### **ITEM TITLE**

Competitive Bid #WG20-49 - Provision of Labor and Equipment for Asphalt Placement for the Baldwin County Commission

### **STAFF RECOMMENDATION**

Award the bid for the Provision of Labor and Equipment for Asphalt Placement as per the attached Award Listing to Ammons & Blackmon Construction, LLC, as the Prime Contractor and authorize the Chairman to execute the Contract.

### **BACKGROUND INFORMATION**

Previous Commission action/date:

09/01/2020 meeting: Approved the specifications and authorized the Purchasing Director to place a competitive bid for the Provision of Labor and Equipment for Asphalt Placement; and 2) Further, authorize the Chairman/Purchasing Division Commissioner for the Baldwin County Commission to approve any necessary addendums or clarifications if required after the bid is advertised.

Background: Bids were opened in the Purchasing Conference Room on September 22, 2020 at 2:00 p.m. One (1) bid was received from Ammons & Blackmon Construction, LLC., and a "No Bid" was submitted by Mobile Asphalt Company, LLC. The bid had two (2) options in the specifications. Option 1 is for the contractor to start work within 14 calendar days of issuance of Notice to Proceed and Option 2 is for the contractor to start work within 7 calendar days of the issuance of Notice to Proceed. The bid specifications allow the bid to be awarded to a Prime and Secondary Contractor so if for some reason the Prime Contractor does not or cannot start work within the time stated, the County reserves the option to use the Secondary Vendor to perform the stated work. Because only one (1) bid was received, this bid award will not involve a Secondary Vendor. Staff recommends the bid be awarded to Ammons & Blackmon Construction, LLC, as the Prime Contractor as per the attached Contract. Award Listing attached.

Payment shall be made by the COUNTY within thirty (30) days of the approval of the invoice submitted by the PROVIDER. The COUNTY agrees to review and approve invoices submitted for payment in a timely manner.

**XXII. Effective and Termination Dates.** This Contract shall be effective and commence immediately upon the same date as its full execution, and shall terminate upon either the expiration October 20, 2021, or upon a notification thereof received by either party within the required ten (10) day period. Work must begin on each individual project as directed by the Baldwin County Engineer project within seven (7) calendar days of issuance of Notice to Proceed. [Nothing herein stated shall prohibit the parties from otherwise terminating this Contract according to the provisions herein.]

**XXIII. Force Majeure.** The Parties hereto shall incur no liability to the other if performance becomes impossible or impracticable by reason of an event or effect that the parties could neither have anticipated nor controlled. This allowance shall include both an act of nature and acts of third parties. Any costs that would otherwise be incurred and/or necessitated by the provisions herein shall be alleviated for either party by such event or effect.

**XXIV. Indemnification.** Provider shall indemnify, defend and hold County, and its Commissioners, affiliates, employees, agents, and representatives (collectively "County") harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitations, attorneys' fees, and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever, incurred by, asserted against, or imposed upon County, as a result of or in any manner related to provision of services hereunder, or any act or omission, by Provider. Contractor shall provide the COUNTY with proof of general liability coverage including the COUNTY as an additional insured. This indemnification shall survive the expiration or termination of this Contract.

**XXV. Number of Originals.** This Contract shall be executed with three (3) originals, each of which are equally valid as an original.

**XXVI: Governing Law:** This Contract in all respects, including without limitation its formation, validity, construction, enforceability and available remedies, shall be governed by the laws of the State of Alabama, without regard to Alabama conflict of law principles.

**XXVII: Insurance:** Prior to performing services pursuant to this Contract, Provider shall carry, with insurers satisfactory to County, throughout the term of hereof, Auto Liability Insurance, including owned, hired and non-owned vehicles, with limits of not less than \$1,000,000, combined single limit, for both bodily injury liability and property damage liability each occurrence; Commercial General Liability Insurance, including all contractual liability hereunder, with limits not less than \$1,000,000, combined single limit, for both bodily injury liability and property damage liability each occurrence; and Worker's Compensation Insurance, meeting the statutory limits of the State of Alabama and Employer's Liability Insurance fully covering all employees and supervisors participating in the work at the subject property site. All liability insurance shall name the County as an additional insured. Prior to commencing operations hereunder, a Certificate of Insurance evidencing such coverage, satisfactory to County, shall be furnished to County, which shall specifically state that such insurance shall provide for at least ten (10) days' notice to County in the event of cancellation, termination or any

change in such insurance policies. The workers compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against County and County Representatives. Should Provider fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, County may, at its option, suspend this Contract until insurance is obtained, terminate this Contract immediately without further action, or hold Provider in material default and pursue any and all remedies available.

IN WITNESS WHEREOF, the parties hereto have executed this contract on the last day of execution by the COUNTY as written below.

## BALDWIN COUNTY, ALABAMA

---

October 20, 2020

---

Prospective Financial Institutions:

Baldwin County, Alabama, by and through the County Commission, its governing body (the "County"), is requesting proposals from interested financial institutions with respect to the direct placement and sale of the following revolving line of credit (the "Warrant"):

**\$25,000,000**  
**Baldwin County, Alabama**  
**General Obligation Taxable Warrant**  
**Series 2020-C**

Prospective lenders may submit one or more responses for the Warrant at their option. The Warrant is described in greater detail in the Warrant Specifications attached hereto. In addition to the Warrant Specifications, the following general terms shall apply to the Warrant:

Revolving Line of Credit: The Series 2020-C Warrant shall evidence a revolving line of credit pursuant to which the County may borrow, pay, reborrow, and repay so long as the maximum principal outstanding at any one time does not exceed the maximum principal amount of the Warrant.

Dated Date: The Warrant shall be dated the date of delivery.

Security: The Warrant shall be a general obligation of the County to which its full faith and credit will be pledged. The County will not offer any physical collateral or special revenue pledge for the Warrant.

Interest Computation: Interest shall be computed on the basis of a 360 day year of 12 consecutive 30 day months.

No Offering or Disclosure Document/Audits Available: The County will not provide an Official Statement or other offering or disclosure document. The County's most recent audit is available to the public on the EMMA website ([www.emma.msrb.org](http://www.emma.msrb.org)).

No Ratings/CUSIP: The County will not apply for a rating on the Warrant from any credit rating agency. The County will not obtain a CUSIP number for the Warrant, and the Warrant will not be payable through the Book-Entry System of the Depository Trust Company.

