3. Fees

Starting on October 1, 2021, and continuing through September 30, 2022, Customer shall pay to Via the following Monthly Fees, reflecting a minimum of 25 vehicles at the rates detailed below:

<u>Fee Category</u>	<u>Fee Per Vehicle Per Month</u>	<u>Charges Per Month</u>	<u>Invoicing Terms</u>
Monthly Fees (Per Vehicle) for vehicles 1-20, inclusive (Guaranteed)	\$550	\$11,000	Invoiced monthly by Via

Total for 12 months	\$162,000 (minimum, excluding additional vehicles above the 25-vehicle monthly minimum, and any additional services)		

For the avoidance of doubt, (i) the number of vehicles per month for purposes of the above fees shall be the maximum number of distinct vehicles input to service in the Deployment by Customer that use the Via solution on any given day over the course of the applicable calendar month; and (ii) in the event the duration of the Deployment does not exactly match calendar months, monthly fees will be prorated for the first and/or last calendar months of the Deployment, as applicable, so that Customer will only be charged for the portion of such months during which the Via solution was available to be used for the Deployment.

The above fees do not include any fees owed to the third party payment processor. Via will facilitate an introduction to its recommended payment processor and Customer is responsible for entering an agreement with such payment processor in order to be able to process credit card payments.

4. Product Enhancements

Via commits to make all commercially reasonable efforts to deliver the following capabilities within its software platform within the contract year. Via agrees to communicate with Customer on an ongoing basis regarding the timeline for these capabilities, and to collaborate with Customer regarding the prioritization of these capabilities as relevant.

- **Trip Editing:** Edit the total number of passengers on a trip booking after the booking has been made, without cancelling the original booking;
- **Fixed Routes:** Provide recurring trips at fixed times, from predetermined locations, along a fixed route, for students at designated private schools in Baldwin County; and along the “Bayline” route from eastern Baldwin County to a predetermined point in downtown Mobile, Alabama;
- **Fixed/Flexible Driver Breaks:** Designate driver breaks in the “Via Operations Center (VOC)” as either “fixed” (system cannot change or edit break automatically) or “flexible” (the system may change or edit the time of the break within established parameters so as to make the Deployment function more efficiently).

5. Via Advertising Solution

During this period of the service, Customer and Via will implement an advertising program. Via will make reasonable commercial efforts to generate revenue by selling advertising to be displayed by various advertising manners, including but not limited to on or in vehicles utilized during the Deployment. All advertising will be consistent with the Advertising Policy and Guidelines as amended from time to time, which is attached hereto and made part hereof, in Annex 1.

All advertising revenue collected by Via during the preceding calendar month will be credited to Customer on the next invoice against any amounts owed to Via by Customer. Prior to making the credit, Via will take a 15% management fee from the advertising revenue collected.

Via will collect revenue on behalf of Customer, from the display of any advertising and media content, at the rates listed below:

- A. In-vehicle screen: \$72 per vehicle per month (net of Via’s management fee);
- B. Partial Vehicle wrap: rate will vary based on campaign length, design choice, seasonality, number of vehicles participating in the campaign.

The rates set out above are subject to Customer ensuring that a vehicle averages 30 hours of shift/screen time per month. Should a vehicle run for fewer hours, the rates shall apply pro rata.

In the event Customer receives an appeal of any decision not to run a specific advertisement, Customer shall provide prior written notice (e-mail acceptable) to Via of the appeal and of its ultimate decision.

Customer will be responsible for making vehicles available to Via or its third-party advertising partner for purposes of installing and removing advertising materials as applicable. It is expected that all installation/removal instances will occur outside service hours so as not to impact the Deployment.

Customer agrees that Via, either directly or through its third-party advertising partner(s) will be permitted to install hardware into the vehicles for purposes of displaying advertising messaging to riders using the Deployment.

As part of their ongoing operating responsibilities, Customer may interact with advertising equipment such as tablets or vehicle wraps and agrees to do so in accordance with the Advertising Equipment Care Guidelines provided in Annex 2. Customer acknowledges that failure to follow the Advertising Equipment Care Guidelines may lead to a reduction in advertising revenue as ads may not display properly.

Customer may be asked to provide data-reporting on a per-vehicle basis in order to allow Via to reconcile advertising fees to be paid when such fees are predicated on vehicles being in market for a minimum number of service hours per month. If such per-vehicle reporting is requested by Via, Customer will promptly provide such requested information to Via. Customer acknowledges that failure to provide per-vehicle reporting may impact Via's ability to reconcile advertising revenue and ensure collection and remittance to Customer as otherwise noted above.

6. Conflict of Terms.

Unless otherwise stated, all terms and conditions contained in the Original Order are also applicable to this Extension. If a term contained in this Extension is in conflict with the terms of the Original Order, the specific term in this Extension shall take precedence. Any term or condition in the Original Order, including all Appendices not affected by this Extension, shall remain in full force and effect.

BRATS reserves the right to reject advertising if advertising space is unavailable due to the campaign format or limited advertising inventory. All of the provisions of the guidelines shall be deemed severable.

How the review process works

BRATS reserves the right to approve or reject all advertising, and their manner of presentation in accordance with these guidelines regardless of whether the advertising was previously approved by Vugo. Reasonable proof or clarification of statements contained in any advertisement may be required by BRATS or its Third Party Vendor.

The Third Party Vendor shall approve or reject the ad in accordance with the advertising guidelines set forth above (the "Initial Decision") no later than 30 days after the date the advertiser submits its proposed ad. If the ad is rejected, the Third Party Vendor shall send written notice of the Initial Decision to reject the ad to the firm or organization that submitted the proposed ad. In-Vehicle Screens

Maintenance of Displays:

In-vehicle displays either replace an existing headrest, affix to an existing headrest, or fasten to the interior vehicle roof or front wall to ensure viewability. In these cases, wires run through the passenger seat and connect to a power supply under the seat. Customer shall contact Via to alert of issues that may arise such as, but not limited to, a screen not powering on, so that maintenance can be performed in a timely fashion.

Cleaning / Washing Interior of Vehicles

During routine interior vehicle cleaning, Customer may wash the in-car screens, but shall avoid using any corrosive cleaning solutions, which can negatively impact the integrity of the screens. Most standard in-car cleaning solutions are acceptable. Customer acknowledges that screens must be wiped down during routine vehicle cleaning. If the screens are located behind a partition, that partition must be kept clean and clear so that the display is visible for passengers.

There will be minimal wires exposed under the front passenger seat. These wires are safe to touch as they are fully insulated, however, please avoid tugging or pulling on wires (e.g., during cleaning), as it could impact screens' power source.

Vehicle Wraps

Instructions will be provided to Customer by Via on a campaign-by-campaign basis.

This CONTRACT FOR PROFESSIONAL SERVICES (the "Contract") is made and entered into by and between Baldwin County, Alabama, acting by and through its governing body, the Baldwin County Commission (hereinafter, "CUSTOMER"), and Via Mobility, LLC, a Delaware limited liability company with its principal office located at 160 Varick Street, Floor 4, New York, New York 10013 (hereinafter, "VIA").

WITNESSETH:

Whereas, the CUSTOMER manages the Baldwin Regional Area Transit System (BRATS), which is a federally funded public transportation provider; and

Whereas, the CUSTOMER was awarded funding from the Federal Transit Administration (FTA) for participation in the Integrated Mobility Innovation (IMI) Program to create one of the nation's first rural, fully on-demand public transit system (hereinafter referred to as "PROJECT") which will involve testing and deploying technology to accommodate long-distance interzone trips; and

Whereas, the PROJECT will deploy cutting edge, on-demand technology that will require configuration for CUSTOMER's specific needs for utilization in the BRATS service area; and

Whereas, the PROJECT will require the technical services of a person or persons who possess a computer engineering degree, or who are considered to be computer engineers based on their technical knowledge or skill; and

Whereas, the requirements of the PROJECT are such that it is not possible to competitively bid out these professional services using technical specifications, and any specifications that could be generated would not be sufficiently definite to allow potential bidders to prepare bids intelligently or for the CUSTOMER to adequately compare the bids received; and

Whereas, the IMI Program permits applicants to name "Key Partners" who are essential to the project and allows for a noncompetitive award under the federal procurement requirements for the services provided by the Key Partners; and

Whereas, Via is an industry leader in mobility on demand ridesharing technology, whose team of software engineers and project managers has guided public and private partners around the world through complex mobility on demand transit software deployments, desires to partner with the CUSTOMER as a Key Partner on the Project to create one of the first fully on demand rural transit systems in the United States and provide access to the necessary technology for such a system ("Services"); and

Whereas, the CUSTOMER finds that the PROJECT requires essential professional computer and engineering services that meet one or more of the requirements of ALA. CODE § 41-16-51 which governs contracts for which competitive bidding is not required.

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the sufficiency of which is hereby acknowledged, Via and CUSTOMER agree as follows:

1. Services. The CUSTOMER hereby retains, and VIA agrees to perform for the CUSTOMER, the Services including but not limited to, the Via Solution and the support and ongoing services as hereinafter set forth and as described in the Baldwin County Deployment Service Order, attached hereto as Exhibit A. VIA shall immediately commence performance of the Services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out.

A. The Via Solution is comprised of driver and rider software applications (each, an "Application") and certain system management tools and may also include certain additional software, data, data feeds, or other content owned by and licensed from third parties. While all the Applications are cloud-based, certain of them are deployed via download to handheld mobile devices used by riders or drivers, while others are installed on devices field-deployed by Customer to personnel and vehicles.

B. Subject to the terms and conditions herein, VIA will provide the Services, as set forth herein and in the Baldwin County Deployment Service Order attached hereto as Exhibit A (the "Service Order"). The Services will include all related services, functions or responsibilities not specifically described in this Contract, but that are required or reasonably necessary for the proper performance of the Via Solution in connection with Customer's fully on-demand rural public transportation network that Customer intends to operate, for the benefit of prospective and actual riders, using vehicles, equipment and services (including telecommunications and/or dispatch equipment and services), personnel, routes and other infrastructure it owns or otherwise controls. VIA will grant CUSTOMER, access, and use rights for the specific Applications and deployment types identified in the Service Order attached hereto.

C. VIA shall provide ongoing communications with CUSTOMER regarding Services provided hereunder, including, but not limited to, regular updates, emails, calls and reports. Additionally, VIA will meet with CUSTOMER as needed or requested.

D. VIA is responsible for the professional quality, technical accuracy, timely completion and coordination of all Services furnished by or in relation to this Contract, per CUSTOMER's cooperation.

2. Representations of VIA. VIA is retained by the CUSTOMER as a professionally-qualified contractor and VIA represents and warrants as follows:

B. VIA represents and warrants that its services shall be performed within the limits and standards provided by the CUSTOMER, in a manner consistent with the level of care and skill ordinarily exercised by similar providers under similar circumstances at the time the services are performed.

C. VIA represents and warrants that VIA is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the Services. VIA further represents and warrants that it shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of Services.

D. VIA and CUSTOMER coordinated on the preparation of an application for participation in the IMI Program. The application package, attached hereto as Exhibit B, is incorporated herein by reference as documentation of VIA's representations regarding the Services hereunder.

E. The representations and warranties described above are a material inducement to the CUSTOMER in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the CUSTOMER's option.

3. Term. This Contract shall be effective for sixteen (16) months and shall be effective and commence immediately upon the same date as its full execution and shall terminate upon the expiration of sixteen (16) months thereafter unless terminated sooner as set forth in Paragraph 6 below. VIA and CUSTOMER may agree to renew the contract for up to three (3) additional one (1) year terms.

4. General Responsibilities of the CUSTOMER.

A. The CUSTOMER shall pay to VIA the compensation as, and subject to, the terms set out below.

B. Nothing in this Contract shall be construed as granting VIA any right or guarantee to be selected or exclusively retained to provide the Services to the County.

5. Ownership of Documents/Work. The CUSTOMER shall be the owner of all copyright and other intellectual property rights in reports, documents and all other deliverables produced and paid for under this Contract, including any derivative works thereof or improvements thereto (excluding, for the avoidance of doubt, VIA's pre-existing intellectual property and any derivatives of or improvements thereto), and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the CUSTOMER without payment of further consideration. VIA shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the Services, without the CUSTOMER's prior written consent, which may be withheld or granted in the sole discretion of the CUSTOMER.

For the avoidance of doubt, and notwithstanding anything to the contrary herein, no intellectual property will be conceived, created or furnished under this contract. All intellectual property rights in and to VIA's cloud-based solution (the "Via Solution") and all of its derivative works and improvements are owned by, and are proprietary to the Via, and no such rights are or shall be granted to or transferred to the CUSTOMER, other than the limited subscription, access and use rights to the Via Solution during the Term of this Agreement.

6. Termination of Contract. CUSTOMER or VIA may terminate this Contract upon the other party's material breach of the Contract provided that (a) the non-breaching party sends written notice to the breaching party describing the breach in reasonable detail; (b) the breaching party does not cure the breach within thirty (30) days following its receipt of such notice (the "Notice Period"); and (iii) following the expiration of the Notice Period, the non-breaching party sends a second written notice indicating its election to terminate this Contract. In the event of termination, the CUSTOMER shall pay VIA for Services satisfactorily rendered and for any expenses incurred pursuant to this Contract prior to the date of termination and reimbursable in accordance with the Service Order.

7. Compensation. The compensation to be paid to the VIA shall be as provided in this Contract, the Service Order and any future service orders. Said compensation shall be all inclusive of, including without limitation, reimbursement of all costs, incidentals and operating expenses associated with those directly engaged in performance of Services hereunder. Any and all additional expenditures

or expenses of VIA not listed in full within this Contract or the Service Order shall not be considered as a part of this Contract and shall not be demanded by VIA or paid by CUSTOMER.

VIA understands that CUSTOMER has received a Letter of No Prejudice from the Federal Transit Administration providing pre-award authority for CUSTOMER to begin work on the Project prior to the CUSTOMER's execution of a Cooperative Agreement with the Federal Transit Administration. CUSTOMER understands that compensation for work performed prior to the execution of the Cooperative Agreement is subject to the full execution of the Cooperative Agreement, and all applicable regulations regarding eligible expenses. If the Cooperative Agreement is not executed for any reason VIA will not receive any payment for any expenses incurred or any work performed under this Agreement or the attached Exhibit A. If any expense related to work under this Agreement or the attached Exhibit A is deemed ineligible for any reason, VIA will not receive payment for the ineligible expense.

8. Method of Payment. VIA shall submit invoices to the CUSTOMER for payment for work performed in accordance with the Service Order. Such invoice shall be accompanied by a detailed account of compensation to be paid to VIA. Payment shall be made by the CUSTOMER within thirty (30) days of the submission of the invoice by VIA. The CUSTOMER agrees to review and approve invoices submitted for payment in a timely manner.

9. Indemnification. VIA shall indemnify, defend and hold the CUSTOMER, and its Commissioners, affiliates, employees, agents, and representatives (collectively referred to in this Paragraph as "CUSTOMER") harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitation, attorneys' fees and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever, incurred by, asserted against, or imposed upon CUSTOMER, as a result of the gross negligence or willful misconduct of VIA, its agents, representatives, employees, members, managers, or contractors (collectively referred to in this Paragraph as "VIA"), any breach by VIA of any applicable law, data security or privacy obligations arising from performance of this Contract, or any action or omission of VIA related to or arising out of any failure of VIA to perform its obligations under this Contract. This indemnification shall survive the expiration or termination of this Contract. Notwithstanding anything to the contrary herein, the liability of either party under this Contract, by reason of breach or otherwise, shall be limited to the amount of fees payable to VIA hereunder as set forth on Exhibit A attached hereto.

10. Insurance. Prior to performing Services pursuant to this Contract, VIA shall carry, with insurers satisfactory to CUSTOMER, throughout the term hereof, Auto Liability Insurance, including owned, hired and non-owned vehicles, with limits of not less than \$1,000,000, combined single limit, for both bodily injury liability and property damage liability each occurrence; Commercial General Liability Insurance, including all contractual liability hereunder, with limits not less than \$1,000,000.00, combined single limit, for both bodily injury liability and property damage liability for each occurrence; and Worker's Compensation Insurance meeting the statutory limits of the State of Alabama and Employer's Liability Insurance fully covering all employees and supervisors participating in the Services. All liability insurance shall name the CUSTOMER as an additional insured. Prior to commencing VIA's Services hereunder, a Certificate of Insurance evidencing such coverage, satisfactory to CUSTOMER, shall be furnished to CUSTOMER, which shall specifically state that such insurance shall provide for at least thirty (30) days' notice to CUSTOMER in the event of cancellation, termination or any change in such insurance policies. The worker's compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against the CUSTOMER and its representatives. Should VIA fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, CUSTOMER may, at its option, suspend this Contract until insurance is obtained, terminate this Contract immediately without further action, or hold VIA in material default and pursue any and all remedies available.

For the avoidance of doubt, VIA will not provide insurance coverage for the operation of the CUSTOMER and its representatives of any vehicles.

