NEW BUSINESS

1. **Action** – Amending the 2045 LRTP and FY24-27 TIP (**All**)

Mrs. Sislak reminded members that projects which include federal funding and are located within the Eastern Shore MPO planning area are required to be in the MPO's Long Range Transportation Plan (LRTP) and Transportation Improvement Program (TIP). She explained the proposed project is for a Preliminary Engineering (PE) phase of the SR-181 widening from SR-104 to US-98 to complete a re-evaluation of the environmental document and design. These amendments are State requested and MPO dollars are not involved, but the projects do have to be on the TIP because there are federal dollars on the project.

MOTION: By Mr. Rodgers to recommend the Policy Board amend the 2045 LRTP and FY24-27 TIP. The motion was seconded by Mr. Raymond Lovell.
