This message has originated from an **External Source**. Please use proper judgment and caution when opening attachments, clicking links, or responding to this email.

Please find attached the proposed wording with our logos and emblem for the marker. It will be like the others in the material used and design.

We will need a letter giving us permission to place the marker from the Baldwin County Commission. We also need a map or plot location marked where they want the marker to be placed. (Maybe pictures of the location in relation to the other markers already there.)

If I need to come present this, I can. Just let me know when and where.

Best Regards,
