Subject: <EXTERNAL> Rezoning request/Seaglade Subdivision/Fort Morgan

Dear Mr. Jackson:

We sent this email to Commissioners Gruber, Ball, Underwood and Davis. We request that you include it in the above named file.

Thank you,
Mack & Deidra Bell

Dear Honorable Commissioner:

We have been informed that a request to rezone acreage between Pontoon Lane and Triple Tail is up for consideration. This will be 27 track homes built on natural marsh/wetlands where the protected Alabama beach mouse lives! We are on the adjacent block and already have to deal with the mega duplexes allowed in the area. These duplexes allowing 50+ inhabitants have found us calling the Baldwin Co. Sheriff Dept on numerous occasions when roads were blocked and emergency vehicles could not pass.

We have been homeowners here for 20 years and this area CANNOT support this type of density. PLEASE VOTE AGAINST this rezoning!!

Sincerely,

Mack & Deidra Bell
