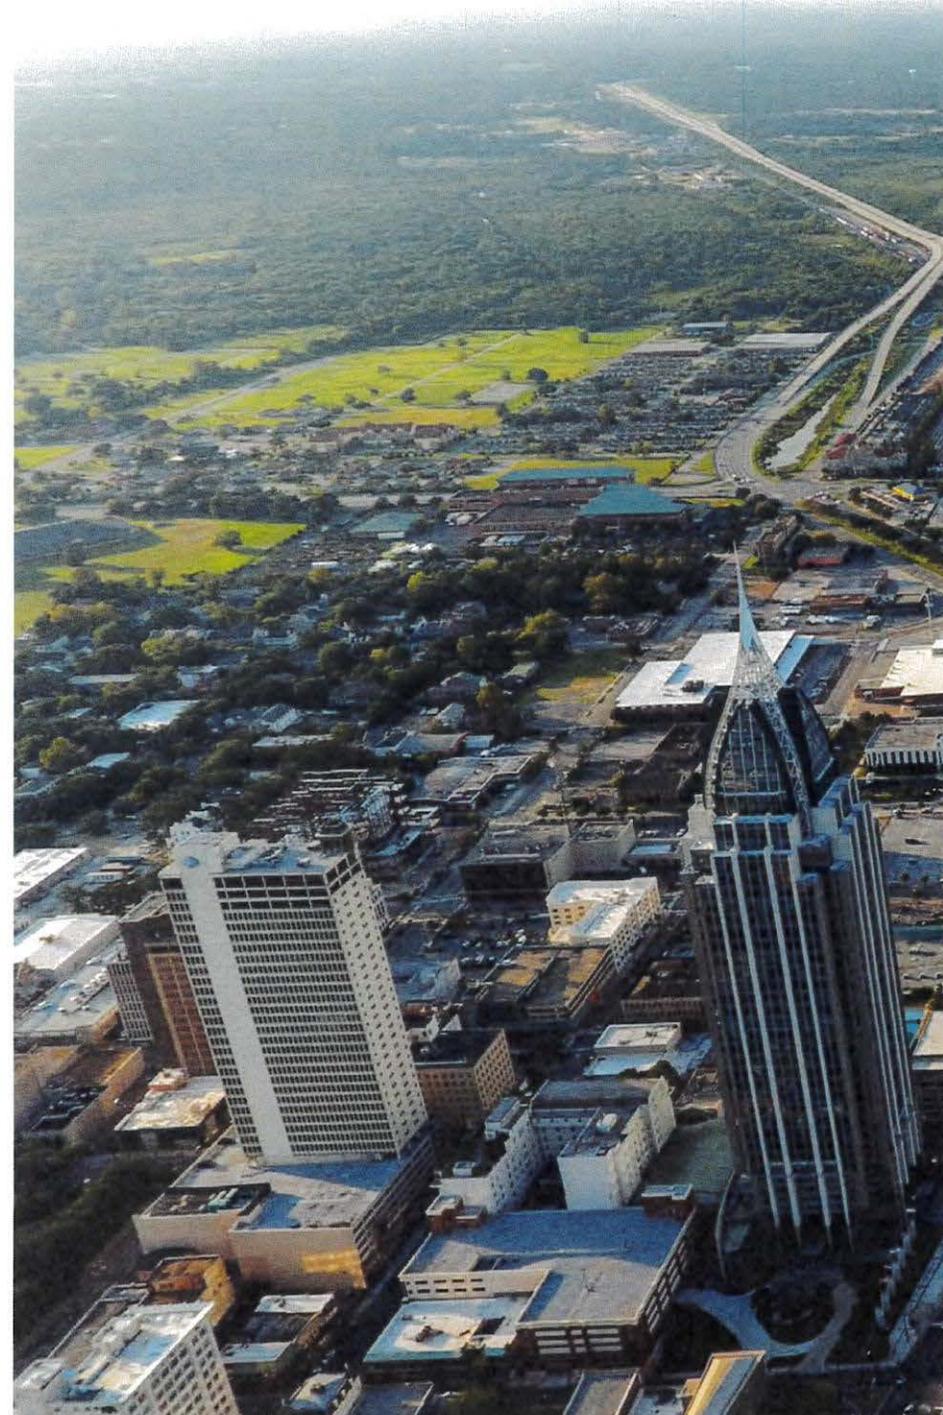

Pioneering Development in the heart of The Gulf Coast

State-of-the-art industrial spaces designed for modern businesses in Loxley, Alabama.

