COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

CC-213 Recertification

Recertification Due Date: October 15, 2018		
If there are any changes or corrections to the information below, please cross out the old item and write in the correction.		
	Chief Executive Officer	CRS Coordinator
Name	Frank Burt	DJ Hart
Title	Chairman, Baldwin County Commission	CRS Coordinator
Address	312 Courthouse Square, Ste. 12	22251 Palmer Street
	Bay Minette, Alabama 36507	Robertsdale, Alabama 36567
Phone		(251) 580-1655 ext. 7230
E-mail		DHart@baldwincountyal.gov

I hereby certify that Baldwin County is continuing to implement the activities on the attached pages as credited under the Community Rating System and described in our original application to the CRS and subsequent modifications.

I hereby certify that, to the best of my knowledge and belief, we are maintaining in force all flood insurance policies that have been required of us as a condition of federal financial assistance for insurable buildings owned by us and located in the Special Flood Hazard Area (SFHA) shown on our Flood Insurance Rate Map. I further understand that disaster assistance for any community-owned building located in the SFHA is reduced by the amount of National Flood Insurance Program (NFIP) flood insurance coverage (structure and contents) that a community should be carrying on the building, regardless of whether the community is carrying a policy.

Signed _____(Chief Executive Officer)

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

Your community has been verified as receiving CRS credit for the following activities. If your community is still implementing these activities the CRS coordinator is required to put his or her initials in the blank and attach the appropriate items. The numbers refer to the activity number which is found in the CRS Coordinator's Manual. If the word "attached" is used you must provide documentation material for that activity. If no material has been acquired for that activity please explain why there is no material from the past year.

- _____ 310 EC: We are maintaining Elevation Certificates, Floodproofing Certificates, Basement Floodproofing Certificates and V Zone Certificates on all new and substantially improved buildings in our Special Flood Hazard Area, and make copies of all Certificates available at our present office location. [_____ Initial here if you have had no new construction or substantial improvements in the last year]
- _____ 310 EC: Attached is the permit list for new or substantially improved structures that have been completed in the last year. We have permitted _____ new building and substantial improvements in the SFHA during this reporting period.
- _____ 310 EC: Attached are all the Certificates for new or substantially improved structures that have been completed during this reporting period that are included on the above permit list. (Note: The total number of Elevation and Floodproofing certificates should match the number of permits issued and completed within the reporting period defined above. All permits issued for new construction or substantial improvement within the V zone should have both an Elevation Certificate and a V Zone Certificate, and all buildings with basements within the basement exemption communities should have both an Elevation Certificate and a Basement Floodproofing Certificate).
- _____ 320 MI 1: We are providing basic flood information to inquirers.
- _____ 320 MI: Attached is a copy of the publicity for the credited elements of this service this year.
- _____ 320 MI: Attached is a copy of one page of the log, a letter, or other record that we kept on this service this year.
- _____ 320 MI: We are continuing to keep our FIRM updated and maintain old copies of our FIRM.
- _____ 330 OP: We continue to conduct or provide all credited outreach projects.
- _____ 340 ODR: People looking to purchase floodprone property are being advised of the flood hazard through our credited hazard disclosure measures.

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

- ___ 350 LIB/LPD: Our public library continues to maintain flood protection materials.
- ___ 350 WEB: We continue to conduct an annual review and update of the information and links in our flood protection website.
- ___ 420 OSP: We continue to preserve our open space in the floodplain.
- ___ 430: We continue to enforce the floodplain management provisions of our zoning, subdivision and building code ordinances for which we are receiving credit. [] Initial here if you have amended your floodplain regulations. Attach a copy of the amendment.
- ___ 430 RA-1: We continue to employ those staff credited for attaining their CFM, and those who have attended the credited training courses.
- ___ 440 AMD: We continue to use and update our flood data maintenance system on an annual basis as needed.
- ___ 440 FM: We continue to maintain our historical Flood Hazard Boundary Map, FIRMs and Flood Insurance Studies.
- ___ 450 SMR: We continue to enforce the stormwater management and low impact development provisions of our zoning, subdivision and building code ordinances for new developments in the watershed. [] Initial here if you have amended your stormwater management regulations. Attach a copy of the amendment.
- ___ 450 ESC: We continue to enforce the provisions of our zoning, subdivision and building codes as they pertain to erosion and sediment control.
- ___ 502 RL: We currently have ___ repetitive loss properties and send our notice to ___ properties in the repetitive loss areas.
- ___ 502 RL: Attached is a copy of this year's notice on property protection, flood insurance and financial assistance that we sent to our repetitive loss areas.
- ___ 510 FMP/RLAA: Attached is a copy of our floodplain management plan's annual progress and/or a copy of the annual progress report on the recommendations of the repetitive loss area analyses.
- ___ 510 FMP/RLAA: We have provided copies of this progress report to our governing board, local media, and the state NFIP Coordinating office.

County Baldwin

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

- _____ 520 AR: We continue to maintain as open space the lots where buildings were acquired or relocated out of the floodplain. [] Initial here if there have been any changes (additions or deletions) to the parcels credited as open space. Attach a description of those changes.
- _____ 530 FP: We continue to encourage property owners interested in elevating or retrofitting their buildings to protect them from flood damage. [] Initial here if there have been any changes (additions or deletions) to the buildings credited as being flood protected. Attach a description of those changes.
- _____ 540 CDR: We continue to implement our drainage system maintenance program.
- _____ 540 CDR: Attached is a copy of a typical inspection report and a copy of the record that shows that any needed maintenance was performed on the credited components of our drainage system.
- _____ 540 CIP: We continue to implement the sections of our Capital Improvements Program which pertain to the drainage system maintenance.

