

Full Name	Home Address	Are you a registered voter in the new District 14?	How do you represent the diversity of land use in the new district?	Anything else you would like to tell us about yourself and why you are interested in serving on this committee?
Marla Kay Barnes	14740 Ridge Road, Summerdale, AL 36580	Yes	Estate-size lot subdivision and water access.	I was an organizer for District 14 zoning and have spoken with many district citizens about their concerns. I have a good basis of understanding of the zoning process. Additionally, I am a previous owner of a home business, and my work experience includes handling every aspect of a large physician group practice. I believe my business mindset would be an asset. I am semi-retired.
Connie Fidler Glassford	13690 Whatley Road, Silverhill, AL 36576	Yes	I am owner of 40 acre parcel of land and daughter to a farmer with multiple parcels of land in the district.	Im a land owner, a real estate broker and a farmers daughter. I've struggled with the decision to give up the property rights to our government. Yet I see the need for controlled growth. There's a delicate balance in our special area with generational family land met with needed affordable housing. I see both sides of this fence. While I hate to lose our land to Development I realize that it's necessary. We just have to do it the right way so we leave behind functional and sustainable property to serve generations to come.
Thomas Dwight Kiel	16201 Long Road, Summerdale, AL, 36580	Yes	I live in the rural agricultural portion of the district	I am a public servant of Baldwin County, with 25 years of service and commitment to the citizens of the county. I am able to be fair and open minded.
Jeffery Wayne Underwood	14329 Underwood Rd, Summerdale, AL 36580	Yes	I am a farmer and a lifetime resident.	I believe farmers should be represented.
George E. Watters	15601 North Boulevard, Silverhill, AL 36576	Yes	I believe that that all residents of District 14 should have a voice in the development of their District. One side is not always right and the other is not always wrong.	I've been a resident of Baldwin County for 40 years. I'm a Volunteer Firefighter serving my community for over 18 years, and I recently retired from Baldwin EMC. I have the time and availability to serve on this committee. I have witnessed our growth first hand and realize that our infrastructure needs to keep up with our growth. I'm open minded and believe that I would be an asset to this committee.
Benjamin Michael Harrison Jr	21499 Sanca Lane, Silverhill, AL 36576	Yes	I own 100 acres in Silverhill and have raised 3 children in this beautiful rural area. My children have their own children now and are more than happy to be raising them in the same rural area. I also own commercial land in Summerdale so I have an understanding of both ends of the spectrum	I am proud to call myself a resident of Baldwin County, specifically District 14 and I would like to preserve the uniqueness of the area as we prosper and grow
Carol M. Clyde	14309 Indigo Loop, Summedale, AL 36580	yes	I own 1/2 acre home/lot at Rainbow Plantation. As a retired full-time RVer, I understand the needs of the RVing community.	I grew up in Los Angeles County and lived in San Francisco, San Jose, and Monterey and Santa Cruz Counties (also Phoenix, AZ). I know and lived housing and traffic congestion (ugh)! While serving on the planning commission in the town where I last lived in CA we began to experience rapid growth. At that time we were the fastest growing area in the state (much like Baldwin County). Growth cannot be stopped but it definitely can be guided and directed based on a long-term vision for that growth. We can create and maintain a good quality of living while at the same time honoring property rights. Now is the time to develop that long-term plan for our district and stop all this willy-nilly uncontrolled growth where the developers build a house and run with their \$\$ and without a glance back at the chaos they have left in their wake.

Jared (Rusty)Powell	18259 Polecat Creek Trail, Summerdale, AL 36580	Yes	I own 10 acres I a development of 10 and 20 acre parcels designed as small gentleman farms and residences. My home is next to a 180 acre farm, across from the Christmas Tree Farm and Sonora residential development. I have lived in Baldwin County for over 50 years. I started my business in Fairhope in 1978 which has since moved to Elberta employing between 75 and 125 people and become uniquely the leading company in the country manufacturing for the hospitality industry. I have watched all the small cities in this area grow, the economic and employment benefits as well as the infrastructural strains this is creating.	Starting a business from scratch with no financial advantages taught me how to be a good problem solver and the value of thoughtful planning. I feel like South Baldwin County is in an intensely dynamic state of growth opportunity tempered by the need to preserve a rich rural heritage. I would like to see these two forces mutually succeed.

Also my father-n-law is a farmer and I would represent the farmers interests as well while development occurs.	I have lived in this district for 28 years, I have been a teacher, coach & assistant principal, currently at RHS. I know the community and the people that live in it. I would represent their family interests and protect our way of life as development occurs.
Mary Wahl Burns	14287 County Road 48, Silverhill, AL, 36576	Yes	Residential. I own 2 acres of woodlands where I live and enjoy native plants and animals.	I understand that development will come, and I am not opposed to it. However, I hope that it can be done in a way that doesn't destroy the natural beauty that surrounds us. I would like to see enough planned open spaces where people and native plants and animals can thrive together.
Melissa Granger	18921 Heidelberg Road, Silverhill, AL 36576	yes	I own 5 acres. I have lived in Baldwin County 25+ years. My late husband and I have dealt with a wide diversity of land issues here (field run off, personal farming and animal husbandry, pond/river flow, flooding, etc.) which give me rich perspective into the variety of desires/issues people face.	As an empty nested widow, I have ample time to devote to helping coordinate a zoning plan for District 14. In my professional life, I have led many group meetings, training sessions, attained sharp listening skills, and am particularly adept at seeing commonalities between situations that, on the surface, appear opposed.

Our district needs to stay rural in my opinion due to the lack of significant infrastructure.	
Michael Manion	12855 Woodhaven Dairy Road West, Silverhill, AL 36576	Yes	Homeowner and small business owner	I have a vast knowledge of home owias I have lived in many areas and had experience with Zoning, hoas and unzoned living.

Randall David Svitak	15771 Underwood Road, Foley, AL 36535	Yes	We live on a property which has a 156 home subdivision directly across the road from us, and are surrounded by several hundred acres to the west, east and north. Directly next to the west farmland we have a approved 208 spot Rv park. Also there is light industrial 3/4 of a mile from us. We approximately 2 miles from the proposed teakwood subdivision.	In my past employment experience, I realize that there are two sides of differing opinions therefore I understand the need to work through the issues of both sides to a common ground and satisfactory result. I know that when dealing with a compromised situation that listening and understanding the issues is paramount. I believe that growth is needed and necessary, but with the proper application of what is good for the community. I believe that we need to have proper plans in place for the future generations to enjoy Baldwin County. While understanding that growth is important as well. We have made Baldwin County our home for over 10 years and we love living here and would consider it a true privilege to work on this committee