No Insurance/Credit Enhancement: The County will not apply for municipal bond insurance or any other form of supplemental credit enhancement for the Warrant.

No Federal Tax Exemption: Interest on the Warrant will be includable as gross income for federal income taxation purposes. However, interest on the Warrant is expected to be exempt from State of Alabama income taxation.

Not Bank-Qualified: The Warrant will not be “bank-qualified” for purposes of Section 265 of the Internal Revenue Code of 1986, as amended.

Assignment/Transfer: The selected lender may not assign or transfer the Warrant in violation of federal or state securities laws, and any participation or syndication of the Warrant must comply with the terms for such arrangements described hereafter under "Participation/Syndication."

Participation/Syndication: The selected lender may elect to participate or syndicate the Warrant in accordance with all applicable federal and state securities and banking laws; provided, however, that the County shall have no additional liability, responsibility, or obligation to any party other than the selected lender. The County shall not be required to provide any information, or make any payment, to any participant other than the selected lender.

Fees and Expenses: The County shall be responsible for paying the costs of bond counsel and other miscellaneous expenses of issuing the Warrant; however, all expenses incurred by the selected lender with respect to responding to or closing on the Warrant, including their counsel, shall be the sole expense of the selected lender. **All rates quoted must be inclusive of all fees, charges, and expenses, including origination fees, of the prospective lender.**

Paying Agent: The County will select the paying agent for the Warrant.

Investment Letter: The selected lender for the Warrant will be required to execute a customary investment letter to the effect that the Warrant is a restricted security, and that such lender is purchasing the Warrant for its own account and has been provided with, and is capable of (to its necessary satisfaction), assessing the credit of the County prior to deciding whether to purchase the Warrant. The County will include language, at the selected lender's request and approved by the County, to the effect that such lender is (i) purchasing the Warrant as a means to making a loan for purposes of applicable banking regulations, and (ii) not serving as the County's Municipal Advisor.

Legal Opinion: Bradley Arant Boult Cummings LLP will provide a customary opinion with respect to the validity, enforceability and authorization of the Warrant.

Warrant Form: The selected lender of the Warrant will receive a single registered warrant executed and delivered by the County.

Warrant Resolution: All terms and conditions for the Warrant will be contained in the resolution of the County authorizing the Warrant and will be drafted by Bond Counsel and be subject to the approval of the County.

Prohibited Covenants: No response may contain covenants requiring the County to (i) initiate or maintain a depository relationship, (ii) maintain a particular credit rating with any credit rating agency, (iii) grant to the selected lender better terms that may hereafter granted by the County to other subsequent creditors, or (iv) provide the selected lender with a minimum investment yield or return on the Warrant. The County may in its sole discretion reject any response with special conditions.

Prohibited Structures: No response may contain structures which employ (i) derivatives, i.e., interest rate exchange agreements or other mechanisms whereby the interest rate is synthetically fixed, (ii)

puts, whereby the selected lender may "put" the Warrant back to the County or otherwise require the County to purchase the Warrant from the selected lender upon the occurrence of any condition, or (iii) "make-whole provisions," designed to compensate the selected lender in the event of a redemption or payment of the Warrant prior to maturity.

Overdue Interest: In the event the County fails to timely pay any payment on the Warrant, principal on the Warrant will continue to bear interest at the current of rate interest for the Warrant. There shall be no interest on overdue payments of interest.

Remedies; Events of Default: The sole remedy of the selected lender and/or holder of the Warrant upon a default by the County shall be the right of mandamus. In no event shall the selected lender and/or holder have any rights of acceleration, rights to appointment of a receiver, or other rights or remedies upon a default by the County, nor shall a default result in any change in the interest rate on the Warrant. No events of default but for those described in the Warrant Resolution for the Warrant will be permitted.

No Additional Conditions: Prospective lenders may not condition responses on any additional terms or conditions, regardless of custom. No special rate covenants, default (or cross-default) provisions, acceleration provisions, or rights to receivers upon default may be proposed by any lender or made as a condition to a response for any reason whatsoever.

Financial Reporting: The County will post its audit for each fiscal year ending September 30 on the EMMA website each year as and when available. No event of default may be conditioned upon the obligation of the County to provide any financial reporting.

Response Form/All Responses Final: All responses must be unconditional and contained on the Response Form provided herein for the Warrant. ALL RESPONSES SHALL BE FINAL AS OF THE DATE SUBMITTED AND THE PROSPECTIVE LENDER AGREES THAT ANY RESPONSE MAY BE UNCONDITIONALLY ACCEPTED BY THE COUNTY ON SUCH DATE.

County's Right to Reject All Responses: The County may reject a response for any reason it so deems in its sole discretion. The County may also waive any irregularity in any response or accept any response for any reason it so deems in its sole discretion.

Deadline for Submitting Responses: Responses must be submitted electronically to the County's Municipal Advisor, Stifel, Nicolaus & Company, Incorporated, Montgomery, Alabama, 2660 Eastchase Lane, Suite 400, Montgomery, AL 36117, Attention: Reid Cavnar (cavnarr@stifel.com) (334) 834-5100, not later than 12:00 p.m. on October 27, 2020.

Closing: The closing of the Warrant is subject to the approval and adoption by the County of the Warrant Resolution for the Warrant. Following the receipt of responses, the County expects to award and authorize the Warrant at its regular Commission meeting on November 3, 2020, and to close the transaction on November 5, 2020.

Closing Papers; Transcript. The lender will receive a transcript of the executed financing documents. The County will provide, as part of the transcript, customary closing and delivery papers including a Certificate of County Officers, Debt Certificate of the County, and a Receipt for Warrant to be signed by the lender.

### **STAFF RECOMMENDATION**

Adopt Resolution #2021-009 amending the Fiscal Year 2021 Budget (Resolution #2020-126 and Resolution #2020-127, adopted September 22, 2020) to authorize the use of Fund Balance in Funds 001, 144, 510, and 511 for FY21 expenditures.

### **BACKGROUND INFORMATION**

Previous Commission action/date: Fiscal Year 2021 Budget was passed on September 22, 2020.

