ITEM TITLE
Amendment of Lillian Recreational Center, Inc. Lease Agreement

STAFF RECOMMENDATION
Related to the Lease Agreement between the Baldwin County Commission and Lillian Recreational Center, Inc., for the Lillian Recreational Center, Inc., to lease 6 acres, more or less, of county property known as the Lillian Recreational Center Park in Lillian for the purposes of providing a public park and a recreational facility, take the following action:

1) Approve the First Amendment to the Lease Agreement, said amendment to be effective September 15, 2020.

BACKGROUND INFORMATION

Previous Commission action/date: 02/05/2019 - Last lease agreement approval.

Background: On February 5, 2019, the Commission approved a Lease Agreement between the Baldwin County Commission and Lillian Recreational Center, Inc., for the Lillian Recreational Center, Inc., to lease 6 acres, more or less, of county property known as the Lillian Recreational Center Park in Lillian for the purposes of providing a public park and a recreational facility. The term of the lease shall begin upon the date of full execution and expire five (5) years thereafter, unless sooner terminated by either party according to the terms contained in the agreement. This agreement shall supersede and make null and void, any previous Lease Agreements between the Baldwin County Commission and Lillian Recreational Center, Inc., related to the County property known as the Lillian Recreational Center Park in Lillian.

Currently, $1.00 per year is paid to the County by the Lillian Recreational Center, Inc. and the County pays $1,200.00 annually to the Lillian Recreational Center, Inc. to off-set miscellaneous repairs to the premises.

At this time, the Commission wishes to take over the maintenance of the premises, including building (s) and grounds, with the Lillian Recreational Center, Inc. still managing the daily operations and

events at the park. Amendment to the Lease Agreement is necessary to effect those changes.

General Background Information:

Since the late 1980's, when the County acquired the 6-acre Lillian Recreational Park property located in the unincorporated Lillian community on US Highway 98, the Commission has entered into a series of five-year lease agreements with Lillian Recreational Center, Inc. The property is used as a public park and recreational facility for the Lillian community. The County Parks Division performs grounds maintenance on Center property on a periodic basis, and the County Building Maintenance Department performs facilities/equipment maintenance at the Center on an infrequent basis.

FINANCIAL IMPACT

Total cost of recommendation: TBD - The cost of maintenance and needed repairs at the Lillian Recreational Park to be added to the Parks Department budget, beginning Fiscal Year 2021.

Budget line item(s) to be used: TBD

her as Postmaster, and served until her marriage to Rufus Bryars, in January 1901. Guy McGowan her brother was Postmaster until July 15, 1901, when Miss Virginia Ferguson accepted the office and served until, she retired. Her niece Miss Luella Ferguson succeeded her February 1, 1940 and served until August 22, 1942. Mrs. Bessie N. Coghlan was appointed Postmaster August 23, 1942 and served until December 3, 1959. She retired on disability because of leukemia and died March 15, 1960. During her illness Miss Luella Ferguson served as assistant Postmaster. BACKGROUND INFORMATION

Previous Commission action/date: N

Background:
The Latham Post Office was established in the year of 1878. The first Postmaster was Mrs. Henry Cooper, whose husband was the son of the Latham Cooper, the person for whom the town of Latham was named. Latham Cooper was a native of New York state and settled in Mobile. He kept the custom house there for years. His son Henry Cooper married Lucinda Fickling and came to Latham to live. He made his home with his son until he moved to Arkansas, to spend his last days with a daughter, Mrs. Mary Butler. Mrs. Henry Cooper died in 1884 and Miss Mollie McGowan succeeded her as Postmaster, and served until her marriage to Rufus Bryars, in January 1901. Guy McGowan her brother was Postmaster until July 15, 1901, when Miss Virginia Ferguson accepted the office and served until, she retired. Her niece Miss Luella Ferguson succeeded her February 1, 1940 and

served until August 22, 1942. Mrs. Bessie N. Coghlan was appointed Postmaster August 23, 1942 and served until December 3, 1959. She retired on disability because of leukemia and died March 15, 1960. During her illness Miss Luella Ferguson served as assistant Postmaster. The office was discontinued on February 29, 1960 and moved to Stockton, Alabama. There was no one to accept the office was the reason for it being moved.

The County is interested in a single, fixed-price enterprise for operation of the proposed system anywhere The Baldwin County Juvenile Detention Center operates.

Cost proposals must include all licenses and fixed support/maintenance costs to cover the first year of development and "go live", plus two (2) additional years of optional renewals. The support/maintenance costs shall begin at the end of the first year following expiration of the warranty period.

Proposer's proposal submission and associated pricing shall include software license(s) to accommodate the estimated number of Users as listed below based on the latest production version. The County prefers not to purchase separate licenses for third-party applications which are embedded into the solution. All licenses that may be required by the solution for third-party software are to be included with the proposed solution and maintained throughout the term of the resultant contract. Licensing must include all licenses required to operate and maintain the test, development/staging, and training environments. All costs are to be included within the proposal response.

If the proposed solution shall include third-party software licenses not embedded into the solution in order to meet the technical and functional specifications of this solicitation, the County reserves the right to leverage software license agreements that may be in place between any proposed third-party software copyright holder. This entitles all parties included as "Users" for this solicitation with the advantage of reducing software acquisition or maintenance costs. ("Users" includes other entities in addition to the County.)

The proposed solution is not required to use a "Per User" license model; however, the proposed solution must accommodate, at a minimum, the hypothetical number of Users listed below. The County prefers an Enterprise License model that does not vary with user counts.

- Required Baldwin County Juvenile Detention licenses: Calculate for an estimated four (4) system users.
- Calculate for an estimated Four (4) concurrent users, if Proposer's licensing model is a concurrent user model.
- There shall be no cost and no limit to the number of inquiry-only users.
- There shall be no cost and no limit to the number of web portal users.

The number of licenses referenced above is hypothetical based on the current environment and subject to change as the proposed solution is deployed. The selected Proposer must agree to

adjust the final license price according to the actual number of users deployed prior to final acceptance by the County.

Baldwin County Commission
Request for Qualifications (RFQ) for Professional Services
for Engineering/Environmental Services

Overview:
The Baldwin County Commission, acting by and through the Highway Department, seeks qualifications from qualified coastal engineering/environmental firms for a coastal processes study for the Lillian Park Beach Habitat and Shoreline Protection project.

The Lillian Park Beach Habitat Project's principal purpose is to reduce safety risks to the use of the public boat launch at Lillian Park resulting from open wave action, and to reduce overall maintenance costs due to rapid and excessive sand shoaling and debris build up on the ramp itself due to unknown patterns of transport and deposit. Project objectives also include stabilizing the shoreline habitat and protecting adjacent properties from beach erosion while creating a more stable and useable public beach.

The Coastal Processes Study will be designed and conducted to better understand the holistic, natural physical processes involved with this site and work with them as much as possible in the development of potential solutions to shoreline erosion, ramp shoaling, ramp safety, beach resilience and public use. This study will evaluate the wind-wave climate and the related potential longshore sand transport climate as well as provide an inspection of historic geomorphological indicators of transport direction. The result of this evaluation will be technical information required to select the most appropriate designs for shoreline resilience that are applicable to projects with multiple human use considerations in environs such as the Lillian project location. Proper design must come from an initial coastal processes study which defines the wave periods, directions, and shore transport processes. This study will also address the likelihood and extent of any proposed engineering modifications to cause erosion of adjacent beaches at this site and provide recommended solutions to create a stable sand beach shoreline for long term public use.

Requirements:
Consulting firms responding to this RFQ should have extensive knowledge, experience, and demonstrated success with coastal engineering, state and federal permitting, and shoreline management/restoration. Requisite skills for this RFQ include coastal shoreline modeling, coastal engineering, project cost analysis, state and federal permitting, and environmental compliance/documentation. The chosen firm must have Professional Engineer (P.E.) licensure, and proper business licensure, both in the State of Alabama, at the time of submittal. Firms responding to this RFQ should provide Dun and Bradstreet number and be registered with the GSA database at www.sam.gov to confirm debarment/suspension status.

Any contract awarded must comply with the Minority Business Enterprise and Women Business Enterprise contracting requirements outlined in 2 CFR 200.321. MBE and/or WBE individuals/firms are encouraged to respond to this solicitation (Attachment A).

Scope of Services:
The scope of services to be performed by the consultant firm shall include but not be limited to the following.

- Development of a coastal processes study as described above.
- This study will also address the likelihood and extent of any proposed engineering modifications to cause erosion of adjacent beaches at this site and provide recommended solutions to create a stable sand beach shoreline for long term public use.
- Attend necessary meetings and make presentations at the request of the County.
- Provide detailed and timely schedules throughout the approved contract time period.
- Provide any additional information the County may need in relation to the project.
- Provide one contact person to coordinate project information.

Period of Performance:
The firm selected shall be able to complete the services outlined above within 3 months of an executed contract and Notice to Proceed.

Submittal of Qualifications:
Qualifications submitted in response to this RFQ must provide detailed information to show evidence of qualifications, experience and expertise. One (1) original and three (3) copies of the RFQ are required. No emailed or faxed materials will be accepted. The submitted proposal should be not more than fifteen 8.5" X 11" single-sided pages, Times New Roman 11-point font (inclusive of the cover letter, conceptual approach, experience and background, and project team/level of participation), and should be divided by section, with Table of Contents (cover and tabbed divider pages and table of contents do not count against the 15-page limit)." Cover page should include: Dun and Bradstreet (DUNS) number and company point of contact information.

Questions regarding this information shall be directed to Wanda Gautney, Baldwin County Purchasing Director at wgautney@baldwincountyal.gov Questions must be received no later than July 23, 2020 at 2:00 pm CDT.

Qualifications should be sent to the address below on or before 2:00 pm CDT, Friday, July 31, 2020.

ITEM TITLE
Quotes for the Purchase and Installation of New Carpet in the Baldwin County Commission Administration Building Located in Bay Minette, Alabama

STAFF RECOMMENDATION
Take the following actions:

1) Authorize the Purchasing Director to issue Purchase Order's to Shaw Industries, Inc., in the amount of $8,805.54 for the purchase of the carpet tiles which are being purchased off the Sourcewell National Contract and for the wooden cove base molding that will be purchased by the Building Maintenance Department to complete the project; and

2) Approve and authorize the Chairman to execute the Public Works Contract and Certificate of Compliance with Delta Flooring, Inc., in the amount $29,920.00 for labor only to install the new carpet in the Commission Chambers, Conference Room and Library in the Administration Building areas located in the Bay Minette, Alabama.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: The Commission approved in the Fiscal Year 2019 and Fiscal Year 2020 budget $50,000.00 to replace the carpet in the Bay Minette Commission Chambers, Library and Conference Room. The carpet tiles will be purchased off the Sourcewell Joint Purchasing Contract in the amount of $8,805.54 from Shaw Industries, Inc. The Alabama Department of Public Accounts has stated in a letter to all public entities that based on their review of the competitive bidding process used by Sourcewell National Contract that all Alabama entities may use the Sourcewell Contract as long as we verify whether or not the goods are either not at the time available on the state purchasing program or are available at a price equal to or less than that on the state purchasing program. The Purchasing Director has verified that the carpet is not on the current State of Alabama contract.

A quote was received from Delta Flooring, Inc., in the amount of $29,920.00 for labor only to install

the new carpet as an authorized installer for Shaw Industries, Inc. Staff recommends the Commission authorize the Chairman to execute the Public Works Contract and Certificate of Compliance.

Once the subflooring and old carpet are removed new wooden cove base molding will need to be purchased and installed by the County Building Maintenance Department to cover the gap between the carpet and wall. The new wooden molding will need to be stained to match the existing molding. All this work will be completed by Building Maintenance.

