### ITEM TITLE

Order Granting License to Establish Private Cemetery - Minchew Haven of Rest Cemetery

### STAFF RECOMMENDATION

Memorialize for the record, the Order Granting License to Establish Private Cemetery (Case No. 35385) from the Baldwin County Judge of Probate, dated May 8, 2018, granting a license to James Minchew and Mona Minchew, owners of the real property upon which the proposed cemetery will be situated, to establish a private cemetery on the property of James Minchew and Mona Minchew, in Robertsdale, Baldwin County, Alabama, said family cemetery to be located at 33000 Arlie Minchew Road, Robertsdale (Baldwin County), Alabama, and to be known as "Minchew Haven of Rest."

### BACKGROUND INFORMATION

**Previous Commission action/date:** 04/03/2018

#### **Background:**

On February 22, 2018, Administration Department received a Petition to Establish Family Cemetery in Robertsdale, Baldwin County, Alabama. The petition was filed at the Judge of Probate Office on February 20, 2018, by James Minchew and Mona Minchew. The property is located at 33000 Arlie Minchew Road in Robertsdale (Baldwin County), Alabama.

Commissioner Tucker Dorsey (District 3) visited the proposed cemetery site on February 26, 2018 and recommends approval of the petition.

On March 13, 2018, the Commissioners met at the regular scheduled Work Session, during discussion the question of the name of the Cemetery was brought before the Commissioners to confirm.

On March 21, 2018, the Administration Department received an Amended Petition to Establish Family Cemetery changing the name of the Cemetery from The Minchew Family Cemetery to the Minchew

Haven of Rest.

During the April 3, 2018, Baldwin County Commission regular meeting, the Commission approved as follows:

Waive Baldwin County Commission Policy #2.7 - Licensing of Cemeteries, pursuant to an email from the Alabama Department of Public Health, dated December 30, 2011, which recognizes that a family burial plot on an individual's private property is not to be considered a cemetery for the purpose of regulation under Section 22-20-4, Code of Alabama 1975, unless the County or municipality has promulgated an ordinance that may include family burial plots within the definition of a cemetery; and

Pursuant to the request from the Judge of Probate Office to consider an Amended Petition to Establish Family Cemetery, the Minchew Haven of Rest, submitted by James Minchew and Mona Minchew, owners of the real property upon which the proposed cemetery will be situated, approve the establishment of a family cemetery on the property of James Minchew and Mona Minchew, in Robertsdale, Baldwin County, Alabama, said family cemetery to be located consistent with said Petition. The property is located at 33000 Arlie Minchew Road, Robertsdale, Alabama; and

Authorize the Chairman to execute any and all necessary documents and/or orders related to the Baldwin County Commission's approval to establish the Minchew Haven of Rest cemetery.

According to the Alabama Department of Public Health, the Health Department allows a family burial plot on an individual's private property not to be considered to be a cemetery for the purpose of regulation under Section 20-20-4, Code of Alabama 1975, unless the County or municipality has promulgated an ordinance that may include family burial plots within the definition of cemetery. (Staff notes that the proper Alabama Code Section is 22-20-4.)

County Policy #2.7 - Licensing of Cemeteries, requires the Health Department to inspect and give the Commission a recommendation as to the approval/disapproval of the proposed cemetery. In order for the Commission to approve the request for the establishment of this family cemetery, Policy #2.7 should be waived.

The Judge of Probate issued the Order Granting License to Establish Private Cemetery for the Minchew Haven of Rest on May 8, 2018, and today's action will make the Order part of the record.

### ITEM TITLE

South Baldwin Health Care Authority - Board Appointments

### STAFF RECOMMENDATION

Related to the South Baldwin County Health Care Authority, take the following actions:

- 1) Appoint John Boller for place seat #7, to replace John Andrew Schaff, Sr., for a pro-rata reduced six (6) year term, said term to commence on June 5, 2018, and expire June 1, 2024; and
- 2) Re-appoint Clark Stewart for place seat #8, for a six (6) year term, said term to continue from June 1, 2018, and expire June 1, 2024; and
- 3) Re-appoint Sandra S. Russell for place seat #9, for a six (6) year term, said term to continue from June 1, 2018, and expire June 1, 2024.

### BACKGROUND INFORMATION

**Previous Commission action/date:** N/A

#### **Background:**

The Chairman of the South Baldwin County Health Care Authority ("Authority"), Mr. Clark Stewart, forwarded the attached correspondence, dated May 8, 2018, to the Baldwin County Commission ("Commission") with the Authority's recommendations for each of the three terms that will expire June 1, 2018 so that the Commission can appoint board members from the submitted names.

The following three board members' terms expire on June 1, 2018:

Mr. John Andrew Schaff, Sr. (slot #7)

Mr. Clark Stewart (slot #8)

Mr. Sandra S. Russell (slot #9)

The nominations were discussed at the May 22, 2018, Baldwin County Commission work session.

**General Background Information:**

---

Section 22-21-316 (b), Code of Alabama 1975, states "if, at the expiration of any term of office of any director, a successor thereto shall not have been elected or appointed, then the director whose term of office shall have expired shall continue to hold office until his successor shall be so elected or appointed."

It must be noted that the Authority, years ago, adopted an instrument which augments their governing Certificate of Reincorporation, which allows the Authority to propose a list (by and through an Authority Resolution certified to the Commission within certain timelines) of three (3) nominees for each place-seat (or "Slot") that becomes vacant due to an expiration of office of a member or upon the death of a member on said Board of Directors of the Authority.

However, the Authority did not record the instrument in Probate Court which negates its use.

Therefore, the governing Certificate of Reincorporation of the Authority, consistent with Section 22-21-316, Code of Alabama 1975, sets for the parameters regarding appointment by the Baldwin County Commission to members of the Board of Directors. The nine (9) members of the Board of Directors are appointed by the Baldwin County Commission for terms, each, of six (6) years and must be residents of Baldwin County, Alabama.

Further, please note that there remain no "required qualifications," set forth in §22-21-310, et seq., Code of Alabama 1975, for citizens to be re-appointed to the Authority. However, within §22-21-316, Code of Alabama 1975, such "required qualifications" are self-imposed by the Authority through their Certificate of Reincorporation, as amended, which, in this case, requires that they only reside in Baldwin County, Alabama.

Lastly, there is a provision in §22-21-316 (b) Code of Alabama 1975 which requires appointments to be made no earlier than thirty (30) days prior to the date such director is to take office [i.e. the County Commission can't make appointments thirty-one (31) days or more in advance to the date the said director is to take office].

A Message From

Good Morning,

Coastal Alabama Community College is reaching out to you for help. We presently are offering a Water/Waste Water prep program. We understand the demand for this program in our area and would like to continue to offer this program to you and those individuals that are interested in this field. We are presently working with Southwest Alabama Partnership Training and Employment (SWATE) to obtain approval to have this program WIOA approved. What does this mean to you? This means that those individuals who qualify based on financial or employment needs can receive this training paid for by WIOA. The cost would be nothing for the individual. How can this help you? If you presently have an employee who works for your company and is paid on the lower scale they could essentially qualify for WIOA and would be able to take course and there would be no out of pocket cost for you. Also, those individuals outside of this field that would be interested in going into Water/Wastewater could qualify for WIOA funding and receive the funding to take this course, obtain their certificate and then apply for a position with your company. What we need from the community is support in the form of a letter that we can put with our application. The letter would need to state the importance of this program to the community and the companies in our area. If you are willing to write a letter of support please reply and let me know. Thank you!

Letter of Support for Southern Rail Commission FYI 7 CRISI, R&E Grants

### STAFF RECOMMENDATION

Make a letter of support by the Baldwin County Commission dated May 22, 2018, for the Southern Rail Commission FYI 7 CRISI, R&E Grants, addressed to Elaine L. Chao, U.S. Department of Transportation, and Ronald Batory, Federal Railroad Administration, part of the record.

### BACKGROUND INFORMATION

**Previous Commission action/date:** N/A

**Background:** Southern Rail Commission (SRC) requested a letter of support from the Baldwin County Commission regarding two key grant programs. Due to a submission deadline, the letter was executed by the Commissioners on May 22, 2018.

SRC is applying to the two grant programs to provide funding for design, construction, and initial operating cost support for the first phase of Gulf Coast service restoration - the daily service between New Orleans and Mobile. SRC will use the grant funds for needed rail infrastructure improvements in Louisiana, Mississippi, and Alabama, such as grade crossings, new and improved sidings, upgrading and modernizing switching and signaling, and for station area improvements. To facilitate eventual passenger service to the east and north of Mobile, the SRC also plans to use a portion of the funds to assess and define resolutions for rail congestion issues associated with the growth and success of the Port of Mobile, thereby assisting the future of both freight and passenger rail operations. There are match requirements for the grants, and SRC is coordinating with the Governors of Mississippi, Alabama, and Louisiana for commitments of support. In related activities that support these efforts, Louisiana has already been providing for rail improvements funded through its own federal grants, and Amtrak has initiated communications with CSX regarding a timetable to initiate passenger operations.

**RE: Support for Southern Rail Commission FY17 CRISI, R&E Grants**

Dear Secretary Chao and Administrator Batory:

In February, the FRA made available funding through the **Consolidated Rail Infrastructure and Safety Improvements (CRISI) Program** and the **Restoration and Enhancement Grants (REG) Program**. These two programs benefit the restoration of Gulf Coast passenger rail service to America's Gulf Coast, suspended since Hurricane Katrina in 2005 - which includes **Baldwin County, Alabama, and the Baldwin County Commission**. The Southern Rail Commission (SRC) is actively preparing the necessary grant applications to access funding through these programs that will support needed infrastructure improvements and offset state-level initial operational costs to restore a daily passenger service between Mobile and New Orleans. These Federal investments will leverage significant state funding and help create jobs, economic development opportunities, improved connections for residents, and additional travel options for tourists. This daily passenger rail service will enhance mobility, reduce highway environmental impacts, and allow for safer and more efficient hurricane evacuations and response.

With this letter, we want to express our support for the restoration of passenger service to the Gulf Coast, and to the SRC as it seeks funding commitments from Louisiana, Mississippi, and Alabama for the FY17 CRISI and R&G grant applications.

This Contract for **Professional and Construction** Services is made and entered into by and between the County of Baldwin (hereinafter called "COUNTY") acting by and through its governing body, the Baldwin County Commission and **Star Service, Inc. of Mobile**, (hereinafter referred to as "PROVIDER").