Strategically located at I-10 and Highway 59, Gulf Alabama Industrial Center offers ±12 million square feet of Class A industrial space across ±904 acres. With direct frontage on I-10, the project provides coast-to-coast connectivity from Jacksonville, FL to Santa Monica, CA. Tenants benefit from immediate access to four-lane Highways 59 and 90, and are just 25 minutes from I-65—Alabama’s primary link to Midwest distribution hubs.

PARK DETAILS

Name	Gulf Alabama Industrial Center
Address	I-10 & Highway 59, Loxley, AL
Total Site Size	±904 Acres
Total Planned GFA	Up to ±12,000,000 SF
Zoning	M-2 General Industrial (Entitled)
Use	Industrial, Manufacturing, Distribution, Data Center
Specialized Use	Cold Storage & Hazmat capabilities
Development Type	Spec Development BTS for Lease, BTS for Sale, Land Sale
Current Status	Phase 1: Horizontal Construction Complete Building 1 (301K SF): Vertical Construction Underway Delivering Q1 2026

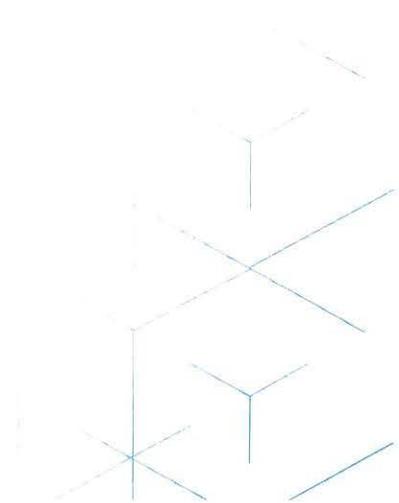

Project Highlights

Gulf Alabama's brand-new, ideally-situated development offers direct access to the Port of Mobile – the 2nd fastest-growing container terminal in the U.S. – with the Mobile International Airport and Airbus headquarters within a 25 minute drive.

