January 30, 2026

Baldwin County Commission  
Attention: Commissioner Jeb Ball  
312 Courthouse Square, Suite 12  
Bay Minette, Alabama 36507

Dear Commissioner Ball,

The City of Bay Minette is preparing an application to the Alabama Department of Transportation (ALDOT) for the FY 2026 Rebuild Alabama Act (RAA) Annual Grant Program for roadway improvements at the intersection of N. Dobson Avenue and W. 7th Street, along with additional enhancements to W. 7th Street. As part of this competitive process, we are requesting general letters of support from partner agencies and organizations.

This project will improve safety, traffic flow, and access at a key intersection serving schools, municipal facilities, employment centers, and major commercial destinations, while complementing the nearby Redhill Road extension funded through Baldwin County Commission's 30 Cubed program. For your convenience, we are happy to provide a **sample letter of support** that may be copied directly onto letterhead and modified as needed.

Letters of support do not require any financial or operational commitment. If you are able to provide a letter, we kindly request it by **close of business Wednesday, February 18, 2026**, so it may be included in the application package. Please let me know if you have any questions or if additional information would be helpful. Thank you for your continued partnership and support.

Sincerely,

Joshua O. Brown  
Mayor, City of Bay Minette