Background: The Fiscal Year 2021 Budget was passed on September 22, 2020 via Resolution #2020-126 and Resolution #2020-127. Staff is asking that General Fund - Fund Balance be used to purchase a vehicle for Commission District 3 as approved at the Regular Session Commission meeting on October 6, 2020. Staff is also requesting Fund Balance for Solid Waste (Funds 510 and 511) be used to increase the gasoline/oil budget for FY21; this is due to a line item oversight during the FY21 budget process. Department Heads for the Parks and Communications and Information Systems (CIS) Departments respectfully request that Fund Balance (Parks is Fund 144; CIS is Fund 001) be used to roll over budgeted funds from FY20 to FY21 (projects that weren't able to be completed).

### **FINANCIAL IMPACT**

Total cost of recommendation: Budget Resolution totals to \$545,731.00

Budget line item(s) to be used: Various

If this is not a budgeted expenditure, does the recommendation create a need for funding? \$284,989.00 was budgeted in FY20 and is being rolled to FY21. The remaining balance of the Resolution does create a need for funding. Staff is requesting that Fund Balance be used to fund the

District 3 Commissioner vehicle (General Fund) and the increase to gasoline and oil for Solid Waste (Solid Waste Funds).

POLICY #3.7		
<b>Subject</b>	Purchasing Policies	
<b>Date Adopted</b>	November 1, 2016	
<b>Agenda Item</b>	BB5	
<b>Obsolete Versions</b>	October 19, 1999	Book 23, pg. 327

	May 18, 2004	Book 35, pg. 193
	February 19, 2008	Page 26

### POLICY STATEMENT

The purpose of these purchasing policies and procedures is to establish a legal and orderly method of buying goods and services for the County of Baldwin. These policies and procedures shall apply to all Baldwin County employees, officers, officials, and agents when buying any goods or services for the County of Baldwin.

### PROCEDURAL REQUIREMENT

In order to carry out this policy, the following steps must be taken:

1. No officer, employee, officials, or agents, of the County shall be financially interested, either directly or indirectly, in any contract or purchase of any goods, materials, equipment, or contracted service furnished to or used by any Department, Board or Agency of the County Government.
2. No officer or employee of the County may accept or receive, directly or indirectly, money, entertainment, gift or any promise, obligation or contract for future reward or compensation (above nominal intrinsic value or except as otherwise allowed by applicable laws, rules and regulations) from any person, firm, or corporation to which any contract or purchase order may be awarded.

### **General Guidelines**

**A.** Only those employees that are classified Baldwin County employees, who have been designated by the Supervisor can pick up goods to be used by the County. Full time permanent employees (not probationary) of the County of Baldwin, in good standing, are eligible for this task. Upon pick up of the goods, the employee must note the Purchase Order Number on the Receiving Ticket.

**B.** IN ALL PURCHASING SITUATIONS except those governed by the State Bid Law, price comparisons are to be obtained as described below, to ensure the County received quality merchandise at the lowest possible price.

**C.** The following buying limits for goods and services shall be used to determine how price comparisons are to be made:

<b>Amounts</b>	<b>Requests</b>	<b>Method of Pricing</b>
\$0 - \$250		Vendors used most frequently will have open Purchase Orders each month for authorized employees to use as needed. The Supervisor in Charge will also sign each Receiving Ticket.
\$251 - \$1,000	Written	3 phone prices or Written Quotations. (All 3 must reflect on Requisition or Invoice)
\$1,001 - \$14,999	Written	3 Written Quotations (All must be attached to the Requisitions)
\$15,000 plus	Written	Sealed Bid (as mandated by State Code)

**\*Exemption - Equipment parts and repair of vehicles due to break down unless required by vendor.**

**\*Exemption - Equipment parts and repair of heavy duty off-highway construction equipment and of all vehicles with a gross vehicle weight rating of 25,000 pounds or greater.**

\$0 - \$1,000	No verbal or written Quotations Required
\$1,001 - \$15,000	3 Verbal or Written Quotations, when possible
\$15,001 plus	Sealed Bid (as mandated by State Code)

Upon no condition or circumstance will a purchase be split or invoiced separately in order to make a purchase qualify for a lower expenditure category. All specifications and vendors' prices shall include freight charges FOB Baldwin County destination. All vendors shall be advised at

the time prices are obtained that the freight charges quoted will be the maximum paid by the County and under no circumstances will additional freight charges be paid.

**D.** All Receiving Tickets, Invoices, Purchase Requisitions must be turned in to the designated department representative as soon as possible after purchase (preferably daily, but in no case longer than 5 days after purchase). The entire account number being charged shall be plainly marked on the ticket, invoice or Purchase Requisition. Buyer must sign the ticket, invoice or purchase requisition legibly (if signature is unreadable, print name under signature).

**E.** Baldwin County has only one (1) billing address, which is as follows:

Baldwin County Commission  
312 Courthouse Square, Suite 11  
Bay Minette, AL 36507  
ATTN: Accounts Payable

This address can also be located on the Purchase Order.

**F.** When grant purchases are made, the name of the grant, grant account number and the amount to be charged must be plainly marked on the ticket, invoice, or Purchase Requisition.

**G.** The incorporated municipalities of the State of Alabama are specifically exempted from the payment of Alabama Sales Tax on purchases of tangible personal property. Since a specific exemption is provided by law, a certificate of exemptions is not needed. (Section 40-23-4(11), Code of Alabama 1975, as amended.)

#### **Emergency Purchases**

**A.** Emergency Purchase of goods or services may be made by the Purchasing Officer/Clerk or in their absence, the Department Head when delivery is critical to the operation of the department and when normal purchasing procedures cannot be followed. The term “**emergency**” signifies a situation which has suddenly arisen and requires speedy action.

**B.** For items within his/her purchasing range, the Supervisor must secure verbal approval from the Purchasing Officer/Clerk before such emergency purchase. Upon receipt of the goods, a purchase requisition shall be submitted to the Purchasing Officer/Clerk, signed by the Designated Department Representative, along with the receiving ticket.

**C.** The County Commission has the authority to let contracts under the State Bid Law (purchases or contracts \$15,000 and above) without advertisement in emergency situations when public health, safety, or convenience is involved. Such emergencies must be declared in advance of the purchase. The County Commission shall declare the existence of the emergency during a regularly held Commission Meeting in advance of the purchase. Declaration of Emergency does not eliminate the sealed bid process, in amounts over \$15,000; it only eliminates the period of advertisement.