**WITNESSETH:**

**Whereas**, at its regular meeting on Tuesday, April 17, 2018, the Commission authorized staff to solicit bids for the Provision of Heating and Air Conditioning Services; and

**Whereas**, staff solicited bids with Star Service, Inc. of Mobile, presenting the lowest bid to the County.

**NOW, THEREFORE**, in consideration of the premises and the mutual covenants herein contained, the sufficiency of which being hereby acknowledged, PROVIDER and COUNTY do hereby agree as follows:

**I. Definitions.** The following terms shall have the following meanings:

- A. COUNTY:           Baldwin County, Alabama
- B. COMMISSION:     Baldwin County Commission
- C. PROVIDER:        Star Service, Inc. of Mobile

**II. Obligations Generally.** The COUNTY hereby retains, and the PROVIDER agrees to perform for the COUNTY, those professional and construction services as hereinafter set forth. This document shall serve as the binding contract for the services of PROVIDER. PROVIDER shall immediately commence performance of the services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out.

**III. Recitals Included.** The above recitals and statements are incorporated as part of this Contract, and shall have the effect and enforceability as all other provisions herein.

**IV. Professional Qualifications.** For the purpose of this Contract, the PROVIDER represents and warrants to the COUNTY that it possesses the professional, technical, and administrative personnel with the specific experience and training necessary to provide the professional services required herein.

**V. No Prohibited Exclusive Franchise.** The COUNTY neither perceives nor intends, by this Contract, a granting of an exclusive franchise or violation of Art. I, Section 22 of the Alabama Constitution.

**VI. Representation/Warranty of Certifications, Etc.** PROVIDER represents and warrants that PROVIDER is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the services herein, and that PROVIDER shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of the services. The representation and warranty aforesaid is a material inducement to the COUNTY in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the County's option.

**VII. Legal Compliance.** PROVIDER shall at all times comply with all applicable Federal, State, local and municipal laws, rules and regulations.

**VIII. Independent Contractor.** PROVIDER acknowledges that it is an independent contractor, and PROVIDER shall at all times remain as such in performing the services under this Contract. PROVIDER is not an employee, servant, partner, or agent of the COUNTY and has no authority, whether express or implied, to contract for or bind the COUNTY in any manner. The parties agree that PROVIDER shall be solely responsible for and shall have full and unqualified control over developing and implementing its own means and methods, as it deems necessary and appropriate in providing the aforementioned services, and that the COUNTY's interests herein are expressly limited to the results of said services. PROVIDER is not entitled to unemployment insurance benefits, and PROVIDER is responsible for and obligated to pay any and all federal and state income tax on any monies paid pursuant to this Contract.

**IX. No Agency Created.** It is neither the express nor the implied intent of PROVIDER or COUNTY to create an agency relationship pursuant to this Contract. Therefore, the PROVIDER does not in any manner act on behalf of COUNTY and the creation of such a relationship is prohibited and void.

**X. Unenforceable Provisions.** If any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof. This Contract shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

**XI. Entire Agreement.** This Contract represents the entire and integrated agreement between COUNTY and PROVIDER and supersedes all prior negotiations, representations, or agreements, either written or oral. This Contract may be amended only by written instrument signed by all parties.

**XII. Failure to Strictly Enforce Performance.** The failure of the COUNTY to insist upon the strict performance of any of the terms, covenants, agreements, and conditions of this Contract shall not constitute, and shall never be asserted by PROVIDER as constituting, a default or be construed as a waiver or relinquishment of the right of the COUNTY to thereafter enforce any such term, covenant, agreement, or condition, but the same shall continue in full force and effect.

**XIII. Assignment.** This Contract or any interest herein shall not be assigned transferred or otherwise encumbered by PROVIDER without the prior written consent of the COUNTY, which may be withheld or granted in the sole discretion of the COUNTY.

**XIV. Ownership of Documents/Work.** The COUNTY shall be the owner of all copyright or other intellectual property rights in reports, documents and deliverables produced and paid for under this Contract, and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the COUNTY without payment of further consideration. PROVIDER shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the services hereunder, without the COUNTY's prior written consent, which may be withheld or granted in the sole discretion of the COUNTY.

**WITNESSETH:**

**Whereas**, at its regular meeting on Tuesday, April 17, 2018, the Commission authorized staff to solicit bids for the Provision of Elevator Maintenance Services; and

**Whereas**, staff solicited bids with Otis Elevator Company, presenting the lowest bid to the County.

**NOW, THEREFORE**, in consideration of the premises and the mutual covenants herein contained, the sufficiency of which being hereby acknowledged, PROVIDER and COUNTY do hereby agree as follows:

**I. Definitions.** The following terms shall have the following meanings:

- A. COUNTY:           Baldwin County, Alabama
- B. COMMISSION:     Baldwin County Commission
- C. PROVIDER:        Otis Elevator Company

**II. Obligations Generally.** The COUNTY hereby retains, and the PROVIDER agrees to perform for the COUNTY, those professional and construction services as hereinafter set forth. This document shall serve as the binding contract for the services of PROVIDER. PROVIDER shall immediately commence performance of the services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out.

**III. Recitals Included.** The above recitals and statements are incorporated as part of this Contract, and shall have the effect and enforceability as all other provisions herein.

**IV. Professional Qualifications.** For the purpose of this Contract, the PROVIDER represents and warrants to the COUNTY that it possesses the professional, technical, and administrative personnel with the specific experience and training necessary to provide the professional services required herein.

**V. No Prohibited Exclusive Franchise.** The COUNTY neither perceives nor intends, by this Contract, a granting of an exclusive franchise or violation of Art. I, Section 22 of the Alabama Constitution.

**VI. Representation/Warranty of Certifications, Etc.** PROVIDER represents and warrants that PROVIDER is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the services herein, and that PROVIDER shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of the services. The representation and warranty aforesaid is a material inducement to the COUNTY in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the County's option.

**VII. Legal Compliance.** PROVIDER shall at all times comply with all applicable Federal, State, local and municipal laws and regulations.

**VIII. Independent Contractor.** PROVIDER acknowledges that it is an independent contractor, and PROVIDER shall at all times remain as such in performing the services under this Contract. PROVIDER is not an employee, servant, partner, or agent of the COUNTY and has no authority, whether express or implied, to contract for or bind the COUNTY in any manner. The parties agree that PROVIDER shall be solely responsible for and shall have full and unqualified control over developing and implementing its own means and methods, as it deems necessary and appropriate in providing the aforementioned services, and that the COUNTY's interests herein are expressly limited to the results of said services. PROVIDER is not entitled to unemployment insurance benefits, and PROVIDER is responsible for and obligated to pay any and all federal and state income tax on any monies paid pursuant to this Contract.

**IX. No Agency Created.** It is neither the express nor the implied intent of PROVIDER or COUNTY to create an agency relationship pursuant to this Contract. Therefore, the PROVIDER does not in any manner act on behalf of COUNTY and the creation of such a relationship is prohibited and void.

**X. Unenforceable Provisions.** If any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof. This Contract shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

**XI. Entire Agreement.** This Contract represents the entire and integrated agreement between COUNTY and PROVIDER and supersedes all prior negotiations, representations, or agreements, either written or oral. This Contract may be amended only by written instrument signed by all parties.

**XII. Failure to Strictly Enforce Performance.** The failure of the COUNTY to insist upon the strict performance of any of the terms, covenants, agreements and conditions of this Contract shall not constitute, and shall never be asserted by PROVIDER as constituting, a default or be construed as a waiver or relinquishment of the right of the COUNTY to thereafter enforce any such term, covenant, agreement, or condition, but the same shall continue in full force and effect.

**XIII. Assignment.** This Contract or any interest herein shall not be assigned transferred or otherwise encumbered by PROVIDER without the prior written consent of the COUNTY, which may be withheld or granted in the sole discretion of the COUNTY.

**XIV. Ownership of Documents/Work.** The COUNTY shall be the owner of all copyright or other intellectual property rights in reports, documents and deliverables produced and paid for under this Contract, and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the COUNTY without payment of further consideration. PROVIDER shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the services hereunder, without the COUNTY's prior written consent, which may be withheld or granted in the sole discretion of the COUNTY.

## **BID #WG18-26 SPECIFICATIONS**

### **GENERAL**

It is the intent and purpose of this bid to enter into a contract for the efficient, healthful and aesthetic collection, hauling and disposal of non-hazardous and non-infectious solid waste for County buildings and facilities of the Baldwin County Commission. County will issue individual purchase orders for each department and location participating in this contract.

Vendor must provide separate itemized billing for each unit services. **Contract will be awarded based on the pricing of the specific locations listed on the bid form as a total lot. Pricing for charges for additional dumps and unit pricing for possible future placement will not be factors in the award.**

### **CONTRACT PERIOD**

**Prices bid shall be firm for a twenty-four (24) month period beginning on July 18, 2018 and ending July 18, 2020.**

The County does not anticipate utilization of a long, formal written contract document to bind the City and the successful bidder. The County will issue purchase orders to the successful bidder as service is required. The successful bidder acknowledges by acceptance of the County purchase orders for awarded service that the bidder is bound to the terms, conditions and requirements as stated in this document.

Successful bidder shall not assign this contract to any other party without prior written approval of the Baldwin County Commission. Contract shall not be assigned to an unsuccessful bidder who was rejected because he was not a responsive or responsible bidder.

The contract shall become effective the date noted on the Notification of Award letter, which will be mailed to the successful vendor.

Should other trash collection service currently not shown on the bid form be required during the life of the contract, the County reserves the right to seek verbal bids from only the responsive respondents of this Invitation to Bid, and to make an award of these additional items to the lowest responsive, responsible bidder(s) for the remaining life of this contract.

The County's standard payment terms are net 30 days from acceptance. The County will not consider any bids requiring C. O. D. payments.

Any questions concerning these specifications should be addressed to the Purchasing Manager, at 251-580-2520, between the hours of 8:00 a.m. and 4:00 p.m., Monday through Friday.

The quantities on the bid form are estimated annual usage and are used for bid evaluation purposes only.

County reserves the right to modify service on an as needed basis: Units may be deleted or added; pickup frequency increased or decreased. County makes no guarantee as to the exact number of units, pickups, locations or tonnage of material to be covered under this contract. Rate bid is to include all rental rate, service, dumping fees, state mandated fees for disposal of solid waste, initial delivery and removal of the unit and any and all other items of cost not mentioned, but are considered customary for such service. The County will not pay any additional charges during the term of this contract.

Any bid that imposes a service fee or any other type of fee on any order not exceeding a minimum order quantity or minimum purchase order dollar amount, will be determined a non-responsive bid and will not be considered for award.

Failure to adhere to any or all terms, conditions and specifications as set forth in the contract may result in the immediate termination of the contract. Should termination occur, the holder of the contract may be declared a non-responsible vendor.

The County reserves the right to cancel the contract, in whole or part, and seek new bids at any time the County determines that the service being supplied is not satisfactory and unacceptable.