ALABAMA DEPARTMENT OF YOUTH SERVICES
AGENCY GRANT AGREEMENT
Fiscal Year 2020 – 2021

The Alabama Department of Youth Services hereby awards to

Baldwin County Commission
(Fiscal Agent, hereinafter called Recipient)

the amount of ***Three hundred fourteen thousand nine hundred thirty-six dollars ($314,936.00.).***

These funds shall be used to fund non-residential services for Baldwin County youth who would otherwise be committed to the Department of Youth Services (DYS) during this fiscal year. Based on youth needs, the Baldwin County Juvenile Court (BCJC) will develop or collaborate in the development of a diversion program, which may include the identification and selection of community providers. As a result of the interventions funded by these monies and based on the estimates provided in the grant application, the parties expect that Baldwin County will provide diversion program services to **40** youth annually with an ongoing capacity of **20** youth at any given time. Thereby aiding in a reduction of county commitments to DYS (including CLIMB, formerly known as HIT), barring a significant increase in serious juvenile crime (i.e. violent felonies, felony sex offenses). To assist juvenile courts in the provision of services for children in need of supervision (CHINS), DYS will permit the program to provide diversion services to no more than **10%** of youth with CHINS offenses.

These funds shall be utilized for the following purpose/activities:

The Transitions Baldwin Program offers highly individualized services to adolescents experiencing behavioral and legal issues. Services include needs assessments, treatment plans, family needs assessment, clinical group and individual therapy, in-home services, parenting education, transportation and supervision for community service projects, and family counseling and anger management therapy and follow-up care, These services are provided as an alternative to DYS commitment for youth within Baldwin County. Baldwin Co Juvenile Court and the Baldwin Co Commission shall contract with The Bridge, Inc. to administer these services.

The program that receives funding from this grant will:

- Serve youth who would have historically been committed to the Alabama Department of Youth Services (CLIMB or regular DYS) in the absence of the funded program. Specifically, this includes youth with the following characteristics:
    - Males and Females between the ages of 12-18
    - Delinquent youth with a medium to very high risk of re-arrest, as determined by the risk assessment instrument available on the DYS website
    - Youth with substance abuse that require inpatient treatment, sex offenders, and youth adjudicated for crimes involving weapons may be excluded from the program.
- Be developed by or in collaboration with the ***Baldwin County Juvenile Court (BCJC);***
- Conduct regular self-evaluations of program effectiveness, including evaluations that track outcomes for children served by the program;
- Maintain data on program participants as required in the DYS Grantee Information Management System database (GIMS) on a monthly basis.
- Produce an annual report by November 30, for the October - September fiscal year utilizing the form available on the DYS website. Each such completed annual report shall be made available to the Alabama Department of Youth Services no later than November 30. Decisions about renewing grants may be made

based on the court's ability to show through these reports that the funds have been effective in diverting youth from commitment to DYS or CLIMB.

To ensure fiscally responsible management of state funds, quarterly evaluative criteria are integral to the diversion grant funding process. These criteria include, at a minimum, program adherence to youth capacity, annual numbers, average length of stay, and successful completion rates. At any given time within a quarter, program population numbers will be reviewed. If at the time of review the total number of youth reported in GIMS is below 50% of the maximum capacity, an initial warning will be provided. If a subsequent review during the following quarter indicates that the program population remains below 50% maximum capacity, the program may receive a 25% reduction in funding for the following quarter(s). Program and/or designated court representatives will be given an opportunity to explain the low population numbers. However, final reduction determinations will be made by DYS administration.

Both BCJC and DYS acknowledge that this Award may be terminated at will by BCJC or DYS for any reason. Any funds remaining from the award shall be returned to DYS upon the termination of said award.

The grant award contained herein is payable in installments, subject to the availability of funds and adjustments by the Alabama Department of Youth Services, as it deems necessary or advisable. All parties agree that prior year funds may be available to fund this program and have and/or will be applied to the total grant award. Any unexpended grant fund amounts shall be reported to DYS no later than November 1st. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this agreement, the contracting parties, including sub-contractors, agree that representatives of the Department of Youth Services will conduct site visits (both announced and unannounced), and that all records pertaining to the program, including financial records will be made available for review.

The Recipient or its designee shall administer the services for which this grant is awarded, in accordance with the grant application, and applicable rules, regulations and conditions as set forth by the Department. This agreement is a continuation of the prior year agreement and is for a one-year period. Nothing contained herein shall be deemed to be a debt of the State of Alabama in the contravention of the laws and constitution of the State of Alabama.

By signing this contract, the contracting parties affirm, for the duration of the agreement, that they will not violate federal immigration law or knowingly employ, hire for employment, or continue to employ an unauthorized alien within the State of Alabama. Furthermore, a contracting party found to be in violation of this provision shall be deemed in breach of the agreement and shall be responsible for all damages resulting therefrom.

BE IT FURTHER RESOLVED, that the Fiscal Year 2021 mileage rate will reflect the IRS rate; and

BE IT FURTHER RESOLVED, that the Baldwin County Fiscal Year 2021 Budget document which will be issued by the Budget Director is to reflect the budgetary decisions made by the Baldwin County Commission during budget work session deliberations and shall be used as a guide in administering the appropriations made in this resolution; and

BE IT FURTHER RESOLVED, that the following financial management policies are hereby adopted as permanent policies of the Baldwin County Commission:

Supplemental Appropriation Procedure

Each Commission Action Form to approve a contract, capital purchase, or other expenditure shall include a certification by the Budget Director or his designee naming the appropriation account from which the purchase will be made and stating that the unencumbered funds are available in the account. All unbudgeted items must have a proposed source of funds, either a new revenue source or from a contingency account.

Consideration of Unfunded Budgetary Requests from outside agencies after adoption of Annual Fiscal Year Budget

No outside agency unfunded budget requests shall be considered for funding until the next fiscal year. Further, all these types of requests shall be screened by the Finance and Taxation Commissioner to ensure that they are closely aligned to Baldwin County's fiscal objectives.

Budget Administration Procedures

The Purchasing Manager, at the request of a Department Head, may let for bid any routine annual purchase or any equipment purchase or contract which is specifically provided for in the budget document. All contracts must be approved by the Baldwin County Commission before they are executed and all expenditures must comply with Purchasing Policy #3.7. The Baldwin County Commission's expense items are classified in three broad categories: Compensation, Operating and Capital. The compensation and capital categories are supported by detailed lists of employees and approved capital items. The operating category contains many and varied line items. For budgetary control, this operating category will be treated as a total although each department has a detailed line item budget. County staff members are prohibited from expending or encumbering any funds in these broad categories which exceed budgeted funds. The Budget Director or his designee may make transfers between "operating" line items within a Department's budget at the request of a Department Head. Transfers between the compensation, operating and capital categories require Baldwin County Commission approval.

Lease Tax Proceeds

Lease tax proceeds shall be distributed as provided in Section 45-2-244.180 through Section 45-2-244.187 of the Code of Alabama 1975; furthermore, the portion of proceeds remaining in General Fund shall be distributed as follows: a minimum of 12.5% of gross tax to Parks Fund for use in operations with the residual to be used in General Fund at the discretion of the County Commission.

DONE, under the Seal of the County Commission of Baldwin County, Alabama, at the County Seat, on this the 15th day of September, 2020.

Billie Jo Underwood, Chairman
Baldwin County Commission

ITEM TITLE
Premises Pollution Liability Insurance Premium

STAFF RECOMMENDATION
Take the following actions:

1) Approve the Annual Premium Payment to John A. Robertson Insurance Agency for the Premises Pollution Liability Insurance for Magnolia Landfill, effective date September 15, 2020 through September 14, 2021; and

2) Authorize the Chairman to execute the corresponding documents; and

3) Authorize the Clerk/Treasurer to make an interim payment to Robertson Insurance in the amount of $27,253.66.

BACKGROUND INFORMATION

Previous Commission action/date: No

Background: The Development and Environmental Director recommends the Baldwin County Commission increase our environmental protection at Magnolia Landfill by purchasing an additional insurance policy to cover pollution and cleanup costs associated with future defense and claims that may arise at the facility.

In years past pollution liability was covered under standard commercial general liability policies. However, more recently insurance companies began excluding pollution liability under the general liability policy, making it necessary to purchase separate coverage for pollution liability. This insurance will protect our financial interests in the event a clean-up becomes necessary.

The pollution liability insurance policy is an environmental protection for the Baldwin County Commission and the Solid Waste Department in the event of an unseen risk or exposure. Environmental laws are always changing, and this will provide additional protection beyond the self-funding we currently have in place.

II. LIMITS OF INSURANCE AND DEDUCTIBLE

A. Limits of Insurance

1) The Limits of Insurance shown on the Declarations, or as amended by endorsement, and the rules below fix the most the Insurer will pay regardless of the number of **insureds**, **claims**, **pollution conditions**, **emergency response expense** or persons or organizations making **claims**.

2) The applicable Each Pollution Condition Limit stated on the Declarations is the most the Insurer will pay for applicable **claims**, **losses**, **emergency response expense** and **defense and claims expense** afforded by this Policy arising from the same, related, or continuous **pollution condition**. The most the Insurer will pay with respect to any **pollution condition** that continues during the policy period(s) of more than one Pollution Liability Policy is the Each Pollution Condition Limit shown on the Declarations applicable to the first policy period during which the **pollution condition** commenced.

3) The Policy Aggregate Limit stated on the Declarations is the most the Insurer will pay for the sum of damages under all Coverage Parts for applicable **claims**, **losses**, **emergency response expense** and **defense and claims expense** afforded by this Policy.

4) Subject to Paragraphs 1) through 3) above, if a **claim** from the same, related, or continuous **pollution condition** results in coverage being triggered under more than one purchased coverage in Section I. Insuring Agreements, the most the Insurer will pay for **loss** and **defense and claims expense** arising from the same, related, or continuous **pollution condition** is the highest Each Pollution Condition Limit stated on the Declarations for purchased Coverage Parts applicable to the **loss**.

5) The Limits of Insurance apply to the **policy period** shown on the Declarations or as amended by endorsement.

B. Deductible

1) Subject to the provisions of Subsection A. Limits of Insurance above, the Insurer will pay for applicable **claims**, **losses**, **emergency response expense** and/or **defense and claims expense** that exceed the applicable deductible amount set forth on the Declarations or as amended by endorsement. The Limits of Insurance apply in excess of the deductible.

2) The deductible amount is the obligation of the **named insured** and applies once to **claims**, **losses, emergency response expense** and **defense and claims expense** arising from the same, related or continuous **pollution condition(s)**. If the same, related or continuous **pollution condition** results in coverage being triggered under more than one purchased coverage in Section I. Insuring Agreements, then only the highest deductible amount stated on the Declarations for purchased Coverage Parts applicable to the **pollution condition** will apply.

3) The Insurer, at its sole election and option, may either:

a. Pay any part of the deductible amount to effect settlement or expense of any **claim**, and upon notification of the action taken, the **insured** shall promptly reimburse the Insurer for such part of the deductible amount that has been paid by the Insurer; or

b. Simultaneously upon receipt of notice of any **claim** or at any time thereafter, call upon the **insured** to pay or deposit with the Insurer all or any part of the deductible amount, to be held and applied by the Insurer at its sole discretion.

4) The Insurer has the right, but not the obligation, to make any payments associated with **cleanup costs**, a **claim**, **emergency response expense** and/or **defense and claims expense** within the amount of the applicable deductible if the Insurer, in its discretion, deems it advisable to do so. If the Insurer exercises this right, the **insured** must promptly upon request, but in no event later than thirty (30) days after such request, reimburse the Insurer for any payments made by the Insurer within the amount of the applicable deductible.

SPECIMEN

Includes copyrighted material of Insurance Services Office, Inc. with its permission

5) If a **claim** has not entered into litigation, and the Insurer and the **named insured** mutually agree to **mediation** as a means to settle a **claim** made against the **insured**, and if such **claim** is settled as a direct result of and during the **mediation**, the applicable deductible stated on the Declarations or applicable endorsement(s) shall be waived up to a maximum of $25,000. When this occurs, the Insurer will reimburse the **named insured** as soon as practicable up to a maximum of $25,000 for any qualifying deductible amount that was already paid by the **named insured** prior to the mediation.

III. DEFENSE AND SETTLEMENT

1) The Insurer may, at its discretion, investigate any **loss** and settle any **claim**.