**D. Non-business hour purchases and other unique small purchases may be made without a purchase order if approved by proper Department Officials. These purchases will be monitored by the Clerk/Treasurer and Purchasing Officer to insure that these purchases are not excessive and circumventing the Purchasing Policies.**

### **Special Request and Conditions**

**A. Under no circumstances are purchases to be made unless they are budgeted items with available funds in the current year budget.**

**B. It is the responsibility of the Supervisor/Department Head to develop procedures which will ensure all purchasing regulations are followed.**

**C. Competitive pricing is not required if goods are available only through a single vendor or have uniform prices wherever bought. Sole Source purchases shall be approved by the Purchasing Officer prior to purchase. The documentation for Sole Source must be adequate to withstand state requirements.**

**D. For the purchase or lease of personal property only, a resident person, firm or corporation, whose bid is no more than three (3%) percent greater than the lowest bid, may be the successful bidder and the contract may be awarded to such resident responsible bidder. A resident vendor is defined as one who has a place of business within the County of Baldwin. It is the policy of the County to purchase from a resident vendor whenever possible.**

### **Procedures**

#### **A. Purchases of \$0 - \$14,999**

**1. A Purchase Requisition must be submitted by an employee requesting a purchase through the designated County Representative to the Purchasing Department. Written quotations must be attached to the Purchase Requisition. (See General Guidelines Chapter 2/Item C).**

**2. Purchase order copies are distributed to the following: Purchasing, Accounts Payable, Vendor, Designated Department Representative.**

#### **B. Purchase of \$15,000 and above**

**1. The Competitive Bid Law is codified at Article 3, Sections 41-16-50 thru 41-16-63, Code of Alabama 1975.**

**(A) The Bid Laws have been interpreted by the courts and by the state attorney general's office to mean that like items purchased by the County, in excess of \$15,000 in a year, must be processed by competitive bid.**

**(B) All bidders must furnish a bid bond on any contract exceeding \$10,000; provided that bonding is available for such services, equipment, or materials. A designated amount may be established in the bid documents by the Purchasing Officer for items that are unit of measure.**

(C) Bond in a responsible sum for faithful performance of the contract, with adequate surety, may be required in an amount specified in the advertisement for bids.

(D) The following are commodities that are exempt from competitive bid.

- 3) Authorize the Clerk/Treasurer to make an interim payment before October 31, 2020, to the Association of County Commissions of Alabama Worker's Compensation Self Insurers' Fund (ACCA WCSIF) in the amount of \$743,781.04.

This represents an increase of \$25,419.65 from the Fiscal Year 2019 premium contribution of \$726,159. ## ASSOCIATION OF COUNTY COMMISSIONS OF ALABAMA WORKERS' COMPENSATION SELF-INSURERS FUND

TO: Contact Persons, ACCA Workers' Compensation Self-Insurers Fund (WCSIF) Members

FROM: Sonny Brasfield, ACCA, Executive Director

DATE: September 1, 2020

RE: 2020-2021 Renewals for WCSIF Members

It is time again to prepare for a new year in the Association's Workers' Compensation Self-Insurers Fund. Enclosed you will find your estimated **2020-2021 Premium-Contribution Statement**. This estimate is, in most cases, based on either payroll estimates provided by your office or the most recent audited payroll from your county. Any changes in your employment pattern during the 2020-2021 fiscal year will be recognized during the audit process after the close of the fiscal year and your costs will be adjusted accordingly. Please be sure to send your renewal payment (made payable to ACCA WCSIF) and ALL renewal documentation by October 1, 2020 to: ACCA WCSIF, c/o CRS, Inc., P.O. Box 589, Montgomery, AL 36101-0589.

We are happy to report that the WCSIF Board of Trustees approved a total \$1,000,000 investment earnings refund for Fund Members. Each active WCSIF Member will receive their portion of the refund following the receipt of the 2020-21 premium-contributions from ALL Fund Members.

The overall rates for the WCSIF decreased slightly this year due to favorable loss development. It is vitally important that each employee continues to be actively involved in efforts to reduce and avoid accidents. We are depending on your active role in promoting safety efforts at the county level.

Speaking of safety, the 2019-2020 Safety Incentive Discount Program (SIDP) will be ending soon. All participating County Fund Members need to make sure that your appointed County Safety Coordinator submits the SIDP Application and all required-documentation to CRS Member Services Coordinator Marcia Collier at [mcollier@countyrisk.org](mailto:mcollier@countyrisk.org) no later than September 30 in order to be considered for this incentive.

Also, we have enclosed the **WCSIF 2020-2021 Contacts** form. This form needs to be completed in its entirety and emailed by October 15, 2020, as directed on the form. Having current contact information is extremely important to the Fund.

If you have any questions about the enclosed 2020-2021 renewal documents or want to discuss any other matters, please contact me or ACCA Director of Insurance Services Henry van Arcken at [hvanarcken@alabamacounties.org](mailto:hvanarcken@alabamacounties.org) anytime.

We appreciate your participation in and commitment to the Fund and to the other members who continue to make this program so successful.

- **Public Transit**

The Baldwin Regional Area Transit System (BRATS) is the public transit provider for the Baldwin County Commission. BRATS operates Demand-Response and Deviated Fixed Routes. Access to the County's existing public transit facilities was evaluated in the County's 2013 Barrier Analysis and Transition Plan which is available through the County Administrator's office.

- **Curb Ramps & Pedestrian Crossings**

Curb Ramps are required by law when a sidewalk crosses a curb and thereby creates a pedestrian crossing. The BCC does not own or maintain curb ramps in District 1.

Highway Department staff conducted a survey to evaluate the accessibility of pedestrian curb ramps and crossings maintained by the BCC in Districts 2, 3, and 4. Following the initial eye test, facilities marked as questionable were surveyed by a consultant or Highway Department staff. See summary of evaluations and data in Attachment A.

- **Sidewalks**

Federal Courts have ruled differently on the issue of whether sidewalks within the public rights-of-way constitute a program, activity, and/or services of the local government contemplated by the Americans with Disabilities Act. While it is the desire of the Baldwin County Commission to ensure that all sidewalks are accessible to all of its citizens, a large portion of the County's sidewalks are within subdivisions and do not serve the general public in the same manner as sidewalks along standard county roads. Bringing every linear foot of county-maintained sidewalk, including applicable subdivision sidewalks, up to ADA standards is cost prohibitive.