Each bidder must furnish satisfactory evidence to the County that it has been continuously engaged in the business of collecting, hauling and disposing of non-hazardous and non-infectious solid waste for at least the preceding five (5) years, that it will be able to maintain operations and comply with the general specifications referred to hereinafter under all conditions, and that the bidder has all licenses and permits required to allow it to transport and dispose of non-hazardous and non-infectious solid wastes, including special wastes.

All bidders shall be required to demonstrate to the satisfaction of the County that they have adequate financial resources, experienced personnel, equipment and expertise to perform the services required. No contract will be awarded to any bidder who, as determined by the County, has an unsatisfactory performance record or inadequate experience or who lacks the necessary capital, organization, personnel and equipment to conduct and complete the collection, hauling and disposal services in strict accordance with the specifications.

Bids may be solicited for any product included in this contract where an immediate/emergency need exists, including large quantities. The decision of the Purchasing Manager as to what constitutes a biddable situation shall be final and shall not be construed as a breach of contract.

Each bidder shall fully acquaint itself with conditions relating to the scope and restrictions attending the work to be done under the contract. Bidders shall thoroughly examine and be familiar with the specifications.

The bidders shall obtain all information concerning the conditions which may affect their work.

### **PREPARATION OF BIDS**

Forms furnished, or copies thereof shall be used and strict compliance with requirement of the invitation, these instructions and the general specifications for the project are necessary. Special care should be exercised in the preparation of bids. Failure or omission of any bidder to receive or examine any form, instrument, addendum or other document, or to acquaint itself with existing conditions, shall in no way relieve it of any obligations with respect to this proposal or to the contract. The County shall make all such documents available to the bidders.

### **BIDS FOR ALL OR PART**

The County reserves the right of awarding the contract in whole or in part, according to the best interest of the County.

### **BIDDERS QUALIFICATIONS**

The County may make such investigations as they deem necessary to determine the ability of the bidders to furnish all materials, and the bidder shall furnish to the County all such information

and data for this purpose as the County may request. The County reserves the right to reject any bid if the evidence submitted, or investigation of such bidder, fails to satisfy the County that such bidder is properly qualified to carry out the obligations of the contract and to furnish all materials contemplated therein. Conditional bids will not be accepted.

**LAWS AND REGULATIONS**

The bidder's attention is directed to the fact that all applicable state laws, municipal ordinances, and rules and regulations of all authorities having jurisdiction shall apply to the contract throughout, and they will be deemed to be included in the contract the same as though herein written out in full.

**COMPENSATION INSURANCE**

## **BID #WG18-30 SPECIFICATIONS**

### **EMULSIFIED ASPHALT (Bituminous Materials)**

Bituminous Materials shall be in accordance with Section 804 of the Alabama Department of Transportation Standard Specifications for Highway Construction, 2018 Edition, and any ALDOT Special Provisions which may supersede this publication.

Prospective Bidders should bid in accordance with the Alabama Department of Transportation Specifications which includes **Sections 109.02 (b) (c) and 109.03 (e)** regarding Bituminous Material Temperature Correction and Price Adjustments.

**All Temperature Correction calculations and Asphalt Index adjustment calculations shall be provided by the Vendor with each invoice. No invoice will be paid without these calculations.**

\*The Volumetric Measurement shall be based upon a temperature of 60-degree F.

Test reports shall be furnished as requested.

Prices shall be offered for product delivered F.O.B. to Baldwin County and at Bidders facility F.O.B. Picked up by Baldwin County Vehicle. Location of such facility must be noted.

All Bid unit prices shall include delivery fees to Baldwin County facility.

Detention charges at Alabama Service Commission Rates, but not exceeding actual cost to vendor, will be allowed for delivered truck units held beyond Two (2) hours at the Baldwin County Facility or job site, which is the free period. This will only be allowed when a truck unit is held beyond two (2) hours as a direct result of neglect or cause by Baldwin County and in no way will be allowed due to equipment failure, personal neglect or otherwise by the vendor. Proper detention forms will be signed by an authorized employee of Baldwin County for each material involving detention time.

Bids will only be accepted from organizations ordering the material from an ALDOT approved Vendor.

Supply Location will play a big factor in determining the bid award for materials being picked up by Baldwin County Vehicles. The County Engineer or his designee will factor in the supply location in determining the low bidder. A per-road mile truck operating cost will be multiplied by the road miles of the best route between the supply location and Baldwin County.

The estimated quantities shown reflect the approximate number of gallons of each specified product that Baldwin County will theoretically use during the course of one (1) year. This is merely indicated to assist vendors for bidding purposes and in no way binds Baldwin County to purchase the quantities shown.

**CONTRACT PERIOD**

**It is the intent of the Baldwin County Commission to award this contract for a twelve (12) calendar month period. However, the Baldwin County Commission may, at their option and in agreement with the Successful Bidder, renew the contract for up to two (2) additional years (2019 and 2020), in twelve (12) month increments. **V. No Prohibited Exclusive Franchise.** The COUNTY neither perceives nor intends, by this Contract, a granting of an exclusive franchise or violation of Art. I, Section 22 of the Alabama Constitution.

**VI. Representation/Warranty of Certifications, Etc.** PROVIDER represents and warrants that PROVIDER is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the services herein, and that PROVIDER shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of the services. The representation and warranty aforesaid is a material inducement to the COUNTY in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the County's option.

**XII. Failure to Strictly Enforce Performance.** The failure of the COUNTY to insist upon the strict performance of any of the terms, covenants, agreements and conditions of this Contract shall not constitute, and shall never be asserted by PROVIDER as constituting, a default or be construed as a waiver or relinquishment of the right of the COUNTY to thereafter enforce any such term, covenant, agreement, or condition, but the same shall continue in full force and effect.

**XIII. Assignment.** This Contract or any interest herein shall not be assigned transferred or otherwise encumbered by PROVIDER without the prior written consent of the COUNTY, which may be withheld or granted in the sole discretion of the COUNTY.

WITNESSETH:

**Section 1. Purpose:**

This Agreement establishes the permission, guidelines and requirements for the use of the Baldwin County Interoperability P25 700 MHz (sometimes referred to as the “System”) by the Huggers Landing/Oyster Bay VFD.

**Section 2. Authority:**

**Section 3. Applicability:**

This Agreement authorizes the use of Baldwin County Interoperability channels and radio frequencies by Huggers Landing/Oyster Bay VFD as approved and authorized by the Baldwin County Commission, in its discretion, based on recommendations by the Baldwin County Interoperability Advisory Committee. The Baldwin County Commission reserves the right to add or remove approved and authorized agencies, entities or individuals.

5. Implement radio communications procedures consistent with National Incident Management Systems (NIMS) and Incident Command Systems (ICS).

This indemnification and hold harmless agreement by the Huggers Landing/Oyster Bay VFD shall apply to all damages, penalties and claims of any kind, regardless

of whether any insurance policy shall have been determined to be applicable to any such damages or claims for damages.

The limitations set forth herein apply to claims founded in all areas, including, but not limited, to breach of contract, breach of warranty, and product liability, and apply whether or not Baldwin County was informed of the likelihood of any particular type of damages.

#### **Section 10. Legal Compliance:**

The Huggers Landing/Oyster Bay VFD shall at all times comply with all applicable federal, state, county, local laws and regulations. The Huggers Landing/Oyster Bay VFD agrees to use the services and/or equipment installed and/or serviced under this Agreement only for lawful purposes. The Huggers Landing/Oyster Bay VFD will be responsible for any and all liability that may arise out of content transmitted by the Huggers Landing/Oyster Bay VFD to any person, whether authorized or unauthorized, using the services and/or equipment.

#### **Section 11. Core Owners Agreements:**

This Agreement shall be subject to the Alabama Inter-zone Core Owners Agreement or any other agreement, rules or regulations approved by the Baldwin County Commission as a member or participant of the Core Owners in the operation and maintenance of the state-wide communications system.

#### **Section 12. Miscellaneous:**

A. This Agreement shall not be construed more strictly against one party than against the others merely by virtue of the fact that it may have been prepared by counsel for one of the parties, it being recognized that both Baldwin County Commission and the Huggers Landing/Oyster Bay VFD have contributed substantially and materially to the preparation of this Agreement.

B. This Agreement embodies the entire agreement and understanding of the parties, and there are no further or prior agreements or understandings, written or oral, in effect between the parties relating to the subject matter hereof.

C. This Agreement may not be modified in any manner other than by an agreement as specified herein.

F. If any part, section, or subdivision of this Agreement shall be held unconstitutional or invalid for any reason, such holding shall not be construed to invalidate or impair the remainder of this Agreement, which shall continue in full force and effect notwithstanding such holding.

**Please provide the following information in a narrative form:**

**1. Describe your agency and administrative capacity.**

The Baldwin County Council on Aging (BCCOA) serves the seniors of Baldwin County by offering one-on-one personal service tailored to address the individual needs. We serve clients from a diverse income base, providing programs ranging from the homebound meal program to Insurance Counseling and all services in between. If a client has a need beyond programs we offer, we attempt to locate additional resources to meet their needs. BCCOA staff has over 70 years of dedicated personal service to the growing senior population of Baldwin County. We provide services most all Area Agencies on Aging and Councils on Aging provide, with strong emphasis on individualized personal service. With the recent addition of a case manager, the BCCOA is comprised of: 1- Coordinator, 1-Office Administrator, 2- Case Managers, 2-SenioRx Specialists, 1-Center Manager/Activities Coordinator, 1- Receptionist, 3-part time County workers (1 for homebound delivery/ 1 for special assistance services/ 1- Vaughn Center Manager) and 2-part time Senior Aides. In addition to serving in the area of their expertise, the Coordinator, Case Managers and Senior Rx staff are cross-trained and able to fill in across the board as needed. We provide resource referrals, locate housing, legal referrals, insurance counseling, prescription assistance, telephone assistance, tax aid, solid waste exemption referrals, property tax exemption referrals, telephone reassurance and the list goes on. We do not draw the line where our programs stop. If a need is there, we work tirelessly to address the needs of our clients. The BCCOA is housed in the heart of Baldwin County located in the Central Annex in Robertsdale.

**2. Is your agency a minority organization\*?**

Yes	X
-----	---

No	
----	--

\*(1) Private, non-profit with at least 50.1% minority staff, or (2) private, for profit that must have at least 50.1% of their stock owned by minorities; or in a partnership with at least 50% controlled by a minority individual.

**3. Describe the services you propose to provide under this contract and how these services address priority needs and target populations of Title III of the Older Americans Act.**

Priority Title III services include nutrition, senior centers, recreation, health promotion, transportation, outreach, information and assistance, caregiver support and respite, in-home services, and legal assistance.