NOTE: Please do not mail or ship packages that need a signature. We will confirm receipt of your recertification submittal.

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

CRS Program Data Table	A. In the SFHA	B. In a regulated floodplain outside the SFHA	C. In the rest of the community
1. Last report's number of buildings in the SFHA (bSF) (line 6, last report)			
2. Number of new buildings constructed since last report	+		
3. Number of buildings removed/demolished since last report	-		
4. Number of buildings affected by map revisions since last report (+ or -)			
5. Number of buildings affected by corporate limits changes (+ or -)			
6. Current total number of buildings in the SFHA (bSF) (total lines 1-5)			
7. Number of substantial improvement/damage projects since last report			
8. Number of repetitive loss properties mitigated since last report			
9. Number of LOMRs and map revisions (not LOMAs) since last report			
10. Acreage of the SFHA (aSFHA) as of the last report (line 13, last report)			
11. Acreage of area(s) affected by map revisions since last report (+ or -)			
12. Acreage of area(s) affected by corporate limits changes (+ or -)			
13. Current acreage of the SFHA (aSFHA) (total lines 10-12)			
14. Primary source for building data:			
15. Primary source for area data:			
16. Period covered:		Current FIRM date	
<i>If available, the following data would be useful:</i>			
17. Number of new manufactured homes installed since last report			
18. Number of other new 1-4 family buildings constructed since last report			
19. Number of all other buildings constructed/installed since last report			

Comments:

(Please note the number of the line to which the comment refers.)

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

Instructions for CRS Program Data Table

At the first verification visit after the 2013 *CRS Coordinator's Manual* takes effect, ONLY LINES 6 AND 13 NEED TO BE COMPLETED. These lines form the baseline data about the number of buildings and area of the SFHA for when the table is completed as part of the next annual recertification. The "period covered" entered in line 16 is the date that lines 6 and 13 are first completed.

The entire table is completed at all subsequent annual recertifications and cycle verification visits. The information in lines 6 and 13 from the last report is transferred to lines 1 and 10 in the next report.

Instructions for the Columns

Column A numbers are for the SFHA (the A and V Zones shown on the Flood Insurance Rate Map) (FIRM)). Use the FIRM currently in effect, not a draft or pending revision.

Column B is completed only if the community receives CRS credit for regulating floodplain development outside the SFHA under Activity 410 (Floodplain Mapping) or Activity 430 (Higher Regulatory Standards).

Column C numbers help relate what happens in the floodplain to what is happening in the rest of the community.

Enter "0" if there are no numbers to report for this period. Do not leave a cell blank. Do not fill in the shaded boxes.

Instructions for the Lines

Lines 1-7 deal with buildings.

- Section 301.a of the *CRS Coordinator's Manual* defines what constitutes a "building" and lists examples of structures that are not counted as "buildings" by the CRS.
- Section 302.a of the *CRS Coordinator's Manual* describes how the CRS counts buildings. For example, accessory structures are not counted.
- As noted in Section 302.a, to determine building counts, communities may use any method that yields reasonably good estimates of the number of buildings. Examples of acceptable methods are listed in Section 302.a. Precision is less important for large numbers. For example, the impact of the numbers will not change much if there are 10,000 buildings or 10,100 buildings.
- If a building is out of the SFHA, but in a parcel that is partly in the SFHA, it is not counted in column A—In the SFHA.
- In line 14, note how the building counts were obtained or estimated. Use the comments area, if needed.

Line 4 refers to map revisions. These include physical map revisions, Letters of Map Revision (LOMR), and Letters of Map Amendment (LOMA). If a building is removed from the SFHA by FEMA through a LOMA, but the community still administers its floodplain management regulations on the property, the building should not be included in the line 4 count in column A—In the SFHA. However, communities that still regulate areas removed by LOMAs can receive credit under Activities 410 or 430. If the community is receiving such credit, the building should be counted under column B—In a regulated floodplain outside the SFHA.

Line 7 is for the total number of buildings that were substantially improved plus the number of buildings that were substantially damaged during the period covered.

Lines 10–13 deal with areas.

- Section 403.e of the *CRS Coordinator's Manual* discusses calculating areas for CRS purposes.

Community Baldwin County State AL CID 015000
County Baldwin

COMMUNITY RATING SYSTEM ANNUAL RECERTIFICATION

- Section 403.e notes that communities “should not spend an inordinate amount of time measuring areas.” As with buildings, communities may use any method that yields reasonably good estimates. Examples of acceptable approaches are listed in Section 403.e.
- Line 13 asks for the current acreage of the SFHA. The best source for this number is a GIS layer that shows the SFHA. If the community does not have GIS, the county, regional agency, or state NFIP mapping office may have SFHA layers and may be able to provide the data. If the community has a relatively recent FIRM, the study contractor or consulting engineer may have the data.
- In line 15, note how the area calculations were obtained or estimated. Use the comments area, if needed.

Lines 17–19 are voluntary, if the numbers are readily available.

- Line 17 includes replacing an existing manufactured home with a new one. The newly placed manufactured home is counted as a new, post-FIRM, building.
- The total of lines 17–19 should equal the value entered in line 2.