Staff evaluated accessibility of sidewalks maintained by the BCC in District 1. Following the initial eye test, facilities marked as questionable were surveyed by staff of the Baldwin County Highway Department. The following characteristics were measured and evaluated to determine the level of accessibility: width, running slope, cross slope, cracks, and general obstructions. See summary of evaluations and data in Attachment A.

- **Leisure Boating and Public Park Facilities**

The Baldwin County Commission owns and maintains four (4) leisure boating facilities and public parks in Commission District 1. Staff evaluated the following facilities at each boating launch and public park in District 1: Piers, Parking, Ramps, Crossings, Overall Access to facilities. See summary of evaluations and

data in Attachment A.

The Baldwin County Commission owns and maintains thirty-seven (37) leisure boating facilities and public parks in Commission Districts 2, 3, and 4. Staff evaluated the following facilities at each boating and public park facility in Districts 2, 3, and 4: Piers, Parking, Ramps, Crossings, Overall Access to facilities. See summary of evaluations and data in Attachment A.

- **Parking Lots**

The County's public parking facilities (excluding those facilities at public parks) were evaluated in the County's 2013 Barrier Analysis and Transition Plan which is available through the County Administrator's office.

### **III. Summary of Barrier Analysis**

The conclusion of the Barrier Analysis completed county wide found that all Baldwin County Commission programs or services are offered at facilities that are accessible. The majority of programs, activities, and services, are offered in multiple locations. The Commission is committed to providing its citizens accessible programs and services and has worked diligently to implement ADA construction and maintenance requirements. The Commission also has an extensive system in place to make reasonable accommodations for persons with disabilities. A summary of the Barrier Removal and Modification Schedule prepared by staff is attached as Attachment B.

### **IV. Compliance**

When there are structural modifications necessary to facilities in order to make a program, service, or activity accessible to people with disabilities, public entities which employ 50 or more employees are required to develop a facility transition plan pursuant to 28 CFR § 35.150(d)(1). The transition plan must include 1) the physical barriers which limit access to and use of the programs, services, and activities for people with disabilities, including communications features which are structural in nature; 2) a detailed description of how the public entity plans to make the facilities accessible; 3) the schedule for barrier removal; 4) a yearly schedule if the transition plan is more than one year long; and 5) the name of the individual who is responsible for implementing the transition plan pursuant to 28 CFR § 35.150(d)(3).

In accordance with applicable laws, all new construction of facilities in County maintained ROW will be accessible by persons with disabilities. As existing structures are "improved" or "modified", as defined by Federal Highway Administration (FHWA), the facility will be brought into compliance as deemed necessary and in accordance with all applicable laws.

The Baldwin County Commission has implemented a policy that all new construction

will be accessible by persons with disabilities in accordance with all applicable laws, and during renovations or improvements to existing structures, renovations or improvements are made to increase accessibility as deemed necessary and in accordance with all applicable laws.

Both Title II of the ADA and Section 504 prohibit public entities from denying an equal opportunity to participate because existing facilities are inaccessible or not usable by people with disabilities, see 28 CFR § 35.149 and 34 CFR § 104.21. Each program, when viewed in its entirety, is to be readily accessible to and usable by individuals with disabilities, see 29 CFR § 35.150(a) and 34 CFR § 104.22(a).

An existing facility is one that was already generally constructed prior to January 26, 1993, in accordance with Title II of the ADA. Access to programs, services, and activities in existing facilities is to be viewed programmatically and access to the actual physical structures is defined from a functionality standpoint. As long as each identified program, service, and activity, when viewed in its entirety, is accessible, it is not required that all existing facilities be made completely barrier free of physical access barriers.

It should be noted that new or altered facilities must comply with the Standards for Accessible Design also known as the ADA Accessibility Guidelines and be fully accessible to and usable by persons with disabilities pursuant to 28 CFR § 35.151 and 34 CFR § 104.23, rather than applying the program accessibility standard.

The ADA Accessibility Guidelines (ADAAG) and Public Rights Of Ways Accessibility Guidelines (PROWAG), are the design standards to be applied in facility compliance. Not all scoping and technical criteria must be strictly adhered to in existing facilities. However, it is useful to identify all structural barriers and communications barriers that are structural in nature in existing facilities.

Both structural and nonstructural methods can be utilized when removing architectural barriers. However, when using nonstructural methods, the public entity must be certain the result is not the segregation of individuals with disabilities. It must also ensure that it does not compromise the dignity and independence of individuals with disabilities. Programs, services, and activities are to be offered in the most integrated setting possible pursuant to 28 CFR § 35.150(b)(1) and 34 CFR § 104.22(b). If there are no nonstructural alternatives that meet these criteria to achieve accessibility, then the entity must make the necessary structural changes according to 28 CFR § 35.150(b)(1) and 34 CFR § 104.22(b). All structural changes must conform fully with the new construction and alteration requirements of the ADA Accessibility Guidelines or the Uniform Federal Accessibility Standards for new construction and alterations. Structural changes must address the needs of a variety of disabilities, not just mobility impairments. The full range of disabilities is to be considered when planning for compliance under Title II of the ADA.

Title II of the ADA does not require any public entity to undertake any action that would result in a "fundamental alteration in the nature of the service, program, or activity" or in an "undue financial and administrative burden." However, any public entity attempting to

justify non-compliance by utilizing these exceptions assumes the burden of proof pursuant to 28 CFR § 35.150(a)(3). All of the public entity's available resources must be considered for use in the funding and operation of the program, service, or activity and will be considered in any decision relevant to undue burdens (28 CFR § 35.150(a)(3)). The undue burden/fundamental alteration defense does not relieve public entities of their obligation to ensure that people with disabilities receive the programs, services and activities offered by the organization pursuant to 28 CFR § 35.150(a)(3)(Preamble).

## **V. The Transition Plan**

"In the event that structural changes to facilities will be undertaken to achieve program accessibility, a public entity that employs 50 or more persons shall develop, within six months of January 26, 1992, a transition plan setting forth the steps necessary to complete such changes. A public entity shall provide an opportunity to interested persons, including individuals with disabilities or organizations representing individuals with disabilities, to participate in the development of the transition plan by submitting comments. A copy of the transition plan shall be made available for public inspection." 28 CFR § 35.150(d)(1).