11. No Exclusive Agreement Franchise. By executing this Contract, the CUSTOMER does not in any way grant VIA an exclusive agreement for Services or an exclusive franchise. VIA acknowledges that in the course of providing its Services hereunder, VIA may become privy to valuable information of a confidential and proprietary nature relating to the CUSTOMER's activities. All information VIA becomes privy to as a result of this Contract should be treated as confidential and shall not be divulged by VIA to any third person or entity without the express written consent of the CUSTOMER.

13. Warranties. VIA warrants that: (i) from the effective date of this Contract until the expiry or termination of this Contract, its Services hereunder will comply in all material respects with this Contract and with the Service Order; (b) the Services will be carried out in a competent and professional manner; (c) it has, and shall continue to have, all rights, consents and authorizations necessary to enable it to perform the Services in accordance with the provisions of this Contract and the Service Order; (d) it has not included or used any open-source software in the Via Solution which would prevent the Customer from exercising use rights over the Via Solution as contemplated by this Contract or the Service Order; (e) the Via Solution is free from any thing or device (including any software, code, file or programme) which may prevent, impair or otherwise adversely affect the operation of any computer software, hardware or network, any telecommunications service, equipment or network or any other service or device; prevent, impair or otherwise adversely affect access to or the operation of any programme or data, including the reliability of any programme or data (whether by re-arranging, altering or erasing the programme or data in whole or part or otherwise); or adversely affect the user experience, including worms, trojan horses, viruses and other similar things or devices, in each case that would substantially impair its operation; and (f) to VIA's knowledge, there are currently no actions, suits or proceedings or regulatory investigations alleging the infringement of third-party intellectual property rights by VIA pending before any court or administrative body or arbitration tribunal that might adversely affect the ability of VIA to meet and carry out its obligations under this Contract. In the event the Services to be provided hereunder fail to perform as warranted in this Paragraph, VIA shall use commercially reasonable efforts to promptly correct any such failure of its Services hereunder.

VIA is not an employee, servant, partner, or agent of the CUSTOMER and has no authority, express or implied, to contract for or bind the CUSTOMER in any manner. The parties agree that VIA shall be solely responsible for and shall have full and unqualified control over developing and implementing its own means and methods as it deems necessary and appropriate in providing Services, and that the CUSTOMER's interests herein are expressly limited to the results of VIA's Services. VIA is not entitled to unemployment insurance benefits, and VIA is responsible for and obligated to pay any and all federal and state income tax on any monies paid pursuant to this Contract.

The parties agree that, in the event of an inconsistency between a provision contained in this Agreement and a provision contained in the Federal Clauses attached hereto as Exhibit B, then, to the extent such provision in Exhibit B is applicable to this particular FTA program (and unless otherwise set forth in this Clause 19), then the provision in Exhibit B shall govern. To protect Via's intellectual property and the privacy of riders, Via will provide the following data tables and dashboards in the form of aggregated Tableau reports that will be provided for Customer's access. These reports will be refreshed daily. The reports are aggregated, deidentified and do not include any personal information of Riders.

In addition to the data outlined in this appendix, per the requirements for Federal IMI grant awardees, data under this service will be subject to a Data Management Plan (DMP), which Via and Customer will finalize in partnership with the Federal Transit Administration (FTA).

Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a US flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. Contractor shall include the requirements of this section in all subcontracts that may involve international air transportation.

Energy Conservation – Applicability – All Contracts except micro-purchases (\$10,000 or less, except for construction contracts over \$2,000) Contractor shall comply with mandatory standards and policies relating to energy efficiency, stated in the state energy conservation plan issued in compliance with the Energy Policy & Conservation Act.

Contractor's failure to comply shall constitute a material breach of the contract.

Upon execution of the underlying contract, contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification, the US Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act (1986) on contractor to the extent the US Government deems appropriate.

(2) If contractor makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submittal, or certification to the US Government under a contract connected with a project that is financed in whole or in part with FTA assistance under the authority of 49 USC 5307, the Government reserves the right to impose the penalties of 18 USC 1001 and 49 USC 5307(n)(1) on contractor, to the extent the US Government deems appropriate. Termination – Applicability – All Contracts over \$10,000, except contracts with nonprofit organizations and institutions of higher learning, where the threshold is \$250,000

- a. Termination for Convenience (General Provision) the recipient may terminate this contract, in whole or in part, at any time by written notice to contractor when it is in the recipient's best interest. Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient. If contractor is in possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.
- b. Termination for Default [Breach or Cause] (General Provision) If contractor does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and contractor fails to perform in the manner called for in the contract, or if contractor fails to comply with any other provisions of the contract, the recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
- c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.
- d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
- e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. If the contract is terminated, the recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.
- f. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract. If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work. Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:
1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
 2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.
- If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.
- i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice or

termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

Federal program and award identification shall include, as applicable, the CFDA title and number, award number and year, name of the Federal agency, and name of the pass through entity.

The CFDA number for the Federal Transit Administration - Nonurbanized Area Formula (Section 5311) is 20.509. The Recipient agrees to accomplish this by identifying expenditures for Federal awards made under Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.

Organizational Conflicts of Interest - The Recipient agrees that it will not enter into a procurement that involves a real or apparent

organizational conflict of interest described as follows: (1) When It Occurs. An organizational conflict of interest occurs when the Project work, without appropriate restrictions on certain future activities, results in an unfair competitive advantage: (a) To that Third Party Participant or another Third Party Participant performing the Project work, and (b) That impairs that Third Party Participant's objectivity in performing the Project work, or (2) Other. An organizational conflict of interest may involve other situations resulting in fundamentally unfair competitive conditions, (3) Disclosure Requirements. Consistent with FTA policies, the Recipient must disclose to FTA, and each of its Subrecipients must disclose to the Recipient: (a) Any instances of organizational conflict of interest, or (b) Violations of federal criminal law, involving fraud, bribery, or gratuity violations potentially affecting the federal award, and (4) Failure to Disclose. CONTRACT FOR PROFESSIONAL SERVICES

This CONTRACT FOR PROFESSIONAL SERVICES (the "Contract") is made and entered into by and between Baldwin County, Alabama, acting by and through its governing body, the Baldwin County Commission (hereinafter, "CUSTOMER"), and Via Mobility, LLC, a Delaware limited liability company with its principal office located at 160 Varick Street, Floor 4, New York, New York 10013 (hereinafter, "VIA").

WITNESSETH:

Whereas, the CUSTOMER manages the Baldwin Regional Area Transit System (BRATS), which is a federally funded public transportation provider; and

Whereas, the CUSTOMER was awarded funding from the Federal Transit Administration (FTA) for participation in the Integrated Mobility Innovation (IMI) Program to create one of the nation's first rural, fully on-demand public transit system (hereinafter referred to as "PROJECT") which will involve testing and deploying technology to accommodate long-distance interzone trips; and

Whereas, the PROJECT will deploy cutting edge, on-demand technology that will require configuration for CUSTOMER's specific needs for utilization in the BRATS service area; and

Whereas, the PROJECT will require the technical services of a person or persons who possess a computer engineering degree, or who are considered to be computer engineers based on their technical knowledge or skill; and

Whereas, the requirements of the PROJECT are such that it is not possible to competitively bid out these professional services using technical specifications, and any specifications that could be generated would not be sufficiently definite to allow potential bidders to prepare bids intelligently or for the CUSTOMER to adequately compare the bids received; and

Whereas, the IMI Program permits applicants to name "Key Partners" who are essential to the project and allows for a noncompetitive award under the federal procurement requirements for the services provided by the Key Partners; and

Whereas, Via is an industry leader in mobility on demand ridesharing technology, whose team of software engineers and project managers has guided public and private partners around the world through complex mobility on demand transit software deployments, desires to partner with the CUSTOMER as a Key Partner on the Project to create one of the first fully on demand rural transit systems in the United States and provide access to the necessary technology for such a system ("Services"); and

Whereas, the CUSTOMER finds that the PROJECT requires essential professional computer and engineering services that meet one or more of the requirements of ALA. CODE § 41-16-51 which governs contracts for which competitive bidding is not required.

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained herein, the sufficiency of which is hereby acknowledged, Via and CUSTOMER agree as follows:

1. Services. The CUSTOMER hereby retains, and VIA agrees to perform for the CUSTOMER, the Services including but not limited to, the Via Solution and the support and ongoing services as hereinafter set forth and as described in the Baldwin County Deployment Service Order, attached hereto as Exhibit A. VIA shall immediately commence performance of the Services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out.

A. The Via Solution is comprised of driver and rider software applications (each, an "Application") and certain system management tools and may also include certain additional software, data, data feeds, or other content owned by and licensed from third parties. While all the Applications are cloud-based, certain of them are deployed via download to handheld mobile devices used by riders or drivers, while others are installed on devices field-deployed by Customer to personnel and vehicles.

B. Subject to the terms and conditions herein, VIA will provide the Services, as set forth herein and in the Baldwin County Deployment Service Order attached hereto as Exhibit A (the "Service Order"). The Services will include all related services, functions or responsibilities not specifically described in this Contract, but that are required or reasonably necessary for the proper performance of the Via Solution in connection with Customer's fully on-demand rural public transportation network that Customer intends to operate, for the benefit of prospective and actual riders, using vehicles, equipment and services (including telecommunications and/or dispatch equipment and services), personnel, routes and other infrastructure it owns or otherwise controls. VIA will grant CUSTOMER, access, and use rights for the specific Applications and deployment types identified in the Service Order attached hereto.

C. VIA shall provide ongoing communications with CUSTOMER regarding Services provided hereunder, including, but not limited to, regular updates, emails, calls and reports. Additionally, VIA will meet with CUSTOMER as needed or requested.

D. VIA is responsible for the professional quality, technical accuracy, timely completion and coordination of all Services furnished by or in relation to this Contract, per CUSTOMER's cooperation.

2. Representations of VIA. VIA is retained by the CUSTOMER as a professionally-qualified contractor and VIA represents and warrants as follows:

A. VIA represents and warrants to the CUSTOMER that it possesses the professional, technical, and administrative personnel with the specific experience and training necessary to provide the Services described in this Contract and the Service Order attached hereto as Exhibit A and future service orders, if any.

B. VIA represents and warrants that its services shall be performed within the limits and standards provided by the CUSTOMER, in a manner consistent with the level of care and skill ordinarily exercised by similar providers under similar circumstances at the time the services are performed.

C. VIA represents and warrants that VIA is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the Services. VIA further represents and warrants that it shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of Services.

D. VIA and CUSTOMER coordinated on the preparation of an application for participation in the IMI Program. The application package, attached hereto as Exhibit B, is incorporated herein by reference as documentation of VIA's representations regarding the Services hereunder.

E. The representations and warranties described above are a material inducement to the CUSTOMER in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the CUSTOMER's option.

3. Term. This Contract shall be effective for sixteen (16) months and shall be effective and commence immediately upon the same date as its full execution and shall terminate upon the expiration of sixteen (16) months thereafter unless terminated sooner as set forth in Paragraph 6 below. VIA and CUSTOMER may agree to renew the contract for up to three (3) additional one (1) year terms.

4. General Responsibilities of the CUSTOMER.

A. The CUSTOMER shall pay to VIA the compensation as, and subject to, the terms set out below.

B. Nothing in this Contract shall be construed as granting VIA any right or guarantee to be selected or exclusively retained to provide the Services to the County.

5. Ownership of Documents/Work. The CUSTOMER shall be the owner of all copyright and other intellectual property rights in reports, documents and all other deliverables produced and paid for under this Contract, including any derivative works thereof or improvements thereto (excluding, for the avoidance of doubt, VIA's pre-existing intellectual property and any derivatives of or improvements thereto), and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the CUSTOMER without payment of further consideration. VIA shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the Services, without the CUSTOMER's prior written consent, which may be withheld or granted in the sole discretion of the CUSTOMER.

For the avoidance of doubt, and notwithstanding anything to the contrary herein, no intellectual property will be conceived, created or furnished under this contract. All intellectual property rights in and to VIA's cloud-based solution (the "Via Solution") and all of its derivative works and improvements are owned by, and are proprietary to the Via, and no such rights are or shall be granted to or transferred to the CUSTOMER, other than the limited subscription, access and use rights to the Via Solution during the Term of this Agreement.

6. Termination of Contract. CUSTOMER or VIA may terminate this Contract upon the other party's material breach of the Contract provided that (a) the non-breaching party sends written notice to the breaching party describing the breach in reasonable detail; (b) the breaching party does not cure the breach within thirty (30) days following its receipt of such notice (the "Notice Period"); and (iii) following the expiration of the Notice Period, the non-breaching party sends a second written notice indicating its election to terminate this Contract. In the event of termination, the CUSTOMER shall pay VIA for Services satisfactorily rendered and for any expenses incurred pursuant to this Contract prior to the date of termination and reimbursable in accordance with the Service Order.

7. Compensation. The compensation to be paid to the VIA shall be as provided in this Contract, the Service Order and any future service orders. Said compensation shall be all inclusive of, including without limitation, reimbursement of all costs, incidentals and operating expenses associated with those directly engaged in performance of Services hereunder. Any and all additional expenditures

or expenses of VIA not listed in full within this Contract or the Service Order shall not be considered as a part of this Contract and shall not be demanded by VIA or paid by CUSTOMER.

VIA understands that CUSTOMER has received a Letter of No Prejudice from the Federal Transit Administration providing pre-award authority for CUSTOMER to begin work on the Project prior to the CUSTOMER's execution of a Cooperative Agreement with the Federal Transit Administration. CUSTOMER understands that compensation for work performed prior to the execution of the Cooperative Agreement is subject to the full execution of the Cooperative Agreement, and all applicable regulations regarding eligible expenses. If the Cooperative Agreement is not executed for any reason VIA will not receive any payment for any expenses incurred or any work performed under this Agreement or the attached Exhibit A. If any expense related to work under this Agreement or the attached Exhibit A is deemed ineligible for any reason, VIA will not receive payment for the ineligible expense.

8. Method of Payment. VIA shall submit invoices to the CUSTOMER for payment for work performed in accordance with the Service Order. Such invoice shall be accompanied by a detailed account of compensation to be paid to VIA. Payment shall be made by the CUSTOMER within thirty (30) days of the submission of the invoice by VIA. The CUSTOMER agrees to review and approve invoices submitted for payment in a timely manner.

9. Indemnification. VIA shall indemnify, defend and hold the CUSTOMER, and its Commissioners, affiliates, employees, agents, and representatives (collectively referred to in this Paragraph as "CUSTOMER") harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitation, attorneys' fees and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever, incurred by, asserted against, or imposed upon CUSTOMER, as a result of the gross negligence or willful misconduct of VIA, its agents, representatives, employees, members, managers, or contractors (collectively referred to in this Paragraph as "VIA"), any breach by VIA of any applicable law, data security or privacy obligations arising from performance of this Contract, or any action or omission of VIA related to or arising out of any failure of VIA to perform its obligations under this Contract. This indemnification shall survive the expiration or termination of this Contract. Notwithstanding anything to the contrary herein, the liability of either party under this Contract, by reason of breach or otherwise, shall be limited to the amount of fees payable to VIA hereunder as set forth on Exhibit A attached hereto.

10. Insurance. Prior to performing Services pursuant to this Contract, VIA shall carry, with insurers satisfactory to CUSTOMER, throughout the term hereof, Auto Liability Insurance, including owned, hired and non-owned vehicles, with limits of not less than \$1,000,000, combined single limit, for both bodily injury liability and property damage liability each occurrence; Commercial General Liability Insurance, including all contractual liability hereunder, with limits not less than \$1,000,000.00, combined single limit, for both bodily injury liability and property damage liability for each occurrence; and Worker's Compensation Insurance meeting the statutory limits of the State of Alabama and Employer's Liability Insurance fully covering all employees and supervisors participating in the Services. All liability insurance shall name the CUSTOMER as an additional insured. Prior to commencing VIA's Services hereunder, a Certificate of Insurance evidencing such coverage, satisfactory to CUSTOMER, shall be furnished to CUSTOMER, which shall specifically state that such insurance shall provide for at least thirty (30) days' notice to CUSTOMER in the event of cancellation, termination or any change in such insurance policies. The worker's compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against the CUSTOMER and its representatives. Should VIA fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, CUSTOMER may, at its option, suspend this Contract until insurance is obtained, terminate this Contract immediately without further action, or hold VIA in material default and pursue any and all remedies available.

For the avoidance of doubt, VIA will not provide insurance coverage for the operation of the CUSTOMER and its representatives of any vehicles.

11. No Exclusive Agreement Franchise. By executing this Contract, the CUSTOMER does not in any way grant VIA an exclusive agreement for Services or an exclusive franchise. VIA expressly acknowledges and agrees that the CUSTOMER may enter into agreements with other providers as deemed necessary by the CUSTOMER in its sole discretion.

12. Confidentiality. VIA acknowledges that in the course of providing its Services hereunder, VIA may become privy to valuable information of a confidential and proprietary nature relating to the CUSTOMER's activities. All information VIA becomes privy to as a result of this Contract should be treated as confidential and shall not be divulged by VIA to any third person or entity without the express written consent of the CUSTOMER.

