Services for the County Rd 65
Corridor Extension Project be-
tween County Roads 36 and 48

Overview:

The Baldwin County Commission, acting by and through the Highway Department, seeks qualifications from qualified engineering consultant firms for the design of a new roadway and intersection improvements for the County Rd 65 (CR-65) Corridor Extension Project from CR-36 to CR-48 section.

The CR-65 Corridor Extension Project's principal purpose is to extend the CR-65 Corridor to improve safety, increase capacity, support economic growth, and is critical to quickly and safely allow citizens and visitors to evacuate when needed.

The consultant chosen will assist in survey, environmental assessment, geotechnical analysis, environmental permitting, design, utility coordination, plan produc-

tion, contract preparing, bidding required to complete the project.

Requirements:

The successful firm chosen will have experience with environmental studies, data collection and analysis, preliminary engineering, preliminary cost analysis and other tasks associated with similar type projects. The chosen firm must have Professional Engineer (P.E.) licensure, and proper business licensure, both in the State of Alabama, at the time of submittal. Firms responding to this RFQ should provide Dun and Bradstreet number and be registered with the GSA database at www.sam.gov to confirm debarment/suspension status.

Scope of Services:

The scope of services to be performed by the consultant firm shall include but not be limited to the following:

- Perform all work under the direction of the Baldwin County Highway Department.
- Attend any necessary meetings and make presentations at the request of the County.
- Provide a topographic survey to use in drainage analysis, design, right-of-way mapping, and plan preparation.
- Provide complete environmental findings and documentation for all permitting required for the project.
- Perform wetland delineations and impact information for County review and, subsequently, permit approval.
- Provide utility coordination of existing and proposed relocations during the design process.
- Provide a complete geotechnical analysis of existing and proposed requirements.
- Provide design services and prepare construction plans in accordance with the ALDOT Roadway Plans Preparation Manual.
- Assist with bidding of the project.
- Prepare contracts for proposed contractors.

- Provide detailed and timely schedules throughout the approved contract time-period.
- Provide advice, counsel, and make recommendations on miscellaneous projects and information that could have an impact on the proposed project.
- Provide any additional information the County may need in relation to the project.
- Provide one contact person to coordinate project information.

Period of Performance:

The firm selected shall be able to complete the following services outlined below within the time periods shown:

1. Project design, permitting, and bidding (+/- 18 months after notice to proceed)

Submittal of Qualifications:

Qualifications submitted in response to this RFQ must provide detailed information to show evidence of qualifications, experience, and expertise. Seven (7) hard copies of the RFQ are required. No emailed or faxed materials will be accepted. Please limit proposals to ten (10) pages, not including (1) a two-page maximum Letter of Transmittal, (2) Table of Contents and (3) up to fifteen (15) pages for Appendices. Cover page should include Dun and Bradstreet (DUNS) number and company point of contact information. The cover pages and RFQ Response Form do not count towards the page numbers.