Title III services are restricted to persons age 60 and older or their caregivers. Title III Services are targeted to individuals with greatest economic and social need. This includes low-income individuals, particularly low-income minority individuals; older individuals living in rural areas, older individuals with limited English proficiency, and older individuals at risk of institutionalization, particularly those with severe disabilities and those with Alzheimer's Disease and related disorders and their family caregivers.

The BCCOA operates two nutrition centers in rural areas of the county. The first is in the Ellisville community West of the Town of Loxley. This community is comprised mostly of low income minority residents. Two homebound meal routes are operated by this center. The first serves the Ellisville community and Town of Loxley area. The second route provides homebound meals in the Robertsdale community with several clients residing in the low income senior apartments in addition to those residing in private residences. We typically have a waiting list for this homebound service. The second center is set in the Northern part of the county in the Vaughn Community. Like the Ellisville center, the Vaughn center is located in the heart of a low-income minority community. BRATS bus service provides transportation to several participants here, as many don't drive. A vital homebound meal program operates out of this center to area shut-ins. Delivery is provided by BRATS as well. Both senior centers host a variety of recreational activities for their participants, and occasional guest speakers provide informative health information, screenings and resources. Center managers are strongly encouraged to refer any concerns or questions regarding participants to the BCCOA staff. BCCOA staff visits ALL six SAIL Centers, located in Baldwin County, as well as Senior Centers, promoting senior programs and evaluating the needs of participants.

We target the Bay Minette and North Baldwin areas for citizens that could benefit from our services. We have increased outreach in the area to reach those who may not be aware of the benefits available to them.

The BCCOA office hosts two weekly sessions of ceramic classes. Many participants have entered their handmade items in the County Fair, claiming several blue ribbons. In addition, we offer knitting/crocheting classes weekly. The knitting/crocheting classes offer lessons for beginners and experts. Many projects from this class are donated to area nursing homes, ARC transition homes, USA Women's and Children's Hospital and the VA home in Bay Minette. Recreational activities abound at the SAIL centers, ranging from the always popular BINGO to gardening, an occasional fishing trip and more. The seniors also have access to a wealth of information on programs and service available.

The BCCOA staff find it important to get out into the community via health fairs, promotional presentations to civic and church groups as well as networking with service agencies including public, private, profit and non-profit.

The BCCOA contracts with the BRATS transportation service to provide transportation for seniors to the SAIL center. This will provide those in the most rural areas of Baldwin County. In addition, BRATS provide transportation of seniors to the Older Americans Day Picnic held in May during Older Americans month. This event is held at the Baldwin County Coliseum in Robertsdale each year.

S.A.I.N.T.S. is a program operated out of the BCCOA office, providing one on one assisted transportation service to frail elderly, who cannot ride public transportation, due to mobility or dementia issues. This service is vital in maintaining the independence of these seniors. It provides one on one transportation service to grocery stores, drug stores and doctor's offices.

Seniors who are not able to physically come to our office are evaluated in their home by BCCOA staff. Their needs are reviewed and a case plan is developed; the same as if they made an office visit.

Another vital service the BCCOA provides is the Telephone Reassurance program. This program is designed for the frailest seniors who desire to remain at home. A BCCOA staff member calls each client every weekday morning to check on their wellbeing. We have emergency contacts for each participant in the event our calls go unanswered.

We assist families and individuals when help is needed for caregiver support/respice care. Individuals/families receive case management and guidance through this transitional period.

- 4. Estimate the number of older persons to be served.** Provide estimated numbers of targeted populations listed in #2 above that you plan to serve. Describe how you plan to comply with the targeting requirement.

From May 2017 thru April 2018, the COA has provided over 880 units of Case Management. This number does not include the number of requests for Information and Assistance which exceeded 25,000 contacts. Our goal is to make all Seniors and their families aware of the programs that could potentially benefit them. Especially targeting the low-income minority seniors by getting out in the communities, attending health fairs, distributing literature and seeking opportunities to speak about our programs. Hosting SAIL centers in the rural areas of the county provides a means of getting information out to those citizens most at-risk. The Northern area of Baldwin County has the greatest potential of low income seniors. The BCCOA staff visits the Northern end of the County on a monthly basis, targeting medical offices, senior centers, civic groups, SAIL centers and public avenues to educate potential clients. We have contacted food pantries in the county and provided our program literature for their clients. The BCCOA is represented at health fairs across the County. We have a close working relationship with the local Social Security office. The SS Office makes referrals and distributes our literature to clients. BCCOA also make referrals to Adult Protective Services to DHR and attends intervention meetings on occasion. In addition, we are represented at the Prodissee Pantry twice a month reaching out to potential clients.

- 5. Describe your agency's experience in proposed service area, how you will deliver quality services, and the degree of partnerships and pooling of resources and services utilized to deliver the proposed service.**

Baldwin County is generally a rural county of over 1,600 square miles. BCCOA strives to serve all areas of the county, especially those areas with inherently limited access to elderly support services. The proportion of elderly in Baldwin County is greater than, and is increasing at a rate faster than the national average. Approximately 90% of BCCOA's target clients are rural dwellers, 80% are high risk frail elderly, 50% are minorities, and 1% are Indian American.

The BCCOA is well represented at the local Social Security office. SSA staff screen their clients for services offered by BCCOA and referrals are made on a daily basis. In addition, we value strong networking relationships with service agencies, local municipalities and county departments servicing the public. We have reached out within the Departments of the Commission to educate other departments of what we do. Our own Citizen Service Center staff, BRATS, Revenue, Solid Waste and EMA department have interceded in the course of their own work and will refer a citizen in need to us. We place a strong emphasis in networking and will continue to do so to reach potential clients.

In addition, the BCCOA is in its third year being a host site for the AARP Tax-Aide program. In addition to the tax prep service, this provides the opportunity of exposing BCCOA services and programs to potential clients.

- 6. Give a narrative description of what federal funds are being requested, how these funds will be used, and provide a justification if you are requesting increased funding.** Describe the in-kind and non-Federal cash match being provided. A detailed explanation of in-kind services MUST be provided. Discuss the cost of services, and unit cost if available. Provide a detailed explanation for every item of proposed expenditure listed in your TOTAL column on the attached Budget Summary Sheet. This section can include a description of needs that are not being met because of budget or staff restrictions.

This proposal requests continued Title III funding of \$130,029 for fiscal year 2018-2019.

Personnel costs of \$69,752 will continue to provide one case manager, one chief administrative assistant, two SenioRx specialists and two center managers. Center Managers will continue to ensure: congregate meals are served; homebound meals are delivered and informative programs and activities are developed and provided in a nurturing environment for the rural elderly of Baldwin County. The chief administrative assistant will continue to provide support for both central office and centers and helping in information/referral, support and development of new programs. The Baldwin County SenioRx/Wellness program is currently marketing to area doctor's offices, senior centers, activity groups and the public as to the lower age requirement of 55 years or anyone on disability or applying for disability. This targeted group is growing at a steady rate replacing those lost to Medicare Part D.

Transportation costs of \$56,652 will continue providing services targeted to support the rural elderly of Baldwin County. Transportation services are contracted with the Baldwin Rural Area Transportation System (BRATS). BRATS will continue to provide access to nutrition/activity centers, special events and homebound meal delivery in the rural area of the Vaughn Community.

Travel costs of \$2,625 supports the continued delivery of homebound meals to the elderly from two nutrition centers.

Postage costs of \$1,000 to assist with the expense incurred on behalf of the SenioRx/Wellness program.

### BACKGROUND INFORMATION

**Previous Commission action/date:** N/A

**Background:** All road listed in Item 1 are currently unposted. A speed study was performed on each road and the proposed speed is appropriate relative to the length and geometry of each road. These roads are within the Police Jurisdiction of the Baldwin County Sheriff's Office.

McPhillips Road is located south of Silverhill between Wilson Road and State Highway 104. It is 1.42 miles long. A speed study was conducted showing the Average Daily Traffic is 538 vehicles per day. The proposed speed is appropriate due to the geometry of the road as well as the existence of two roads that intersect McPhillips Road. This road is within the Police Jurisdiction of the Silverhill Police

Department.

Live Oak Landing is located south of Stockton and also serves as an entrance to Live Oak Landing. The proposed speed is appropriate due to the volume of vehicles entering Live Oak Landing as well as pedestrian traffic around the RV park located adjacent to Live Oak Landing. Live Oak Road is within the jurisdiction of the Baldwin County Sheriff's Office.

Infirmiry Health  
**RIDEYELLOW**  
*...more than just a bike ride*

Baldwin County Commission  
312 Courthouse Square Suite 12  
Bay Minette, AL 36507

RIDEYELLOW is entering its 12<sup>th</sup> year as the largest charity cancer bicycle ride in Alabama. This event brings approximately 500 cyclists and 250 volunteers from six states to North Baldwin County each year. We are asking that the Baldwin County Commission show its support through issuance of a proclamation during the June meeting of the County Commission declaring Saturday, June 16, 2018 RIDEYELLOW day in Baldwin County.

RIDEYELLOW will be held on Saturday, June 16 in the great city of Bay Minette. For more than 12 years, this ride has celebrated cancer survivors, caregivers and raised cancer awareness and proceeds for a disease that affects so many of our loved ones.

Last year, on behalf of our sponsors, riders, and 250 volunteers, we proudly donated \$20,000 to local charities that help fight cancer. Those who benefited were camp Rap-A-Hope, Camp I Believe, a bereavement camp for children, and Covenant Hospice's Butterfly Bag project.

This year, we hope we can count on you to support RIDEYELLOW. Your support will assist us in continuing to grow this great event. With your support, RIDEYELLOW can continue to be the greatest bike event in the area and help us to achieve our goals of providing funds for local cancer agencies and raising awareness of this devastating disease.

On behalf of the 2018 committee, participants, survivors and honorees, we would like to thank you in advance for your consideration. With your help and support, we WILL cross the finish line together!

Sincerely,

Pauline Martin  
Event Director

**1. PROPANE AND EQUIPMENT:** Customer agrees to purchase all requirements for LP-Gas ("Propane") from Suburban. Seller shall lease, maintain (and install when necessary) at the Delivery Address Suburban-owned storage tanks, regulators and/or meters as is necessary for Propane service, including, but not limited to, such items identified in any Suburban work order or other Suburban records ("Equipment"). Seller may replace, add or adjust Equipment if necessary in Seller's judgment or as requested by Customer, which items shall also be regarded as "Equipment" hereunder. Title to Equipment shall remain with Suburban at all times and shall not pass to Customer, any subsequent purchaser of the Delivery Address or other third party (including creditors). Equipment shall not become fixtures notwithstanding the manner in which it is affixed to property. Customer warrants that he/she has the legal right and Landowner's consent, if applicable, to have the Equipment installed and used at the Delivery Address for the duration of this Agreement. Customer agrees that only Suburban and its authorized representatives shall deliver Propane to, and have contact with, the Equipment. Title to any exterior and/or interior propane piping installed by Suburban is hereby conveyed to Customer. Customer is responsible for proper grounding/bonding of propane piping, shall arrange for protection of regulators from the elements and, where applicable, for protection of piping and Equipment from the forces of accumulated snow/ice.

