The Honorable James Ball  
Baldwin County Commission  
322 Courthouse Square  
Bay Minette, AL 36507

February 11, 2026

Dear Chairman Ball,

Prodissee Pantry is respectfully seeking a donation of the land on the corner of Hwy 225 and Lakeview Road from the Baldwin County Commission for the construction of a Stockton location for our Resource Center and Food Pantry. 42% of our client families call North Baldwin home. This site will allow us to bring more services on a permanent basis for the residents of the North Baldwin Community. We have been distributing food in the Vaughn and Stockton communities since 2011 during what has become known Second Saturday Stockton. In just 2025, 1,499 families attended this distribution. Over the past 14 years, our compassionate volunteers distributed food to 201,693 family visits with 77,331 of those being North Baldwin residents.

We have partnered with area Chambers of Commerce for a Department of Labor Grant known as YouthBuild. This is a win-win, the North Baldwin Community gets social services where none have existed, and a needed Workforce Development Project brings job training and employment through apprenticeships for 16 to 24 year-olds who need a career path.

Prodissee Pantry is actively fundraising and writing grants for the construction and sustainability of the Stockton facility. Our Board of Directors is committed to permanently bringing services to North Baldwin County. We have extensive experience in planning, funding, and executing capital projects to make optimal use of this generous grant. Supportive Prodissee Pantry donors and contactors are standing and ready to support this much needed initiative.

Blessings,

Deann Servos  
Executive Director