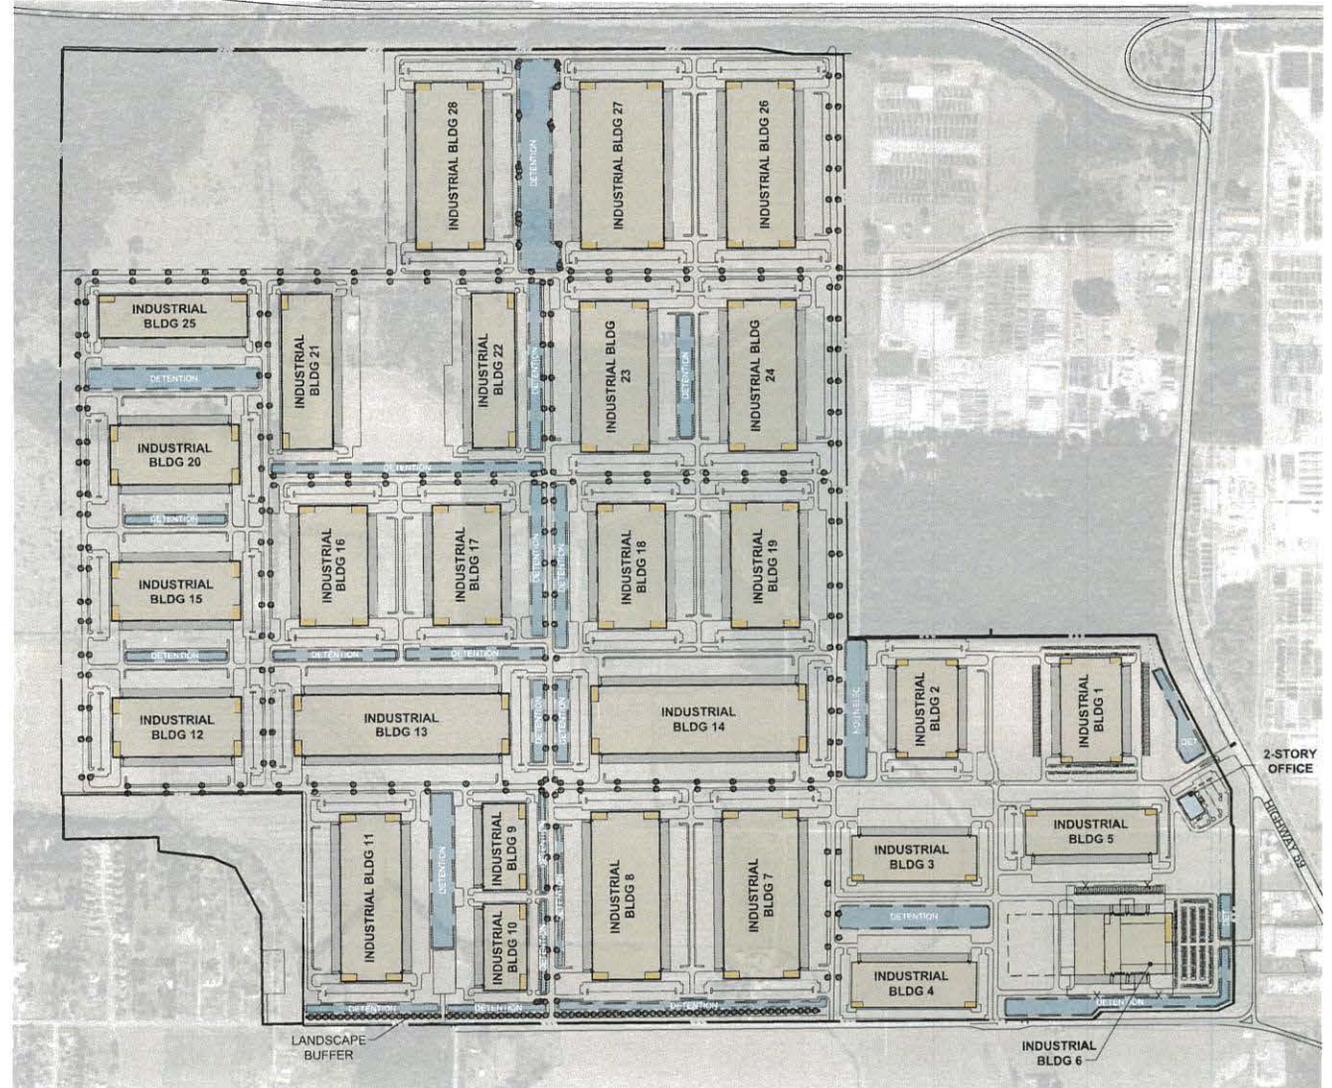

With subdivision capabilities and highly versatile, pad-ready sites, Gulf Alabama delivers unmatched operational flexibility for users of all scale. Located in a high-demand region with near-zero Class A vacancy, Gulf Alabama brings highly sought-after Class A space to the dynamic Gulf Coast corridor.

Infrastructure Overview

Gulf Alabama Industrial Center is supported by a robust utility framework with significant excess capacity already in place. This shovel-ready infrastructure, including power, water, natural gas, and fiber, is thoughtfully designed to support high-demand industrial users.