**2. PRICES AND FEES:** As compensation for Suburban's (i) supply to Customer of Propane, (ii) lease to Customer of the Equipment, and (iii) provision to Customer of other services incidental thereto, Customer agrees to pay to Suburban (a) Suburban's per gallon price for Propane applicable to Customer on the date of delivery/meter read ("Price"), and (b) Suburban's applicable fees and charges ("Fees" or "Charges") in effect on the date of billing. Customer understands and agrees that, unless otherwise stated by Suburban in writing (including in any Addendum attached hereto), any Price quoted by Suburban on or prior to the Agreement Date applies only to Customer's first delivery of Propane and that Customer's Price for subsequent deliveries of Propane could vary with each such delivery. Customer also understands and agrees that the Price Customer will pay for each delivery is dependent on a number of different factors, which will vary over time, including, but not limited to, the direct and indirect costs incurred by Suburban to acquire, store and deliver the Propane sold to Customer, the volume of Propane purchased by Customer and prevailing conditions. Because of this variability in Price, Customer acknowledges that the Price paid by Customer for any delivery of Propane may be different from (A) the Price charged to Customer for an earlier or later delivery of Propane, (B) the price charged at any time to other purchasers of Propane by Suburban or any other company, or (C) any published price index.

The initial amounts of Fees to be charged to Customer include:

SECURITY DEPOSIT: \$ _____	SAFETY PRACTICES & TRAINING FEE: \$ 9.92
MINIMUM MONTHLY PURCHASE REQUIREMENT ("MMR"): \$ 5.42	EARLY TERMINATION FEE: * \$ _____
MINIMUM ANNUAL PURCHASE REQUIREMENT: _____ gallons	INSTALLATION FEE: \$ _____
NONREFUNDABLE EQUIPMENT RENTAL FEE: \$ 500.00 per YEAR	PER DELIVERY METER READ FEE: \$ _____

\*Payable if Customer terminates this Agreement prior to initial term as agreed upon damages and not as a penalty.

Suburban may also charge other Fees, including, but not limited to, a Transportation Fuel Surcharge Fee, Emergency/Special Delivery Fee and the Fees set forth elsewhere in this Agreement. Fees may be based on Propane gallons delivered to Customer or on other bases, including, but not limited to, a per delivery basis or a periodic basis.

The Safety Practices & Training Fee is charged to recover some of Suburban's safety related costs including, but not limited to, in connection with Suburban's own vehicle and facility inspections as well as Suburban's employee training and testing. The Safety Practices & Training Fee does not vary with the volume delivered and is charged separately instead of being included in the Price. The Safety Practices & Training Fee and other Fees are not specifically authorized or imposed by any local, state or federal law, and the Safety Practices & Training Fee and other Fees are not collected on behalf of, or remitted to, any governmental entity.

Customer understands and agrees that the specific Fees charged and the amount of those Fees may vary over time. Customer acknowledges and agrees that itemization of Price and Fees on Suburban's Delivery Invoice, Delivery Notice or Statement will be sufficient and adequate notice to Customer of those Price and Fees and that Suburban is not required to provide Customer with additional notice of, or prior notice of changes to, Price and/or the amount or nature of Fees. Customer may obtain information about Suburban's current Price and Fees, and delivery terms and options, applicable to Customer from Suburban's local office, and a description of Suburban's Fees can be found online at [www.suburbanpropane.com/fees](http://www.suburbanpropane.com/fees).

**3. CUSTOMER'S RESPONSIBILITIES:** Customer, at its sole cost and expense, shall be responsible for, and Seller's obligations under this Agreement shall be expressly pre-conditioned upon, Customer's timely provision, installation, operation, security and maintenance of each item checked in **Appendix A** attached hereto and made a part hereof, and trained personnel as required by law or regulation. In addition, Customer shall notify Seller of changes in fuel consumption that may require adjustment of volume and/or frequency of fuel deliveries.

**4. TERM OF AGREEMENT:** This Agreement shall continue for an initial term of 3 year(s) from the date hereof and thereafter shall automatically renew on a month to month basis unless terminated at the end of the initial term or subsequent anniversary dates by either party upon not less than sixty (60) days prior written notice to the other party as set forth in paragraph 14 of this Agreement. If during

the term of this Agreement Customer shall purchase Propane from a supplier other than Seller, Seller may elect to terminate this Agreement for Customer's breach.

**5. PAYMENT TERMS AND POLICY:** Invoices shall be due and payable upon Customer's receipt thereof. If Customer's credit shall for any cause be deemed unsatisfactory by Seller, Seller shall have the right to require payment in advance before making further deliveries. Invoices remaining unpaid more than thirty (30) days from Invoice date shall be subject to a Late Payment Fee consistent with applicable law. Without further notice, Seller may suspend Propane delivery and disconnect Equipment for non-payment of Invoice more than sixty (60) days from Invoice date. Reconnection of Equipment after a suspension is subject to a Reconnection Charge. Title to Propane shall transfer from Seller to Customer upon delivery, and is subject to recovery by Suburban in the event of non-payment. Customer agrees that Suburban shall have the right to access Equipment to recover its Propane not paid for by Customer and Customer agrees to pay an applicable Restocking (Pump Out) Fee and other charges relating to such recovery. Customer shall pay all taxes, and for all licenses, permits or inspections, imposed by governmental entities in connection with the sale, installation, storage or use of Propane sold or Equipment leased hereunder. Security Deposits shall not earn interest unless required by law.

**6. SAFETY:** Customer acknowledges that warnings for employees and end users and other safety literature produced by the Propane Education Research Council are available for purchase from [www.propanemarc.com](http://www.propanemarc.com). Customer agrees to provide all employees and agents at the Delivery Address and all end users of the Propane sold hereunder with the safety information provided by Seller to Customer. For additional safety information, including natural disaster and weather-related warnings, visit [www.suburbanpropane.com](http://www.suburbanpropane.com) or call 1-888-223-0029. Customer shall ensure that its employees, agents and end users are familiar with the odor of Propane, and acknowledges that Suburban recommends the installation of UL-listed Propane gas detectors and carbon monoxide detectors in basements, and elsewhere as recommended by the manufacturer, to provide an additional warning of the presence of Propane or carbon monoxide.

**7. MAINTENANCE; ACCESS; SERVICE:** Customer agrees that no modification, connection or addition to Equipment or replacement, repair, disconnection or other handling of Equipment will be made except by Seller's employees, affiliates or authorized representatives. Customer shall notify Seller before any Propane-fueled unit or appliance at the Delivery Address is to be connected, disconnected or replaced, and before start-up of seasonal equipment. At all times Customer shall grant Seller the right and ability to have necessary access (without risk or liability for trespass) to Equipment in order to inspect, change or remove all or part of the Equipment, and to remove from such Equipment those gallons of Propane for which Customer has not made payment within sixty (60) days of the delivery thereof. Customer shall not tamper with Equipment and shall not move it from its original installation location, or part with its possession or encumber the Equipment in any way, and shall surrender the Equipment to Seller upon any termination of this Agreement in the same condition as received, normal wear excepted. Seller may disconnect any appliance or Equipment, regardless of ownership, deemed by Suburban to be unsafe. Customer agrees to notify Seller immediately, both orally and in writing, of any apparent malfunction in Equipment so that Seller may repair such malfunction. Customer agrees to pay for any diagnostic or service work and parts provided by Suburban for Customer-owned equipment, if offered, in accordance with mutually agreed upon labor rates and parts charges.

**8. TERMINATION:** Customer hereby grants Seller the absolute right to remove its Equipment without notice to Customer or process of law upon termination of this Agreement, and Customer shall be solely responsible to pay for all costs associated with such removal. It is further agreed that Seller shall not be liable for any injury or damage to the Delivery Address or any property of Customer located thereon occasioned by removal of Equipment, including the removal of underground tanks and piping, except arising out of the sole negligence of Seller. Upon any termination of this Agreement not resulting from a default by Seller, Customer agrees to pay to Suburban applicable Restocking (Pump Out) Fees, Closeout (Tank Pickup) Fees and other Fees relating to termination of service (see [www.suburbanpropane.com/fees](http://www.suburbanpropane.com/fees) for a description of these Fees).

**9. INSURANCE:** While this Agreement remains in effect, Customer shall maintain commercial general liability ("CGL") insurance coverage with limits acceptable to Seller including products liability, completed operations, and contractual liability coverages; and workers' compensation and employers' liability coverages. At Seller's request, Customer agrees to provide Suburban with a Certificate of Insurance and endorsement(s), in forms acceptable to Suburban, that evidence such insurance coverage and name "Suburban Propane Partners, L.P. and its subsidiaries, affiliates and successors" as an additional insured with respect to Customer's CGL insurance policy. While this Agreement remains in effect, Suburban shall maintain CGL and other appropriate insurance coverages, in accordance with standard industry practice.

**10. RELEASE AND INDEMNIFICATION OF SUBURBAN; DAMAGES; LIMITATION OF ACTION.** Customer, for itself, its employees and agents, and all other third parties, hereby releases Suburban, waives all claims against Suburban, agrees not to sue Suburban, and agrees to indemnify and hold Suburban harmless from any and all liability, injuries, claims, losses, damages (including consequential damages), lost profits, costs, expenses, and causes of action arising out of or related to (1) any personal injury, including death, or any property damage that may be sustained unless resulting from the sole negligence or any other actionable conduct of Suburban; (2) Customer's use of Equipment or tampering or unauthorized servicing thereof; (3) installation, removal, use, misuse, breakage or malfunction of equipment or piping not owned by Suburban; (4) damage to a driveway at the Delivery Address or any Customer-owned bridge failure or other premises liability; (5) exhaustion of Customer's Propane supply; (6) service discontinuance; (7) Customer's breach of this Agreement; (8) any negligent acts or omissions on part of Customer. Customer, for itself, its employees and agents, and all other third parties, hereby agrees that Suburban's liability shall be limited to proven direct damages, not to exceed the actual amounts paid by Customer to Suburban over the twelve (12) month period prior to the events giving rise to the claim. No demand, claim, suit, or action shall be made or brought against Suburban, its related business units, employees, agents, assigns or successors more than two (2) years after the date of the event that caused any injury, damage or loss. This paragraph shall survive the termination of expiration of this Agreement.