13. Warranties. VIA warrants that: (i) from the effective date of this Contract until the expiry or termination of this Contract, its Services hereunder will comply in all material respects with this Contract and with the Service Order; (b) the Services will be carried out in a competent and professional manner; (c) it has, and shall continue to have, all rights, consents and authorizations necessary to enable it to perform the Services in accordance with the provisions of this Contract and the Service Order; (d) it has not included or used any open-source software in the Via Solution which would prevent the Customer from exercising use rights over the Via Solution as contemplated by this Contract or the Service Order; (e) the Via Solution is free from any thing or device (including any software, code, file or programme) which may prevent, impair or otherwise adversely affect the operation of any computer software, hardware or network, any telecommunications service, equipment or network or any other service or device; prevent, impair or otherwise adversely affect access to or the operation of any programme or data, including the reliability of any programme or data (whether by re-arranging, altering or erasing the programme or data in whole or part or otherwise); or adversely affect the user experience, including worms, trojan horses, viruses and other similar things or devices, in each case that would substantially impair its operation; and (f) to VIA's knowledge, there are currently no actions, suits or proceedings or regulatory investigations alleging the infringement of third-party intellectual property rights by VIA pending before any court or administrative body or arbitration tribunal that might adversely affect the ability of VIA to meet and carry out its obligations under this Contract. In the event the Services to be provided hereunder fail to perform as warranted in this Paragraph, VIA shall use commercially reasonable efforts to promptly correct any such failure of its Services hereunder.

14. Legal Compliance. VIA shall at all times comply with all applicable federal, state, and local laws and regulations.

15. Independent Contractor. VIA acknowledges that it is an independent contractor, and VIA shall at all times remain as such in performing Services under this Contract. VIA is not an employee, servant, partner, or agent of the CUSTOMER and has no authority, express or implied, to contract for or bind the CUSTOMER in any manner. The parties agree that VIA shall be solely responsible for and shall have full and unqualified control over developing and implementing its own means and methods as it deems necessary and appropriate in providing Services, and that the CUSTOMER's interests herein are expressly limited to the results of VIA's Services. VIA is not entitled to unemployment insurance benefits, and VIA is responsible for and obligated to pay any and all federal and state income tax on any monies paid pursuant to this Contract.

16. Assignment. This Contract or any interest herein shall not be assigned, transferred or otherwise encumbered by VIA without the prior written consent of the CUSTOMER, which may be withheld or granted in the sole discretion of the CUSTOMER.

19. Federal Clauses. VIA acknowledges that CUSTOMER is required to comply with certain federal requirements with respect to Federal Transit Administration funded programs. Attached hereto as Exhibit B is a list of additional Federal Clauses which are hereby expressly made a part of this Agreement. The parties agree that, in the event of an inconsistency between a provision contained in this Agreement and a provision contained in the Federal Clauses attached hereto as Exhibit B, then, to the extent such provision in Exhibit B is applicable to this particular FTA program (and unless otherwise set forth in this Clause 19), then the provision in Exhibit B shall govern. (and unless otherwise set forth in this Clause 19), then the provision in Exhibit B shall govern. Notwithstanding anything set forth in Exhibit B, Customer may terminate this Agreement for convenience only upon providing sixty (60) days prior written notice. For the avoidance of doubt, the parties acknowledge that the services provided by Via do not constitute experimental, developmental, or research work.

20. Force Majeure. The Parties hereto shall incur no liability to the other if performance becomes impossible or impracticable by reason of an event or effect that the parties could neither have anticipated nor controlled. This allowance shall include both an act of nature and acts of third parties. Any costs that would otherwise be incurred and/or necessitated by the provisions herein shall be alleviated for either party by such event or effect.

21. Number of Originals. This Contract shall be executed with three (3) originals, each of which are equally valid as an original.

22. Governing Law, Venue and Jurisdiction: This Contract in all respects, including without limitation its formation, validity, construction, enforceability and available remedies, shall be governed by the laws of the State of Alabama, without regard to Alabama conflict of law principles. Proper venue for any action arising under or related to this Contract shall lie in the Circuit Court of Baldwin County, Alabama.

23. Dispute. If any dispute arises under the terms and conditions of this Contract, the prevailing party in such dispute shall be entitled to reasonable attorney's fees and costs. Furthermore, VIA and CUSTOMER each agree and acknowledge this Contract has been mutually negotiated by both parties.

If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work. Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:
1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and
 2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.
- If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.
- i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.
- j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice or

termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

Lease Agreement with Prodissee Pantry for Baldwin Regional Area Transit System (BRATS) Spanish Fort Hub

STAFF RECOMMENDATION

Take the following actions:

- 1) Approve a Lease Agreement between Baldwin County Commission and Prodissee Pantry for six (6) parking spaces for 3-5 transit vehicles and a small, secure work space located at 9315 Spanish Fort Boulevard, Spanish Fort, Alabama to be utilized as a Baldwin Regional Area Transit System (BRATS) Transit Hub; and
- 2) Authorize the Chairman to execute the Lease Agreement.

The term of the lease shall commence upon execution and shall terminate upon the expiration of three (3) years. The monthly lease amount shall be \$650.00 inclusive of utilities and maintenance.

BACKGROUND INFORMATION

Background: From 2015 to 2019, several locations were considered for a BRATS Hub in the Daphne / Spanish Fort area including the Scenic Overlook in Spanish Fort, the Spanish Fort Shopping Center, and the Jubilee Square Shopping Center. All these potential locations would have required a significant capital investment.

With the change to the BRATS service model to an on-demand, micro-transit service, it is no longer necessary for the hub to be located in a high traffic area as was previously considered. However, as ridership continues to increase there remains a growing need for a hub in the Spanish Fort / Stapleton area. Due to the travel time and distance from the Fairhope, Robertsedale, or Bay Minette hubs, BRATS is limited to the service it can provide in the Spanish Fort / Stapleton area especially during the peak first and last hours of service. Having a small satellite hub in this area will allow drivers to clock-in / out, store paperwork, vehicle cleaning supplies, mobile devices, and buses during non-service hours and will allow BRATS to provide more efficient service to these areas.

Due to the long-standing relationship Prodissee Pantry and BRATS enjoy, Prodissee Pantry has offered to lease to BCC / BRATS a small office space and parking area for 3-5 buses. The parking area is

monitored by surveillance equipment and the office area is secure with limited access, and an exterior door. The monthly lease amount is \$650.00 and is inclusive of utilities, maintenance, and insurance.

IN the event of such relocation, this Agreement shall continue in full force and effect without any change in the terms or other conditions, except that the new location and square footage shall be substituted in paragraph 1 of this Agreement.
11. **ACCESS OF LICENSOR.** Licensor shall have access to the Premises at all reasonable times during Licensee's normal business hours and upon not less than 24 hours prior notice (except in the event of emergency), to enable Licensor to (a) examine the same and to make such repairs, additions, and alteration as Licensor may be required or permitted to make hereunder; (b) show the Premises to prospective tenants, mortgagees, and purchasers; and (c) confirm Licensee's compliance with this Agreement.

12. **COMPLIANCE WITH LAWS, RULES, and REGULATIONS.** Licensee, at Licensee's sole cost and expense, shall comply with all laws, ordinances, orders, rules, and regulations of state, federal, county, municipal, or other agencies or bodies having jurisdiction relating to the use and condition of the Premises and/or operation with the Shopping Center. Licensee will comply with such rules and regulations as Licensor may impose from time to time.
13. **CONDEMNATION.** If, during the Term, all or any part of the Premises or Shopping Center are taken for any public or quasi-public use under any governmental law, ordinance or regulation, or by right of eminent domain or by purchase or exchange in lieu thereof, then Licensor may, at its option, terminate the License created by this agreement.
14. **FIRE AND CASUALTY.** If the Premises or Shopping Center should be partially or totally destroyed or damaged by fire or other casualty, then Licensor may, at its option, terminate the License created by this agreement.
15. **INSURANCE.**
- a. **Licensor's Insurance.** Licensor may maintain a policy or policies of insurance insuring Licensor against loss with respect to the Shopping Center and/or the public common areas thereof, covering such risks and in such amounts as Licensor may deem appropriate. Licensee shall not permit the Premises to be used in any way which would, in the opinion of Licensor, be extra hazardous on account of fire or other hazard or casualty or which would otherwise in any way increase the premiums for or render void any insurance relating to the Shopping Center or the contents or any portion thereof or any liability of Licensor. If Licensee's use of the Premises causes any increase in any insurance premiums paid by licensor, the Licensee shall pay to Licensor upon demand the amount of such increase. Licensor shall not be obligated in any way or manner to insure and personal property (including but not limited to any furniture, machinery, equipment, goods, or supplies) of Licensee or which Licensee may have upon or within the Premises or any fixtures installed by or paid for by Licensee upon or within the Premises or any additional improvements which Licensee may construct on the Premises. Licensee's obligation to pay any increased premium under this subparagraph 15(a) shall survive early termination of the Term by Licensee, but not Licensor.
 - b. **Licensee's Insurance.** Licensee, at its sole cost and expense, shall maintain at all times during the Term, (i) public liability insurance with respect to the Premises and the conduct or operation of Licensee's business therein and activities within the Shopping Center, naming Licensor, and lender of Licensor, and any third-party property manager of Licensor as additional insureds, with limits of not less than \$1,000,000.00 for death or bodily injury to any one or more persons in a single occurrence and \$1,000,000.00 for property damage, (ii) a policy or policies of insurance with the premiums paid in advance, issued by and binding upon a reputable, solvent insurance company or self-insurance fund, insuring all personal property of Licensee upon or within the Premises, and (iii) such workers' compensation insurance so as to comply with the laws and regulations of the state in which the Premises is located. Licensee shall deliver certificates of all such insurance to Licensor on or before the Commencement Date, and thereafter from time to time upon request.
16. **WAIVER OF SUBROGATION.** Anything in this Agreement to the contrary notwithstanding, Licensor and Licensee hereby waive and release each other of and from any and all rights of recovery, claim, action, or

cause of action against each other, their agents, officers, and employees, for any loss or damage that may occur to the Premises, the Shopping Center, any improvements thereto or any of the contents thereof, regardless of cause or origin, including but not limited to negligence of Licensor or Licensee or its respective agents, officers, and employees. Each party to this Agreement agrees immediately to give to each insurance company which has issued to its policies of insurance covering all risk of direct physical loss, written notice of the terms of the mutual waivers contained in this paragraph, and to have the insurance policies properly endorsed, if necessary, to prevent the invalidation of the insurance coverages by reason of the mutual waivers contained in this paragraph.

17. **HOLD HARMLESS.** Licensee agrees to indemnify and hold harmless Licensor, its officers, directors, shareholders, investors, employees, agents, contractors, and representatives of and from any and all loss, attorneys' fees, expenses, damages, claims, or causes of actions arising out of any act or omission of Licensee, which may include, but is not limited to Licensee liability caused by, arising from, or relating to any breach by Licensee hereunder.

Nothing contained in this Agreement shall be deemed or construed as a waiver of the immunity, defense or limitation of liability of the Licensee under any state or federal laws, rules or regulations. Licensee expressly reserves the right to assert any defense based on such immunity or limitation of liability in any action related to or pursuant to this Agreement.

18. **ASSIGNMENT.**

- a. **By Licensor.** Licensor shall have the right to transfer and assign, in whole or in part, all or any part of its right, title, and interest in and to this Agreement, the Premises, and/or the Shopping Center. Following such an assignment, the original Licensor shall have no further liability, obligation, or duty to Licensee hereunder, and Licensee shall thereafter look solely and exclusively to such successor or assignee for performance of the obligation of the Licensor hereunder.
- b. **By Licensee.** Licensee shall not assign, in whole or in part, this Agreement, or allow it to be assigned, in whole or in part, by operation of law or otherwise (including without limitation by transfer of a majority of interests in a partnership or a majority interest of stock, merger, or dissolution, which transfer of majority interest, or dissolution shall be deemed an assignment).

19. **EVENTS OF DEFAULT.** Each of the following shall be deemed to be an event of default by Licensee under this Agreement (an "Event of Default"):

- a. Licensee shall fail to pay when due any installment, or portion thereof, of the Base License Fee, Percentage License Fee, any additional License Fee, and/or any other amount required pursuant to this Agreement;
- b. Licensee shall fail to comply with any term, provision, or covenant of this Agreement, other than as described in subparagraph 19(a) above and subparagraph 19(d) below, and such failure is not cured within five (5) days after Licensee's receipt of written notice from Licensor;
- c. Licensee shall file a petition for relief or be adjudged bankruptcy or insolvent under any state or federal law or statute; or receiver or trustee shall be appointed for all or substantially all of the assets of Licensee; or Licensee shall make a transfer in fraud of creditors or shall make an assignment for the benefit of creditors; or

- d. Licensee shall do or permit to be done any act which results in a lien of any sort being filed against the Premises, the Shopping Center, or any portion thereof.

20. REMEDIES FOR LICENSEE'S DEFAULT. Upon the occurrence of any Event of Default, Licensor may as its option pursue any one, some, or all of the following remedies, and any and all other rights or remedies available to Licensor by law, in equity, or otherwise, without any notice or demand other than as may be required, if at all, under subparagraph 19(b) above, and with full reservation of all cumulative rights and remedies:

- a. commence proceedings against Licensee for all amounts owed by Licensee to Licensor, whether as Base License Fee, Percentage License Fee, any additional License Fee or other amounts due hereunder, damages, and/or otherwise;
- b. terminate the License created by this Agreement, in which event Licensee shall vacate the Premises and remove all equipment and other personalty therefrom on or before the date set forth in Licensor's termination notice (which may, but shall not be required to, specify an immediate date), and pay on demand the amount of all costs, losses, and damages which Licensor has suffered or may suffer by reason of the Event of Default and/or termination of the License including, without limitation, attorneys' Fees and expenses;
- c. re-enter and take possession of the Premises, peaceably or by force, with or without terminating this Agreement, and remove any property therein, without any liability to Licensee for any of the foregoing, and without obligation to secure or store such property;
- d. cure such Event of Default for, on behalf, and/or on account of Licensee, whereupon Licensee shall be liable to reimburse immediately all amounts demanded by Licensor on account of Licensor's cure or attempted cure of such Event of Default; and
- e. exercise any other right or remedy, available in law or in equity.

21. WAIVER OF DEFAULT OR REMEDY. Failure of Licensor to declare an Event of Default immediately upon its occurrence, or delay in taking any action or exercising any remedy in connection with an Event of Default, shall not constitute a waiver of the Event of Default, and Licensor shall have the right to declare the Event of Default at any time and take such action as is authorized by law or under this Agreement. In this regard, Licensee knowingly and voluntarily waives any right to claim or raise as an affirmative defense, or otherwise, any doctrine of waiver, laches, or estoppel. Acceptance by Licensor of any License Fee or other amount after it has come due, or acceptance of less than the full amount due, shall not constitute or be construed as a waiver of any Licensor's rights and remedies hereunder, nor excuse any delay or partial payment upon subsequent occasions, nor act as accord and satisfaction. Pursuit of any one or more of the remedies set forth in paragraph 20 above shall not preclude pursuit of any one or more of the other remedies provided in said paragraph or elsewhere in this Agreement or as provided by law or at equity, nor shall pursuit of any remedy constitute forfeiture or waiver of any License Fee, damages, or other amount accruing to Licensor by reason of the violation of any of the terms, provision, or covenants of this Agreement or otherwise arising under this Agreement. Failure by Licensor to enforce one or more of the remedies provided upon an Event of Default shall not be deemed or construed to constitute a waiver of the Event of Default or of any other violation or breach of any of the terms, provisions, and covenants contained in this Agreement.

22. **HAZARDOUS MATERIALS.** Licensee agrees not to introduce, bring, maintain, keep, store, dispose, discharge, discard, release, or permit the maintenance or storage of any dangerous, flammable, or hazardous material on the Premises and/or within the Shopping Center (other than reasonable and customary amounts as permitted under existing fire and safety rules and regulations), and further agrees to comply with all fire and safety rules and regulations and all environmental laws.
23. **ACTS OF GOD.** Neither Licensor nor Licensee shall be required to perform any covenant or obligation in this Agreement, or be liable in damages to the other party, so long as the performance or nonperformance of the covenant or obligation is delayed, caused by, or prevented by an act of God or other reasonable instances of force majeure. Such instance of force majeure shall not extend beyond a ninety (90) day period.
24. **ATTORNEYS' FEES.** In the event Licensee defaults in the performance of any of the terms, covenants, agreements, or conditions contained in this Agreement and Licensor engages an attorney to enforce all or any part of this Agreement, collect any License Fee or other amounts due, and/or institute legal or equitable proceeding against Licensee, Licensee agrees to pay Licensor's reasonable attorneys' fees and expenses for the services of such attorney, if the Licensor is the prevailing party in litigation.
25. **ESTOPPEL CERTIFICATES.** Licensee agrees to furnish from time to time, within twenty (20) business days after request of Licensor, or any holder of any mortgage or deed to secure debt covering the Shopping Center or any portion thereof, a certified statement, to the best of Licensee's knowledge and without qualification or condition, as to such matters as Licensor or such holder shall reasonably request.
26. **SUCCESSORS AND ASSIGNS.** This Agreement shall be binding upon and inure to the benefit of Licensor and Licensee and their respective heirs, representatives, successors, and assigns. It is hereby covenanted and agreed that should Licensor's interest in the Premises cease to exist for any reason during the Term, then notwithstanding the happening of such event this Agreement nevertheless shall remain unimpaired and in full force and effect and Licensee hereby agrees to be bound and obligated hereunder to the then owner of the Premises at its licensor.
27. **MISCELLANEOUS.** Time is of the essence of each and every obligation of Licensee under this Agreement. The captions appearing in this Agreement are inserted only as a matter of convenience and in no way define, limit, construe or describe the scope or intent of any provision hereof. If any provision of this Agreement shall ever be held to be invalid or unenforceable in any circumstance or as to any person, such invalidity or unenforceability shall not affect such provision in any other circumstance or as to any other person or any other provision of this Agreement.

