**FARM ELECTION**

**THIS ELECTION** must be unanimously made by all **CURRENT PRODUCERS** on the farm, and must occur by the end of the election period announced by FSA to be effective for this farm beginning for the 2018 crop year, under the terms of 7 CFR Part 1412. If an ARC or PLC election is not made or is not made by the election deadline, the election for seed cotton shall default to PLC on the farm for the 2018 crop year. If the farm currently has an ARC-IC election, the farm will remain in ARC-IC. All current producers on the farm must sign this election, and by doing so, unanimously agree and acknowledge that: (1) this election is irrevocable for the covered commodities on the farm, or any resulting farm(s) of a reconstitution; (2) this farm may not be combined with any other farm that has base acres **and** does not have the same program election applicable for each and all covered commodities on all farms intended to be combined; (3) even though they may have made an election, they must enroll the farm in the 2018 ARC or PLC program in order to receive ARC or PLC income support; (4) they must comply with the regulations at 7 CFR Part 1412; and (5) that ARC or PLC income support is subject to change based upon changes to law. In addition, by signing this form, all current producers on the farm certify as to the accuracy of the election information set out on this form. FSA's acceptance of this signed form and use of the form does not equate to FSA's approval of the election. If FSA later determines this election was invalid under 7 CFR Part 1412, the elections on this form will not apply to the farm. Enrollment in the ARC or PLC program is a separate action from this election and must be performed to participate in the ARC or PLC program.
