As a property owner (18541 Scenic 98) I am very concerned about the rezoning request by the Dyas Family at Battles Wharf. Our family home is located to the north of property in question, along the same sidewalk. There are no other multi divided lots anywhere along Battles/Point Clear waterfront Please consider the surrounding property owners, many that have owned their homes for generations, before ruling on this case.
Thank you,
Julia Touart Smith
