Ashley,

We have requested a no-cost extension on the underlying NOAA award and anticipate receiving that approval this week. Once we have that extension in hand, we will approve a no-cost extension of the sub-award grant agreement for the Meadows Parking Improvement. We anticipate no issues with extending this subaward.

Thank you,  
Will

Amy & Will,

Due to the delays from the federal government shutdown, the county requests a 6-month extension to our grant contract.

Let me know if you need anything else.

Good morning Ashley,

You can send an email request for the extension. The request needs to state how long you want to the extension (6 or 12 months) and a justification/reason for the extension.

Thanks!

-Amy

Ashley,

We are going to be requesting a no-cost extension of the underlying federal award in January. Once we have that in place, we can extend your subaward locally without issue (and without NOAA involvement).

Thanks,

Will

Hi Will,

Just got the NEPA clearance email. The SAC has been lifted on this task, it is with GMD now for their final approval but the work can begin since the EC team has cleared.
