Good afternoon Mayor,
Just got your message. Yes, we do still have a process where we can assist. We'll need to get an Intergovernmental Service Agreement (ISA) executed through the Commission first, then we can perform work. It may be tough to get everything lined up before school starts on the 8th, but we should be able to get them soon. We'll put a draft ISA together and get it to you ASAP for review.

Thanks,

Frank Lundy

Baldwin County Engineer
22070 Hwy 59

Hi. I just left a message for Frank about the possibility of the County helping us with striping of Thompson Hall and Manley Road. I know we have partnered with the County in the last and hope we can again on these two roads. We would love to get Manley done before school starts.

Just let me know.

Thanks,
Sherry