Public entities must develop an ADA Transition Plan that itemizes identified structural barriers to programs, services and activities and identifies how they will be removed. Title II requires that the transition plan include 1) a list of the physical barriers that limit facility accessibility to programs, services, and activities; 2) a description of how the barriers will be removed; 3) a schedule of steps for achieving compliance; and 4) the name of the responsible official. (28 CFR § 35.150(d)(2) and (3)).

In addition to other requirements, Title II mandates that public entities must maintain, in operable working condition, those features of facilities and equipment that are required to be readily accessible to and usable by persons with disabilities pursuant to 28 CFR § 35.133(a). This includes such things as accessible routes which are obstructed by parked cars, and compliant signage obscured from vision and touch.

## **VI. Statement Regarding Inclusion of General Public and Persons with Disabilities or Disability Groups**

Baldwin County staff held a Public Meeting on July 7, 2016, to allow the public to review and comment on this proposed plan. Staff published the meeting information on social media, through internal Public Notice, and posted on the Baldwin County website. Staff also attempted to consult with persons with disabilities and/or representatives for agencies who assist persons with disabilities for the purpose of conducting the self-evaluation and this barrier analysis in accordance with Section 504.

- David Cox is a mechanical engineer, a citizen of Baldwin County, and a

recently elected Baldwin County Board of Education member. He and his wife both have physical disabilities.

- Kathy Fleet is the Executive Director of ARC of Baldwin County which assists and serves persons that are intellectually or physically challenged.
- Chris Riley is a photographer in Baldwin County, a member of the Fairhope Pedestrian-Bicycle Advisory Committee, and a disability rights advocate in Baldwin County. Mr. Riley was injured in a bicycle accident and now uses a wheelchair with assistance from his service dog, Tonya.

Prior to the adoption of the September 18, 2018, amendment, Baldwin County held a public meeting regarding the proposed additions to the plan. The meeting was held at the Baldwin County Satellite Courthouse in Fairhope, Alabama, from 5 PM to 7 PM on August 16, 2018. Comments from the public were accepted at the meeting and through August 31, 2018. Four individuals attended the meeting, two of which provided comments. No additional comments were received.

The public comments received, and the County's responses, are included in Attachment C to this plan. Both comments revolved around access to Mobile Bay in the Point Clear area. The County is going to work with the Eastern Shore MPO to identify possible projects to enhance the access to individuals with disabilities in this area.

## **VII. Modifications**

At this time, while not necessarily required by law, the Commission has identified infrastructure modifications that will further enhance the accessibility of the Baldwin County Commission's programs and services.

Set forth in Attachment B is a list of facilities, barrier types and suggested or required modifications. Modifications will be made based on priority and will be subject to availability of funds and in accordance with Baldwin County Highway Department maintenance and grant application schedule.

- **Curb ramps/Curb cuts and Pedestrian Crossings** – Approximately 332 curb ramp and pedestrian crossing locations were inspected during the barrier analysis for Districts 2, 3, and 4. Seventeen of these locations were identified as critical issues. Critical locations were generally those where a curb ramp is required, or is potentially required, but does not exist. Efforts are underway to address critical locations. Non-critical locations will be addressed as funding becomes available or as part of routine maintenance. Point numbers correspond with the inspection points catalogued and on file with the Highway Department.

***Re: Response to Public Comment Regarding Baldwin County ADA Transition Plan***

Dear Mrs. Mitchell,

Thank you for taking the time to participate in our August 16, 2018, public meeting in Fairhope regarding Baldwin County's ADA Transition Plan for public rights-of-way. Your participation and input is a valuable tool that we use to make sure our services and projects reflect the actual needs of the community. Your efforts help make Baldwin County a better place to live for all of us.

In your comment, you expressed a need for access to the water for people who have disabilities and specifically referenced Zundel Landing in Point Clear.

We are coordinating with the Eastern Shore MPO to identify funding for possible improvements to one of Baldwin County's water accesses in Point Clear that would provide additional accommodations to individuals with disabilities. Zundel Landing will be one of the sites examined. However, due to property constraints and other factors at Zundel Landing, we may ultimately find that an ADA compliant retrofit is not feasible at this location and be forced to consider other water accesses in the Point Clear area. Any possible improvements will also be contingent on securing the necessary funding for any project.

Thank you again for your participation in the public comment process for Baldwin County's ADA Transition Plan. Please do not hesitate to contact me at 972-8544 with any further questions or comments related to ADA accessibility in Baldwin County.

Sincerely,

  
Joey Nunnally, PE  
County Engineer

Zundell's rip rap <sup>area</sup> request to make a path through rocks for disabled to pull kayaks to water. Point Clear & Battles citizens are no longer able to use the Fairhope Park. There are no accessible water accesses for the handicapped from Fairhope to end of Hwy. 1. ***Re: Response to Public Comment Regarding Baldwin County ADA Transition Plan***

Dear Mrs. Hutchison,

Thank you for taking the time to participate in our August 16, 2018, public meeting in Fairhope regarding Baldwin County's ADA Transition Plan for public rights-of-way. Your participation and input is a valuable tool that we use to make sure our services and projects reflect the actual needs of the community. Your efforts help make Baldwin County a better place to live for all of us.

In your comment, you expressed a need for access to the water for people who have disabilities between County Road 1 and the Fairhope City Limits. You noted that access at the Fairhope Beach Park, just north of the Fairhope Municipal Pier, has been effectively closed due to the substantial fee charged to non-residents of Fairhope. You specifically referenced Zundel Landing in Point Clear as a priority to make ADA accessible.