ITEM TITLE

Competitive Bid #WG22-21 - Purchase of Two (2) New Chevrolet 2500HD Truck Chassis or Equivalent for the Baldwin County Commission

STAFF RECOMMENDATION

Cancel the Purchase Order to Joe Bullard Chevrolet for the purchase of two (2) new Chevrolet 2500HD Truck Chassis and authorize the Purchasing Director to utilize the State of Alabama Contract or a National Contract to purchase the trucks.

BACKGROUND INFORMATION

Background: The bid for the purchase of two (2) new 2022 Chevrolet 2500HD Truck Chassis was awarded to Joe Bullard Chevrolet on March 15, 2022. The Purchase Order was issued on April 8th after new vendor packet was received. Staff has been corresponding with Joe Bullard several times by email on the delivery of the trucks and was told numerous times that the trucks were ordered. On September 7, 2022, staff received an email from Joe Bullard Chevrolet stating that after multiple attempts to place the truck orders with General Motors that GM has discontinued accepting 2022 model orders for the HD units. Joe Bullard stated that their General Manager suggested they re-attempt the build / purchase project for 2023 models but that the 2023 model price would be more than Joe Bullard bid. The Competitive Bid Law will not allow any increase in the bid price once it is awarded. Staff recommendation is to cancel the Purchase Order with Joe Bullard Chevrolet and utilize the State of Alabama Contract or a National Contract to purchase the vehicles.

Previous Commission action/date:

02/01/2022 meeting: 1) Approved the specifications and authorized the Purchasing Director to place a competitive bid for the purchase of two (2) New Chevrolet or Equivalent; and 2) Further, authorized the Chairman/Purchasing Division Commissioner for the Baldwin County Commission to approve any necessary addendums or clarifications if required after the bid is advertised.

03/15/2022 meeting: Awarded the bid for the purchase of two (2) new 2022 Chevrolet 2500HD Truck Chassis to Joe Bullard Chevrolet for the Building Maintenance Department as follows: Make/Model: 2022 Chevrolet 2500HD Truck Chassis; Amount Bid: \$40,532.00 x 2 = \$81,064.00; Delivery Time: ASAP - to order.

Mr. Byrd

The bid was awarded to Joe Bullard Chevrolet for the purchase of the two trucks on March 15, 2022 and the Purchase Order was dated April 8, 2022.

Why was the vehicles not ordered in April when GM was still taking orders??

Ms. Watson;

After multiple attempts to place your truck orders and multiple build-constraint barriers, we simply have been unable to get your two—2022-model Silverado 2500HD units built. GM has discontinued accepting 2022-model orders for the HD units. After meeting with our general manager, we suggest re-attempting the build/purchase project, but re-submitting bids for the 2023 model. *Chassis Cab*.

We understand your frustration, and we greatly apologize that we have yet to be able to provide you with the trucks you are trying to purchase. Please let me know if you want us to re-submit everything—including the bid for the multiple truck order/purchase but based on the 2023 models.

Thank you,

Exceptions:

Page 6 of the specifications requires that the "Base paper for this type stamp shall contain identifiable protective features which will at once permit analysis to establish its authenticity."

Ashton Potter (USA) Ltd. Takes the following exceptions to this requirement on a number of grounds.

- 1) This describes a feature provided by the County's current supplier and its inclusion limits competition.
- 2) Ashton Potter believes that this feature provides no material benefit to the County and as such is an unnecessary cost.
 - a. The requirement clearly states that this type of feature does not transfer from the base paper to the cigarette package with the cigarette stamp. This results in the ability to authenticate rolls based on this feature to inspection within the County's secure storage location, or the stamping agent's place of business. It is impossible to authenticate stamps at retail locations based on this feature.
 - b. In both the County's secure storage location and the stamping agent's place of business there are many state-of-art security features in the cigarette stamps themselves that allow for positive authentication and that authenticating the base paper is therefore unnecessary.
 - c. It should also be noted that following application of the cigarette stamps to the cigarette packages, the stamping agent will discard the base paper, in a non-secure manner, that allows potential criminals access to any genuine security feature in the base paper.

Ashton Potter focuses on providing cigarette stamps with state-of-the art security features that protect the County from counterfeit stamps and are not offering security features in the base paper for the about reasons.

NOW, THEREFORE, in consideration of the premises and the mutual covenants herein contained, the sufficiency of which being hereby acknowledged, PROVIDER and COUNTY do hereby agree as follows:

- I. Obligations Generally. The COUNTY hereby retains, and the PROVIDER agrees to perform for the COUNTY, those public works services as hereinafter set forth. This document shall serve as the binding contract for the services of PROVIDER. PROVIDER shall immediately commence performance of the services outlined herein upon full execution of this Contract. All work shall be commenced and completed in a timely manner as, and at the times, herein set out. Time is of the essence for all provisions of this Contract.

- IV. No Prohibited Exclusive Franchise. The COUNTY neither perceives nor intends, by this Contract, a granting of an exclusive franchise or violation of Art. I, Section 22 of the Alabama Constitution.
- V Representation/Warranty of Certifications, Etc. PROVIDER represents and warrants that Provider is presently certified, licensed and otherwise permitted under all necessary and applicable laws and regulations to perform the services herein, and that PROVIDER shall renew, maintain, and otherwise ensure that all such certifications, licenses, and permits are current and valid, without interruption, for and through completion of the services. The representation and warranty aforesaid is a material inducement to the COUNTY in entering this Contract, and the parties agree that the breach thereof shall be deemed material at the COUNTY's option.
- VI. Legal Compliance. The PROVIDER shall at all times comply with all applicable federal, state, local and municipal laws and regulations.

- VII. Independent Contractor. PROVIDER acknowledges that it is an independent contractor, and PROVIDER shall at all times remain as such in performing the services under this Contract. PROVIDER is not an employee, servant, partner, or agent of the COUNTY and has no authority, whether express or implied, to contract for or bind the COUNTY in any manner. - IX. Unenforceable Provisions. If any one or more of the provisions contained herein shall, for any reason, be held to be invalid, illegal or unenforceable in any respect, then such provision or provisions shall be deemed severable from the remaining provisions hereof, and such invalidity, illegality or unenforceability shall not affect any other provision hereof. This Contract shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.
- X. Entire Agreement. This Contract represents the entire and integrated agreement between COUNTY and PROVIDER and supersedes all prior negotiations, representations, or agreements, either written or oral. This agreement may be amended only by written instrument signed by all parties.
- XI. Failure to Strictly Enforce Performance. The failure of the COUNTY to insist upon the strict performance of any of the terms, covenants, agreements, and conditions of this Contract shall not constitute, and shall never be asserted by PROVIDER as constituting a default or be construed as a waiver or relinquishment of the right of the COUNTY to thereafter enforce any such term, covenant, agreement, or condition, but the same shall continue in full force and effect.
- XII. Assignment. This Contract, or any interest herein, shall not be assigned transferred or otherwise encumbered by PROVIDER without the prior written consent of the COUNTY, which may be withheld or granted in the sole discretion of the COUNTY.
- XIII. Ownership of Documents/Work. The COUNTY shall be the owner of all copyright or other intellectual property rights in reports, documents and deliverables produced and paid for under this Contract, and to the extent permitted by Alabama law, any such material may be reproduced and reused at the discretion of the COUNTY without payment of further consideration. PROVIDER shall not transfer, disclose, or otherwise use such information for any purpose other than in performance of the services hereunder, without the COUNTY's prior written consent, which may be withheld or granted in the sole discretion of the COUNTY.

- XXIII. Indemnification. PROVIDER shall indemnify, defend and hold the COUNTY and its Commissioners, affiliates, employees, agents, and representatives (collectively referred to in this section as "COUNTY") harmless from and against any and all claims, demands, liabilities, damages, losses, judgments, costs, and expenses including, without limitations, attorneys' fees and costs, for any and all personal injury (including death) and property damage of any kind or nature whatsoever, incurred by, asserted against, or imposed upon COUNTY, as a result of or in any manner related to provision of services hereunder, or any act or omission, by PROVIDER. PROVIDER shall provide the COUNTY with proof of general liability coverage including the COUNTY as an additional insured. - XXV. Governing Law. This Contract in all respects, including without limitation its formation, validity, construction, enforceability and available remedies, shall be governed by the laws of the State of Alabama, without regard to Alabama conflict of law principles.

All liability insurance shall name the COUNTY as an additional insured. Prior to commencing operations hereunder, a Certificate of Insurance evidencing such coverage, satisfactory to COUNTY, shall be furnished to COUNTY, which shall specifically state that such insurance shall provide for at least thirty (30) days' notice to COUNTY in the event of cancellation,

termination or any change in such insurance policies. The workers compensation certificate shall bear an endorsement clearly evidencing a waiver of the right of subrogation against COUNTY and COUNTY Representatives. Should PROVIDER fail to furnish current evidence upon demand of any insurance required hereunder, or in the event of cancellation, termination or change in any such insurance, COUNTY may, at its option, suspend this Contract until insurance is obtained, terminate this Contract immediately without further action, or hold PROVIDER in material default and pursue any and all remedies available. (Note: The PROVIDER shall be required to provide the insurance required in Item VIII Insurance Requirements as set forth in the Documents and Construction Specifications, and the provisions contained herein shall be adjusted accordingly.)

A. Acceptance of Surety. The bond and/or surety document must be reviewed by, and be acceptable to, COUNTY staff and approved by the COUNTY Commission. In the event that such document is not in an acceptable form at any time prior to or during the term of this Contract, the services and/or work described in this Contract shall either not commence or immediately cease, depending on the situation. Any project delay that is attributable to the COUNTY's acceptance, or non-acceptance, of the bond and/or surety document form shall in no way be consider as a delay caused by the COUNTY, and the PROVIDER waives all rights to claim that any such delay was the fault of the COUNTY.

B. Value of Surety. The bond and/or surety guarantee shall be of an amount equal to or greater than 100 percent of the total cost identified in the bid response

C. Term of Surety. Any bond and/or surety guarantees required by the COUNTY must be valid at all times during the life of this Contract or as set forth in the Project Bid Requirements. Notwithstanding anything written or implied herein to the contrary, in no event shall the bond and/or surety document lapse, terminate, expire, or otherwise become invalid prior to the COUNTY, or the COUNTY's authorized agent, providing a written Notice to the PROVIDER that the Project is in fact completed in all respects. Said Notice from the COUNTY or its authorized agent shall not be provided until the COUNTY, in its sole discretion, is satisfied that the Project is complete in all respects.

D. Scope of the Surety. The terms and provisions of any bond and/or surety guarantee provided as part of this Project shall in all respects, without limitation, be consistent, and in agreement with, the provisions of this Contract. In the event that the bond and/or surety guarantee is in conflict with this Contract, this Contract shall govern. Neither this section nor this provision limits the duties of the PROVIDER to satisfy all of the requirements in this Contract.

XXVIII. Liquidated Damages

Liquidated damages will be assessed according to the Alabama Department of Transportation Standard Specifications for Highway Construction 2022 Edition, Section I 08.11.

ITEM TITLE

Competitive Bid #WG22-68 - Provision of Pest Control Services for Baldwin County Corrections Center

STAFF RECOMMENDATION

Take the following actions:

- 1) **Rescind** the award made on August 2, 2022, Item No. BE6 for Bid #WG22-49- Provision of Pest Control Services to Guardian Pest Services, Inc. d/b/a Knox Pest Control in the amount of \$165.00 per month for the Baldwin County Corrections Center; and
- 2) Approve the specifications and authorize the Purchasing Director to place a competitive bid for the Provision of Pest Control Services for the Baldwin County Corrections Center located in Bay Minette and further authorize the Chairman/Purchasing Division Commissioner for the Baldwin County Commission to approve any necessary addendums or clarifications if required after the bid is advertised.

BACKGROUND INFORMATION

Background: The bid for pest control services was awarded to Guardian Pest Services, Inc., d/b/a Knox Pest Control for the Baldwin County Corrections Center in the amount of \$165.00 per month. The Corrections Center is requesting that the services be done after 10:00 p.m. The inmates are locked down at 10:00 p.m. for the night and if the facility is sprayed after that hour, the spray is dry by 5:00 a.m. when they are allowed back out of their cells thus eliminating them ingesting any of the poison. Guardian Pest Services, Inc., d/b/a Knox Pest Control has stated in the attached email that they are unable to provide the services after normal working hours at their bid price of \$165.00 per month. They will have to pay their technician overtime which would require them to increase their bid price.

Staff recommendation is to reject the award made on August 2, 2022, Item No. BE-6 for Bid #WG22-49- Provision of Pest Control Services to Guardian Pest Services, Inc., d/b/a Knox Pest Control in the amount of \$165.00 per month for the Baldwin County Corrections Center; and approve the specifications and authorize the Purchasing Director to place a new competitive bid for the Provision of Pest Control Services for the Baldwin County Corrections Center.

Previous Commission action/date:

06/21/2022 meeting: 1) Approved the specifications for the Provision of Pest Control Services and authorized the Purchasing Director place a competitive bid; and 2) Further, authorized the Chairman/Purchasing Division Commission for the Baldwin County Commission to approve any necessary addendums for clarifications if required after the bid is advertised.

08/02/2022 meeting: Awarded the bid to the lowest bidder, Guardian Pest Services, Inc., d/b/a Knox Pest Control for the Provision of Pest Control Services as per the Award Listing.

08/16/2022 meeting: Determined that the bid protest for Competitive Bid #WG22-49 - Provision of Pest Control for the Baldwin County Commission is not in the public interest and does not present clear and convincing evidence of fraud, misrepresentation, other illegality or gross impropriety in the selection of a bid.

Chad,

We cannot change the bid price so we will cancel that section of the bid and do a individual bid for the services at the Jail. The Commission will send you a letter letting you know of the cancelation on the Jail building.

Good morning, Sherry. There are a few things that we need to discuss about treating the jail after 10 PM.

The need for after hours service was not mentioned in the bid package or we would have priced it accordingly and made plans for after hours service. This is something that we are willing to do but the price needs to be adjusted accordingly to pay an employee overtime. We are currently doing the Baldwin County Jail for \$165 monthly. A new proposed priced price to treat after 10 pm monthly would be \$365.

I realize this is a much higher price than quoted originally. This treating time causes us to have to pay a tech overtime and then that tech missing time the next day due to getting home in the early morning hours of the day.

Thanks and let me know how to proceed.

ITEM TITLE

Allocation of American Rescue Plan Act (ARPA) Funds for COVID-19 Self-Funded Health Insurance Claims and Medical Leave Expenses

STAFF RECOMMENDATION

Approve the allocation of ARPA funds in the amount of \$862,077.30 to cover prior COVID-19 related expenses for Symbol Health Clinic claims, Blue Cross Blue Shield of Alabama/MedOne healthcare claims, and family and medical leave through June 30, 2022

BACKGROUND INFORMATION

Background: The County's self-funded health insurance plan is an eligible enumerated use within the Final Rule. Associated medical costs incurred during the covered period include COVID-19 treatment and vaccination of County employees (covered under the plan). The expenditures are necessary to address COVID-19 prevention and health needs of County employees and their covered family members through the County's self-funded health insurance plan. The plan is administered pursuant to County-adopted policies and procedures to ensure that high quality services are delivered at the lowest cost possible.

The County provided paid family and medical leave for employees quarantining following a positive test result, isolating due to a close contact, or caring for a dependent while the dependent was required to quarantine or isolate. Leave was granted in accordance with CDC guidance for isolation and quarantine periods. The expenditures were necessary to mitigate the spread of COVID-19 to the public accessing government services at County facilities. It was also a low-cost method of reducing spread among County employees to ensure their health and continuity of the provision of services provided by all County departments.

Previous Commission action/date: September 6, 2022 - Approved Resolution #2022-163 amending Resolutions #2022-102 (as previously approved on 06-07-2022) and #2022-158 (as previously approved on 08-16-2022) to eliminate and terminate Temporary Premium Pay (TPP) Payments for certain eligible exempt employees whose total wages and remuneration are greater than, or would become greater than as a result of TPP payments, 150% of the higher of Alabama's or Baldwin County's (i.e., Daphne-Fairhope-Foley MSA) average annual wage for all occupations as

ITEM TITLE

Allocation of American Rescue Plan Act (ARPA) Funds for Ventilation System Improvements in Bay Minette Probate Office

STAFF RECOMMENDATION

Adopt Resolution 2022-170 allocating \$947,307.00 in American Rescue Plan Act (ARPA) funds to provide ventilation system improvements to mitigate the spread of COVID-19 at the Bay Minette Probate Office located at 220 Courthouse Square, Bay Minette, Alabama.