2) The Insurer will have the right and the duty to defend the **insured** against a **claim** brought in the **coverage territory** to which this insurance applies. However, such duty to defend ends once the Limits of Insurance as shown on the Declarations, or amended by endorsement, are exhausted or are tendered into a court of competent jurisdiction, or once the **insured** refuses a settlement offer as provided in Paragraph 7), below.

3) The Insurer shall have no duty to defend the **insured** against any **claim** to which this insurance does not apply.

4) The Insurer has the right to select legal counsel to represent the **insured** for the investigation, adjustment and defense of any **claim** covered under this Policy. However, **defense and claims expense** incurred prior to the selection of legal counsel by the Insurer shall not be covered under this Policy and cannot be applied against any deductible.

5) **Defense and claims expense** is subject to and will erode the applicable Limits of Insurance and any applicable deductible. In addition, **defense and claims expense** is included within any applicable deductible stated on the Declarations to this Policy.

6) All duties of the Insurer under this Policy, including the duty to defend, end when the applicable Limits of Insurance are exhausted or are tendered into a court of competent jurisdiction, or once the **insured** refuses a settlement offer as provided in Paragraph 7), below.

7) The Insurer will present all settlement offers to the **insured**. The Insurer will not settle without the consent of the **insured.** If the Insurer recommends a settlement which is acceptable to a claimant, which exceeds any applicable deductible, is within the Limits of Insurance, and the **insured** refuses to consent to such settlement offer, the Insurer's duty to defend shall end. The Insurer's liability for **claim(s)** shall not exceed the amount for which the **claim** could have been settled if the recommendation made by the Insurer had been accepted, exclusive of the deductible.

environmental laws, or any other law. Any recommendations or information provided is not intended as a substitute for advice from a safety expert or legal counsel the **insured** may retain for the **insured's** own purposes. A person or organization may sue the Insurer to recover on an agreed settlement or on a final judgment against an **insured**; but the Insurer will not be liable for damages that are not payable under the terms of this Policy or that are in excess of the applicable limit of insurance. An agreed settlement means a settlement and release of liability signed by the Insurer, the **insured** and the claimant or the claimant's legal representative.

6) Other Insurance

If other valid and collectible insurance is available to the **insured** for a **loss** covered under this Policy, the obligations of the Insurer are limited as follows:

a. Primary Insurance

This insurance is primary except when Subparagraph b. below applies. If this insurance is primary, the obligations of the Insurer are not affected unless any other insurance is also primary. In the event that other insurance is also primary, then the Insurer will share with the other insurance by the method described in Subparagraph c. below.

b. Excess Insurance

If other insurance, whether collectible or not, is available to the **insured** covering a **loss** also covered by this Policy, other than a policy that is specifically written to apply in excess of this Policy, the insurance afforded by this Policy shall apply in excess of and shall not contribute with other such insurance. This Policy shall in no way be increased or expanded as a result of receivership, insolvency or inability to pay by any insurer with respect to both the duty to indemnify and the duty to defend. This also applies to the **insured** while acting as a self-insured for any coverage.

When this insurance is excess, the Insurer will have no duty under the Policy to defend a **claim** if any other insurer has a duty to defend the **insured** against a **claim**. If no other insurer defends a **loss** covered under this Policy, the Insurer may undertake to do so, but the Insurer will be entitled to the **insured's** rights against all those other insurers. When this insurance is excess over other insurance, the Insurer will pay only its share of the amount of the **loss**, if any, that exceeds the sum of:

1. The total amount that all such other insurance would pay for the **loss** in the absence of this insurance; and

2. The total of all deductible and self-insured amounts under all other insurance or under this Policy.

The Insurer will share the remaining **loss**, if any, with any other insurance that is not described in this Excess Insurance provision and was not bought specifically to apply in excess of the Limits of Insurance shown on the Declarations of this Policy.

c. Method of Sharing

If all of the other insurance permits contribution by equal shares, the Insurer will follow this method also. Under this approach each Insurer contributes equal amounts until the Insurer has paid its applicable limit of insurance or none of the **loss** remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, the Insurer will contribute by limits. Under this method, each Insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

11) Consent or Approval

Where the consent or approval of the Insurer, or an **insured**, is required pursuant to this Policy, such consent or approval shall not be unreasonably withheld, delayed, conditioned, or denied.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: In response to the COVID-19 pandemic, Congress has allocated $6,473,612.00 to the State of Alabama to prepare for and respond to election activities related to the July 14 Primary Runoff Election and the November 3, 2020 General Election.

Alabama is required to match this funding by 20% ($1,294,722.00). While some states are considering or requiring local jurisdictions to match what they are allocated, Secretary of State John Merrill has ordered the entire match to be paid from Secretary of State's funds. Secretary Merrill

understands the pressure being placed on Alabama's counties at this time and does not want them to have to worry about finding the funds to be eligible for CARES Act funding. With the $6,473,612.00 allotment from EAC and the $1,294,722.00 match from the Alabama Secretary of State's Office, the total funding available to Alabama is $7,768,334.00.

This funding will be used to reimburse county commissions, by and through the Secretary of State's Office, for various election expenses including, but not limited to, personal protective equipment (PPE), masks, gloves, disinfectant spray, cleaning supplies, hand sanitizer, alcohol wipes and professional cleaning services to prepare and return polling places back to a safe and sanitary condition. Any item purchased as personal protective equipment or used to sanitize and disinfect must be approved for use by the Centers for Disease Control and Prevention, the U.S. Environmental Protection Agency or other governmental authority

•The Secretary of State will reimburse counties, from CARES Act funds, for their AEM's days worked from March 4, 2020 until May 19, 2020. To receive this reimbursement, a county will be required to attach the AEM Attendance Report to document the days worked in their COVID-19 Application to the Secretary of State. In addition for the November General Election, two temporary staff to assist the EAM at $75 each day per temporary staff member is reimbursable for the period September 9, 2020 to November 10, 2020.

•The Secretary of State's Office will reimburse the county to pay each duly appointed poll worker who works on election day an additional $25.00 for the July, 2020 Primary Election and $50 for the November, 2020 General Election (AEMs are not eligible for this supplemental pay). To receive this reimbursement, the county will be required to attach a list of all county's poll workers to their COVID-19 Application submitted to the Secretary of State.

•The Secretary of State's office will reimburse counties for personal protective equipment (PPE), masks, gloves, disinfectant spray, cleaning supplies, hand sanitizer, alcohol wipes and professional cleaning services to prepare and return polling places to a safe and sanitary condition. In addition for the November General Election, one extra DS200 voting tabulator for the AEM's Office to efficiently handle an anticipated increase in absentee ballots is reimbursable. For reimbursement, invoices, receipts or quotes will be required to be attached to the county's COVID-19 Application.

For Expenses related to the November 3, 2020, General Election, the deadline for the County Commission to submit an application will be October 2, 2020.

ITEM TITLE
Sales and Use Tax Collection Agreement between Baldwin County Commission and Baldwin County Board of Education - Section 45-2-243 of the Code of Alabama 1975

STAFF RECOMMENDATION
As authorized by Section 45-2-243 of the Code of Alabama 1975, and without limitation, execute a Sales and Use Tax Collection Agreement between the Baldwin County Board of Education and Baldwin County Commission to renew and continue the Baldwin County Commission's collection of certain revenue applicable to the Baldwin County Board of Education. (*The Sales and Use Tax Collection Agreement shall commence October 1, 2020, and expire September 30, 2023, unless terminated sooner in accordance with the Agreement*.)

BACKGROUND INFORMATION

Previous Commission action/date: September 05, 2017

Background: Act No. 2000-445 codified as Section 45-2-243 of the Code of Alabama 1975 (The Act) authorizes, among other things, the Baldwin County Commission to enter into an agreement by which a designee may administer, enforce and collect county taxes and license fees due to Baldwin County Commission or accomplish the same itself and, thus, self-collect. The Act authorizes such permissive authority for the County to self-collect as aforementioned described only upon a resolution adopted by the Baldwin County Commission. The Baldwin County Commission, during their November 21, 2000, regular meeting, adopted Resolution #2001-07 in order for Baldwin County to itself administer, collect and enforce all County Sales and Use Taxes for the Baldwin County Commission and Baldwin County Board of Education. The Baldwin County Board of Education approved this arrangement during their August 31, 2020, meeting contingent upon a signed agreement between the Baldwin County Commission and Board of Education.

Section 45-2-243 also provides that if the County self collects that the Baldwin County Commission may retain not more than two (2%) percent of the total amount of taxes collected to be distributed to any other entity.

Section 45-2-243 further provides that any contract or alteration thereto or any resolution made pursuant to the statute under which revenue is collected for the Baldwin County Board of Education shall be approved by a resolution of the Baldwin County Board of Education prior to implementation and must be reviewed for renewal the third year of implementation and each subsequent three-period thereafter. *The agenda item deals with the renewal of the Sales and Use Tax Collection Agreement between the Baldwin County Commission and Baldwin County Board of Education in order for the Baldwin County Commission to continue collecting County Sales and Use Taxes for and due to the Baldwin County Board of Education.* The current agreement was approved by the Baldwin County Commission during their September 05, 2017, regular meeting, for a three-year contractual term of October 1, 2017, to September 30, 2020.

(a) As used in this amendment, the term "state sales tax" means the tax or taxes imposed by Division 1 of Article 1 of Chapter 23 and by Article 3 of Chapter 23 of Title 40 of the Code of Alabama 1975, as amended (herein called "the Code"), including all other statutes of the State of Alabama (herein called "the state") which expressly set forth any exemptions from the computation of the taxes levied in Division 1 or Article 3 and all other statutes which expressly apply to, or purport to affect, the administration of Division 1 or Article 3 and the incidence and collection of the taxes imposed therein; and the term "state use tax" means the tax or taxes imposed by either Article 2 or Article 3 of Chapter 23 of Title 40 of the Code, including all other statutes of the state which expressly set forth any exemptions from the computation of the tax levied in Article 2 or Article 3 and all other statutes of the state which expressly apply to, or purport to affect, the administration of Article 2 or Article 3 and the incidence and collection of the taxes imposed therein.

(b) Subject to the provisions of this amendment, there are hereby levied in Baldwin County (herein called "the county"), in addition to all other taxes now authorized, or that may hereafter be authorized by the Constitution and laws of Alabama, to be levied in the county, sales and use taxes (herein together called "the county sales and use taxes") that parallel, except for the rate or rates of such taxes (as hereinafter specified), the state sales tax and the state use tax. The duration of the levy of the county sales and use taxes hereunder shall be a period of five (5) years, commencing on June 1, 2013, subject to extension or renewal as authorized by the Legislature in accordance with a local legislative act.

(c) The rate of the county sales and use taxes shall be one percent on any transaction that is subject to taxation by the state pursuant to the provisions of (i) either subdivision (1), subdivision (2), or subdivision (5) of Section 40-23-2 of the Code, or (ii) subsection (a) of Section 40-23-61 of the Code.

(d) The rate of the county sales and use taxes shall be one-half of one percent (.5%) on any transaction that is subject to taxation by the state pursuant to the provisions of (i) either subdivision (3) or subdivision (4) of Section 40-23-2 of the Code; or (ii) either subsection (b) or subsection (c) of Section 40-23-61 of the Code; (iii) either Section 40-23-37 or Section 40-23-63, Code of Alabama 1975; or (iv) Article 3 of Chapter 23 of Title 40 of the Code, as the case may be.

(e) The county sales and use taxes shall, as the Baldwin County Commission (hereafter "the commission") may from time to time determine, be collected either by the commission or by any person, firm, or corporation (whether public or private) with which the commission may contract to collect the county sales and use taxes or any other tax or taxes levied by, or in, the county, all in accordance with, and subject to, applicable provisions of law as are from time to time in effect.

(f) All provisions of law from time to time in effect with respect to the payment, assessment, and collection of the state sales tax and the state use tax, and any and all reports, records, and penalties for failure to pay such taxes, the promulgation of rules and regulations with respect to such taxes, and the administration and enforcement of such taxes or such provisions of law (as the case may be), shall, to the extent not inconsistent with this amendment, apply to the county sales and use taxes.