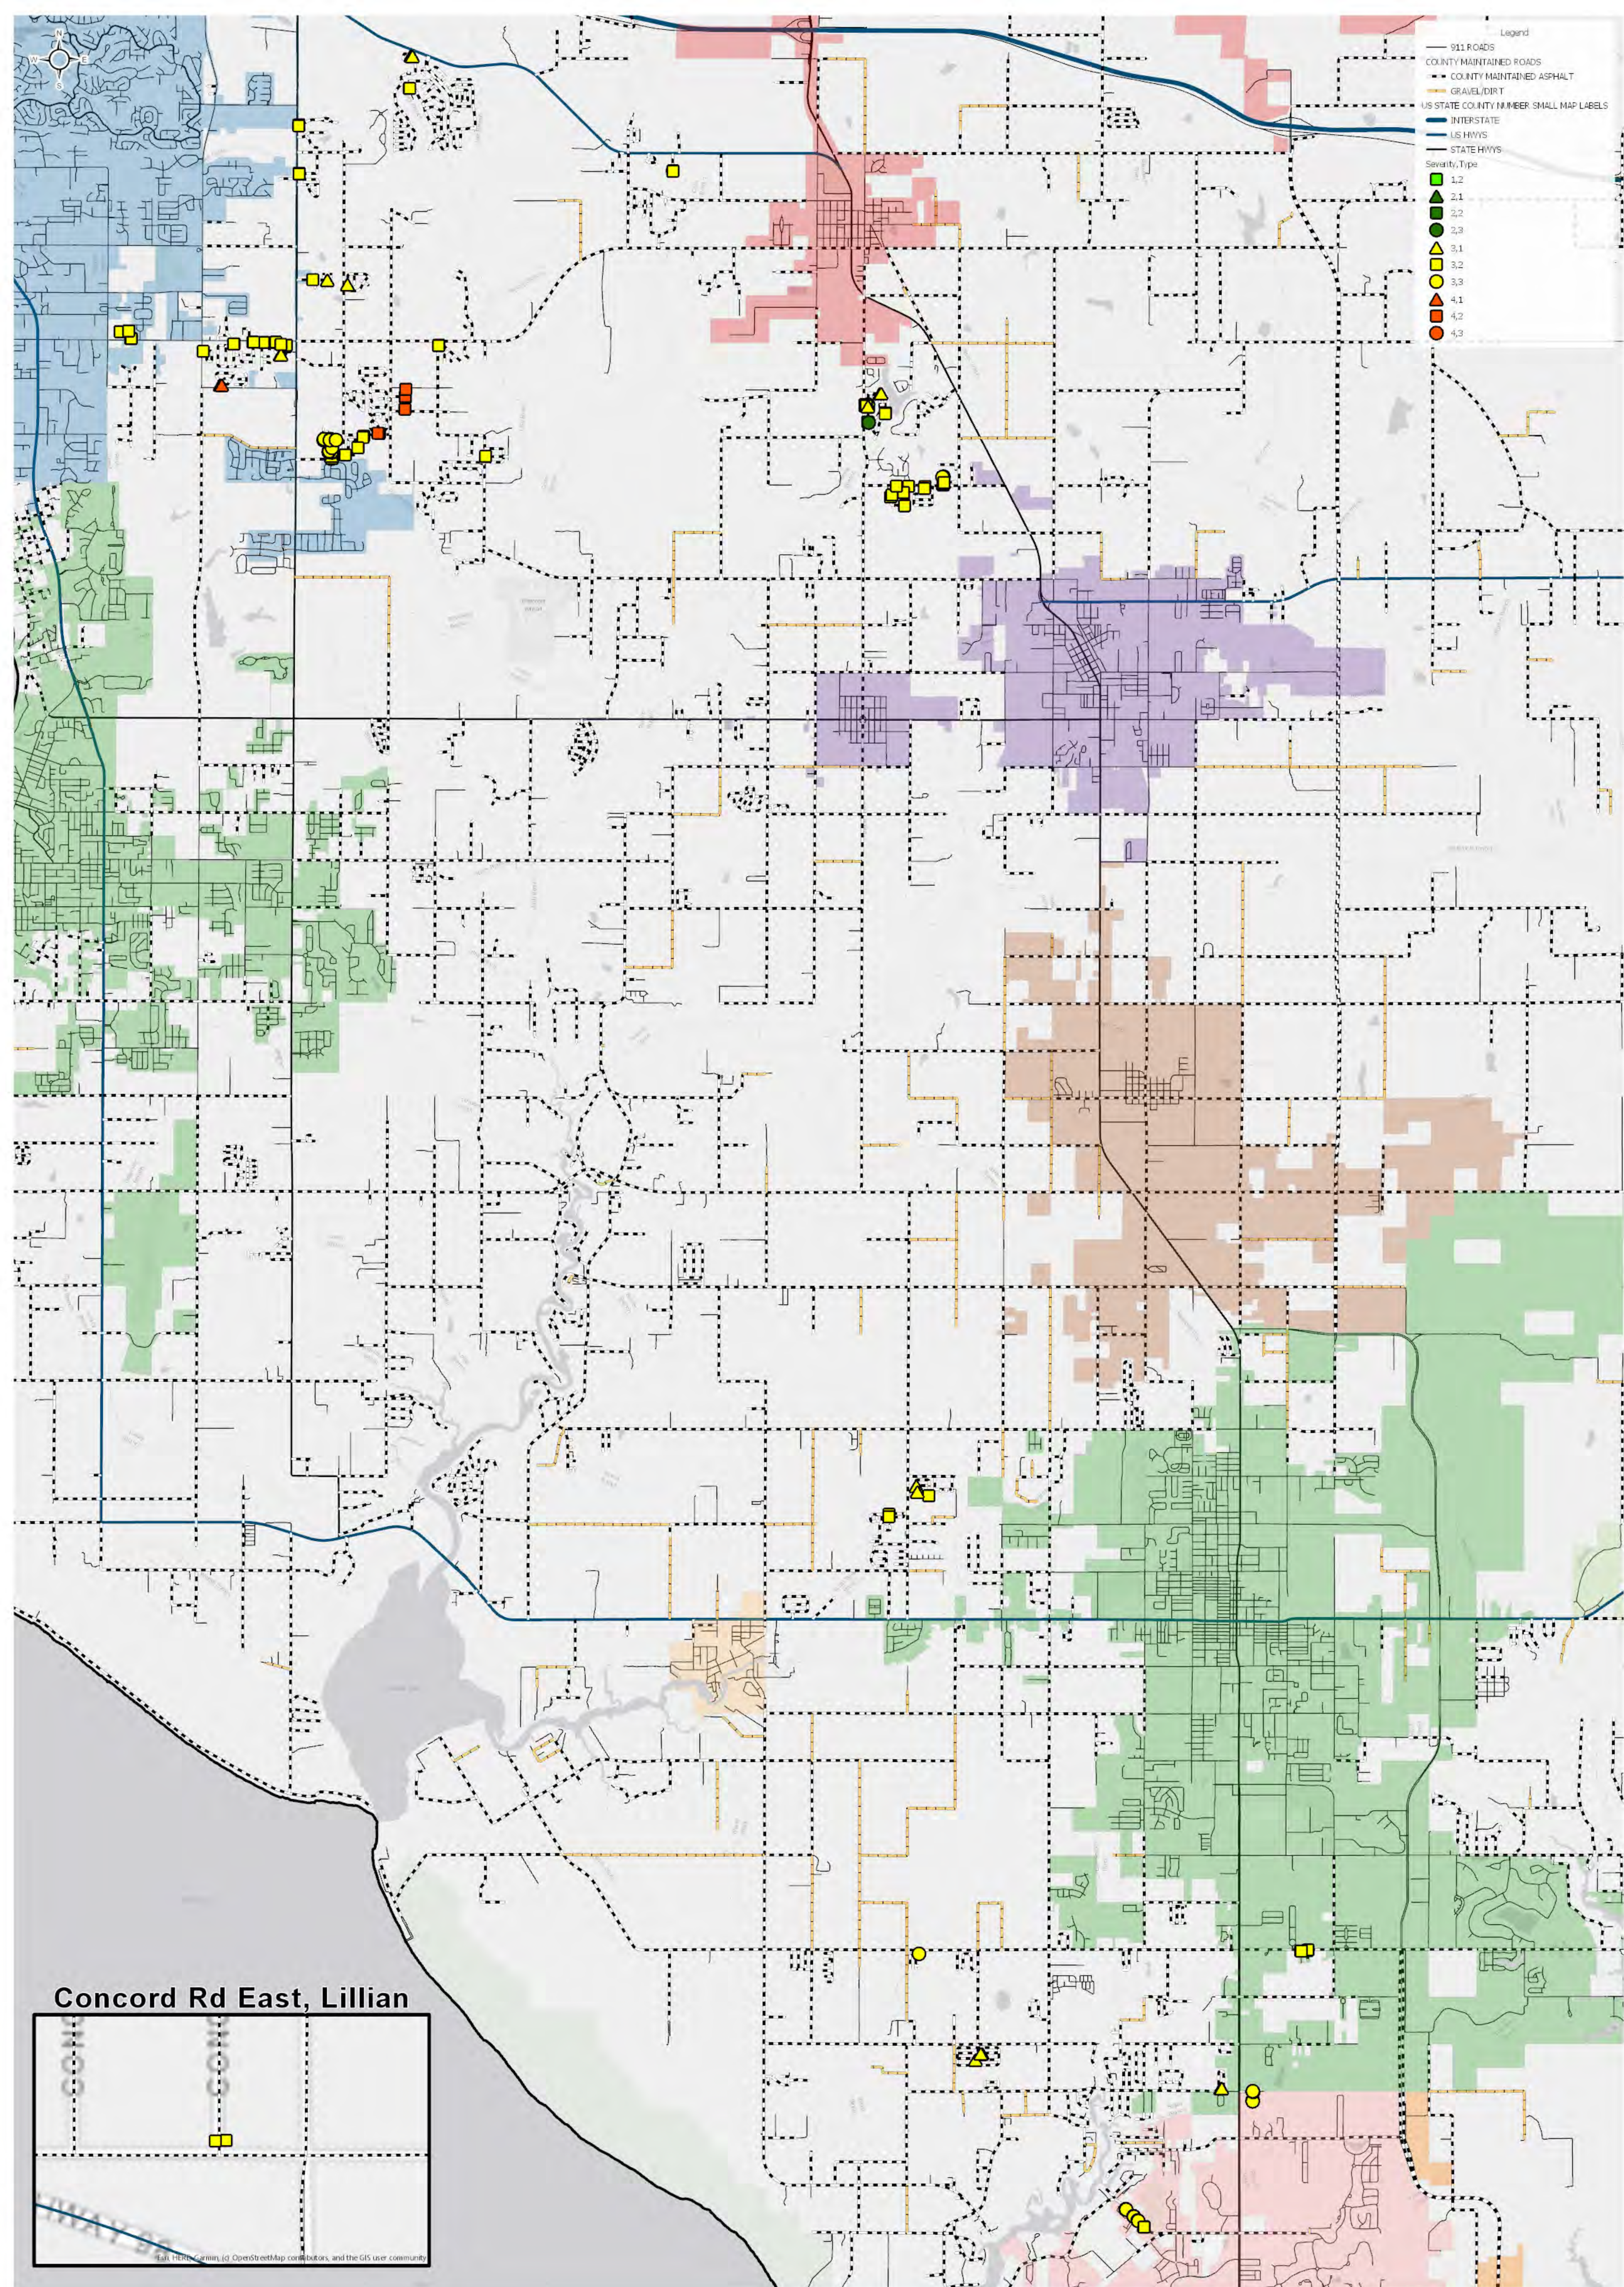

We are coordinating with the Eastern Shore MPO to identify funding for possible improvements to one of Baldwin County's water accesses in Point Clear that would provide additional accommodations to individuals with disabilities. Zundel Landing will be one of the sites examined. However, due to property constraints and other factors at Zundel Landing, we may ultimately find that an ADA compliant retrofit is not feasible at this location and be forced to consider other water accesses in the Point Clear area. Any possible improvements will also be contingent on securing the necessary funding for any project.

Thank you again for your participation in the public comment process for Baldwin County's ADA Transition Plan. Please do not hesitate to contact me at 972-8544 with any further questions or comments related to ADA accessibility in Baldwin County.

Sincerely,

12. Standard of Operation: Expenses. Licensee shall conduct all of its operations in a safe and workmanlike manner. All work and activities which Licensee or Licensee Representatives perform at the Property shall be at Licensee's sole risk, cost and expense. The workers compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against Licensor and Licensor Representatives. Should Licensee fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, Licensor may, at its option, suspend this Agreement until insurance is obtained or terminate this Agreement immediately without further action.

14. Responsibility. Licensee shall be responsible for compliance by Licensee Representatives with the terms of this Agreement and for all acts or omissions by Licensee Representatives on the Property.

Termination of the License and permission herein granted may be accomplished in writing, or orally.