BACKGROUND INFORMATION

Background: As part of the services being provided through the Association of County Commissions of Alabama (ACCA) Investing in Alabama Counties (IAC) Program, as approved by the Commission on December 7, 2021, the County submitted the Probate Office for initial assessment by JMR+H Architecture, PC and Whorton Engineering, Inc. (i.e., ACCA/IAC Assessment Team) on December 14, 2021. The purpose of the initial assessment was to identify ventilation improvements which would be needed in order to mitigate the spread of COVID-19. The on-site inspection of the Probate Office located at 220 Courthouse Square in Bay Minette was performed by the ACCA/IAC Assessment Team on June 10, 2022, with the Assessment Report being provided to the County on July 18, 2022.

The Assessment Report (attached hereto) includes a description of existing equipment along with an explanation of the assessment process, site investigation, and recommendations as well as a cost estimate of priority upgrades and the site visit report. Proposed improvements were identified to bring the ventilation system into compliance with the core guidelines and recommendations for mitigating the spread of COVID-19 in accordance with the Centers for Disease Control. As estimated, the cost to make all priority improvements (as recommended) would be \$667,000.00; however, this amount has been increased by thirty percent (30%) to allow for anticipated inflationary cost increases, as well as \$80,207.00 for architectural / engineering (A&E) costs associated with design and construction management (pursuant to A&E fees provided in response to the RFP issued by ACCA/IAC).

Previous Commission action/date: September 6, 2022 - Approved Resolution #2022-163

amending Resolutions #2022-102 (as previously approved on 06-07-2022) and #2022-158 (as previously approved on 08-16-2022) to eliminate and terminate Temporary Premium Pay (TPP) Payments for certain eligible exempt employees whose total wages and remuneration are greater than, or would become greater than as a result of TPP payments, 150% of the higher of Alabama's or Baldwin County's (i.e., Daphne-Fairhope-Foley MSA) average annual wage for all occupations as defined by the most recent Bureau of Labor Statistics' (BLS) Occupational Employment and Wage Statistics (BLS Threshold), which at the time of Resolutions #2022-102 and #2022-158 was \$72,165.00, to be effective immediately.

3.0 SITE INVESTIGATION

3.1 Outside Air and Building Pressure

1. Most of the units have outside air; however, the units motorized outside air dampers were broken/ disconnected. Recommend upgrading to include motorized outside air dampers that close during unoccupied mode and open during occupied mode.
2. Existing building was positive at time of site visit.
3. Existing units do not have humidity control.

3.2 Filtration

1. Currently disposable filters are installed. The rooftop units had 2" pleated filters at the time of site visit.

3.3 Air Cleaning

1. The existing facility had no air cleaning other than standard unit filtration.

3.4 Controls

1. The building had standard programmable thermostats.

ASSESSMENT REPORT

3.5 Public Restrooms

1. The existing public restrooms have manual faucets and manual flush valves. The manual faucets and flush valves increase hand-surface contact.

4.0 RECOMMENDATIONS: The following recommendations are based on ASHRAE core recommendations, CDC core recommendations, the SLFRP - Fact Sheet - Final-508A.pdf, May 10, 2021, and the Frequently Asked Questions as of July 19, 2021 in relation to services and programs to contain and mitigate the spread of COVID-19, including: capital investments in public facilities to meet pandemic operations needs, ventilation improvements in key settings, and adaptations to public buildings to implement COVID-19 mitigation tactics.

4.1 Priority 1 - Outside Air and Building Pressure This recommendation is very dependent upon the capability of the existing HVAC equipment to not only bring the air through the equipment but to provide adequate cooling and moisture removal to prevent indoor mold and fungi.

1. Many of the existing systems are older and close to their end of life. These units will not handle current code required outside air and maintain temperature and humidity within the space. Recommend upgrading systems to include both temperature and humidity control. This would require upgrading approximately five (5) existing rooftop units.
2. Recommend adding motorized outside air dampers.
3. Recommend complete test and balance on the ventilation system to ensure recommended outside airflow and building positive pressure.
4. Recommend adding humidity control.

ASSESSMENT REPORT

4.2 Priority 2 - Filtration Adding additional air cleaning by improving filter efficiency improves the indoor air quality within the space. There are several ways to accomplish this. Recommendations include HEPA filters (best), MERV 13, or as high efficiency as can be accomplished within the existing HVAC equipment.

1. Recommend upgrading to MERV 13 filters. The existing older units would not accommodate this upgrade. Upgrading these units is included within Priority 1 costs noted above.
2. Recommend placing unit fans to "on" to increase space air change filtration.

4.3 Priority 3 - Air Cleaning The ASHRAE / CDC Core recommendations both reference UV-C light technology for COVID-19 air cleaning improvements. UV-C lights kill airborne mold, bacteria, and many viruses resulting in improved indoor air quality. Additionally, consideration should be given to bi-polar ionization.

1. Recommend installing UV-C lights at the units to provide air cleaning in accordance with CDC and ASHRAE recommendations.

4.4 Priority 4- Controls Building control systems can assist in achieving higher indoor air quality by monitoring outside air, environmental controls, etc.

1. Recommend upgrading controls to allow for temperature and humidity control with remote access using communicating thermostats.

4.5 Priority 5 - Public Restrooms

1. Recommend installation of touch-free faucets and touch-free flush valves in public restroom areas. Hand hygiene along with physical distancing, face masks, and vaccination are specifically recommended as a layered approach to reduce exposure to SARS-COV-2. Final quantity would need to be determined during design.

ITEM TITLE

Rescind Previous Commission Action Related to Allocation of American Rescue Plan Act (ARPA) Funds for Specific Projects Determined to be Ineligible

STAFF RECOMMENDATION

Rescind action taken by the Baldwin County Commission, during its regularly scheduled meeting on June 15, 2021, more specifically a portion of the staff recommendation regarding Agenda Item BM1, which approved the immediate allocation of ARPA projects based on the internal advisory committee recommendations as follows:

COA Main Office COVID Upgrades Estimated Cost \$11,875.00

Baldwin Together Case Manager Estimated Cost \$25,000.00

BCSO Hazard Pay and Law Enforcement Estimated Cost \$400,000.00

10% Contingency Estimated Cost (prorated for the above projects) \$43,687.50

10% Administrative Costs Estimated Cost (prorated for the above projects) \$43,687.50

Total Estimated Cost \$524,250.00

All other projects approved under Agenda Item BM1 remain as previously approved.

BACKGROUND INFORMATION

Background: The Commission previously approved allocation of ARPA funds for nine specific projects; however, funds for three of those projects (i.e., COA Main Office COVID upgrades, Baldwin Together Case Manager and BSCO Hazard Pay and Law Enforcement) have subsequently been determined to be ineligible under the ARPA final rule (31 C.F.R. 35 Subpart A) and/or U.S. Treasury guidance as provided in the Coronavirus State & Local Fiscal Recovery Funds: Overview of the Final Rule and/or Coronavirus State & Local Fiscal Recovery Funds Final Rule: Frequently Asked Questions.

The costs associated with the BCSO Hazard Pay were incurred prior to 03-03-2021, meaning that these were incurred prior to the ARPA “covered period” as defined at 31 CFR §35.2 and are ineligible for reimbursement.

The costs associated with the COA Main Office COVID Upgrades were based on a single quote and purchased using a purchase order during the covered period; however, required mandatory ARPA terms and conditions were not included / attached thereto. As such, associated costs are ineligible for reimbursement.

The costs associated with the Baldwin Together Case Manager were incorporated into a separate Agreement with Community Action Agency of South Alabama and Baldwin Together, as originally approved at the July 21, 2020, regular meeting and subsequently amended to extend the deadline. Since associated costs are included in a separate agreement, these would be ineligible for reimbursement/payment under ARPA based on the fact that this would be a duplication of benefit.

Previous Commission action/date: September 6, 2022 - Approved Resolution #2022-163 amending Resolutions #2022-102 (as previously approved on 06-07-2022) and #2022-158 (as previously approved on 08-16-2022) to eliminate and terminate Temporary Premium Pay (TPP) Payments for certain eligible exempt employees whose total wages and remuneration are greater than, or would become greater than as a result of TPP payments, 150% of the higher of Alabama’s or Baldwin County’s (i.e., Daphne-Fairhope-Foley MSA) average annual wage for all occupations as defined by the most recent Bureau of Labor Statistics’ (BLS) Occupational Employment and Wage Statistics (BLS Threshold), which at the time of Resolutions #2022-102 and #2022-158 was \$72,165.00, to be effective immediately.

August 16 2022 - Approved terminating the appropriation of ARPA funds previously approved by resolution of the Commission, including funds appropriated by Resolution #2022-102 for a temporary premium pay program, effective December 31, 2022.

June 7, 2022 - Approved the allocation of the following ARPA project:

To provide Temporary Premium Pay Program to eligible County Commission and Baldwin County Sheriff’s Office employees as additional compensation, for the first full pay period of each month, effective July 4, 2022, in the amount of \$8.66 per regular hour, and \$12.99 per overtime hour.

The monthly payments will be capped at \$700.00 for full-time employees and \$500.00 for part-time employees, with a lifetime cap of \$25,000.00. TPP payments will include full-time employees and part-time employees only and will end on December 31, 2024, contingent upon the continued need to perform essential work during the COVID-19 public health emergency and continued appropriation and availability of ARPA funds for this purpose, subject to the Commission’s discretion.

The approval also included funding from other County funds for those eligible exempt employees’ total wages and remuneration are greater than, or would become greater than as a result of TPP payments, \$72,165 which is 150% of the higher of Alabama’s or Baldwin County’s (i.e., Daphne-Fairhope-Foley MSA) average annual wage for all occupations as defined by the most recent Bureau

of Labor Statistics Occupational Employment and Wage Statistics.

January 18, 2022 - Acceptance of ARPA funds for Lost Revenue due to COVID-19 pandemic: The Final Rule offered a standard allowance for revenue loss of \$10 million, allowing recipients to select between a standard amount of revenue loss or complete a full revenue loss calculation. The standard allowance may be used for government services, with streamlined reporting requirements; however, this is a one-time irrevocable selection.

December 7, 2021 - Approved the allocation of the following ARPA project:

Execute the Association of County Commissions of Alabama Investing in Alabama Counties Program Maintenance and Support Membership Agreement between the Baldwin County Commission and the Association of County Commissions of Alabama (ACCA) for participation in the Association's Investing in Alabama Counties Program.

A flat fee of 6% on the first \$7 million in funds to be received and 4% on any funds to be received in excess of \$7 million, excluding funds designated as Revenue Loss as defined by Treasury's Interim Final Rule. In no case, however, shall the fee be less than 3% of the total funds received by the County, regardless of the amount of funding designated as Revenue Loss.

December 7, 2021 - Approved the allocation of the following ARPA project:

Temporary Premium Pay - To provide premium pay to eligible Baldwin County Commission and Baldwin County Sheriff's Office employees as additional compensation in the amount of \$12.50 per hour, up to \$1,000.00, for full-time employees and \$12.50 per hour, up to \$725.00, for part-time employees. The designated pay period will be pay period ending December 19, 2021, to be paid concurrently with the regular payroll.

Baldwin County Commission Board of Adjustment #2 - Board Appointment(s)

STAFF RECOMMENDATION

Related to the Baldwin County Commission Board of Adjustment #2, take the following action:

Appoint Ms. Tracey L. Winn-Gambill as an alternate member (Planning District 22 Designee) for a pro-rata reduced three (3) year term to fill the vacant place seat, said term commencing September 20, 2022, and expiring March 16, 2025.

BACKGROUND INFORMATION

Previous Commission action/date: August 2, 2022 - Last BCC board appointment

Background:

On May 8, 2020, an amendment (Act #2020-177) to the Baldwin County Planning and Zoning statutes was adopted pertaining to the Boards of Adjustment. The Code Section in question is Alabama Code Title 45, Local Laws Section 45-2-261.10. As approved, the amendment reduced the number of Boards of Adjustment from four (4) to two (2).

The appointment processes related to the Boards of Adjustment as set forth in the aforementioned Alabama law are as follows:

Establishment: The Baldwin County Commission shall appoint two boards of adjustment, and the regulations and ordinances adopted pursuant to the authority of this subpart shall provide that the boards of adjustment, in appropriate cases and subject to appropriate conditions and safeguards, may make special exceptions to the terms of the ordinances and regulations in harmony with their general purposes and interests and in accordance with general or specific rules therein contained.

Geographic Boundaries: Board of Adjustment Number One shall serve western, central, and northern Baldwin County and shall include Planning Districts 4, 10, 12, 15, 16, 26, 28, and 31. Board of Adjustment Number Two shall serve southern Baldwin County and shall include Planning Districts 20, 21, 22, 23, 24, 25, 29, 30, 32, and 33. If the majority of qualified electors voting in an election in a territory that is not in a planning district on August 1, 2020, vote to come within the planning and

zoning authority and jurisdiction of the Baldwin County Commission in accordance with Section 45-2-261.07, the new planning district shall be under the jurisdiction of the board of adjustment with the closest geographic relationship. Each board of adjustment shall consist of one regular member from each planning district. Each member of a board of adjustment shall be a qualified elector of a planning district within the territory of the respective board of adjustment. Not more than one member of a board of adjustment shall be directly engaged in real estate sales, development, or construction or any directly related field. Each regular member shall be appointed for a term of three years in such a manner to serve staggered terms. A regular member shall continue service until a successor is duly appointed. The members of each board of adjustment shall elect a chair.

Composition: In addition to the regular members provided for in this section, the Baldwin County Commission shall appoint alternate members to serve on each board of adjustment. The number of alternate members on each board of adjustment shall be not less than two nor more than the number of regular members on each board. Alternate members may serve in the absence of any regular member and while serving he or she shall have and exercise the authority of a regular member. The alternate member shall have the same qualifications as a regular member and shall be appointed for three terms.

Qualifications: Members of each board of adjustment may be removed for cause by the Baldwin County Commission upon written charges and after a public hearing. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant. Each board of adjustment shall adopt bylaws in accordance with any ordinance or regulation adopted pursuant to this subpart. Meetings of each board of adjustment shall be held at the call of the chair of the board and at such other times as each board may determine, provided that no board of adjustment shall meet less than once every three months on a day to be determined by the board. The chair or, in his or her absence, the acting chair, may administer oaths and compel the attendance of witnesses. All meetings of the boards of adjustment shall be open to the public. Each board shall keep minutes of its proceedings showing the vote of each member upon each question, or, if absent or failing to vote, indicating that fact, and shall keep records of its examinations and of other official actions, all of which shall immediately be filed in the office of the board and shall be a public record.

Proposed Planning (Zoning) District 14 - Acceptance of Notice of Intent to Request Planning and Zoning Referendum, Determination Regarding Infeasibility of Using Precinct Boundaries, and Acceptance of District Boundaries

STAFF RECOMMENDATION

Pursuant to Alabama Code §45-2-261.07, take the following actions:

- 1) Accept the notice of intent to request a referendum for Planning and Zoning purposes for that portion of Planning (Zoning) District 14 east of Fish River (that was not included in the proposed Planning Districts 38 and 39); and
- 2) Make a determination that it is not feasible to utilize the Voting Precinct boundaries of precinct 30; and
- 3) Accept the Planning (Zoning) District 14 boundaries subject to a subsequent affirmative referendum vote pursuant to Alabama Code §45-2-261.07.

BACKGROUND INFORMATION

Background:

Citizens Marla Barnes (residing at 14740 Ridge Rd Summerdale, AL 36580), Amy Smith (residing at 15100 Vasko Road Silverhill AL 36576), and Steve Mannhard (residing at 13982 Woodhaven Dairy Rd E Summerdale, AL 36580) live in the portion of current Planning (Zoning) District 14 that is east of Fish River. These citizens have approached the Planning and Zoning staff seeking zoning for the balance of Planning (Zoning) District 14 (that portion east of Fish River) and to request a referendum for Zoning in this portion of the district.

The portion of Planning District 14 on the west side of Fish River is currently part of separate zoning efforts under the proposed Planning Districts 38 and 39.

Coming under the Planning and Zoning Jurisdiction of Baldwin County is a citizen driven effort. The process must be initiated and led by the citizens. Alabama Code §45-2-261.07. In the present situation, the citizens are not requesting to form a new Planning (Zoning) District, but to utilize that portion of the existing Planning (Zoning) District 14 boundary that is not already part of a zoning

referendum effort-that portion of Planning (Zoning) District 14 that is east of Fish River.

Because a new district is not being established (citizens are seeking to use the boundaries of existing Planning (Zoning) District 14 that will exist if current efforts for proposed districts 38 and 39 are successful) Planning and Zoning staff have determined that the citizens will not be required to form a new district that aligns with their voting precinct.

Furthermore, the citizens requesting the petition have reported support for the effort through Planning (Zoning) District 14 east of Fish River, on the basis that the effort will support the protection of the river. Excluding a portion of District 14 based on precinct boundaries would result in a significant portion of Fish River near Weeks Bay without zoning protections. It would also leave a strip of unzoned land around the Town of Silverhill.