(g) The commission shall remit to any local boards of education in the county in accordance with state law all amounts collected by the commission from the sales and use tax levied pursuant to the terms

of this amendment, less collection fees charged by the commission in accordance with this amendment, applicable state law and any agreements entered into between the commission and the Baldwin County Board of Education or any local board of education in the county not inconsistent with this amendment or state law.

(h) Notwithstanding any provision of law now existing or hereafter enacted by the Legislature, the board of education shall pay, or shall cause to be paid, all costs and expenses incurred (whether by the state, the county or any other political subdivision or public body) in connection with the call, conduct, canvass or contest of any special election hereafter held (whether pursuant to, or in accordance with, the provisions of this amendment or otherwise) for the purpose of levying, or authorizing the levy of, any tax (regardless of the character or nature thereof) all or a majority of the revenues from which may, prior to such special election, be dedicated by constitutional amendment, general law, statute, local legislative act or otherwise (or by ordinance or resolution of the commission) for public school or public educational purposes in the county, or which may be otherwise payable (or paid) to the Baldwin County Board of Education. The provisions of this paragraph shall remain in full force and effect notwithstanding the expiration or termination of any sales or use tax levied, extended or renewed pursuant to other provisions of this amendment.

(i) The commission is hereby empowered to collect the county sales and use taxes and to enforce the provisions of this amendment, and it shall have and exercise all rights and remedies that the state has for the collection of the state sales tax and the state use tax (as the case may be).

(j) The foregoing provisions of this amendment shall be and are hereby declared to be self-executing; but the Legislature may enact general or local laws that implement, supplement or further any or all of the foregoing provisions of this amendment.

WHEREAS, DCS has the right to license the Licensed Software, as defined below; and

WHEREAS, the parties desire that DCS license to Licensee non-exclusive rights to use the Licensed Software for Licensee's internal use on computers under the control of Licensee, all in accordance with the terms and conditions thereof;

NOW, THEREFORE, in reliance on the mutual covenants and promises, representations and agreements set forth herein, the parties agree as follows:

1. Definitions.

1.1 "Licensed Software." Computer program(s) specified on the Product and Price List attached as Exhibit A in object code form only and related user manuals and documentation, together with any additional computer programs, manuals, or documentation that may be licensed in the future or otherwise provided by DCS as updates, upgrades, or modifications to the Licensed Software.

The number of Authorized Copies may be increased by Licensee from time-to-time by purchasing additional licenses as provided in Section 5.

1.3 "Proprietary Rights." All rights in and to copyrights, rights to register copyrights, trade secrets, inventions, patents, patent rights, trademarks, trademark rights, confidential and proprietary information protected under contract or otherwise under law, and other similar rights or interests in intellectual or industrial property.

2. License Grant. Subject to the terms and conditions hereof, DCS hereby grants to the Licensee, and Licensee hereby accepts, a limited, non-exclusive and non-transferable license under the Proprietary Rights of DCS and its licensors to copy, distribute, install, and use the Authorized Modules of the Licensed Software as provided in the Product and Price List attached as Exhibit A.

3. Restrictions. Licensee may copy and use the Licensed Software only (i) for its intended use as specified in the accompanying documentation for Licensee's internal business operations, and (ii) for Licensee's reasonable back-up and archival purposes. Licensee shall not, in whole or in part, (i) modify,

disassemble, decompile, reverse compile, reverse engineer, translate, copy, or in any way duplicate the Licensed Software for any purpose, or attempt to derive a source code language version of the Licensed Software, except as expressly authorized herein; or (ii) permit the Licensed Software to be sublicensed, re-marketed, redistributed, or used as part of a service bureau. All rights not expressly granted to Licensee herein are expressly reserved by DCS.

4. License and Technical Support Fees for Subscription Licenses. License fees and technical support fees are combined for subscription licenses. Fees and related payment terms are provided on the Product and Price List attached as Exhibit A, and Licensee shall pay fees in accordance with such terms and conditions. Licensee may purchase additional licenses. Licensee shall pay all such taxes either as levied by taxing authorities or as invoiced by DCS. If Licensee challenges the applicability of any such tax, Licensee shall nevertheless pay such tax and may thereafter challenge such tax and seek a refund thereof.

5. Purchase of Additional Licenses. If Licensee purchases license rights for additional Licensed Software and/or Authorized Copies, such additional licenses shall be governed by the terms and conditions hereof. Except as may be expressly provided on the Product and Price List attached as Exhibit A, pricing for additional licenses shall be in accordance with DCS's then-current price list, which may be updated by DCS from time to time. Licensee agrees that, absent DCS's express written acceptance thereof, the terms and conditions contained in any purchase order or other document issued by Licensee to DCS for the purchase of additional licenses, shall not be binding on DCS to the extent that such terms and conditions are additional to or inconsistent with those contained in this Agreement.

7. Optional Customization and Implementation Services. DCS provides optional customization and implementation services under the Customization and Implementation Terms attached as Exhibit C.

8. Services. DCS provides optional Services under the Terms attached as Exhibit D.

9. Unwanted Code. The Licensed Software shall not (i) contain any hidden files, (ii) be designed to replicate, transmit, or activate itself without control of a person operating computing equipment on which it resides, (iii) be designed to alter, damage, or erase any data or computer programs without control of a person operating the computing equipment on which it resides, (iv) contain any key, node lock, time-out, or other function, whether employed by electronic, mechanical or other means, which restricts or may restrict use or access to any program or data, based on residency on a specific hardware configuration, frequency or duration of use, or other limiting criteria, or (v) contain any software routines or components designed to permit unauthorized access. If any such feature be discovered by Licensee, DCS shall as soon as commercially possible deliver to Licensee a version of the Licensed Software that does not contain such feature. The foregoing is exclusive and states the entire liability of DCS with respect to violations of this Paragraph 9.

If a claim is made that the Licensed Software infringes any United States patent, copyright, trade secret or other proprietary right, or if DCS believes that a likelihood of such a claim exists, DCS may, in DCS's sole discretion, procure for Licensee the right to continue using the Licensed Software, modify it to make it non-infringing but continue to meet the specifications therefor, or replace it with non-infringing software of like functionality that meets the specification for the Licensed Software. DCS shall have no liability to Licensee for any claim of infringement pursuant to this Paragraph 11, if such claim is based on (i) combination of the Licensed Software with data or with other software or devised not supplied by DCS and/or (ii) modifications made to the Licensed Software. The foregoing is exclusive and states the entire liability of DCS with respect to infringements or misappropriation of any Proprietary Rights by the Licensed Software.

12. Disclaimer of Incidental and Consequential Damages; Limitation of Liability. IN NO EVENT SHALL DCS BE LIABLE TO LICENSEE FOR ANY DAMAGES RESULTING FROM OR RELATED TO ANY FAILURE OF THE LICENSED SOFTWARE, INCLUDING, BUT NOT LIMITED TO, LOSS OF DATA, OR DELAY OF DCS IN THE DELIVERY OF THE LICENSED SOFTWARE, OR IN THE PERFORMANCE OF SERVICES UNDER THIS AGREEMENT. IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER UNDER ANY THEORY INCLUDING CONTRACT AND TORT (INCLUDING NEGLIGENCE AND STRICT PRODUCTS LIABILITY) FOR ANY INDIRECT, SPECIAL OR INCIDENTAL OR CONSEQUENTIAL DAMAGES OR LOST PROFITS ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE PERFORMANCE OR BREACH THEREOF, EVEN IF THE PARTY CAUSING SUCH DAMAGES HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. DCS'S MAXIMUM LIABILITY FOR DAMAGES OF ANY KIND ARISING OUT OF THIS AGREEMENT SHALL BE LIMITED TO THE TOTAL AMOUNT OF FEES PAID BY LICENSEE TO DCS UNDER THE CURRENT LICENSE AGREEMENT, WITHOUT REGARD TO EXTENSIONS OR RENEWALS.

13. Ownership. Title to the Proprietary Rights embodied in the Licensed Software shall remain in and be the sole and exclusive property of DCS and its licensors, except for certain customizations as provided in Exhibit C attached hereto. Licensee shall not alter, change or remove any proprietary notices or confidentiality legends placed on or contained within the Licensed Software. Licensee shall include such notices and legends in all copies of any part of the Licensed Software made pursuant to the Agreement.

Licensee shall safeguard the confidentiality of the Licensed Software, using the same standard of care which Licensee uses for its similar confidential materials, but in no event less than reasonable care. Licensee shall not disclose or make available to third parties the Licensed Software or any portion thereof without DCS's prior written consent.

15. Injunctive Relief. The parties hereby agree that any breach of any provision of this Agreement regarding confidentiality or protection of Proprietary Rights would constitute irreparable harm, and that the aggrieved party shall be entitled to specific performance and/or injunctive relief in addition to other remedies at law or in equity.

16. Subscription Term. The term of this Agreement shall commence as of the Effective Date hereof and shall continue until September 30, 2021. This Agreement is subject to earlier termination as otherwise provided herein.

17.3 In the event DCS discontinues technical support for its Licensed Software for any reason whatsoever, Licensee may elect to either (i) terminate this Agreement, cease any further use of the Licensed Software or any portion thereof, and immediately return the same and all copies thereof, in whole or in part, to DCS; or (ii) continue to use the Licensed Software upon the same terms and conditions provided in this Agreement, except that DCS will have no obligation to Licensee including, but not limited to the obligation to provide technical support, updates, or upgrades. However, Licensee shall remain responsible for the license fees and technical support fees provided in Section 4 through the end of said thirty (30) day period.

18. Return of Materials. Within ten (10) days of the expiration or termination hereof, Licensee shall return to DCS the Licensed Software and all copies of all other materials supplied by DCS and shall delete all copies thereof. All data entered in the Licensed Software by Licensee shall remain the property of the Licensee, and Licensee shall be entitled to remove such data prior to deleting the Licensed Software. The relationship of the parties is that of independent contractor, and nothing herein shall be construed to create a partnership, joint venture, franchise, employment, or agency relationship between the parties. Licensee shall have no authority to enter into agreements of any kind on behalf of DCS and shall not have the power or authority to bind or obligate DCS in any manner to any third party.

23. Force Majeure. ITEM TITLE
Execution of IRS Form 8283 for a Donated Right-of-Way on Project No. 0220619 - Courtney Lane (Tract 4)

STAFF RECOMMENDATION
Take the following actions:

1) Accept 0.090 acres on Courtney Lane (Tract 4) as a right-of-way donated to Baldwin County by John L. Justice on January 10, 2020 (Instrument No. 1805145 of Baldwin County Judge of Probate); and

2) Related to the aforesaid, authorize the Chairman to execute IRS Form 8283 for the donated right-of-way.

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: On January 10, 2020, the Baldwin County Highway Department accepted a right-of-way donation on Courtney Lane from John L. Justice.

By the Chairman executing the IRS Form 8283, the County is not indicating that it agrees with the valuation of the property, but rather the County is acknowledging the fact that the county did receive the property.

The only part of the form that will be signed by the Chairman is Part IV, Donee Acknowledgement, in which:

1) The date of receipt of the donation is acknowledged; and

2) The County affirms that it will file an IRS information return should it dispose of the property within two (2) years after the date of receipt; and

3) The County states whether it intends to use the property for an unrelated use.

STAFF RECOMMENDATION
Take the following actions:

The only part of the form that will be signed by the Chairman is Part IV, Donee Acknowledgement, in which:

1) The date of receipt of the donation is acknowledged; and

2) The County affirms that it will file an IRS information return should it dispose of the property within two (2) years after the date of receipt; and

3) The County states whether it intends to use the property for an unrelated use.

Termination of the License and permission herein granted may be accomplished in writing, or orally. Once notice of termination is given by Licensor to Licensee, the permission herein granted shall immediately and automatically terminate, and Licensee shall have no further right, permission or authority to utilize the Property. I.G. Wage and Salary Administration

The compensation plan intends to provide equal compensation for work of equivalent responsibility, pay according to work performance and/or outstanding service. Each position is rated according to experience, knowledge, training, duty complexity, leadership, effect of errors, communication, problem solving, physical demands, potential work hazards, stewardship and responsibility and education.

Employees are generally hired at the entry level of the position's pay grade, but may receive a different amount depending on experience and skill level.

