The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted materials. Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

Reproductions are made available solely for the reference use of the applicant. In providing copies, the Baldwin County Department of Archives and History (BCDAH) does not thereby grant permission to reproduce further or quote extensively for publication. Property rights reside with the BCDAH; literary rights generally are retained by the creators of the records and their heirs. This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would violate the copyright law.

Dear Mr. Dute,

Per our telephone conversation, I will present this request to the Baldwin County Commission for approval. I do not foresee a problem; however, I do need the following information sent to me ASAP:

1. Host name
2. Date
3. Approximate number of people in attendance
4. Is there a cost to enter the event
5. The history behind the event (How many years, purpose etc.)
6. Responsible party name (head coach)

As mentioned, the park is closed on that date for the Baldwin county haunted hay ride that begins at 1:00 p.m. Considering your event is a morning event, I think we can accommodate this request. I am looking forward to working with you to make this happen.

Should you have questions please do not hesitate to contact me.