Finally, even though Planning and Zoning Staff does not believe a precinct feasibility analysis is required, it is noted that it is not technically feasible to utilize the Voting Precinct boundaries of precinct 30 because a portion of the municipal limits of the Town of Silverhill is within precinct 30 and would need to be excluded from the Planning (Zoning) District Boundary.

A map showing the balance of Planning (Zoning) District 14 (green color area) is attached to this agenda item.

The steps for exercising Planning and Zoning authority are found in Alabama Code §45-2-261 and the proceeding sections.

1) A party or parties seeking to file a petition shall notify the County Commission in writing that the parties will petition for the formation of a Planning District and the proposed boundaries of the district.
(PURPOSE OF THIS AGENDA)

2) Within 15 days of notice to the County Commission, the Judge of Probate shall give a preliminary estimate of the number of signatures needed to call the election. Ten percent of the qualified electors residing within the proposed planning district will need to sign the petition. Planning and Zoning staff will notify the Judge of Probate.

3) The County Commission shall notify the principal party in writing, within 30 days of written notification of intent to request a referendum, that the proposed district is acceptable for planning, zoning and voting purposes, and shall furnish forms for use in seeking the required signatures.

4) The party or parties will have 120 days to gather the signatures and file the petition. Upon receipt, the County Commission and Judge of Probate will have 45 days to certify or reject the accuracy of the petition. If the number of signatures is not sufficient, the party or parties will have an additional 60 days in which to obtain signatures and have the petition certified.

5) Upon certification, the County Commission shall instruct the Judge of Probate to provide for an election within the district no later than 90 days after certification. If the petition is not certified, a new petition cannot be refiled for two years.

ITEM TITLE

*Proposed Planning (Zoning) District 38 - Certification of Petition and Request for Zoning Election

STAFF RECOMMENDATION

Pursuant to Alabama Code §45-2-261.07, take the following actions:

- 1) Adopt Resolution #2022-172 which certifies the accuracy of the petition for the Proposed Planning (Zoning) District 38; and
- 2) Instruct the Judge of Probate to provide a Zoning Election for Proposed Planning (Zoning) District 38, to be held no later than December 20, 2022.

BACKGROUND INFORMATION

Previous Commission action/date: Replacement Item: Information corrected throughout document to reflect the correct date of Dec. 20th deadline for election to be held.

05/17/2022 - Item was pulled from the agenda to allow time to expand the district in order to find a feasible polling location.

06/07/2022 - Pursuant to Alabama Code §45-2-261.07, took the following actions: 1) Accept the notice of intent to form a Planning (Zoning) District and request a referendum for Planning and Zoning purposes for the proposed Planning District to be known as Planning (Zoning) District 38; and 2) Make a determination that it is not feasible to utilize the Voting Precinct boundaries of Precinct 50 as the proposed Planning (Zoning) District 38 boundary; and 3) Accept the proposed Planning District 38 boundaries subject to a subsequent affirmative referendum vote pursuant Alabama Code §45-2-261.07.

Background: Citizen Lisa Marie Atchley, residing at 14202 County Road 3, in the Barnwell Community and east of current Planning District 26, approached Planning and Zoning staff regarding the formation of a new Planning (Zoning) District and requested a referendum for zoning in this new district.

Coming under the Planning and Zoning Jurisdiction of Baldwin County is a citizen driven effort. The process must be initiated and led by the citizens. Alabama Code §45-2-261.07, requires that a new planning district “correspond to a voting precinct or precincts in the county unless the county’s governing body determines that the use of voting precinct boundaries is not feasible.”

The requesting citizen, Lisa Marie Atchley, resides at 14202 County Road 3 which is located in Precinct 50. However, it is not feasible to utilize Precinct 50 for new Planning (Zoning) District for the following reasons:

- Precinct 50 contains Fairhope corporate limits, which would automatically be excluded from the new district and require a redrawing of the boundary.
- Precinct 50 contains portions of Planning (Zoning) District 26, which would automatically be excluded from the new district and require a redrawing of the boundary.

Because Precinct 50 does not provide a feasible boundary, Planning and Zoning staff worked with Ms. Atchley and considered other factors to establish an appropriate boundary for the proposed Planning District 38. These factors included:

- The north boundary is the corporate limits of the City of Fairhope, the new Planning (Zoning) District 8, and US 98.
- The east boundary is the new Planning District 8, Greeno Road, the City of Fairhope Airport Property, and Weeks Bay.
- The west and south boundary is Planning District 26.
- The new proposed district collectively represents an area of the Barnwell community with an abundance of sensitive wetland areas and prominent equestrian uses.

Based on these factors, Planning and Zoning staff recommended the County Commission accept the proposed Planning District 38 boundaries subject to the subsequent affirmative referendum vote Alabama Code §45-2-261.07.

A map showing the boundaries of the proposed district (cyan color area) is attached to this agenda item. The proposed district contains approximately 1145 registered voters and will required approximately 115 signatures. A final number will be provided by the Probate Judge’s office.

The steps for exercising Planning and Zoning authority are found in Alabama Code §45-2-261 and the proceeding sections.

- 1) A party or parties seeking to file a petition shall notify the County Commission in writing that the parties will petition for the formation of a Planning District and the proposed boundaries of the district.
- 2) Within 15 days of notice to the County Commission, the Judge of Probate shall give a preliminary estimate of the number of signatures needed to call the election. Ten percent of the qualified electors residing within the proposed planning district will need to sign the petition. Planning and Zoning staff will notify the Judge of Probate.
- 3) The County Commission shall notify the principal party in writing, within 30 days of written notification of intent to request a referendum, that the proposed district is acceptable for planning,

zoning and voting purposes, and shall furnish forms for use in seeking the required signatures.

4) The party or parties will have 120 days to gather the signatures and file the petition. Upon receipt, the County Commission and Judge of Probate will have 45 days to certify or reject the accuracy of the petition. If the number of signatures is not sufficient, the party or parties will have an additional 60 days in which to obtain signatures and have the petition certified. (PURPOSE OF THIS AGENDA)

5) Upon certification, the County Commission shall instruct the Judge of Probate to provide for an election within the district no later than 90 days after certification. If the petition is not certified, a new petition cannot be refiled for two years. (PURPOSE OF THIS AGENDA)

Based on information provided by the Probate Office and the Board of Registrars, there are approximately 1,144 active registered voters in proposed Planning District 38. As a result, 115 signatures (10 percent of the qualified electors) were needed for the petition.

On August 1, 2022, the parties seeking a zoning referendum submitted a petition. Of the signatures submitted, 133 have been verified by the Probate Office. On this basis, the petition is accepted and certified. Planning staff now respectfully requests that the County Commission instruct the Judge of Probate to provide for an election, in Proposed Planning (Zoning) District 38, to be held no later than December 20, 2022.

133 verified voters for Proposed District 38. Good to move forward for commission approval and directing Judge of Probate to hold an Election. If approved, looking at December 13th for election. I do not believe any of our regular polling locations are in the zoning area, so a temporary location will need to be found. Thanks.

Agenda Action Form

File #: 22-1523, **Version:** 1

Item #: CR4

Meeting Type: BCC Regular Meeting

Meeting Date: 9/20/2022

Item Status: New

From: Matthew Brown, Planning and Zoning Director

Submitted by: Matthew Brown, Planning and Zoning Director

ITEM TITLE

Proposed Planning (Zoning) District 38 - Certification of Petition and Request for Zoning Election

STAFF RECOMMENDATION

Pursuant to Alabama Code §45-2-261.07, take the following actions:

- 1) Adopt Resolution #2022-172 which certifies the accuracy of the petition for the Proposed Planning (Zoning) District 38; and
- 2) Instruct the Judge of Probate to provide a Zoning Election for Proposed Planning (Zoning) District 38, to be held no later than December 20, 2022.

BACKGROUND INFORMATION

Previous Commission action/date: 05/17/2022 - Item was pulled from the agenda to allow time to expand the district in order to find a feasible polling location.

06/07/2022 - Pursuant to Alabama Code §45-2-261.07, took the following actions: 1) Accept the notice of intent to form a Planning (Zoning) District and request a referendum for Planning and Zoning purposes for the proposed Planning District to be known as Planning (Zoning) District 38; and 2) Make a determination that it is not feasible to utilize the Voting Precinct boundaries of Precinct 50 as the proposed Planning (Zoning) District 38 boundary; and 3) Accept the proposed Planning District 38 boundaries subject to a subsequent affirmative referendum vote pursuant Alabama Code §45-2-261.07.

Background: Citizen Lisa Marie Atchley, residing at 14202 County Road 3, in the Barnwell Community and east of current Planning District 26, approached Planning and Zoning staff regarding the formation of a new Planning (Zoning) District and requested a referendum for zoning in this new district.

Coming under the Planning and Zoning Jurisdiction of Baldwin County is a citizen driven effort. The process must be initiated and led by the citizens. Alabama Code §45-2-261.07, requires that a new planning district "correspond to a voting precinct or precincts in the county unless the county's

governing body determines that the use of voting precinct boundaries is not feasible.”

The requesting citizen, Lisa Marie Atchley, resides at 14202 County Road 3 which is located in Precinct 50. However, it is not feasible to utilize Precinct 50 for new Planning (Zoning) District for the following reasons:

- Precinct 50 contains Fairhope corporate limits, which would automatically be excluded from the new district and require a redrawing of the boundary.
- Precinct 50 contains portions of Planning (Zoning) District 26, which would automatically be excluded from the new district and require a redrawing of the boundary.

Because Precinct 50 does not provide a feasible boundary, Planning and Zoning staff worked with Ms. Atchley and considered other factors to establish an appropriate boundary for the proposed Planning District 38. These factors included:

- The north boundary is the corporate limits of the City of Fairhope, the new Planning (Zoning) District 8, and US 98.
- The east boundary is the new Planning District 8, Greeno Road, the City of Fairhope Airport Property, and Weeks Bay.
- The west and south boundary is Planning District 26.
- The new proposed district collectively represents an area of the Barnwell community with an abundance of sensitive wetland areas and prominent equestrian uses.

Based on these factors, Planning and Zoning staff recommended the County Commission accept the proposed Planning District 38 boundaries subject to the subsequent affirmative referendum vote Alabama Code §45-2-261.07.

A map showing the boundaries of the proposed district (cyan color area) is attached to this agenda item. The proposed district contains approximately 1145 registered voters and will require approximately 115 signatures. A final number will be provided by the Probate Judge's office.

The steps for exercising Planning and Zoning authority are found in Alabama Code §45-2-261 and the proceeding sections.

- 1) A party or parties seeking to file a petition shall notify the County Commission in writing that the parties will petition for the formation of a Planning District and the proposed boundaries of the district.
- 2) Within 15 days of notice to the County Commission, the Judge of Probate shall give a preliminary estimate of the number of signatures needed to call the election. Ten percent of the qualified electors residing within the proposed planning district will need to sign the petition. Planning and Zoning staff will notify the Judge of Probate.
- 3) The County Commission shall notify the principal party in writing, within 30 days of written notification of intent to request a referendum, that the proposed district is acceptable for planning, zoning and voting purposes, and shall furnish forms for use in seeking the required signatures.
- 4) The party or parties will have 120 days to gather the signatures and file the petition. Upon receipt,

the County Commission and Judge of Probate will have 45 days to certify or reject the accuracy of the petition. If the number of signatures is not sufficient, the party or parties will have an additional 60 days in which to obtain signatures and have the petition certified. (PURPOSE OF THIS AGENDA)

5) Upon certification, the County Commission shall instruct the Judge of Probate to provide for an election within the district no later than 90 days after certification. If the petition is not certified, a new petition cannot be refiled for two years. (PURPOSE OF THIS AGENDA)

Based on information provided by the Probate Office and the Board of Registrars, there are approximately 1,144 active registered voters in proposed Planning District 38. As a result, 115 signatures (10 percent of the qualified electors) were needed for the petition.

On August 1, 2022, the parties seeking a zoning referendum submitted a petition. Of the signatures submitted, 133 have been verified by the Probate Office. On this basis, the petition is accepted and certified. Planning staff now respectfully requests that the County Commission instruct the Judge of Probate to provide for an election, in Proposed Planning (Zoning) District 38, to be held no later than December 13, 2022.

133 verified voters for Proposed District 38. Good to move forward for commission approval and directing Judge of Probate to hold an Election. If approved, looking at December 13th for election. I do not believe any of our regular polling locations are in the zoning area, so a temporary location will need to be found. Thanks.

Yes, ma'am. That would position your office to be able to schedule an election either of the first two Tuesdays in December.

BE IT FURTHER RESOLVED, that the Baldwin County Fiscal Year 2023 Budget document which will be issued by the Budget Director is to reflect the budgetary decisions made by the Baldwin County Commission during budget work session deliberations and shall be used as a guide in administering the appropriations made in this resolution; and

BE IT FURTHER RESOLVED, that the following financial management policies are hereby adopted as permanent policies of the Baldwin County Commission:

Supplemental Appropriation Procedure

Each Commission Action Form to approve a contract, capital purchase, or other expenditure shall include a certification by the Budget Director or his designee naming the appropriation account from which the purchase will be made and stating that the unencumbered funds are available in the account. All unbudgeted items must have a proposed source of funds, either a new revenue source or from a contingency account.

Consideration of Unfunded Budgetary Requests from outside agencies after adoption of Annual Fiscal Year Budget

No outside agency unfunded budget requests shall be considered for funding until the next fiscal year. Further, all these types of requests shall be screened by the Finance and Taxation Commissioner to ensure that they are closely aligned to Baldwin County's fiscal objectives.

Budget Administration Procedures

The Purchasing Manager, at the request of a Department Head, may let for bid any routine annual purchase or any equipment purchase or contract which is specifically provided for in the budget document. All contracts must be approved by the Baldwin County Commission before they are executed and all expenditures must comply with Purchasing Policy #3.7. The Baldwin County Commission's expense items are classified in three broad categories: Compensation, Operating and Capital. The compensation and capital categories are supported by detailed lists of employees and approved capital items. The operating category contains many and varied line items. For budgetary control, this operating category will be treated as a total although each department has a detailed line item budget. County staff members are prohibited from expending or encumbering

any funds in these broad categories which exceed budgeted funds. The Budget Director or his designee may make transfers between "operating" line items within a Department's budget at the request of a Department Head. Transfers between the compensation, operating and capital categories require Baldwin County Commission approval.

Lease Tax Proceeds

Lease tax proceeds shall be distributed as provided in Section 45-2-244.180 through Section 45-2-244.187 of the Code of Alabama 1975; furthermore, the portion of proceeds remaining in General Fund shall be distributed as follows: a minimum of 12.5% of gross tax to Parks Fund for use in operations with the residual to be used in General Fund at the discretion of the County Commission.

DONE, under the Seal of Baldwin County, Alabama, as affixed on this the 20th day of September 2022.

BE IT FURTHER RESOLVED, that the Fiscal Year 2023 mileage rate will reflect the IRS rate; and

BE IT FURTHER RESOLVED, that the Baldwin County Fiscal Year 2023 Budget document which will be issued by the Budget Director is to reflect the budgetary decisions made by the Baldwin County Commission during budget work session deliberations and shall be used as a guide in administering the appropriations made in this resolution; and

BE IT FURTHER RESOLVED, that the following financial management policies are hereby adopted as permanent policies of the Baldwin County Commission:

Supplemental Appropriation Procedure

Each Commission Action Form to approve a contract, capital purchase, or other expenditure shall include a certification by the Budget Director or his designee naming the appropriation account from which the purchase will be made and stating that the unencumbered funds are available in the account. All unbudgeted items must have a proposed source of funds, either a new revenue source or from a contingency account.

Consideration of Unfunded Budgetary Requests from outside agencies after adoption of Annual Fiscal Year Budget

No outside agency unfunded budget requests shall be considered for funding until the next fiscal year. Further, all these types of requests shall be screened by the Finance and Taxation Commissioner to ensure that they are closely aligned to Baldwin County's fiscal objectives.

Budget Administration Procedures

The Purchasing Manager, at the request of a Department Head, may let for bid any routine annual purchase or any equipment purchase or contract which is specifically provided for in the budget document. All contracts must be approved by the Baldwin County Commission before they are executed and all expenditures must comply with Purchasing Policy #3.7. The Baldwin County Commission's expense items are classified in three broad categories: Compensation, Operating and Capital. The compensation and capital categories are supported by detailed lists of employees and approved capital items. The operating category contains many and varied line items. For budgetary control, this operating category will be treated as a total although each department has a detailed line item budget. County staff members are prohibited from expending or encumbering

any funds in these broad categories which exceed budgeted funds. The Budget Director or his designee may make transfers between "operating" line items within a Department's budget at the request of a Department Head. Transfers between the compensation, operating and capital categories require Baldwin County Commission approval.

Lease Tax Proceeds

Lease tax proceeds shall be distributed as provided in Section 45-2-244.180 through Section 45-2-244.187 of the Code of Alabama 1975; furthermore, the portion of proceeds remaining in General Fund shall be distributed as follows: a minimum of 12.5% of gross tax to Parks Fund for use in operations with the residual to be used in General Fund at the discretion of the County Commission.