~~Classified non-exempt (hourly) employees may receive an increase in pay based on the overall score of the performance appraisal. Employees who receive an overall rating of 3.0 or higher are eligible to receive a merit increase. Merit increases are based on the step an employee is in within his or her classification. Employees hired or promoted before January 1, 2017 who are at entry level up to a step two (2) will be eligible for a 2.5% increase. Once an employee reaches a step two (2) then the employee is eligible for a 5% increase annually until the employee reaches a step eight (8). Employees who reach a step eight (8) or higher are eligible for a 2.5% increase annually. Employees hired or promoted after January 1, 2017, shall only be eligible for a 2.5% increase annually.~~

Classified non-exempt (hourly) and classified exempt (salaried) employees may receive an increase in pay based on the overall score of the performance appraisal. Employees who receive an overall rating of 3.0 or higher are eligible to receive an increase in pay ~~which is usually in the form of a percentage over the current salary level, up to, but not exceeding, the top of the salary scale for his or her job title~~ as outlined in Section *II.O. Performance Appraisals.*

(MOVED TO SECTION II.O)~~All exempt and non-exempt merit increases will take effect the first full pay period of the month following the employee's annual anniversary of hire date or annual anniversary of promotion. (ie: November hire date increase effective first full pay period of December.)~~

Additionally, classified employees will receive a 1% cost of living increase at the beginning of each fiscal year.

Notwithstanding anything contained in this employee handbook to the contrary, all funding for increases in pay must be approved in the fiscal year budget by the Baldwin County Commission, in its discretion, and may be suspended and/or frozen at any time and for any reason deemed appropriate by the Baldwin County Commission.

(MOVED TO SECTION II.O) ~~Increases shall not be approved if an employee's record indicates unsatisfactory job performance, including, but not limited to, any of the following:~~

~~1. Suspensions since the last evaluation date;~~
~~2. Two (2) documented disciplinary actions since the last evaluation date; or~~
~~3. Documented lack of care, misuse or negligence involving County property since the last evaluation date.~~

II.O. Performance Appraisals

The performance appraisal is a systematic method of appraising and strengthening an employee's performance. Supervisors make a rated evaluation based on factors such as job knowledge, job duties, leadership, promotion of accuracy, safety, communication, problem solving, stewardship and responsibility. He or she reviews the position description for any necessary changes and gives feedback about the employee's performance. Together, the supervisor and employee may develop goals to improve job skills and enhance performance.

The Baldwin County performance appraisal system is based on a scale of 1.0 – 5.0. An overall score of 3.0 or higher is deemed to be satisfactory. A score below 3.0 is deemed unsatisfactory, and a corrective action plan will be developed by the supervisor and employee, unless disciplinary actions, including, but not limited to, termination, is deemed necessary. The written performance appraisals will be reviewed with the employee and retained in the employee's personnel file.

Probationary employees will receive an evaluation prior to the end of the six (6) month probationary period. Probationary employees must receive a satisfactory evaluation of at least a 3.0 on a scale from 1.0 – 5.0 to be deemed a classified employee. If a probationary employee receives less than a 3.0 on the evaluation, then the evaluation will be considered unsatisfactory and the employee will be terminated. Probationary employees will then be evaluated at the end of their first year of consecutive employment. Probationary employees ~~hired *on or after* January 1, 2017,~~ are not eligible for a merit increase until he or she has completed one (1) consecutive year of employment and receives a score of 3.0 or higher on his or her one (1) year evaluation.

~~Hourly (non-exempt), non-probationary employees, hired *before* January 1, 2017, will be evaluated according to the step within the classification of the position in which the employee holds. If an employee is entry level through step two (2), an evaluation will be performed every six (6) months from the first day of the month following the date of employment until he or she reaches a step two (2). Once the employee reaches a step two (2) or higher, an evaluation will be performed annually.~~

~~Hourly (non-exempt), non-probationary employees, hired *on or after* January 1, 2017, will be evaluated annually and will receive a 2.5% or one (1) step merit increase if the employee scores a 3.0 or above on his or her evaluation.~~

Annual written performance appraisals will be performed on all non-probationary hourly (non-exempt), salaried (exempt) employees, and Appointed Employees, on anniversary of hire date or anniversary of promotion date. ~~The employee will receive a 2.5% merit increase if he or she scores a 3.0 or above on his or her evaluation. Classified exempt (salaried)~~ These employees may receive an increase in pay based on the overall score of the performance appraisal. Employees who receive an overall rating of 3.0 or higher are eligible to receive an increase in pay ~~which is usually~~ in the form of a percentage over the current salary level, up to, but not exceeding, the top of the salary scale for his or her job title. Performance appraisal percentage increases are as follows:

Performance Appraisal Score		Merit Increase
From	*To*	
3.0	3.39	1.50%
3.4	3.79	2.00%
3.8	4.19	2.50%
4.2	4.59	3.00%
4.6	5.0	3.50%

All exempt and non-exempt merit increases will take effect the first full pay period of the month following the employee's annual anniversary of hire date or annual anniversary of promotion. (ie: November hire date increase effective first full pay period of December.)

Additionally, classified employees will receive a 1% cost of living increase at the beginning of each fiscal year.

Increases shall not be approved if an employee's record indicates unsatisfactory job performance, including, but not limited to, any of the following:

4. Suspensions since the last evaluation date;
5. Two (2) documented disciplinary actions since the last evaluation date; or
6. Documented lack of care, misuse or negligence involving County property since the last evaluation date.

When merit increases have been suspended and/or frozen by the Baldwin County Commission, evaluations will be conducted on an annual basis, with the exception of new employees which receive semi-annual evaluations for the first year of employment.

Notwithstanding anything contained in this employee handbook to the contrary, all funding for increases in pay must be approved in the fiscal year budget by the Baldwin County Commission, in its discretion, and may be suspended and/or frozen at any time and for any reason deemed appropriate by the Baldwin County Commission.

II.R. Promotions

Baldwin County continually strives to promote employees and fill job vacancies on an equal opportunity basis. A promotion is defined as advancing to a different position of a higher pay grade with greater responsibilities that is not part of a position reclassification. Promotions are based on an objective evaluation of each vacancy and the candidates involved. When possible, Baldwin County will promote from within and will first consider employees with the necessary qualifications and skills, unless outside recruitment is deemed to be in the best interest of the County. However, to be eligible for a promotion, the employee must be able to meet the requirements of the new position, must have satisfactory performance, must have held the current position for at least six (6) months, with the exception of employees within the same department doing similarly situated position duties, and must have no adverse disciplinary actions during the

~~Promotions approved after January 1, 2017 will have an annual evaluation date of the date of promotion and will follow the merit increase guidelines as outlines in Section *I.G. Wage & Salary Administration.*~~

Employees may view job postings ~~on the central job posting area outside~~ in the Personnel Department, ~~on~~ at various locations throughout the County system, and on the Baldwin County external web site (www.baldwincountyal.gov). ~~, or on the Baldwin County intranet (BCAP).~~ Selected openings may be advertised through various means.

Baldwin County reserves the right to fill department vacancies, which result in a promotion, within the employee's current department without posting the position.

Notwithstanding anything contained in this employee handbook to the contrary, all funding for increases in pay must be approved in the fiscal year budget by the Baldwin County Commission, in its discretion, and may be suspended and/or frozen at any time and for any reason deemed appropriate by the Baldwin County Commission.

I.F. Job Classifications

All job classifications are based on an analysis of the duties and responsibilities of each position and requirements of education, training, experience, skills, knowledge and abilities necessary for the position.

A position reclassification is defined as a position that is moved into a higher pay grade due to a significant increase in duties, changes in the department organizational structure, staffing requirements, etc. Reclassification will result in a salary increase of no less than 2.5% above the current annual salary or the minimum annual salary of the higher pay grade, whichever is greater.

New employees or employees transferring or being promoted to new positions shall receive a copy of the new position description. All classified positions and position descriptions shall be approved and funded by the Baldwin County Commission.

Economic Prosperity & Workforce

The County is committed to building a vibrant prosperous local economy. While tourism will continue to be an important aspect of our economy, the County also seeks to bring into the South Alabama Mega Site businesses in other industries like logistics, aerospace, automotive, healthcare and distribution offering wages which sustain families and communities. Likewise, the County is committed to building a workforce to support those same industries. To strengthen our economic development initiatives, the County will focus on the following results:

Proposed Zoning Requirements

Section 5.4 B-4, Major Commercial District

5.4.1 *Purpose and intent.* The B-4, Major Commercial District, is intended for business uses which require a location with access to an arterial or major collector road (as defined by the Functional Classification System attached as Appendix) or which have close proximity to major intersections. Due to the nature of the businesses permitted within the B-4 district, this zoning designation should be limited to property fronting on principal arterials, major arterials or minor arterials. Ingress and egress to a roadway should promote safe and smooth traffic flow for the general traveling public. It is also the intent of this district to provide areas for businesses which, because of their intensity, outside storage areas, or large volumes of traffic, would have significant negative impacts on adjoining properties. These uses often have an actual or potential negative impact on surrounding properties due to late hours of operation, noise, and or light.

5.4.2 *Permitted uses.* The following uses are permitted as of right, or as uses accessory to permitted uses in the B-4, Major Commercial District:

(a) All uses permitted by right under the B-3 zoning designation

Baldwin County Highway Department:

Tyler Mitchell

DJ,

Access to this property via CR 68 would need to be coordinated with the Highway Department and would require a commercial access/turnout permit. This access should be planned for the easterly portion of the property.

DJ,

Tyler talked to Joey about this one. Below are additional comments that go with his remarks.

Any connection to this property should be along the East/West portion of County Road 68. Connection should be permitted through the Baldwin County Highway Department Permits Section with a Commercial Turnout. Impacts to any current Highway project or projected project will be looked at if the application is submitted.

Access along the North/South portion of CR 68/Beach Express/I10 interchange can only be permitted through ALDOT. This would most likely would not be allowed due to this area being the "No Access Zone."

Thanks,

Weesie

Staff Analysis and Findings

The following factors for reviewing zoning amendments are found in Section 19.6 of the *Baldwin County Zoning Ordinance*. These factors are to be considered when an application is being reviewed for rezoning.

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently undeveloped and has been used for agricultural purposes. The property adjoins County Road 68 to the north and the I-10/Baldwin Beach Express Interchange. The adjacent properties are residential and agricultural. Properties to the north and northwest are zoned B-4. Buc-ee's is located at the southwest quadrant of the interchange.

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

The zoning for Planning District 12 was approved by the County Commission on November 7, 2006. The major change affecting this area is the completion of the Baldwin Beach Express and the I-10 interchange. As a result, numerous parcels, both north and south of I-10, have been rezoned to B-4. The most significant development to occur so far is Buc-ee's, which was permitted and developed under County zoning prior to annexation into the Town of Loxley.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides future land use designations for properties located within the zoned areas of the County. These categories represent the recommendations for the physical development of the unincorporated areas of the County. They are intended for planning purposes only and do not represent the adoption of zoning designations for areas which have not voted their desire to come under the zoning authority of the Baldwin County Commission. Although not legally binding, the future land use designations are evaluated in conjunction with criteria found in the Baldwin County Zoning Ordinance (Zoning Ordinance), the Baldwin County Subdivision Regulations, the Baldwin County Flood Damage Prevention Ordinance and any other ordinances and regulations which the County Commission may adopt.

A future land use designation of Agricultural is provided for the subject property. Approval of the rezoning will result in an amendment of the Future Land Use Map to Commercial. This category provides for retail and wholesale trade facilities which offer convenience and other types of goods and services. Institutional uses, recreational uses, mixed-use developments and transportation, communication and utility uses may be included in accordance with the Zoning Ordinance. Multiple family developments may also be included. Commercial uses should be located on major streets so as to be accessible to the residential population. Zoning designations may include RR, B-1, B-2, B-3, B-4, LB, RV-1, RV-2, MR and TR.

4.) Will the proposed change conflict with existing or planned public improvements?

Baldwin County Highway Department Comments:

Tyler Mitchell

DJ,

5.) Will the proposed change adversely affect traffic patterns or congestion?

