RE: HW16039 Dirt Road Paving Project  
Fairground Rd from Adams Dr to Baldwin Beach Express  
RFQ for Design Services

Dear Commissioners:

My office has thoroughly reviewed the Request for Qualifications (RFQ) for design services submittals received on November 5, 2025, for the above referenced project. Nine (9) submittals were received. Thompson Engineering was determined to be the most qualified firm.

Based on this information, it is my recommendation that the Baldwin County Commission select Thompson Engineering and approve the Highway Department to begin fee negotiations for services. If you have any questions or comments, please give me a call at 251-970-4055.

Sincerely,

Seth Peterson, P.E.  
Pre-Construction Manager
