Robertsdale, AL 36567

**Re: City of Robertsdale
Pavement Markings**

Mr. Stuart,

This is a request for the Baldwin County Highway Department to assist the City of Robertsdale with installing pavement markings at various locations around the city.

The attached scope of work states the locations where crosswalks and stop bars would be installed within the city. The City would provide materials for this operation and Baldwin County Highway Department would provide labor and traffic control. The City understands Baldwin County Highway Department will perform the work and invoice the City for the actual labor and equipment costs associated with the project.

Please contact me if there are any further questions at 251-947-8955.

Sincerely,

Evan Davis, P.E.
City Engineer
