Subject: Construct Pole Barn at Bicentennial Park, Rev 1

Baldwin County Commission is seeking quotes for the subject construction work within the Bicentennial Park, located at 51233 Highway 225, Stockton, Alabama 36579.

Scope includes construction of a sawmill shelter at Bicentennial Park. The South Alabama Antique Tractor and Engine Club has generously donated a working sawmill to the Commission, and the shelter will serve as a permanent structure to properly house and protect this piece of equipment as part of our historical village and educational programming at the park.

The Commission has a partnership agreement with the Tractor Club, and Mr. Darrell Sudduth, President of the South Alabama Antique Tractor and Engine Club, has provided the initial measurements for the structure. Mr. Sudduth will also need to be involved in the quote process to ensure the shelter is constructed appropriately to properly accommodate and store the sawmill.

Scope Includes:

- Grade site, bring in structural fill and compact
- Slope down to existing surrounding area as needed for smooth transition
- When shelter is finished, add 3" to 4" of crushed stone underneath, approx. 24' x 60' area.
- Supply pole barn per sketch using 8" x 8" posts rough cut on 10' centers with one 20' bay on northwest end
- Roof material will be 26 ga. metal (customer choice of color)
- Gable ends to be rough cut treated wood to match adjacent black smith shop.

See attached drawing for more details. The roof color should match the other structures at Bicentennial Park, such as the Welcome Center & Pavilion.