**11. UNCONTROLLABLE INTERRUPTION OF SERVICE:** Customer agrees that Seller shall not be liable to Customer or other party for failure to supply Propane or for any delay, loss or damage, or any failure to perform this Agreement due to any "force majeure" condition such as flood, fire, lightning or other adverse weather or environmental condition, explosion, power blackout, labor dispute, unavailability of Propane, acts or omissions of carriers or transportation facilities, government order or regulation, terrorist act, war, act of God, or any other cause beyond Seller's reasonable control whether or not similar to the foregoing.

**12. DEFAULT:** Should either party default on any material condition of this Agreement, the non-defaulting party shall have the option to cancel this Agreement by providing thirty (30) days prior written notice of intent to cancel to the defaulting party and if the defaulting party does not cure such default within such notice period, except that Seller may elect to terminate this Agreement immediately if Customer fails to make payment or maintain insurance coverage as required hereunder or for any safety violation not remedied.

**13. NO WAIVER; SEVERABILITY:** No delay on the part of either party in exercising any of its rights hereunder shall prevent the exercise of such rights at a later date, and any waiver of any breach of this Agreement by either party shall not be deemed a waiver of any other or subsequent breach thereof. Should any section or clause of this Agreement be held invalid by a court of competent jurisdiction, it is agreed that the balance of this Agreement shall continue in full legal force and effect.

**14. SUCCESSORS; ASSIGNMENT; SUBCONTRACTING; NOTICES:** This Agreement shall inure to the benefit of and be binding upon the parties and their respective successors, legal representatives and assigns, except that Customer shall not assign this Agreement without the written consent of Seller. It is agreed that Seller may assign this Agreement to its affiliates at any time. Suburban also reserves the right to subcontract any or all of its obligations under this Agreement. All communications and notices provided for or permitted hereunder shall be effectively given if in writing and mailed postage prepaid (certified

mail for termination notices) to the respective address set forth above. Customer authorizes Seller to leave a notice at the Delivery Address of any condition preventing Propane delivery or resulting in service discontinuance or otherwise requiring Customer's attention.

15. **APPLICABLE LAW; ENTIRE AGREEMENT:** This Agreement shall be construed in accordance with the laws of the jurisdiction of where the Delivery Address is located. This Agreement, including the **Dispute Resolution Procedures Addendum** attached hereto and made a part hereof, contains the entire agreement between the parties and supersedes all prior negotiations, proposals and oral or written agreements with respect to the subject matter hereof. Subject to Suburban's right, as set forth in this Agreement, to unilaterally change Prices and Fees at any time, this Agreement may only be amended by a writing executed by both parties, and provisions herein may only be waived by Seller in writing. Any Appendix, Addendum and/or Attachment to this Agreement is governed by the terms and conditions set forth herein unless otherwise expressly stated.

16. **CUSTOMER'S CREDIT CHECK AUTHORIZATION AND REPRESENTATION:** Customer has authorized or hereby authorizes Suburban to conduct a credit check to evaluate Customer's credit prior to Suburban's acceptance of this Agreement. By signing below, **Customer acknowledges that Customer has become familiar with the odor of Propane and has received Suburban's Safety Tips and Safety Data Sheet attached hereto.**

17. **LANDOWNER'S CONSENT:** If Customer is not the owner of the Delivery Address, Customer agrees to provide Suburban with a copy of Suburban's "Landowner's Consent to Installation of Propane Gas Equipment," signed by the Landowner.

**Suburban Propane, L.P.** and the undersigned **Customer** hereby execute this Agreement as of the above Agreement Date and agree that facsimile signatures are as effective as originals.

**DISPUTE RESOLUTION PROCEDURES ADDENDUM  
TO RESIDENTIAL AND COMMERCIAL PROPANE  
SERVICE AGREEMENTS ("AGREEMENT")**

Customer and Suburban hereby agree that any and all Disputes (as that term is hereinafter defined) between them arising from this Agreement or any prior agreement between them, and/or the relationship created hereby or thereby, or otherwise, will be exclusively resolved by final and binding arbitration. **Customer and Suburban agree that, by entering into this Agreement, they each are waiving the right to a trial by judge or jury or to participate in a class action with respect to any Dispute.** For ease of administration and convenience, the parties agree that the Federal Arbitration Act governs the interpretation and enforcement of this Dispute Resolution Procedures Addendum ("Addendum"). This Addendum shall survive termination of this Agreement.

Capitalized terms used in this Addendum but not otherwise defined herein shall have the same meaning as in the Agreement. For purposes of this Addendum, a "Dispute" shall be broadly interpreted to include, without limitation, any and all claim(s) arising out of or relating in any way to any aspect of the relationship between Suburban and Customer, whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory (including, but not limited to, claims relating to advertising, marketing or other publicity), even if arising before this Agreement or any prior agreement between the parties or that may arise after the termination of this Agreement, including, without limitation, claims that are currently the subject of purported class action litigation in which Customer is not a member of a certified class. Notwithstanding the foregoing, the term "Dispute" shall not include the following claims, and only the following claims:

- (a) claims by Customer (or Customer's legal representatives) for personal injury, death or damage to tangible property arising out of the physical delivery of Propane by Suburban to Customer, Customer's usage of such Propane, the condition of the Equipment or Suburban's actions or alleged inactions with respect to such Equipment; or
- (b) claims by Suburban to enforce Customer's indemnification, release and/or hold harmless obligations under this Agreement and/or for the payment of any amounts alleged to be owed by Customer to Suburban; or
- (c) claims which Customer could bring as an individual in a small claims or equivalent court; or
- (d) claims by either party to enforce the terms of this Addendum.

If either party believes that a Dispute has arisen, that party first shall send a certified letter to the other party (Customer should send the certified letter to the manager of the Suburban location identified on the first page of this Agreement (or any successor Suburban location then servicing Customer)), describing with reasonable particularity the nature and basis of the Dispute and the relief sought. If the parties do not reach an agreement to resolve the Dispute within 30 days after the date the party receives the certified letter, either party may commence an arbitration proceeding by sending another certified letter notifying the other party of its intent to commence arbitration.

Arbitration of Disputes will be governed by the Commercial Dispute Resolution Procedures and the Supplementary Procedures for Consumer Related Disputes (collectively, "AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Agreement, and will be conducted before a single arbitrator appointed in accordance with the AAA Rules. The AAA Rules are available online at [www.adr.org](http://www.adr.org) or by calling the AAA at 1-800-778-7879. The AAA shall administer the arbitration. Unless the parties otherwise agree, any arbitration hearings will take place in the county (or parish) of Customer's Billing Address. Customer may direct that the arbitration be conducted telephonically or be based on written submissions.

All issues that relate to the Dispute are for the arbitrator to decide, but the arbitrator is bound by the terms of this Agreement and this Addendum. The arbitrator may award injunctive relief only in favor of the individual party seeking relief and only to the extent necessary to provide relief warranted by that party's individual claim as stated in the Dispute. The arbitrator has the discretion, but not the obligation, to award fees and costs to the party prevailing in the arbitration. All awards by the arbitrator shall be in writing.

**CUSTOMER AND SUBURBAN AGREE THAT EACH PARTY TO THIS ADDENDUM MAY BRING CLAIMS AGAINST THE OTHER PARTY ONLY IN ITS INDIVIDUAL CAPACITY AND NOT AS A PLAINTIFF OR CLASS MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE PROCEEDING. Further, unless both Customer and Suburban otherwise agree in writing and in their sole discretion, the arbitrator may not consolidate more than one entity's claims, and may not otherwise preside over any form of a representative or class proceeding relating to the Dispute. If this specific provision is found to be unenforceable, then the entirety of this Addendum shall be null and void.**

**READ AND PROVIDE THIS IMPORTANT SAFETY INFORMATION TO ALL END USERS!**

## WHAT IS PROPANE?

Propane (also called LPG-Liquefied Petroleum Gas or LP-Gas) is a liquid fuel stored under pressure. In most systems, propane is vaporized to a gas before it leaves the tank. Propane is highly flammable when mixed with air (oxygen) and can be ignited by many sources, including open flames, smoking materials, electrical sparks, and static electricity. Severe "freeze burn" or frostbite can result if propane liquid comes in contact with your skin.

## IF YOU SMELL, HEAR OR SEE GAS

1. **NO FLAMES OR SPARKS!** Immediately put out all smoking materials and other open flames. Do not operate lights, appliances, telephones, or cell phones. Flames or sparks from these sources can trigger an explosion or fire.

2. **LEAVE THE AREA IMMEDIATELY!** Get everyone out of the building or area where you suspect gas is leaking.

3. **SHUT OFF THE GAS.** Turn off the main gas supply valve on your propane tank if it is safe to do so. To close the valve, turn it to the right (clockwise).

4. **REPORT THE LEAK.** From a safe location away from the gas leak, call your propane retailer right away. If you can't reach your propane retailer, call 911 or your local fire department.

5. **DO NOT RETURN TO THE BUILDING OR AREA** until your propane retailer determines that it is safe to do so.

6. **GET YOUR SYSTEM CHECKED.** Before you attempt to use any of your propane appliances, your propane retailer or a qualified service technician must check your entire system to ensure it is leak-free.

## CAN YOU SMELL IT?

Propane smells like rotten eggs, a skunk's spray, or a dead animal. Some people may have difficulty smelling propane due to their age (older people have a less sensitive sense of smell); a medical condition; or the effects of medication, alcohol, tobacco, or drugs. Consider purchasing a propane gas detector as an additional measure of security.

**ODOR FADE** is an unintended reduction in the concentration of the odor of propane, making it more difficult to smell. Although rare, several situations can cause odor fade:

- The presence of air, water, or rust in a propane tank or cylinder
- The passage of leaking propane through soil
- The exposure to building materials, masonry or fabrics

**Since there is a possibility of odor fade or problems with your sense of smell, you should respond immediately to even a faint odor of gas.**

To learn what propane smells like, Customers unfamiliar with that smell should call Suburban's Safety Information Request Center 1-888-223-0029 and order the pamphlets called "Important Propane Safety Information for You and Your Family" and/or an expansive "Propane Safety" booklet to obtain a Scratch and Sniff Test, free of charge.

## PROPANE GAS DETECTORS ARE RECOMMENDED

Propane gas detectors sound an alarm if propane is detected in the air. Suburban recommends the installation of UL-listed propane gas detectors in basements and where recommended by the manufacturer to provide an additional warning of the presence of propane. They can provide an additional measure of security in structures with little-used areas and for individuals who have difficulty smelling propane.

**GUIDELINES** regarding propane gas detectors:

- Buy only units that are listed by Underwriters Laboratories (UL).
- Follow the manufacturer's instructions regarding installation and maintenance.
- Never ignore the smell of propane, even if no detector is sounding an alarm.

## CARBON MONOXIDE AND YOUR SAFETY

### WHAT IS CARBON MONOXIDE (CO)?

You can't taste or smell CO, but it is a very dangerous gas, produced when any fuel burns. High levels of CO can come from appliances that are not operating correctly, or from a venting system or chimney that becomes blocked.

