Section 5.4 B-4, Major Commercial District

5.4.1 Purpose and intent. The B-4, Major Commercial District, is intended for business uses which require a location with access to an arterial or major collector road (as defined by the Functional Classification System attached as Appendix) or which have close proximity to major intersections. Due to the nature of the businesses permitted within the B-4 district, this zoning designation should be limited to property fronting on principal arterials, major arterials or minor arterials. Ingress and egress to a roadway should promote safe and smooth traffic flow for the general traveling public. It is also the intent of this district to provide areas for businesses which, because of their intensity, outside storage areas, or large volumes of traffic, would have significant negative impacts on adjoining properties. These uses often have an actual or potential negative impact on surrounding properties due to late hours of operation, noise, and or light.

5.4.2 Permitted uses. The following uses are permitted as of right, or as uses accessory to permitted uses in the B-4, Major Commercial District:

Staff Analysis and Findings

The following factors for reviewing zoning amendments are found in Section 19.6 of the *Baldwin County Zoning Ordinance*. These factors are to be considered when an application is being reviewed for rezoning.

1.) Is the requested change compatible with the existing development pattern and the zoning of nearby properties?

The subject property is currently vacant. The property adjoins Milton Jones Road to the north. The adjoining properties are commercial and residential.

2.) Has there been a change in the conditions upon which the original zoning designation was based? Have land uses or conditions changed since the zoning was established?

No changes.

3.) Does the proposed zoning better conform to the Master Plan?

The Baldwin County Master Plan, 2013, provides a future land use designation of Commercial for the subject property. If the application is approved the northern 397 feet will remain commercial as the future land use designation and the remaining will change to Industrial on the which will be consistent with the adjacent parcels to the east and west.

4.) Will the proposed change conflict with existing or planned public improvements?

No conflicts.

5.) Will the proposed change adversely affect traffic patterns or congestion?

The proposed use should not generate a significant amount of traffic and should not adversely affect traffic patterns.

6.) Is the proposed amendment consistent with the development patterns in the area and appropriate for orderly development of the community? The cost of land or other economic considerations pertaining to the applicant shall not be a consideration in reviewing the request.

There are a number of M-1 and commercial parcels and in the surrounding area.

7.) Is the proposed amendment the logical expansion of adjacent zoning districts?

There are numerous parcels zoned M-1 and commercial in the surrounding area.

8.) Is the timing of the request appropriate given the development trends in the area?

Timing is not a factor.

9.) Will the proposed change adversely impact the environmental conditions of the vicinity or the historic resources of the County?

There are no environmental conditions or historic resources which would be impacted by this request.

10.) Will the proposed change adversely affect the health, safety and welfare of the County and the vicinity?

Staff anticipates no adverse impacts.

11.) Other matters which may be appropriate.

Staff Comments and Recommendation

The M-1, Light Industrial Designation has been requested for the purpose of being consistent with parcels to the west and east and to allow for the establishment of climate controlled storage and recreational vehicle (RV)/boat storage facility.

With the above comments in mind, this rezoning request should be recommended to the County Commission for **APPROVAL**.*

**On rezoning applications, the Planning Commission will be making a recommendation to the County Commission.*
