# ALABAMA BICENTENNIAL

**AL 200** 

# **MISSION**

• Alabama 200 supports, creates, and executes events and activities that commemorate the stories of our people, place, and path to statehood. AL 200 began in 2017 and until December 14<sup>th</sup> 2019, will engage residents and visitors in educational programs, community activities, and statewide initiatives that teach, inspire and entertain.

# VISION

• Alabama 200 is an opportunity to experience and explore the state of Alabama. It is a chance to celebrate our place, including each of the 67 counties. This is the time to remember the people who made our state and to nurture the generations who will carry us forward. We hope that visitors will join with us as we walk hand in hand into the future with history as our guide.

The Baldwin County Commission, during its regularly scheduled meeting held on January 17, 2017, appointed the AL 200 Baldwin County Bicentennial Steering Committee to support the Mission and Vision.

Production of original, accurate artwork depicting three of the nationally significant military contests in Baldwin County - The Battles of Historic Fort Mims, Fort Blakeley, and Historic Fort Bowyer.

Mike Bunn – Director, Historic Blakeley State Park Project Leader: Curriculum Guides

This project involved working with our schools to teach our local history in the classrooms and to tie field trips and projects to Baldwin County History in celebration of the Alabama 200. We worked with the Board of Education to get in front of our educators to educate them about the Alabama 200 and Baldwin County History. A curriculum was created that is now being used in classrooms on local history.

Ashley Jones Davis - Executive Director, North Baldwin Chamber Of Commerce
