Re: Highway Safety Improvement Program (HSIP)  
Proposed Intersection Improvements at US HWY 31 and Old HWY 31  
Baldwin County

Baldwin County intends to submit an application for HSIP funding for a proposed Intersection Improvements Project at US HWY 31 and Old HWY 31 located in Spanish Fort, Alabama.

Baldwin County has sponsored several federally funded projects, including the roundabouts at County Road 48 at County Road 13, County Road 30 at County Road 13, and County Road 64 at County Road 13.

Baldwin County will be the sponsor for the above referenced proposed project with Joey Nunnally, County Engineer, serving as the designated representative for this project.

Baldwin County acknowledges non-federal matching funds will be required if HSIP funding is awarded and commits to providing the 10% non-federal match.

Sincerely,

Charles F. Gruber, Chairman  
Baldwin County Commission

cc: Joey Nunnally, County Engineer