ELECTRIC

- Provider: Baldwin EMC, Alabama Power
- Existing infrastructure adjacent to site
- 115 kV transmission line and 12.47 kV/7.2 kV distribution line located at the site
- Redundant feed available

NATURAL GAS

- Provider: Riviera Utilities
- 2" lines with 90 psi adjacent to site
- Excess capacity available to site

FIBER

- Provider: Multiple Providers
- Fiber infrastructure available on-site

WATER

- Provider: City of Loxley
- 8" and 6" lines adjacent to site
- Existing water tower on eastern border of site
- Over 4 MGD in excess capacity available to the site

WASTEWATER

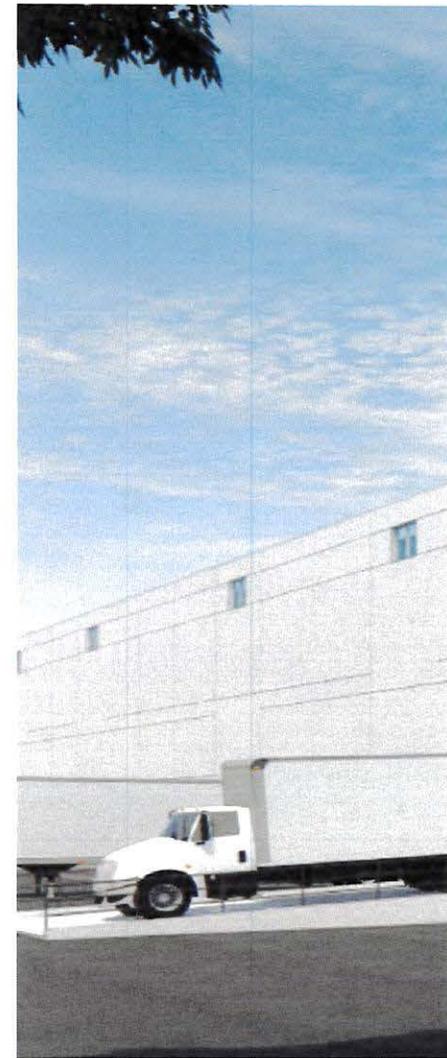

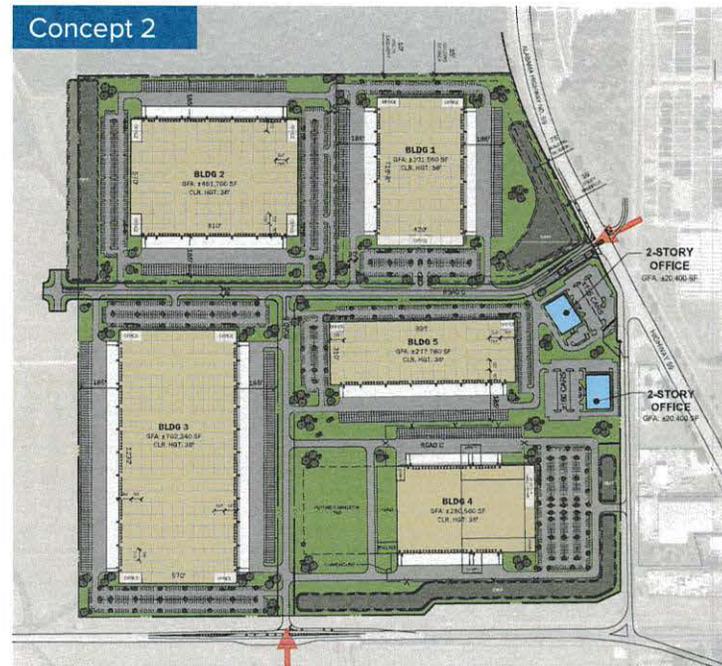

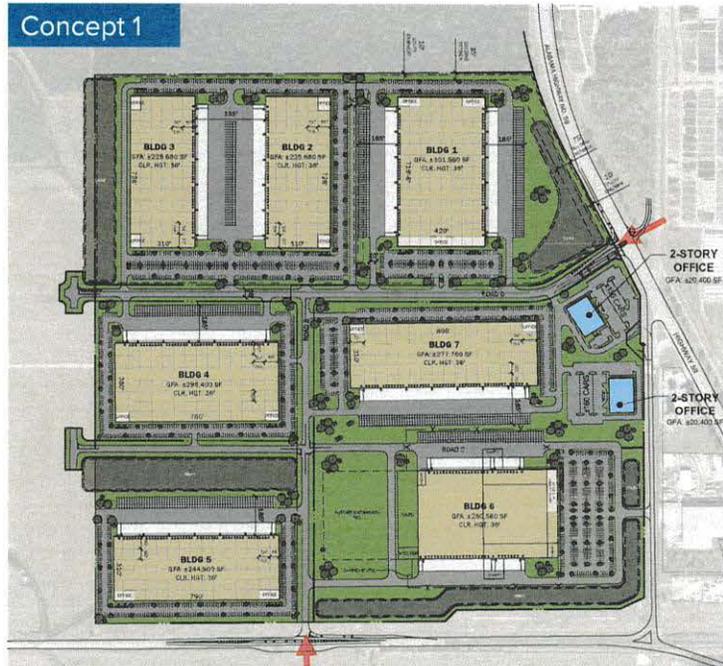

- Provider: City of Loxley
- 8" force main and 3" low pressure main adjacent to site
- Existing lift station at southwest corner of site
- Over 1 MGD in excess capacity available to site