DONE, under the Seal of Baldwin County, Alabama, as affixed on this the 20th day of September 2022.

FAILURE TO COMPLY WITH NOTICE TO ABATE NUISANCE**

Mr. Julian Dunnam:

On April 20, 2022, you were notified by the Baldwin County Commission that two structures located on your property at 24217 County Road 87 in Robertsdale, Alabama are in need of removal or abatement. The structures are dangerous and remain in an unsafe condition.

To date, you have failed to remove the dangerous structures and comply with the notice to abate the nuisance. **A public hearing regarding the status of your property and abatement by the County Commission will be held at the County Commission meeting on September 20, 2022, at 8:30 a.m., at the Baldwin County Fairhope Satellite Courthouse County Commission Meeting Chambers located at 1100 Fairhope Avenue, on the Second Floor, in Fairhope, Alabama 36532.** You are welcome to attend the public hearing. After the public hearing, the County Commission may by resolution order the appropriate personnel to proceed with the work specified in the notice or may order that the nuisance be demolished or removed or may find that no nuisance exists.

If the County Commission orders that the nuisance be demolished, a subsequent hearing will be held to determine what the actual, total cost was to demolish the nuisance. Once the total cost of demolition has been calculated, the County Commission has the authority to adopt a resolution to assess the cost of abatement and demolition against the property as a lien on the property and the costs will thereafter be included in the property's ad valorem taxes.

Staff Analysis and Findings

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently zoned RSF-2, Single Family District. Surrounding parcels in the immediate area are zoned RSF-2. The adjacent uses are residential and vacant/timberland. *Staff feels that the requested change is compatible with the surrounding uses.*

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

Planning District 12 came into effect on November 7, 2006. It appears that the subject parcel was zoned RSF-2 at the time Planning District 12 came into effect in 2006 with no rezonings in the area since the original zoning designation was established.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides future land use designations for properties located within the zoned areas of the County. These categories represent the recommendations for the physical development of the unincorporated areas of the County. They are intended for planning purposes only and do not represent the adoption of zoning designations for areas which have not voted their desire to come under the zoning authority of the Baldwin County Commission. Although not legally binding, the future land use designations are evaluated in conjunction with criteria found in the Baldwin County Zoning Ordinance (Zoning Ordinance), the Baldwin County Subdivision Regulations, the Baldwin County Flood Damage Prevention Ordinance and any other ordinances and regulations which the County Commission may adopt.

Staff Analysis and Findings

A future land use designation of *residential* has been provided for the subject property. Single family dwellings, two family (duplex) dwellings, multiple family dwellings, manufactured homes, manufactured housing parks and Planned Residential Developments. Institutional uses, recreational uses and limited neighborhood commercial uses may be included subject to the provisions of the Zoning Ordinance. To the greatest extent possible, residential areas should be accessible to major thoroughfares connecting with work areas, shopping areas and recreational areas. Zoning designations may include RR, RA, CR, RSF-E, RSF-1, RSF-2, RSF-3, RSF-4, RSF-6, RTF-4, RTF-6, RMF-6, RMH and PRO. Approval of the rezoning will result in an amendment to the Future Land Use map to *agricultural*.

4.) Will the proposed change conflict with existing or planned public improvements?

Staff is unaware of any planned public improvements.

5.) Will the proposed change adversely affect traffic patterns or congestion?

Staff is unaware of any adverse affects of traffic patterns or congestion as a result of this proposed change.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

The surrounding land uses are residential and vacant/timberland. The owner would like to be rezoned to RA to allow farm-related structures to reside on the property (metal carport to store tractor), which is not allowed in the current zoning category. Eventually a small garden and home will be constructed.

Staff Analysis and Findings

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

The surrounding land uses are residential and vacant/timberland. *Staff feels the proposed amendment is consistent with the area.*

8.) Is the timing of the request appropriate given the development trends in the area?

Staff perceives no time factor with this request.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

Staff does not anticipate any adverse impacts on environmental conditions of the vicinity or the historic resources of the County.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

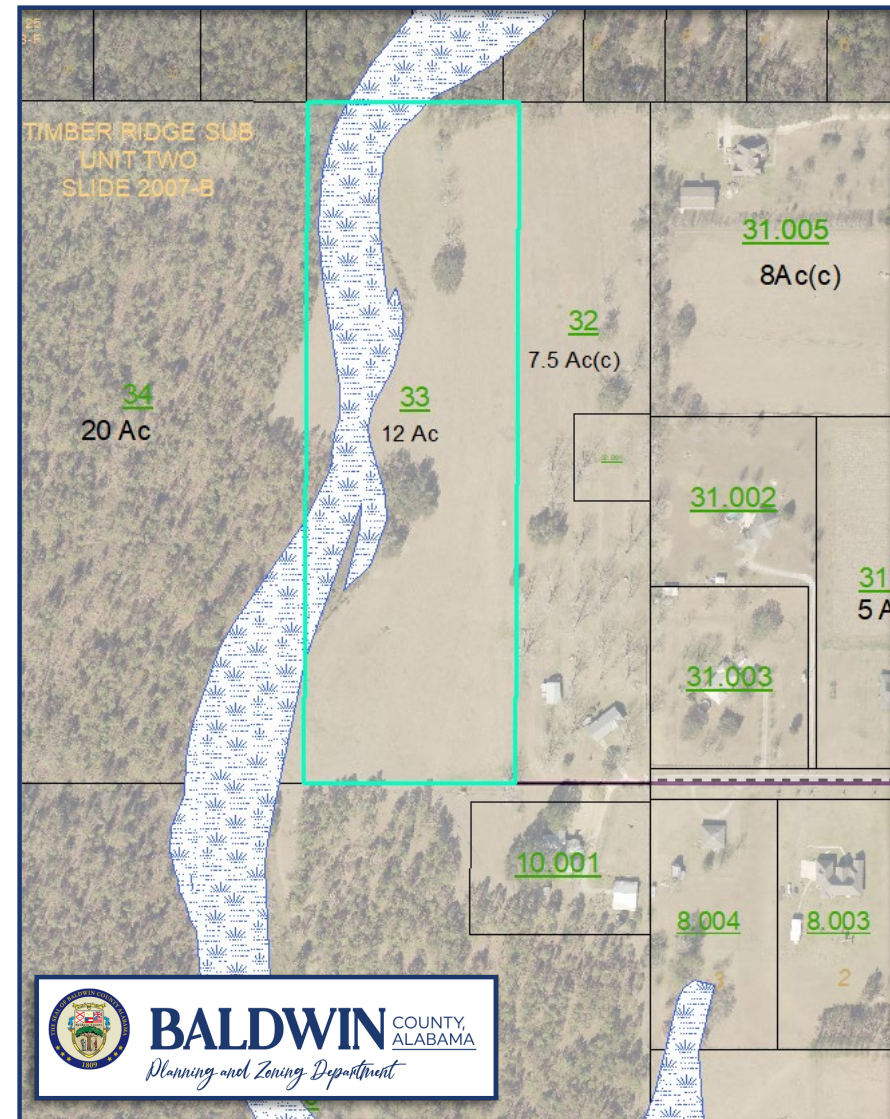

Staff does not anticipate any adverse impacts to the health, safety and welfare of the County and the vicinity.

11.) Other matters which may be appropriate.

There appear to be potential wetlands on the subject property. A wetland delineation may be required in order to verify there is no disturbance within a 30' wetland buffer and will be evaluated at the time of Zoning Site Plan review.

Locals earn tournament wins

BY COLE MCNANNA

Sports Editor
colegulfcostmedia.com

Local volleyball teams were busy last weekend in tournament action where the Orange Beach Makos and Bayside Academy Admirals came away as gold bracket champions.

MAKOS WIN HOST TOURNAMENT

After Orange Beach took down Gulf Shores earlier in the week, head coach Sunno Young hoped to keep the winning streak going through the weekend. The Makos were able to do just that after they registered six wins in as many matches and lost only two of 14 sets played.

The Bayside Christian Eagles were a gold bracket semifinalist with a 3-2 overall record and both the Robertsdale Golden Bears and St. Michael Catholic Cardinals took semifinalist spots in the silver bracket with 2-3 records. Bayside only lost to Orange Beach in pool play, beat Curry to go to the gold bracket but fell to Pensacola.

The silver bracket champion Dolphins lost only one match to Pensacola in the second round which left them in the silver bracket. There, they took down St. Michael Catholic and Curry to finish 5-1 on the tournament.

ADMIRALS CLAIM MAYOR'S CUP

Bayside Academy traveled to the capital to compete in the Mayor's Cup where they bounced back from their lone loss to win the gold bracket.

The Admirals lost only one set in wins over Pike Road, St. James and Elmore County before being swept by Pellham. In the gold bracket, however, Bayside Academy took down Trinity Presbyterian, Montgomery Catholic and Montgomery Academy to win the bracket.

Spanish Fort was not far behind and was a gold bracket semifinalist. The Turus swept Brewbaker Tech and John Carroll Catholic on Friday. Although they finished pool play with a 2-0 loss to Trinity, they grabbed a sweep over Wetumpka before falling to Montgomery Academy in the semifinal.

Staff Analysis and Findings

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently residential. The property is to the south of Roscoe Rd and east of the Foley Beach Express. The adjoining properties are residential, forested timberland, and commercial. The property to the west was rezoned from RA to B-4, Major Commercial District in 2017 (case Z-17006). The properties to the west along the Beach Express are in the city of Orange Beach and are commercial.

Staff Analysis and Findings

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

Planning District 30 zoning map was adopted in February 1995. There have been several parcels that have been annexed into the city of Orange Beach. The adjacent property to the west was rezoned from RA to B4 in 2017. The B3 to the north was rezoned from RA in 2019.

3.) Does the proposed zoning better conform to the Master Plan?

A future land use designation of Agricultural has been provided for the subject property. Agriculture, forestry and similar activities are included with this future land use category. Single family dwellings, institutional uses, recreational uses, limited commercial uses which are intended to serve a rural area and transportation, communication and utility uses are also included subject to the requirements found within the Zoning Ordinance. This category is designed to protect the essential open character of rural areas until it is timely to reclassify the land to appropriate residential, commercial or industrial categories. Zoning designations may include RR, CR, RA and RSF-E. Approval of the rezoning will result in an amendment of the Future Land Use Map to residential.

4.) Will the proposed change conflict with existing or planned public improvements?

Staff is unaware of any planned public improvements.

Staff Analysis and Findings

5.) Will the proposed change adversely affect traffic patterns or congestion?

Per the Federal Highway Administration the functional classification of Roscoe Road is local. Locally classified roads account for the largest percentage of all roadways in terms of mileage. They are not intended for use in long distance travel, except at the origin or destination end of the trip, due to their provision of direct access to abutting land. Bus routes generally do not run on Local Roads. They are often designed to discourage through traffic. As public roads, they should be accessible for public use throughout the year. Local Roads are often classified by default. In other words, once all Arterial and Collector roadways have been identified, all remaining roadways are classified as Local Roads. The traffic going to and from the townhomes could have an impact on traffic patterns or congestion. Access to this site would require approval from Baldwin County Highway Department.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

As stated previously the adjoining properties are residential, forested timberland, and commercial. The property to the west was rezoned from RA to B-4, Major Commercial District in 2017 (case Z-17006). The properties to the west along the Beach Express are in the city of Orange Beach and are commercial.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

This area consists of commercial, residential, and agriculture zoning. The parcels along the Foley Beach Express are annexed into the City of Orange Beach or Gulf Shores. Refer back to the map in question 1.

Staff Analysis and Findings

8.) Is the timing of the request appropriate given the development trends in the area?

Staff believes that timing is not an issue.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

Staff is unaware of any historic resources that would be adversely impacted by this request.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

Although there will be an increase in traffic, if the rezoning is approved and the property is developed, the impact should not be significant. Access to this site would require approval from Baldwin County Highway Department. Development of the property will be considered as a major project. Prior to the issuance of a Site Plan approval, staff will evaluate all submitted materials, including building plans, drainage plans, landscaping plans and site plans in order to ensure complete compliance with the requirements of the zoning ordinance. Required landscaped buffers will help to mitigate the potential for adverse impacts.

11.) Other matters which may be appropriate.

Baldwin County Subdivision– Mary Booth: No Comments

Baldwin County Highway Department:

The provided site plan shows proposed development of townhomes which will need to follow the County subdivision process, including analysis of drainage and traffic impacts. Roscoe Rd is County maintained and will require permitting through the Highway Department for any new or changed connections for the subject property.

Information Provided By Applicant

a) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

a. *University Lane and Coastal Gateway Blvd across Foley Beach Express seem to be a burgeoning node of development and activity. As the first few catalyst lots begin to develop, typically land uses around those lots want to step up in intensity and with complimentary or similar uses. We feel that based on the zoning and land uses around our property an increase in intensity for this lot and others is reasonable to consider.*

b) Has there been a change in the conditions upon which the original zoning designation was based? Has land uses or conditions changed since the zoning was established?

- a. *The directly property to the West is zoned B-4. While we're not sure when the zoning was given, it has recently been built on to a business use.*
- b. *The property across the NW corner of our property is zoned B3. I cannot ascertain when this zoning was applied but I suspect it was since the zoning for the area was established.*
- c. *The properties to the East along Roscoe Rd. after it turns to N/S direction are all zoned B-4. Again, I cannot ascertain when this zoning was applied but I suspect it was since the zoning for the area was established.*
- d. *If these above zonings were original when the zoning was first established, we would still suggest it makes sense to see greater intensity allowed at this location and those lots around us.*

c) Does proposed zoning better conform to the Master Plan?

a. *We believe it does. At this location in district 30, this area is designated as a node of a mix of commercial and residential. It seems clear that this area is intended to build up and develop in intensity. The Master Plan is not fine grained so as to comment on intensity within those uses. We speak to that in other answers to these question.*

d) Will the proposed change conflict with existing or planned public improvements?

a. *Not that we can see. Based on the activity and increased intensity at this section of Roscoe Rd. we think this makes sense to allow further intensity to occur here.*

b. *Coastal Gateway Blvd. is a major connector between the expressway and 59. It seems logical that development should occur along and at the terminations of Coastal Gateway.*

e) Will the proposed change adversely affect traffic patterns or congestion?

a. *We do not believe so. We are within 1/3 of a mile of the Expressway and therefore traffic will not likely affect the neighborhood further in. Besides, at a max density of 55 units we don't think this would have a noticeable effect at all on traffic.*

f) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? An original zoning designation that was assigned based on a use that existed when the Planning District was formed, and that does not otherwise generally conform with the zoning designations in the vicinity, does not necessarily indicate the existence of a development pattern under this factor. The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

a. *We believe that it is consistent with the development patterns in the area. As noted above, they are burgeoning, but we see the beginnings of node of development at this point along the expressway. A higher density residential use at this property would make sense in our opinion as a transition from commercial uses closer to the expressway and lower density residential further along Roscoe Rd.*

g) Is the proposed amendment the logical expansion of adjacent zoning designations? When an adjacent zoning district received its original zoning designation based on a use that existed when the Planning District was originally formed, and that original zoning designation does not otherwise generally conform with the zoning designations in the vicinity, this original zoning designation should not support the allowance of more intense zonings on adjacent parcels, without the presence a development pattern in the community that supports an increase in intensity.