The area has seen a significant increase in traffic and congestion since Buc-ee's opened. Development of the subject property will also bring about an increase in traffic. However, the traffic generated by the proposed use should be somewhat less than that generated by Buc-ee's. In addition, the location north of I-10 and the proximity to the interchange should help to minimize impacts. This will be looked at further during the permitting process, as discussed above.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

The subject property abuts the Baldwin Beach Express to the east and the I-10 interchange. As previously stated in the B-4 Major Commercial District purpose and intent, B-4 zoning "is intended for business uses which require a location with access to an arterial or major collector road or which have close proximity to major intersections." Please also refer to the responses for standards 1 and 2.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

Adjacent properties to the north and northwest are zoned B-4. Several parcels, including the location of Buc-ee's, were zoned B-4 prior to annexation into the Town of Loxley.

8.) Is the timing of the request appropriate given the development trends in the area?

Timing is not a factor.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

There are no environmental conditions or historic resources which would be impacted by this request.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

Staff anticipates no adverse impacts.

11.) Other matters which may be appropriate.

Staff Comments and Recommendation

As stated previously, the subject property, which is currently undeveloped, is zoned RA, Rural Agriculture District. It consists of approximately 19 acres and is located at the northeast quadrant of the I-10 and Baldwin Beach Express Interchange. The designation of B-4, Major Commercial District, has been requested in order to allow for a Recreational Vehicle (RV)/Camper Dealership. The proposed use would be allowed by right under the requested zoning.

If the requested rezoning is approved, the applicant will be required to apply for Land Use approval and meet all zoning requirements including, but not limited to setbacks, building height, parking, signage, landscaping and buffering. Drainage plans will be reviewed by the Baldwin County Highway Department.

Staff feels that this is a reasonable request and recommends **APPROVAL**. * A decision should be made, based on the information obtained at the public hearing.

**On rezoning applications, the County Commission will be making the final decision.*

Loxley certifies elections for mayor, four council seats

By JOHN UNDERWOOD
john@gulfcoastmedia.com

LOXLEY — The Loxley Town Council voted on Monday, Aug. 10 to certify elections for mayor and four of the five council seats after incumbents qualified unopposed in those races.

The council voted unanimously Aug. 10 to certify the elections of Mayor Richard Teal, Mayor Pro Tem Kasey Childress, Richard Lee Wilson, Jeffrey T. Knight and Katherine Breeden, who all qualified unopposed in their respected races.

It was a four-way race for the Place 4 seat with the town's newest council member Chris McCall facing off against three challengers in the Aug. 25 election.

McCall was appointed last year to fill the council seat vacated by Teal, who was appointed as mayor following the death of longtime Mayor Billy Middleton.

McCall faced Beth Lovell, Randy Smith and Philip Dembowski for the seat. Results from the election were not available at press time.

In other business Aug. 10, the council voted to appoint election officers for the Aug. 25 election, including Janice Christopherson, inspector; Carol Gardner, registration list clerk; Bridgett Kaiser, poll list clerk; Dot Bishop, ballot clerk; and Todd Kaiser, alternate. Town Clerk Melissa Lawrence was appointed in July to oversee the election.

Also on Aug. 10, the council approved a transportation plan to use revenues anticipated from the Rebuild Alabama Act fund during the 2020-21 fiscal year.

The act, which was signed into law in March of last year by the State Legislature, increased the gasoline and undyed diesel excise taxes by 6 cents per gallon affective Sept. 1, 2019. An additional 2-cent tax will be levied beginning Oct. 1 of 2020 and 2021 with additional tax adjustments, not to exceed 1-cent per gallon, to be levied effective Oct. 1, 2023 and every other year thereafter on July 1.

Municipalities and county governments throughout the state will receive funding through the tax levy for roadway improvements, repairs, resurfacing, reconstruction or maintenance. The funds could also be used as match monies for any state or federal grant funded projects to perform roadway improvements, repairs, resurfacing, reconstruction or maintenance.

The Rebuild Alabama Act requires all municipalities to pass

the last 13 which were spent as Foley's chief.

"Chief Wilson is probably one of the best, if not the best, hires that's been made at this city since I've been on this council, and I've been here awhile," said Council President Wayne Trawick. "We thoroughly appreciate [Wilson] being here and what [he has] done for this city, it brought us a long way, and it was hard to get here ... He is the absolute definition of a leader. He has left the department in a much better state than he found it, and if that's not real leadership then I don't know what is."

JESSICA VAUGHN / STAFF PHOTO

Speakers for the event included Foley Mayor John Koniar, Baldwin County District Attorney Robert Wilters, Sheriff Hoss Mack, and Bullock. Wilson's weapons, both his stock and backup, were approved as surplus and presented to him during the ceremony. The department's staff had his stock weapon customized in his honor.

Prior to coming to Foley, Wilson served on Daphne PD. Wilson was taught community-oriented policing by Captain Charlie McNichol, which he says he's never forgotten. Though retiring, Wilson will remain working part time as a Training Specialist for the City of Foley. He looks forward to using retirement to spend time with his wife Denise and their family.

"To our police department and city employees, Team Foley, I love working with you and am looking forward to it more in the future," said Wilson. "To our police department employees, I've already shared with you how I feel about you, but what a great group of men and women to work with, and I'll take you with me for the rest of my days in my heart."

Bullock has served in law enforcement for 24 years. After his swearing in, Bullock thanked his family, friends, the City of Foley's staff, council, and mayor, the citizens of Foley, and Wilson.

"I'm proud to serve [the citizens of Foley]," Bullock said. "I grew up in this area, in this town, and I'm glad to give back to this family that I grew up in, so it's a pleasure and an honor to do that. And if it wasn't for [Chief Wilson], I wouldn't be here I don't believe. This man has shown us so many things when it comes to leadership, he has developed us, he has helped to get us to where we are. We are very sad to be losing him. He's also a friend that is going to be missed, but he's still going to be around, we're still going to be going to lunch. I can't tell you how much I love David as a friend and as my chief, and I just think he's done so much for us. I know we're going to make him and the citizens and the council and everyone else proud."

ADEM: No comments received.

Municipality: City of Daphne. Adrienne Jones, Planning Director.

Good morning,

With regard to the Estate of Inez Stots property, in order to make an informed recommendation, I need information. For example, which zoning district does the county consider to be an appropriate transitional zone, one that is typically found on the edge of a heavier commercial district and a residential district?

From my direct observation Milton Jones Road has become increasingly more commercialized or perhaps industrialized, therefore, it is not surprising that a request for commercial zoning has been submitted for this parcel. A low intensity use or some type 9 am to 5 pm operation with adequate buffering/landscaping along the north and eastern boundary lines would be suitable. If B-2 is such a district to permit this, then I would recommend approval.

I hope this is helpful,

Adrienne

Staff Analysis and Findings

The following factors for reviewing zoning amendments are found in Section 19.6 of the *Baldwin County Zoning Ordinance*. These factors are to be considered when an application is being reviewed for rezoning.

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently occupied with one dwelling. The property adjoins Milton Jones Road to the south. The adjoining properties are residential and commercial.

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

The zoning for Planning District 15 was approved by the County Commission on August 1, 2006. Since that time, Highway 181 has been widened to four lanes from US Highway 90, south to Milton Jones Road, which has seen numerous rezonings from residential to commercial and industrial designations. In addition, it should be noted that property located at the intersection of State Highway 181 and County Road 64 has been annexed into the City of Daphne.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides future land use designations for properties located within the zoned areas of the County. These categories represent the recommendations for the physical development of the unincorporated areas of the County. They are intended for planning purposes only and do not represent the adoption of zoning designations for areas which have not voted their desire to come under the zoning authority of the Baldwin County Commission. Although not legally binding, the future land use designations are evaluated in conjunction with criteria found in the Baldwin County Zoning Ordinance (Zoning Ordinance), the Baldwin County Subdivision Regulations, the Baldwin County Flood Damage Prevention Ordinance and any other ordinances and regulations which the County Commission may adopt.

A future land use designation of Residential is provided for the subject properties. Approval of the rezoning will necessitate an automatic change in the future land use designation to Residential. This category is provided for residential dwelling units including single family dwellings, two family (duplex) dwellings, multiple family dwellings, manufactured homes, manufactured housing parks and Planned Residential Developments. Institutional uses, recreational uses and limited neighborhood commercial uses may be included subject to the provisions of the Zoning Ordinance. To the greatest extent possible, residential areas should be accessible to major thoroughfares connecting with work areas, shopping areas and recreational areas. Zoning designations may include RR, RA, CR, RSF-E, RSF-1, RSF-2, RSF-3, RSF-4, RSF-6, RTF-4, RTF-6, RMF-6, HDR, RMH and PRD.

If the rezoning is approved, the Future Land Use Map will be amended to reflect the designation of Commercial. This category provides for retail and wholesale trade facilities which offer convenience and other types of goods and services. Institutional uses, recreational uses, mixed-use developments and transportation, communication and utility uses may be included in accordance with the Zoning Ordinance. Multiple family developments may also be included. Commercial uses should be located on major streets so as to be accessible to the residential population. Zoning designations may include RR, B-1, B-2, B-3, B-4, LB, RV-1, RV-2, MR and TR.

4.) Will the proposed change conflict with existing or planned public improvements?

Milton Jones Road is under the jurisdiction of the City of Daphne. Staff is unaware of any conflicts with existing or planned public improvements if the rezoning is approved.

Baldwin County Highway Department Comments

DJ,

I agree with Tyler's comments.

Thanks,
Weesie

5.) Will the proposed change adversely affect traffic patterns or congestion?

Commercial development of the subject property will cause an increase in traffic. The extent will depend on the nature and type of use to be constructed. Given the existing zoning designations and development patterns, traffic impact should be minimal.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

See response to Standard Number 1. This is an area in transition with Milton Jones Road becoming more commercialized as rezonings to commercial and industrial designations have been approved. Staff feels that this request is consistent with development patterns in the area.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

Adjacent property to the west is zoned B-3, General Business District, with property further west being zoned B-2. Properties to the south are zoned M-1, Light Industrial District.

8.) Is the timing of the request appropriate given the development trends in the area?

Timing is not a factor, with this request. Given the trends in the area, requests for commercial rezonings will probably increase in the future.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

There are no environmental conditions or historic resources which would be impacted by this request.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

This is a broad standard which anticipates impacts which would extend beyond the subject property and adjacent parcels. Staff anticipates no adverse impacts.

11.) Other matters which may be appropriate.

Staff Comments and Recommendation

As stated previously, the subject property, which consists of approximately .5 acres, is currently zoned RSF-3, Single Family District. B-2, Neighborhood Business District has been requested. According to the submitted information, the purpose of the request is to achieve the best use of the property and a designation which is consistent with its location. This application involves the same applicant as Case Z-20028, which is a similar request. For continued residential use of the subject

For the most part, staff does not support speculative rezoning requests. Although not required, information related to specific plans is useful in evaluating standards and formulating recommendations. In the case at hand however, the changing nature of the Milton Jones Road area makes the future prospects for continued residential use of the subject property unlikely. In addition, rezoning can create a transitional zoning designation between the B-3 property to the west and the remaining residential property to the east.

Unless information to the contrary is revealed at the public hearing, this request should be **APPROVED**. *

* *On rezoning applications, the County Commission will have the final vote.*

Loxley certifies elections for mayor, four council seats

By JOHN UNDERWOOD
john@gulfcoastmedia.com

LOXLEY — The Loxley Town Council voted on Monday, Aug. 10 to certify elections for mayor and four of the five council seats after incumbents qualified unopposed in those races.

The council voted unanimously Aug. 10 to certify the elections of Mayor Richard Teal, Mayor Pro Tem Kasey Childress, Richard Lee Wilson, Jeffrey T. Knight and Katherine Breeden, who all qualified unopposed in their respected races.

It was a four-way race for the Place 4 seat with the town's newest council member Chris McCall facing off against three challengers in the Aug. 25 election.

McCall was appointed last year to fill the council seat vacated by Teal, who was appointed as mayor following the death of longtime Mayor Billy Middleton.

McCall faced Beth Lovell, Randy Smith and Philip Dembowski for the seat. Results from the election were not available at press time.