Phase 1 Overview

Your Immediate Speed-to-Market Solution

Phase 1 provides immediately available, shovel-ready sites with all utilities in place. Featuring Building 1 – a ±301,560 SF Class A building delivering in Q1 2026 – this phase allows for customizable build-to-suit opportunities and a streamlined path from design to operations.

Speed-to-Market:
Shovel-ready sites are available for immediate development.

Fully Prepared:
Entitled sites with all utilities in place, eliminating pre-construction delays.

Efficient Process:

Move quickly from design to operations with existing conceptual plans.

Flexible Solutions:

Choose from state-of-the-art cross-dock buildings to build-to-suit cold storage facilities.

Strategic Opportunity:

Secure your place in a premier logistics park without the typical timeline

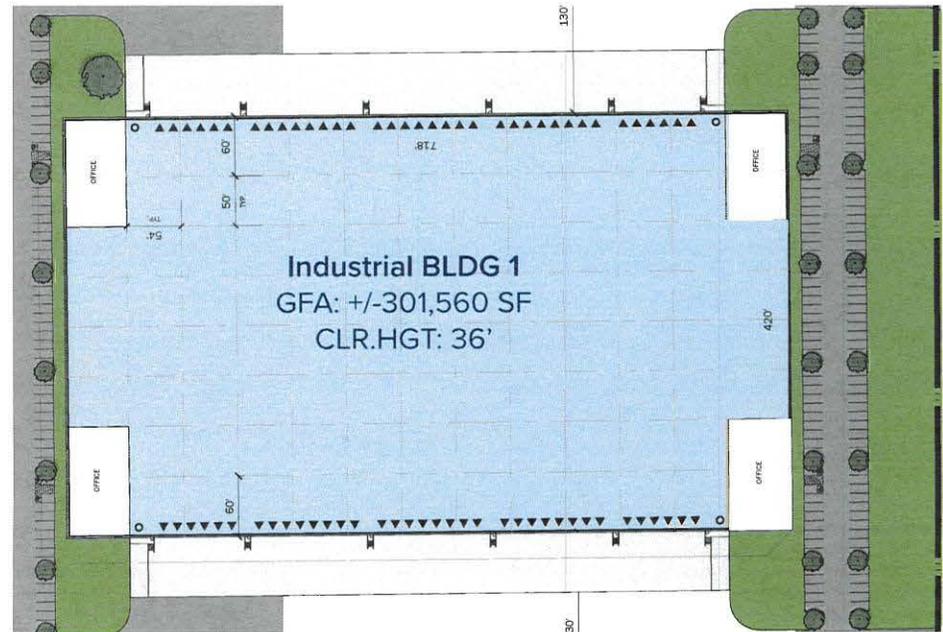

UNDER CONSTRUCTION

Phase 1 - Building 1
