Baldwin County Purchasing Department
257 Hand Ave
Bay Minette, Alabama 36507

Ms. Wanda,

Due to this being a maintenance contract where we are repairing existing signals, related equipment, and materials, there will not be a warranty. If in the course of the contract, we are requested by Baldwin County to install a new intersection, then I would price the work from the contract. If the price is approved and we install a completely new intersection, we will cover our work & furnished equipment with a standard one-year warranty.

Regarding the indemnification clause in the contract, we agree to the clause with the addition of an ending time for our liability. We will be agreeable to a one (1) year after the end of our contract as an end time for the indemnification.

If I can be of further assistance please call

Sincerely,

Mat Mathews