In other business Aug. 10, the council voted to appoint election officers for the Aug. 25 election, including Janice Christopherson, inspector; Carol Gardner, registration list clerk; Bridgett Kaiser, poll list clerk; Dot Bishop, ballot clerk; and Todd Kaiser, alternate. Town Clerk Melissa Lawrence was appointed in July to oversee the election.

Also on Aug. 10, the council approved a transportation plan to use revenues anticipated from the Rebuild Alabama Act fund during the 2020-21 fiscal year.

The act, which was signed into law in March of last year by the State Legislature, increased the gasoline and undyed diesel excise taxes by 6 cents per gallon affective Sept. 1, 2019. An additional 2-cent tax will be levied beginning Oct. 1 of 2020 and 2021 with additional tax adjustments, not to exceed 1-cent per gallon, to be levied effective Oct. 1, 2023 and every other year thereafter on July 1.

Municipalities and county governments throughout the state will receive funding through the tax levy for roadway improvements, repairs, resurfacing, reconstruction or maintenance. The funds could also be used as match monies for any state or federal grant funded projects to perform roadway improvements, repairs, resurfacing, reconstruction or maintenance.

The Rebuild Alabama Act requires all municipalities to pass

the last 13 which were spent as Foley's chief.

"Chief Wilson is probably one of the best, if not the best, hires that's been made at this city since I've been on this council, and I've been here awhile," said Council President Wayne Trawick. "We thoroughly appreciate [Wilson] being here and what [he has] done for this city, it brought us a long way, and it was hard to get here ... He is the absolute definition of a leader. He has left the department in a much better state than he found it, and if that's not real leadership then I don't know what is."

JESSICA VAUGHN / STAFF PHOTO

Speakers for the event included Foley Mayor John Koniar, Baldwin County District Attorney Robert Wilters, Sheriff Hoss Mack, and Bullock. Wilson's weapons, both his stock and backup, were approved as surplus and presented to him during the ceremony. The department's staff had his stock weapon customized in his honor.

Prior to coming to Foley, Wilson served on Daphne PD. Wilson was taught community-oriented policing by Captain Charlie McNichol, which he says he's never forgotten. Though retiring, Wilson will remain working part time as a Training Specialist for the City of Foley. He looks forward to using retirement to spend time with his wife Denise and their family.

"To our police department and city employees, Team Foley, I love working with you and am looking forward to it more in the future," said Wilson. "To our police department employees, I've already shared with you how I feel about you, but what a great group of men and women to work with, and I'll take you with me for the rest of my days in my heart."

Bullock has served in law enforcement for 24 years. After his swearing in, Bullock thanked his family, friends, the City of Foley's staff, council, and mayor, the citizens of Foley, and Wilson.

"I'm proud to serve [the citizens of Foley]," Bullock said. "I grew up in this area, in this town, and I'm glad to give back to this family that I grew up in, so it's a pleasure and an honor to do that. And if it wasn't for [Chief Wilson], I wouldn't be here I don't believe. This man has shown us so many things when it comes to leadership, he has developed us, he has helped to get us to where we are. We are very sad to be losing him. He's also a friend that is going to be missed, but he's still going to be around, we're still going to be going to lunch. I can't tell you how much I love David as a friend and as my chief, and I just think he's done so much for us. I know we're going to make him and the citizens and the council and everyone else proud."

Agency Comments

Baldwin County Highway Department, Tyler Mitchell and Weesie Jeffords:

DJ,

I agree with Tyler's comments.

Any connection to HWY 90 (Minor Arterial) will require a permit through ALDOT and there is a 100ft highway construction setback from the center of ROW.

Connection to County Road 66N (local road) will require a commercial turnout permit through the Baldwin County Highway Department and has a 40ft highway construction setback from the center of the ROW.

Thank you,
Weesie

Staff Analysis and Findings

The following factors for reviewing zoning amendments are found in Section 19.6 of the *Baldwin County Zoning Ordinance*. These factors are to be considered when an application is being reviewed for rezoning.

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently occupied with one dwelling and accessory structures. The property adjoins U.S. Highway 90 to the south and County Road 66 North to the east. Property to the east is the location for a grandfathered concrete plant. Properties to the north, south and west are residential.

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

Planning District 15 was zoned in August 2006. There have been no changes which would impact rezoning of the subject property.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides a future land use designation of Residential for the subject property. This category is provided for residential dwelling units including single family dwellings, two family (duplex) dwellings, multiple family dwellings, manufactured homes, manufactured housing parks and Planned Residential Developments. Institutional uses, recreational uses and limited neighborhood commercial uses may be included subject to the provisions of the Zoning Ordinance. To the greatest extent possible, residential areas should be accessible to major thoroughfares connecting with work areas, shopping areas and recreational areas. Zoning designations may include RR, RA, CR, RSF-E, RSF-1, RSF-2, RSF-3, RSF-4, RSF-6, RTF-4, RTF-6, RMF-6, RMH and PRD.

If the rezoning is approved, the Future Land Use Map will be amended to reflect the designation of Commercial. The commercial category is provided for retail and wholesale trade facilities which offer convenience and other types of goods and services. Institutional uses, recreational uses, mixed-use developments and transportation, communication and utility uses may be included in accordance with the Zoning Ordinance. Multiple family developments may also be included. Commercial uses should be located on major streets so as to be accessible to the residential population. Zoning designations may include RR, B-1, B-2, B-3, B-4, MR and TR.

4.) Will the proposed change conflict with existing or planned public improvements?

Staff is unaware of any existing or planned public improvements which would be impacted.

5.) Will the proposed change adversely affect traffic patterns or congestion?

Traffic will increase with commercial development on the property. The exact nature and extent of the increase is difficult to ascertain at this time. This will be looked at during the permitting process, as discussed above.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

The majority of the surrounding land uses are residential. Property to the west, across County Road 66 North, is the location of a concrete plant which was established prior to the adoption of zoning. This property, however, is zoned RSF-1.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

The surrounding zoning designations are RSF-1, with an area of RR, Rural District, located to the west. The nearest B-2 zoned parcel is located across from the RR parcel on the south side of U.S. Highway 90.

8.) Is the timing of the request appropriate given the development trends in the area?

Timing is not a factor with this request.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

Staff is unaware of any environmental conditions or historic resources that would be adversely impacted by this request. The Alabama Department of Environmental Management (ADEM) provided no comments.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

Staff anticipates no adverse impacts. Access to this site would require approval from Baldwin County Highway Department on County Road 66 North and from the Alabama Department of Transportation (ALDOT) on U.S. highway 90. Development of the property will be considered as a major project. Prior to the issuance of a Land Use Certificate, staff will evaluate all submitted materials, including building plans, drainage plans, landscaping plans, buffers and site plans in order to ensure compliance with the requirements of the zoning ordinance.

11.) Other matters which may be appropriate.

Staff Comments and Recommendation

As stated previously, this request involves two parcels which are currently zoned RSF-1, Single Family District. The total acreage is approximately 7.91 acres. The designation of B-2, Neighborhood Business District has been requested in order to achieve the best use of the property. No proposed use has been specified. Case Z-20027 is a similar request involving the same applicant. Like Case Z-20027, this application represents speculative rezoning. The situation in this area is somewhat different however, in that we do have multiple zoning designations and have not see a significant number of rezoning applications. Staff believes, however, that residential development of the subject properties is unlikely due to the location on U.S. Highway 90, and due also to the presence of the concrete plant.

Unless information to the contrary is revealed at the public hearing, staff feels this rezoning application should be **APPROVED**. *

**On rezoning applications, the County Commission will be making the final decision.*

Letter of Opposition

RE: Case No. Z-20028 Estate of Inez Stots Property Planning District 15

I am Warren and Stephanie Collins, a Loxley resident living at 28111 County Rd 66 N, Loxley, Al 36551

To whom it may concern:

I am writing to express my opposition to the proposed rezoning of property located at 28045 County Rd 66 N in Planning District 15. The planning for a commercial/industrial site is not consistent with the intent to improving residential living: multiple-family residences tend to be clustered together in large developments near other dense land uses, such as a present cement plant and industry in the rear of the community. The community would be subject to possible harmful environmental residue in the event that an industrial site is developed. Furthermore, is the concern of heavy machinery and traffic in the neighborhood. The multiple-family residences are currently physically and visually in the center of the above-mentioned industries. We feel that the goal of the Planning Commission is to preserve existing neighborhoods.

Our opposition is also based on these potential/probable negative effects:

- The loss of neighborhood and community character
- A decrease in the market value of my home
- Increased traffic congestion adding to an already dangerous situation at Hwy 90 and County Rd. 66N
- The destruction of green space and mature trees as well as driving animals out of the area onto County Rd. 66N and Highway 90 causing potential accidents

Please DO NOT rezone this site from RSF-1 Single Family District to B-2 –Local Business District. Once the property is rezoned, a developer can change the original concept within the approved RSF-1 zoning. Single family construction fits within this neighborhood and community. Respectfully,

Warren Collins/Stephanie Collins Phone: (251) 222-3390

City of Daphne (Adrienne Jones, Planning Director):

With regard to the Schambeau rezoning request to bring the parcel's zoning in conformity with the actual use thereby allowing them to rebuild the fire-damaged structure, I recommend approval. The facility has been in operation for well over 10 years and is now part of the fabric of the County Road 64 corridor.

Staff Analysis and Findings

The following factors for reviewing zoning amendments are found in Section 19.6 of the *Baldwin County Zoning Ordinance*. These factors are to be considered when an application is being reviewed for rezoning.

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently occupied with mini-warehouse storage buildings. The properties adjoin County Road 64 to the north. Surrounding properties are residential.

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

The zoning for Planning District 15 was adopted by the County Commission on August 1, 2006. The area has seen significant residential and commercial growth since that time. The existing storage facility was established prior to the adoption of zoning and is nonconforming. According to information from the Baldwin County Revenue Commission, warehouse buildings were first constructed on the property around 1995.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides future land use designations for properties located within the zoned areas of the County. These categories represent the recommendations for the physical development of the unincorporated areas of the County. They are intended for planning purposes only and do not represent the adoption of zoning designations for areas which have not voted their desire to come under the zoning authority of the Baldwin County Commission. Although not legally binding, the future land use designations are evaluated in conjunction with criteria found in the Baldwin County Zoning Ordinance (Zoning Ordinance), the Baldwin County Subdivision Regulations, the Baldwin County Flood Damage Prevention Ordinance and any other ordinances and regulations which the County Commission may adopt.

A future land use designation of Residential is provided for the subject properties. Approval of the rezoning will necessitate an automatic change in the future land use designation to Residential. This category is provided for residential dwelling units including single family dwellings, two family (duplex) dwellings, multiple family dwellings, manufactured homes, manufactured housing parks and Planned Residential Developments. Institutional uses, recreational uses and limited neighborhood commercial uses may be included subject to the provisions of the Zoning Ordinance. To the greatest extent possible, residential areas should be accessible to major thoroughfares connecting with work areas, shopping areas and recreational areas. Zoning designations may include RR, RA, CR, RSF-E, RSF-1, RSF-2, RSF-3, RSF-4, RSF-6, RTF-4, RTF-6, RMF-6, HDR, RMH and PRD.

If the rezoning is approved, the Future Land Use Map will be amended to reflect the designation of Commercial. This category provides for retail and wholesale trade facilities which offer convenience and other types of goods and services. Institutional uses, recreational uses, mixed-use developments and transportation, communication and utility uses may be included in accordance with the Zoning Ordinance. Multiple family developments may also be included. Commercial uses should be located on major streets so as to be accessible to the residential population. Zoning designations may include RR, B-1, B-2, B-3, B-4, LB, RV-1, RV-2, MR and TR.

4.) Will the proposed change conflict with existing or planned public improvements?

The Highway Department is currently in the design phase of corridor improvements to County Road 64 in this area. Since the use of the property is existing, there should be no impact on the planned improvements.

5.) Will the proposed change adversely affect traffic patterns or congestion?