**CO CAN BE DEADLY!** High levels of CO can make you dizzy or sick (see below). In extreme cases, CO can cause brain damage or death.

### Symptoms of CO poisoning include:

- Headache
- Shortness of breath
- Dizziness
- Nausea
- Fatigue

**IF YOU SUSPECT CO IS PRESENT, ACT IMMEDIATELY!**

1. Get everyone out of the building and call 911 or your local fire department.
2. If it is safe to do so, open windows to allow entry of fresh air, and turn off any appliances you suspect may be releasing CO.

**TO HELP REDUCE THE RISK OF CO POISONING:**

- Have a qualified service technician check your propane system appliances and related venting systems annually, preferably before heating season begins.
- Suburban recommends the installation and maintenance of UL-listed carbon monoxide detectors in accordance with manufacturer's instructions.
- Never use a gas oven or range-top burners to provide space heating.
- Never use portable heaters indoors unless they are designed and approved for indoor use.
- Never use a barbecue grill (propane or charcoal) indoors for cooking or heating.
- Regularly check your appliance exhaust vents for blockage.

## LIGHTING PILOT LIGHTS

**IF A PILOT LIGHT REPEATEDLY GOES OUT** or is very difficult to light, there may be a safety problem. **DO NOT** try to fix the problem yourself. It is strongly recommended that only a **QUALIFIED SERVICE TECHNICIAN** light any pilot light that has gone out.

**YOU ARE TAKING THE RISK** of starting a fire or an explosion if you light a pilot light yourself. Carefully follow all of the manufacturer's instructions and warnings concerning the appliance before attempting to light the pilot.

## APPLIANCE AND SYSTEM MAINTENANCE

**LEAVE IT TO THE EXPERTS.** Only a qualified service technician has the training to install, connect, disconnect, inspect, service, maintain, and repair propane equipment and piping. Have your appliances and propane system inspected just before the start of each heating season.

**HELP YOUR APPLIANCES "BREATHE."** Check the vents of your appliances to be sure that flue gases can flow easily to the outdoors; clear away any insect or bird nests or other debris. Also, clear the area around your appliances so plenty of air can reach the burner for proper combustion.

**DO NOT TRY TO MODIFY OR REPAIR** valves, regulators, connectors, controls, or other appliance and cylinder/tank parts. Doing so creates the risk of a gas leak that can result in property damage, serious injury, or death.

**HAVE OLDER APPLIANCE CONNECTORS INSPECTED.** Certain older appliance connectors may crack or break, causing a gas leak. If you have an appliance that is more than 20 years old, have a qualified service technician inspect the connector. Do not do this yourself, as movement of the appliance might damage the connector and cause a leak.

**FLAMMABLE VAPORS ARE A SAFETY HAZARD.** The pilot light on your propane appliance can ignite vapors from gasoline, paint thinners, and other flammable liquids. Be sure to store flammable liquids outdoors or in an area of the building containing no propane appliances.

**DON'T RISK IT!** If you cannot operate any part of your propane system, or if you think an appliance or other device is not working right, call your propane retailer or qualified service technician for assistance.

## RUNNING OUT OF GAS

**DON'T RUN OUT OF GAS. SERIOUS SAFETY HAZARDS, INCLUDING FIRE OR EXPLOSION, CAN RESULT.**

- If an appliance valve or gas line is left open, a leak could occur when the system is recharged with propane.
- If your propane tank runs out of gas, any pilot lights on your appliances will go out. This can be extremely dangerous.
- **A LEAK CHECK IS REQUIRED.** In many states, a propane retailer or a qualified service technician must perform a leak check of your system before turning on the gas.

## EQUIPMENT AWARENESS

**KNOW HOW TO SHUT OFF YOUR GAS SUPPLY.** Know where the gas supply shutoff valve to your premises is located. Tank and cylinder valves must be turned to the right (in a clockwise direction) to stop the flow of gas.

**MANUFACTURER'S INSTRUCTIONS.** All new appliances sold by Suburban will come with an owner's manual and manufacturer's instructions. Keep and consult them for correct operating and maintenance procedures. Contact the appliance manufacturer for replacement instructions, if needed.

**KNOW WHERE UNDERGROUND GAS LINES AND TANKS ARE LOCATED** to avoid damaging them when digging or working on your premises. Notify your propane supplier before you dig. Contact your state's "Call Before You Dig or One Call" – by dialing 811.

**DO NOT STORE PROPANE CYLINDERS OR CONTAINERS INSIDE BUILDINGS.**

**MAKE SURE REGULATOR REMAINS PROTECTED** so operation will not be affected by the elements (rain, sleet, snow, ice, mud, debris). Regulator vent should be pointed down and be checked regularly.

**MAKE SURE BUILDING OPENINGS ARE NOT CREATED AND SOURCES OF IGNITION ARE NOT SITUATED WITHIN THE AREA OF PROPANE TANKS, REGULATORS, METERS AND OTHER PROPANE EQUIPMENT IN THE SYSTEM.**

**REVIEW MANUFACTURERS' WARNINGS AND IMPORTANT SAFETY INFORMATION AVAILABLE AT [www.suburbanpropane.com](http://www.suburbanpropane.com) REGARDING CORRUGATED STAINLESS STEEL TUBING (CSST)**, which is a flexible pipe used to supply gas in homes and buildings. A nearby lightning strike can create holes and/or damage CSST. This can result in a gas leak and potentially cause a fire or explosion. Proper grounding and bonding of CSST can reduce the risk of a fire or explosion. **MAKE SURE ALL PROPANE PIPING IS PROPERLY BONDED AND GROUNDED.** Contact a licensed electrician for more information.

## **BE PREPARED FOR WEATHER-RELATED EMERGENCIES**

**FLOODING** – If a flood is predicted for your area or your gas-fired appliance(s) or equipment has been submerged due to flooding:

- **DO NOT** turn the gas back on until a qualified service technician has checked the system.
- **Turn off the gas** valve at the container or cylinder.

**HEAVY SNOW OR ICE** – Heavy accumulations of snow or ice falling from roof eaves on regulators, piping, tubing and valves may cause damage that could result in a gas leak. Regulator vents must remain clear of snow and ice to operate properly. Check the regulator vents on the propane system to be sure they are free of condensation, which if frozen, could cause a malfunction. If a regulator vent is clogged with ice or snow, contact Suburban Propane immediately. Appliance vents, chimneys and flues must be kept clear of snow and ice so appliances may vent properly, especially on roofs of mobile homes. For installations in areas of heavy snowfall, arrange for the protection of piping, regulators, meters and other equipment installed in the piping system from the forces of accumulated snow or ice. A protective cover or structure may be an appropriate form of protection in some circumstances, and is required in some jurisdictions. Contact your local building or fire official for guidance. When removing snow:

- Use care around tanks, piping, tubing, valves, regulators and other equipment to prevent damage.
- Use a broom instead of a shovel.
- Do not shovel snow from roofs onto propane equipment. The weight could damage propane equipment causing a leak.

## **SAFE ACCESS**

Provide structurally sound access to propane equipment free from snow, ice, debris or other obstructions.

## **FURTHER CONSUMER SAFETY INFORMATION**

We urge you to visit [www.suburbanpropane.com](http://www.suburbanpropane.com) for Consumer Safety Information prepared by the Propane Education & Research Council (PERC). Pamphlets called "Important Propane Safety information for You and Your Family," "Important Propane Safety Information for Users of Small Cylinders" (including cylinder transportation, storage and inspection procedures), an expansive "Propane Safety" booklet, weather/natural disaster information, and a Propane Safety Data Sheet (SDS) may be read and downloaded online. These documents are also available free of charge by calling Suburban at 1-888-223-0029.

## SECTION 2: Hazard identification

<b>Classified Hazards</b>	<b>Hazards Not Otherwise Classified (HNOC)</b>
H220 - Flammable gases -- Category 1 H280 -- Gases under pressure -- Liquefied gas Simple asphyxiant	None

### Label Elements

#### DANGER

Extremely flammable gas  
Contains gas under pressure. May explode if heated.

May displace oxygen and cause rapid suffocation

Keep away from heat/sparks/open flames/hot surfaces. - No smoking; Take precautionary measures against static discharge; Leaking gas fire: Do not extinguish, unless leak can be stopped safely; Eliminate all ignition sources if safe to do so; Protect from sunlight. Store in a well-ventilated place

### SECTION 3: Composition/information on ingredients

Chemical Name	CASRN	Concentration <sup>1</sup>
Propane	74-98-6	80-100
Propene	115-07-1	<20
Ethane	74-84-0	<6
Butane	106-97-8	<5
Isobutane	75-28-5	<2.5

<sup>1</sup> All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

Odorized products contain small quantities (<0.1%) ethyl mercaptan as an olfactory indicator.

### SECTION 4: First aid measures

**Eye Contact:** For contact with the liquefied gas, remove contact lenses if present and easy to do, hold eyelids apart and gently flush the affected eye(s) with lukewarm water. Seek immediate medical attention.

**Skin Contact:** Liquefied gases may cause cryogenic burns or injury. Treat burned or frostbitten skin by flushing or immersing the affected area(s) in lukewarm water. Do not rub affected area. Do not remove clothing that adheres due to freezing. After sensation has returned to the frostbitten skin, keep skin warm, dry, and clean. If blistering occurs, apply a sterile dressing. Seek immediate medical attention.

**Inhalation:** If respiratory symptoms develop, move victim away from source of exposure and into fresh air in a position comfortable for breathing. If breathing is difficult, oxygen or artificial respiration should be administered by qualified personnel. If symptoms persist, seek medical attention.

**Ingestion:** This material is a gas under normal atmospheric conditions and ingestion is unlikely.

**Most important symptoms and effects, both acute and delayed:** Light hydrocarbon gases are simple asphyxiants and can cause anesthetic effects at high concentrations. Symptoms of overexposure, which are reversible if exposure is stopped, can include shortness of breath, drowsiness, headaches, confusion, decreased coordination, visual disturbances and vomiting. Continued exposure can lead to hypoxia (inadequate oxygen), rapid breathing, cyanosis (bluish discoloration of the skin), numbness of the extremities, unconsciousness and death.

**Notes to Physician:** Epinephrine and other sympathomimetic drugs may initiate cardiac arrhythmias in persons exposed to high concentrations of hydrocarbon solvents (e.g., in enclosed spaces or with deliberate abuse). The use of other drugs with less arrhythmogenic potential should be considered. If sympathomimetic drugs are administered, observe for the development of cardiac arrhythmias.

