---

Roger,

We have been reviewing the number of poll workers we anticipate needing for the upcoming election cycle – which includes the additional polling locations. We used 543 workers for the 2024 Primary, and 598 for the 2024 General. Therefore, we respectfully request a total not to exceed 700 poll workers for the 2026 Primary, runoff (if needed) and General election. Please let me know if you have any questions, or need any additional information.

Thanks!