Although traffic congestion is a major concern in this area, there should be no adverse impacts on traffic patterns or congestion due to the fact that the use is already established. Additional improvements, if any, will require review by the Highway Department.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

The surrounding land uses are residential. The use of the subject property was established prior to the adoption of zoning in the planning district. Approval of the rezoning will provide a conforming status. Please also see the responses to Standards 1 and 2.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

Adjacent properties are zoned RSF-E. The nearest area of B-3 zoning is located to the west at the intersection of State Highway 181 and County Road 64. B-1 and B-2 zoning is found to the east of Austin Road.

8.) Is the timing of the request appropriate given the development trends in the area?

Timing is not a factor with this request.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

No impacts.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

No adverse effects.

11.) Other matters which may be appropriate.

Last year's inaugural contest saw over 11,000 people participate to vote for all of their Baldwin favorites.

This year's contest will kick off on Tuesday, Sept. 1 as nominations open in over 300 categories, including brand-new categories. Categories include automotive, business, community, education, food and drink, medical and wellness, shopping and commerce and more.

Nominations will close on Wednesday, Sept. 30 at noon. At that time, the top five nominations in each category will advance to the final voting round; so the more you nominate your favorites, the greater chance they have to continue to voting.

Voting opens at midnight on Thursday, Oct. 1, and will last until Saturday, Oct. 31 at 11:59 p.m.

Participants can nominate/vote once per day per category in as many or as few categories as they like. Nominations and voting are completely free and open to the public.

First, second, and third place winners will be announced on Dec. 11 on the Best of 2021 website and in the Big Beautiful Baldwin's Best publication, which will be included within The Baldwin Times.

First place winners will receive a framed "Big Beautiful Baldwin's Best of 2021" certificate, a "Big Beautiful Baldwin's Best of 2021" window cling, a .pdf of the Big Beautiful Baldwin's Best logo for use in future advertising and bragging rights to be called "Big Beautiful Baldwin's Best of 2021" for their type of business.

This year's contest will also feature a sweepstakes for all those who participate! Voters are automatically entered into our sweepstakes. One lucky voter will win the 2021 Best Of Yeti Cooler and four lucky voters will win a 4-Pack VIP EXPERIENCE to the Legends in Concert Holiday Show on Thursday, Dec. 3, 2020! There is no cost to participate in the sweepstakes. Sweepstakes winners will be chosen at random after voting has come to a close on Oct. 31. Emails will be sent out to notify sweepstakes winners shortly after the contest ends.

For more information or to find out how to get your nominated business or service involved in promotions that will be going on throughout the contest, contact your Gulf Coast Media marketing representative or call us at Gulf Coast Media at 251-943-2151. Be ready to nominate your favorite business, service, person, restaurant or product starting Sept. 1 at http://gulfcoastnewstoday.com/bestof2021/#//.

The Baldwin County Commission's accounting software will be converted from JD Edwards Enterprise One (E1) to Tyler Technology's Munis at the beginning of the new fiscal year, October 1, 2020. In order to convert data, both accounting systems will be down September 26th through October 4th (with the exception of processing payroll). Munis will go live on October 5th.

The Finance/Accounting Department Staff has reviewed all accounting processes and has determined the best timing for Payment of Bills prior to the accounting system conversion is Friday, September 25th. Commission approval is required for Payment of Bills, however, the two Commission Meetings closest to this date are September 15th and October 6th.

This agenda item is to provide information and allow for discussion on how to accomplish Payment of Bills through the accounting system conversion.

UNDER NO CIRCUMSTANCES SHALL COUNTY BE LIABLE FOR DAMAGES RELATED TO BUSINESS INTERRUPTION, CONSEQUENTIAL DAMAGES, PUNITIVE DAMAGES OR LOSS OF PROFITS.**

8. LOSS OF BUILDING

8.1 If the buildings located on the Premises are totally or partially damaged or destroyed by fire, or other cause, so as to be partially or totally unfit for the use or purpose for which the same is hereby let, the County may elect to repair or rebuild same within ninety (90)

days after receiving written notice from WildNative of such destruction. If such election is made, the County shall proceed to rebuild or repair the said building with due diligence. The rent during said time of reconstruction shall be reduced in the proportion that said Leased Premises in the untenable or unfit condition bears to the condition of the said Leased Premises immediately prior to said damage; provided, however, that in the event County fails to make such election to repair or rebuild within the aforesaid ninety (90) days after WildNative properly notifies the County of such damage, this Agreement may be terminated by WildNative by written notice to the County at any time after the expiration of said ninety (90) day period. Such notice must be given prior to the commencement of reconstruction by the County, and in the event that reconstruction is begun by the County subsequent to said ninety (90) day period and prior to notification by WildNative of its intent to terminate this Agreement, then WildNative will be deemed to have waived the right to so terminate.

9. EMINENT DOMAIN

9.1 In the event the whole of the Premises shall be taken by federal, state, county, city, public utility or other authority for public use or under any statute, or by right of eminent domain, then when possession shall be taken thereunder of said Premises, the Term hereby granted and all rights of WildNative hereunder shall immediately cease and terminate, and the rent herein provided for shall be adjusted as of the date of such termination of this Agreement.

9.2 In the event that a portion of the Premises be taken by such authority, this Agreement shall continue in full force and effect as to the property remaining, provided, however, that said property remaining is capable of a continued enjoyment by WildNative for the uses and purposes provided herein.

10. DEFINITION OF DEFAULT

10.1 The happening of any one or more of the following events shall constitute events of default hereunder:

(a) The levy of execution or other legal process upon the interest of WildNative in the leasehold estate herein created on in this Agreement, or upon any property of WildNative located upon the Leased Premises that remain in effect for thirty (30) days from such levy.

(b) The adjudication of WildNative to be bankrupt, or the approval of a petition for a reorganization of WildNative filed in good faith, in proceedings instituted under the bankruptcy laws, which remain in effect for thirty (30) or more days from such adjudication.

(c) The making of an assignment by WildNative for the benefit of creditors with respect to all or substantially all of the WildNative's property.

(d) The appointment of a receiver of WildNative or of WildNative's property by a court of competent jurisdiction which remains in effect for thirty (30) or more days from such appointment.

(e) The failure of WildNative to pay any installment of rent, boat launch fees or any other payments hereunder at the maturity thereof and the continuance of such failure for a period of thirty (30) days after such maturity. It is understood and agreed between the parties hereto that it shall not be necessary for the County to give notice of rents, boat launch fees or other payments to become due or being unpaid, or to make any demand for same, the execution of this Agreement, signed by WildNative, which execution is hereby acknowledged, being sufficient notice of the rents, boat launch fees and other payments being due and the demand for the same, and shall be so construed, any law, usage or custom to the contrary notwithstanding.

(f) The failure of WildNative to perform any duty or obligation herein imposed upon WildNative at the time when this Agreement requires said duty or obligation to be performed and the continuance of such failure for a period of thirty (30) days after County provides written notice to WildNative of such failure.

(g) The vacation of said Premises or abandonment of possession of the same by WildNative, or the use by WildNative of said Premises for purpose other than those for which the same are hereby let which is not cured within thirty (30) days after County provides written notice to WildNative of such act in violation of this Agreement.

(h) Violation by WildNative of any laws, rules or regulations regarding the use of the Premises.

11. REMEDIES UPON DEFAULT

11.1 In the event of default by WildNative as provided in paragraph 10 hereof which is not cured within the cure periods provided, County shall have the right, at County's option:

(a) To declare the remaining balance of rent for the entire term of this Agreement immediately due and payable and proceed by attachment, suit or otherwise to collect the whole amount for the entire Agreement term;

(b) To charge interest on the balance at the rate of eighteen percent (18%) per annum or the highest rate allowed by the laws of the State of Alabama, whichever is less.

(c) To cancel, terminate and annul this Agreement and immediately re-enter and repossess the let Premises;

(d) To demand immediate possession of the Premises without annulling this Agreement; and

(e) In the event this Agreement is in default by WildNative, County has the right to place "For Rent" signs on the building while such event of default is in existence and has not been cured. WildNative agrees to allow County, or parties authorized by County, to visit and inspect the building or show for view for buying or renting the same immediately upon default of the Agreement.

11.2 In the event of the action referred to in paragraph 10.1(c) above, WildNative shall immediately surrender possession of the Premises, and the County shall have the right, but not the obligation, at County's option, for the balance of the Agreement term, to rent the Premises, and WildNative shall pay to the County the difference between the rent reserved in this Agreement and any lesser amount of rent which the County may procure by renting the Premises to such other party.

11.3 The exercise by County of the right to declare the entire rent due for the entire term, and subsequent proceedings by the County to collect said rent, shall not affect County's right to exercise the privileges granted County in paragraph 10.1 above. The acceptance of rent by County after a violation of a duty or obligation of WildNative or breach by WildNative of a condition to this Agreement shall not be deemed a waiver of any default that may exist hereunder. The remedies provided for herein shall be cumulative and nothing contained herein shall be construed as restricting or limiting any right which the County may have, to recover damages, or other remedy provided by law, from WildNative for a breach of this Agreement.

12. ATTORNEY'S FEES

12.1 If an event of default by WildNative hereunder occurs, and in the event of the subsequent employment by the County of an attorney for the collection of any amount due hereunder, or for the institution of any suit for possession of the Premises, or on account of bankruptcy proceedings by or against WildNative, or legal process being issued against the leasehold interest of WildNative in the let Premises, or against any property of WildNative located upon the Premises, or upon the necessity of the County employing an attorney on account of any violation of the conditions of this Agreement by WildNative, in such event, WildNative hereby agrees to pay and shall be taxed with a reasonable attorney's fee and related costs for the services of such attorney on behalf of the County and any County Related Party.

13. TAXES

13.1 WildNative shall promptly pay all taxes and assessments of whatsoever kind and nature which are now or which may be imposed or assessed upon (i) the land and improvements hereby leased; and (ii) any fixtures, equipment, merchandise or other personal property of any kind installed upon the Premises or brought thereto by County. WildNative shall promptly pay all taxes and assessments of whatsoever kind and nature which are now or which may be imposed or assessed upon any fixtures, equipment, merchandise or other personal property of any kind installed upon the Premises or brought thereto by WildNative. WildNative shall, within fifteen (15) days of receiving notification of same, pay all property taxes assessed against the property, provided however that WildNative shall pay only the prorated portion of such taxes accruing during WildNative's occupancy of the Premises.

14. ACCESS TO RECORDS

14.1 Upon request, WildNative shall respond to requests for information and/or provide reports regarding the Agreement and the condition of the building to the County Commission or the County Administrator. WildNative shall maintain an accounting system and records to evidence or prove all required payments pursuant to this Agreement, and these records shall be kept for a minimum of three (3) years or as otherwise required by any applicable laws, rules and regulations.

In such event, all of the terms, conditions and covenants of this Agreement shall remain in full force and effect, and WildNative shall furnish written notice to the County of WildNative's intention to terminate said Agreement sixty (60) days prior to such termination, and failure to so notify the County shall render WildNative liable for the rents due under the terms of this lease for a period of two (2) months following the vacation of the premises, in addition to any other damage of whatsoever kind suffered by the County as a result of the failure of WildNative to so notify. The modifications shall be limited to existing licensed software which you have purchased and shall not include new systems. New programs required to meet new, additional requirements shall not be provided under this agreement. During the term of the software support agreement, Client shall at Client's expense, provide Delta with secure telnet and ftp Internet access to Client's server from Delta's server for the purpose of diagnosing problems and to facilitate software updates.

General Terms
This contract shall commence on the first day of delivery of the software or upon acceptance of the addendum(s) by both parties and shall remain in effect for one year. Fees for software support shall be payable monthly or annually in advance. A penalty of 1.5 percent per month of the outstanding balance will be assessed to accounts that remain past due more than 60 days. Delta reserves the right to withhold services for any account which is past due more than 60 days.

Client shall be responsible for all incidental costs such as mail, telephone, travel and subsistence in connection with support services.

Client shall use Delta's prescribed reporting procedures to outline software problems.

Either party may terminate this agreement after a 60 day written notice and payment of all outstanding amounts due.

This agreement shall automatically renew at each annual period. Delta reserves the right to modify its fees by providing notice of such 60 days prior to the renewal period.