### SECTION 5: Firefighting measures

#### NFPA 704 Hazard Class

Health: 2    Flammability: 4    Instability: 0

0 (Minimal)  
1 (Slight)  
2 (Moderate)  
3 (Serious)  
4 (Severe)

**Extinguishing Media:** Dry chemical or carbon dioxide is recommended. Carbon dioxide can displace oxygen. Use caution when applying carbon dioxide in confined spaces.

**Specific hazards arising from the chemical**

**Unusual Fire & Explosion Hazards:** Extremely flammable Contents under pressure This material can be ignited by heat, sparks, flames, or other sources of ignition (e.g., static electricity, pilot lights, mechanical/electrical equipment, and electronic devices such as cell phones, computers, calculators, and pagers which have not been certified as intrinsically safe) Vapors may travel considerable distances to a source of ignition where they can ignite, flash back, or explode. May create vapor/air explosion hazard indoors, in confined spaces, outdoors, or in sewers. If container is not properly cooled, it can rupture in the heat of a fire. Drains can be plugged and valves made inoperable by the formation of ice if rapid evaporation of large quantities of the liquefied gas occurs. Do not allow run-off from fire fighting to enter drains or water courses – may cause explosion hazard in drains and may reignite.

**Hazardous Combustion Products:** Combustion may yield smoke, carbon monoxide, and other products of incomplete combustion. Oxides of nitrogen and sulfur may also be formed.

**Special protective actions for firefighters:** For fires beyond the initial stage, emergency responders in the immediate hazard area should wear protective clothing. When the potential chemical hazard is unknown, in enclosed or confined spaces, a self contained breathing apparatus should be worn. In addition, wear other appropriate protective equipment as conditions warrant (see Section 8).

Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Stop spill/release if it can be done safely. If this cannot be done, allow fire to burn. Move undamaged containers from immediate hazard area if it can be done safely Stay away from ends of container. Water spray may be useful in minimizing or dispersing vapors and to protect personnel. Cool equipment exposed to fire with water, if it can be done safely.

See Section 9 for Flammable Properties including Flash Point and Flammable (Explosive) Limits

## SECTION 6: Accidental release measures

**Personal precautions, protective equipment and emergency procedures:** Extremely flammable Spillages of liquid product will create a fire hazard and may form an explosive atmosphere. Keep all sources of ignition and hot metal surfaces away from spill/release if safe to do so. The use of explosion-proof electrical equipment is recommended. Beware of accumulation of gas in low areas or contained areas, where explosive concentrations may occur. Prevent from entering drains or any place where accumulation may occur. Ventilate area and allow to evaporate. Stay upwind and away from spill/release. Avoid direct contact with material. For large spillages, notify persons down wind of the spill/release, isolate immediate hazard area and keep unauthorized personnel out. Wear appropriate protective equipment, including respiratory protection, as conditions warrant (see Section 8). See Sections 2 and 7 for additional information on hazards and precautionary measures.

**Environmental Precautions:** Stop and contain spill/release if it can be done safely. Water spray may be useful in minimizing or dispersing vapors. If spill occurs on water notify appropriate authorities and advise shipping of any hazard.

**Methods and material for containment and cleaning up:** Notify relevant authorities in accordance with all applicable regulations.

Recommended measures are based on the most likely spillage scenarios for this material; however local conditions and regulations may influence or limit the choice of appropriate actions to be taken.

## SECTION 7: Handling and storage

**Precautions for safe handling:** Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharge. Use good personal hygiene practices and wear appropriate personal protective equipment (see section 8). Extremely Flammable. Contents under pressure Gas can accumulate in confined spaces and limit oxygen available for breathing. Use only with adequate ventilation The use of explosion-proof electrical equipment is recommended and may be required (see appropriate fire codes). Refer to NFPA-70 and/or API RP 2003 for specific bonding/grounding requirements. Electrostatic charge may accumulate and create a hazardous condition when handling or processing this material. To avoid fire or explosion, dissipate static electricity during transfer by grounding and bonding containers and equipment before transferring material. Do not enter confined spaces such as tanks or pits without following proper entry procedures such as ASTM D-4276 and 29CFR 1910.146. Cold burns may occur during filling operations. Containers and delivery lines may become cold enough to present cold burn hazard.

Propane and odorant are heavier than air and will collect and pool along the ground or floor. Odorant, therefore, may not be detectable above the location of propane storage or service (for example, odorant in propane released or leaked into the basement of a dwelling may not be detected above the basement).

**WARNING** - The intensity of the odorant may fade over prolonged storage or in the presence of rust, when placed initially in new or freshly-cleaned storage vessels, or when exposed to masonry.

**Conditions for safe storage:** Keep container(s) tightly closed and properly labeled. Use and store this material in cool, dry, well-ventilated areas away from heat, direct sunlight, hot metal surfaces, and all sources of ignition. Store only in approved containers. Post area "No Smoking or Open Flame." Keep away from any incompatible material (see Section 10). Protect container(s) against physical damage. Outdoor or detached storage is preferred. Indoor storage should meet OSHA standards and appropriate fire codes.

"Empty" containers retain residue and may be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury or death. Avoid exposing any part of a compressed-gas cylinder to temperatures above 125F(51.6C). Gas cylinders should be stored outdoors or in well ventilated storerooms at no lower than ground level and should be quickly removable in an emergency.

## SECTION 8: Exposure controls/personal protection

Chemical Name	ACGIH	OSHA	Other
Propane	---	TWA: 1000 ppm TWA: 1800 mg/m <sup>3</sup>	---
Propene	TWA: 500 ppm	---	---
Butane	STEL: 1000 ppm	---	---
Isobutane	STEL: 1000 ppm	---	---

**Note:** State, local or other agencies or advisory groups may have established more stringent limits. Consult an industrial hygienist or similar professional, or your local agencies, for further information.

**Engineering controls:** If current ventilation practices are not adequate to maintain airborne concentrations below the established exposure limits, additional engineering controls may be required.

**Eye/Face Protection:** The use of eye protection (such as splash goggles) that meets or exceeds ANSI Z.87.1 is recommended when there is potential liquid contact to the eye. Depending on conditions of use, a face shield may be necessary.

**Skin/Hand Protection:** Wear thermal insulating gloves and face shield or eye protection when working with materials that present thermal hazards (hot or cold).

**Respiratory Protection:** A NIOSH approved, self-contained breathing apparatus (SCBA) or equivalent operated in a pressure demand or other positive pressure mode should be used in situations of oxygen deficiency (oxygen content less than 19.5 percent), unknown exposure concentrations, or situations that are immediately dangerous to life or health (IDLH).

A respiratory protection program that meets or is equivalent to OSHA 29 CFR 1910.134 and ANSI Z88.2 should be followed whenever workplace conditions warrant a respirator's use.

**Suggestions provided in this section for exposure control and specific types of protective equipment are based on readily available information. Users should consult with the specific manufacturer to confirm the performance of their protective equipment. Specific situations may require consultation with industrial hygiene, safety, or engineering professionals.**

## SECTION 11: Toxicological information

### Information on Toxicological Effects

#### Substance / Mixture

Acute Toxicity	Hazard	Additional Information	LC50/LD50 Data
Inhalation	Unlikely to be harmful	Simple Asphyxiant. May displace oxygen and cause rapid suffocation. See section 4 for more information.	> 20,000 ppm
Dermal	Skin absorption is not anticipated		Not Applicable
Oral	Ingestion is not anticipated		Not Applicable

**Aspiration Hazard:** Not applicable

**Skin Corrosion/Irritation:** Not expected to be irritating. Contact with the liquefied or pressurized gas may cause frostbite ("cold" burn).

**Serious Eye Damage/Irritation:** Not expected to be irritating. Contact with the liquefied or pressurized gas may cause momentary freezing followed by swelling and eye damage.

**Skin Sensitization:** Skin contact is not anticipated.

**Respiratory Sensitization:** Not expected to be a respiratory sensitizer.

**Specific Target Organ Toxicity (Single Exposure):** Not expected to cause organ effects from single exposure.

**Specific Target Organ Toxicity (Repeated Exposure):** Not expected to cause organ effects from repeated exposure.

**Carcinogenicity:** Not expected to cause cancer.

**Germ Cell Mutagenicity:** Not expected to cause heritable genetic effects.

**Reproductive Toxicity:** Not expected to cause reproductive toxicity.

**Other Comments:** High concentrations may reduce the amount of oxygen available for breathing, especially in confined spaces. Hypoxia (inadequate oxygen) during pregnancy may have adverse effects on the developing fetus. The odorant, ethyl mercaptan, can be irritating to the eyes, skin and respiratory tract. At high concentrations, a person can temporarily lose the ability to smell ethyl mercaptan. In addition, some individuals may have an impaired sense of smell, which inhibits the detection of the odorant.

### Information on Toxicological Effects of Components

#### Propane

**Reproductive Toxicity:** No adverse reproductive or developmental effects were observed in rats exposed to propane; no observed adverse effect level = 12,000 ppm.

**Target Organ(s):** No systemic or neurotoxic effects were noted in rats exposed to concentrations of propane as high as 12,000 ppm for 28 days.

#### Butane

**Reproductive Toxicity:** No adverse reproductive or developmental effects were observed in rats exposed to butane; no observed adverse effect level = 12,000 ppm.

**Target Organ(s):** No systemic or neurotoxic effects were noted in rats exposed to concentrations of butane as high as 9,000 ppm for 28 days.

**Isobutane**

**Reproductive Toxicity:** No adverse developmental effects were observed in rats exposed to concentrations of isobutane as high as 9000 ppm. Fertility and mating indices may have been affected at 9000 ppm but no effects were observed at 3000 ppm (NOAEL).

**Target Organ(s):** No systemic or neurotoxic effects were noted in rats exposed to concentrations of isobutane as high as 9,000 ppm for 28 days.

## SECTION 12: Ecological information

**GHS Classification:**  
No classified hazards

**Toxicity:** Petroleum gases will readily evaporate from the surface and would not be expected to have significant adverse effects in the aquatic environment.

**Persistence and Degradability:** The hydrocarbons in this material are expected to be inherently biodegradable. In practice, hydrocarbon gases are not likely to remain in solution long enough for biodegradation to be a significant loss process. Hydrogen sulfide, if present in refinery gas streams, will be rapidly oxidized in water and insoluble sulfides precipitated from water when metallic radicals are present.

**Bioaccumulative Potential:** Since the log Kow values measured for refinery gas constituents are below 3, they are not regarded as having the potential to bioaccumulate.

**Mobility in Soil:** Due to the extreme volatility of petroleum gases, air is the only environmental compartment in which they will be found. In air, these hydrocarbons undergo photodegradation by reaction with hydroxyl radicals with half-lives ranging from 3.2 days for n-butane to 7 days for propane.

**Other adverse effects:** None anticipated.

## SECTION 13: Disposal considerations

This material is a gas and would not typically be managed as a waste.

## SECTION 14: Transport information