DEVELOP
design studio
architecture + design

a. *Again, we see the beginnings of a development pattern that makes this a logical application. While it is not an expansion of adjacent zonings / uses, we see it as complimentary. We see this "moment" along the expressway as the beginnings of a node of activity. We believe a mix of uses and densities can strengthen this burgeoning pattern and lead to a node of mixed uses that can be complimentary to each other.*

h) Is the timing of the request appropriate given the development trends in the area?

a. *We believe it to be appropriate per our answers to the questions above.*

i) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

a. *We do not believe it will. It is a single lot surrounded by relatively recent development activity. It is not near any major waterways and is currently a mostly clear lot and so therefor we will not see a large number of trees removed.*

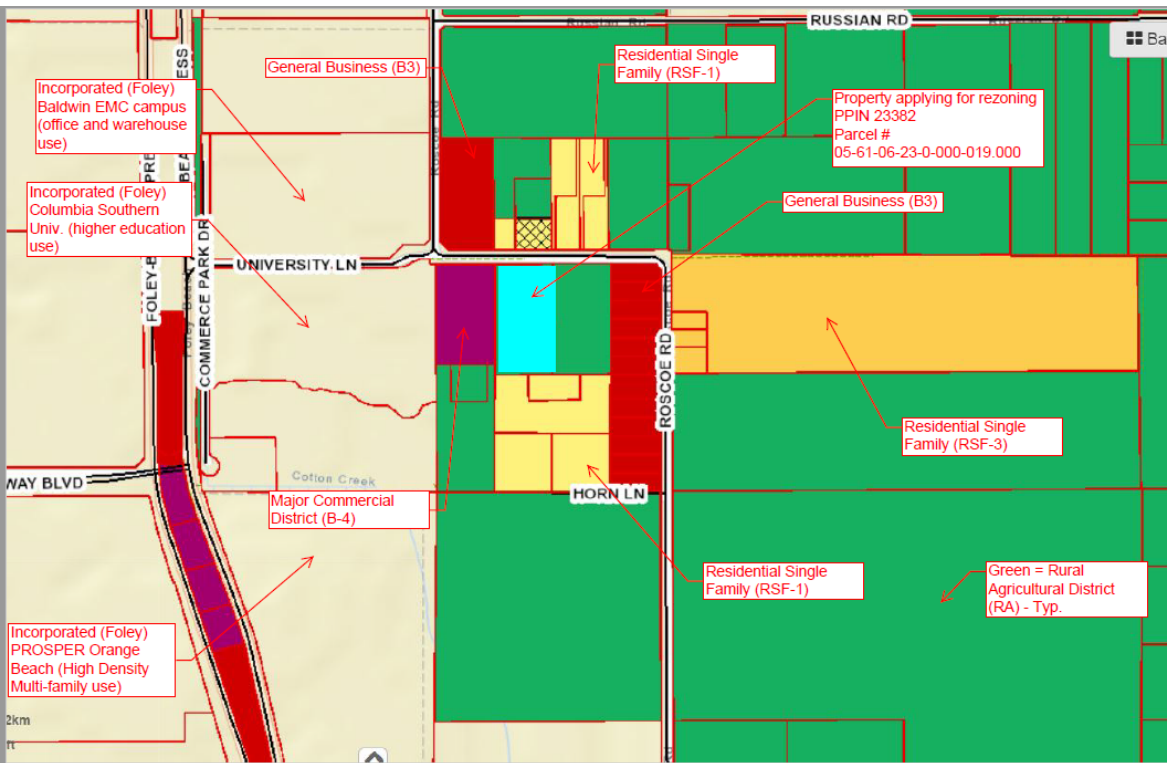

j) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

a. *We do not believe it will. In fact, we believe that encouraging development patterns with a mix of uses and intensities at nodes like this can lead to less traffic and a better standard of living for residents.*

k) Other matters which may be appropriate.

a. *None*

Staff's Summary and Comments:

As stated previously, the subject property is currently zoned RA, Rural Agriculture District, and consists of approximately 4.6 acres. The designation of HDR, High Density Residential District, has been requested in order to build townhouses at a density slightly above 6 DU/Acre. With the surrounding land uses and location to the Foley Beach Express staff feels this is compatible with the area.

Operation Round Up presents grants

STAFF REPORT

SUMMERDALE – The Baldwin County Electric Membership Charitable Foundation presented grants to three local agencies in July.

These grants were made possible through Baldwin EMC's Operation Round Up program, which collects money for charitable causes by rounding up participating members' electric bills to the next highest dollar amount, with the extra change used to fund grants. Grants must meet one of six qualifying categories: food, clothing, shelter, health, environment and education.

Grants were presented to the following organizations:

- Baldwin County Education

Coalition, which mobilizes resources (financial, volunteer and in-kind services) to meet the needs of public schools.

- Ecumenical Ministries, a non-denominational, comprehensive social service agency providing aid to low-income families and individuals in Baldwin County.

- The Shoulder, a Christian-based treatment center for individuals affected by alcohol/drug abuse and their families.

Baldwin EMC is a member-owned electric cooperative serving more than 84,000 accounts in Baldwin and Monroe Counties in southwest Alabama, including Alabama's Gulf Coast. This institution is an equal opportunity provider and employer.

Langford turns 100

STAFF REPORT

Ruth Mons Langford, of Fairhope, celebrated her 100th birthday on Sunday, Aug. 29 at her home on Langford Road in Fairhope.

Mrs. Langford has lived within a two-mile radius of her birthplace her entire life.

Langford was the youngest of six children born to Robert Mons, Sr. and Ragna Hanson Mons of Fairhope. The family lived on a farm on what is now Highway 33 east of Fairhope where they raised cattle and vegetables. The children attended a one-room schoolhouse down the road that also served as a church.

She married Jesse Leo Langford in 1949 after he returned from serving in Africa during World War II. The pair farmed 60-acres and raised pecans, cows, hay and

goats. The couple had two sons, Albert Leo Langford and George Arthur Langford.

The Langford family donated the land for a church on Highway 48 and were also some of the founding members of South River Park Church of God on Hwy 32 in Fairhope, where Ruth and son Leo continue to be members.

"I've seen a lot of things over all these years," Ruth said. "It's good I have all those memories to look back on."

Little things can add up to real savings. Here are a few simple things you can do around the house to reduce your energy usage:

Show your AC some love with a new air filter. Regular replacement saves money – cheaper filters are a great match.

Grill outside and stay chill inside. When you're grilling, you're not cooking in. And that makes for a cooler home.

An employee may wait to be screened the next business day following accidents that occur after hours that result in property damage only. The employee's direct supervisor themselves bears the burden of ensuring the screening is completed. Failure to complete the drug and/or alcohol screening process will result in disciplinary action, up to and including termination for both the employee and supervisor.

Employees operating a County vehicle or equipment must have a valid driver's license for the class of the vehicle. Obtaining the proper license is a personal expense. An employee will not qualify to operate a County vehicle if during the last three years the employee had any of the following:

- 1) Conviction of a felony.
- 2) Conviction of an alcohol or drug related offense while driving.
- 3) Conviction of reckless driving, leaving the scene of an accident, vehicular homicide, or other similar offenses.
- 4) Suspension or revocation of driver's license.
- 5) Three or more moving violations.

The Commission may determine that an employee may not qualify to operate a County vehicle if during the last two years the employee has been the primary contributor to an automobile accident. State Motor Vehicle Records (MVRs) will be used as the source for verifying a driver's history and qualifications for operating County vehicles.

The following personnel can be considered by the County Commission to be authorized to commute to and from work from their home using a county vehicle:

- 1) Department Directors
- 2) Supervisory personnel (if requested by their Director)
- 3) Other staff (if recommended by the County Administrator or a Department Director)

Personnel that are authorized expressly by this policy and need no additional authorization include:

- 1) Personnel designated as "on call" provided that they drive the vehicle home only on days in which they are "on call."
- 2) Personnel activated in times of emergency.
- 3) Personnel that utilize a county vehicle for their job during normal business hours, and their physical location at the conclusion of the business day is closer to their home than their personal vehicle, then in such instances and on an occasional basis only, the employee may drive the County vehicle home with prior approval of their supervisor.

- 4) Pool cars may be driven home on an occasional basis with approval from the department director. In the case where the County Administrator needs to drive a pool car home, approval shall be provided by the Chairman.

Only personnel that meet the above requirements will be authorized to drive a vehicle home.

The County Commission reserves the right to require a County employee to use a county vehicle, if, in their opinion, the use of the County vehicle would be less expensive for the County than the mileage charges for the employees personal vehicle.

PROCEDURAL REQUIREMENT

To carry out this policy, the following steps must be taken:

- 1) A request to regularly drive a County vehicle home must be made to the County Commission as an agenda item in the Commission meeting.
- 2) Department Directors shall make the request for themselves or any supervisor in their department.
- 3) Individual staff member requests shall be made by the Department Director.
- 4) Should the Commission approve the request, the employee may begin to drive the vehicle to and from their home and his or her name shall be added to the approved list by the County Administrator. It is the responsibility of each Director to notify the County Administrator if an individual approved to drive a vehicle home, stops doing so, in order to update the Approved List.
- 5) The Commission will annually charge the employee for the taxable fringe benefit of commuting to and from home in a County vehicle.
- 6) Each December, the County Administrator shall present the current list of employees that drive County vehicles home to the County Commission for review.

POLICY 2.9(b) Elected Officials

Policy Section 2.9(b) defines the County Vehicle policy for Baldwin County Elected Officials. Elected officials may be provided a vehicle by the County Commission. Elected Officials are expected to be available to serve the public and perform their official duties when called upon. In order to ensure their availability, and to avoid unnecessary and burdensome delays, Elected Officials that are provided a vehicle may use the same for personal use.

ADVISORY OPINION NO. 2011-08

Mr. Collins Pettaway, Jr.
County Attorney
Perry County, Alabama
Chestnut, Sanders, Sanders & Pettaway, L.L.C.
One Union Street
Selma, Alabama 36702-1290

Use Of County Vehicle By County Coroner/
Perry County Commission Allowing
Coroner Of Perry County To Use County
Vehicle For Personal Use

The Perry County Commission may, by
policy, allow the Perry County Coroner to
use a County vehicle for personal, as well as
business use, so he may be accessible when
needed.

Dear Mr. Pettaway:

The Alabama Ethics Commission is in receipt of your request for an Advisory Opinion of
this Commission, and this opinion is issued pursuant to that request.

QUESTION PRESENTED

May the Perry County Commission by resolution allow the Coroner of Perry County to
use a County vehicle supplied to him for his official duties, to be used to drive him to his place
of employment in Bibb County and any other errands for personal use, so he can be on-call to
answer any job related duties?

FACTS AND ANALYSIS

The facts as have been provided to this Commission are as follows:

Collins Pettaway, Jr. is the County Attorney for Perry County. The Perry County Commission, per the attached resolution, has asked for an opinion as to whether or not the Coroner of Perry County can use a vehicle supplied to him for his official duties for personal travel.

The question is whether the Coroner of Perry County, who lives in Perry County, can use or drive a vehicle provided to him by the Perry County Commission to go to work at his place of employment in Bibb County, Alabama (an adjacent county), and to perform any other errands for personal use, so he can be on-call to answer any job related duties.

The Coroner is an elected position. The Perry County Commission is the governing body for Perry County, Alabama. To facilitate the effectiveness for the Office of County Coroner, the Perry County Commission authorized and provided a vehicle for the Coroner to use in his official duties. The Coroner is also allowed to use the gasoline provided by the County and maintenance for the vehicle provided by the County. The Coroner handles the deaths in the County. Rarely would he have to transport bodies, as the County has a contract with a vendor for such service, although the situation could arise for that. The Coroner has a job in Bibb County and desires to use the vehicle to travel to said job, so he can answer calls, when and if they come. He also needs clarity on running any errands or handling any personal business while using the County-provided vehicle.

The Alabama Ethics Law, Code of Alabama 1975, Section 36-25-1(26) defines a public official as:

“Any person elected to public office, whether or not that person has taken office, by the vote of the people at state, county, or municipal level of government or their instrumentalities, including governmental corporations, and any person appointed to a position at the state, county, or municipal level of government or their instrumentalities, including governmental corporations. For purposes of this chapter, a public official includes the chairs and vice-chairs or the equivalent offices of each state political party as defined in Section 17-16-2.”

Section 36-25-5(a) states:

“(a) No public official or public employee shall use or cause to be used his or her official position or office to obtain personal gain for himself or herself, or family

member of the public employee or family member of the public official, or any business with which the person is associated unless the use and gain are otherwise specifically authorized by law. Personal gain is achieved when the public official, public employee, or a family member thereof receives, obtains, exerts control over, or otherwise converts to personal use the object constituting such personal gain.”

Section 36-25-5(c) states:

“No public official or public employee shall use or cause to be used equipment, facilities, time, materials, human labor, or other public property under his or her discretion or control for the private benefit or business benefit of the public official, public employee, any other person, or principal campaign committee as defined in Section 17-22A-2, which would materially affect his or her financial interest, except as otherwise provided by law or as provided pursuant to a lawful employment agreement regulated by agency policy. Provided, however, nothing in this subsection shall be deemed to limit or otherwise prohibit communication between public officials or public employees and eleemosynary or membership organizations or such organizations communicating with public officials or public employees.”

The Ethics Law, as a general rule, prohibits the use of not only one’s public office for one’s personal benefit, but also any resources belonging to the public for personal benefit. The exception is where there is a lawful employment agreement regulated by agency policy.

In the facts before the Commission, it would be impractical for the Coroner not to be allowed to use the County vehicle for personal travel, when he is subject to being called at any time. If he is not in the vehicle, he may have to drive a fairly substantial distance to drop off his personal car and pick up the County vehicle, so he may respond to the call.

Based on the facts as provided and the above law, provided there is a lawful employment agreement regulated by agency policy allowing the Coroner to use the County vehicle for his personal travel, the Ethics Law would not be violated.

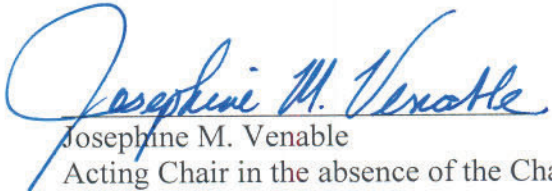

CONCLUSION

The Perry County Commission may, by policy, allow the Perry County Coroner to use a County vehicle for personal, as well as business use, so he may be accessible when needed.

ADVISORY OPINION NO. 2018-05

Mr. John A. Tinney
Attorney for Ashland Water Board
739 Main Street
Post Office Box 1430
Roanoke, AL 36274

Personal Use of Equipment/Water Board
employee taking children to school.

An employee of the Ashland Water Board may drop his children off at daycare on his way to work in his official vehicle if the use requested is allowed "pursuant to a lawful employment agreement regulated by agency policy."

Dear Mr. Tinney:

The Alabama Ethics Commission is in receipt of your request for a formal Advisory Opinion of this Commission, and this opinion is rendered pursuant to that request.

FACTS

The facts as have been presented to this Commission are as follows:

“The Ashland Water Board has a vehicle which it provides to an employee which the employee keeps for transportation for matters relating to the Water Board. He is allowed by agreement with the Water Board to have possession of this vehicle at all times and utilizes the vehicle in traveling to and from work.

There are times when he might be called out at night should there be a water main break, etc. when he would be required to attend to Water Board business after hours.

This employee has children still in school in Ashland. He occasionally will drop the children off on his way to work in the Water Board vehicle. The dropping off of the children is not out of the way on his way to work and I am sure that the additional gas used in dropping off the children is minimal.

The question has arisen as to whether it is a violation of Alabama Ethics statutes for this individual to drop off the children on his way to work in the company vehicle.”

QUESTION PRESENTED

Is it a violation of Alabama Ethics statutes for an employee of the Ashland Water Board to drop off the children on his way to work in the vehicle supplied to him for his official use?

ANALYSIS

The primary issues which the question raises involve the application of Ala. Code § 36-25-5(a) and (c), which state:

(a) No public official or public employee shall use or cause to be used his or her official position or office to obtain personal gain for himself or herself, or family member of the public employee or family member of the public official, or any business with which the person is associated unless the use and gain are otherwise specifically authorized by law. Personal gain is achieved when the public official, public employee, or a family member thereof receives, obtains, exerts control over, or otherwise converts to personal use the object constituting such personal gain.

(c) No public official or public employee shall use or cause to be used equipment, facilities, time, materials, human labor, or other public property under his or her

discretion or control for the private benefit or business benefit of the public official, public employee, any other person, or principal campaign committee as defined in Section 17-22A-2, which would materially affect his or her financial interest, except as otherwise provided by law or as provided pursuant to a lawful employment agreement regulated by agency policy.

The Commission previously addressed this issue under similar facts. In Advisory Opinion 2011-08 (Pettaway), the Commission held, "The Perry County Commission may, by policy, allow the Perry County Coroner to use a County vehicle for personal, as well as business use, so he may be accessible when needed." In that Opinion, the Commission recognized the practical implications of prohibiting someone who is on-call from being able to conduct errands, etc., while in an official vehicle but only when it is allowed pursuant to a lawful employment agreement regulated by agency policy. That conclusion equally applies to the question and facts presented, and the use requested herein is allowed if "provided pursuant to a lawful employment agreement regulated by agency policy."

CONCLUSION

An employee of the Ashland Water Board may take his children to school on his way to work in his official vehicle if the use requested is "provided pursuant to a lawful employment agreement regulated by agency policy."

Request from Local Emergency Planning Committee for Purchase of a Digital Pressure Test Kit

STAFF RECOMMENDATION

Approve the request for Baldwin County Commission's Emergency Management Agency (EMA) to purchase a Kappler Automated Digital Pressure Kit for the Local Emergency Planning Committee (LEPC) at a cost not to exceed \$4,199.00, to be used throughout Baldwin County to test hazardous materials consistently and accurately.

BACKGROUND INFORMATION

Background: Staff received a request from Mr. Joey Darby, Chairperson of Baldwin County LEPC requesting EMA to purchase a Kappler Automated Digital Pressure Test Kit. The LEPC is a collection of community stakeholders with a primary task of evaluating available resources that could be made available in the event of a chemical accident. Currently, Baldwin County does not have the capacity to test for Level A hazardous material which puts the community at risk.

All of the primary hazardous response agencies in Baldwin County along with LEPC's hazmat response trailer utilize Kappler Level A suits; however, there is currently no consistent testing apparatus for these suits among the Baldwin County agencies. Any incident in Baldwin County could involve multiple or all hazmat response agencies, it is important to have confidence that all equipment meets current standards.

The requested Kappler Automated Digital Pressure Test Kits are compliant and safe to use in accordance with the manufacture, Occupational Safety and Health Administration (OSHA), American Society for Testing and Materials (ASTM), National Fire Protection Association (NFPA) standards.

Staff received three (3) quotes. The lowest quote was received from NAFECO for \$4,199.00. The device will be used to support county first responders that deal with hazardous materials. The EMA will lend the device out to required county department or agency when needed for a hazardous material response. The device will be stored, managed, and maintained by the EMA Logistics Division Manager
