TOLL TAX BURDEN

TAXES PAID BY ALABAMIANS

Brendan Kirby, WALA, Fox 10, 5/24/19

WHAT YOU STAND TO LOSE WITH TOLLS AS PLANNED

- You are going to lose \$2,550

WHO WILL PROFIT FROM THE MOBILE RIVER BRIDGE?

THE NUMBERS DON'T ADD UP!

- Our traffic analysis shows that at 80,000 vehicles per day at \$6 per vehicle (actual tolls will be higher with no cap) for 55 years=\$9.6B DOLLARS
- Why is ALDOT asking us to pay \$9.6B for a bridge that costs \$2B?

WHO STANDS TO BENEFIT

- If the state contributes 400M (same as the I-59/I-20 Birmingham project) and uses traditional financing at 4%, and a toll of \$2.66 capped over the life of project, the cost is 4.2B NOT 9.6B.
- Hedge funds from New York and Connecticut. Political insiders
- Foreign Investors

TOLL TAX BURDEN

TAXES PAID BY ALABAMIANS

Brendan Kirby, WALA, Fox 10, 5/24/19

WHY IS ALDOT FORCING TOLLS ON SOUTH ALABAMA?

"ALDOT tells people of South Alabama that they will get a toll bridge or there will be no bridge" (Brandon Moseley, APR, 11 July, '19)

GOV IVEY HAS TO CHANGE THE ALDOT I-10 MOBILE BAY BRIDGE PLAN BY DOING THREE THINGS:

*1) FIND OUT WHAT TRUMP'S INFRASTRUCTURE PLAN LOOKS LIKE BEFORE LEAPING INTO THE ALDOT PLAN; WHY BURDEN US IF THE FEDS ARE GOING TO DO MORE?

* 2) GET ALDOT TO ADD STATE GAS TAX & ALABAMA OIL & GAS (GOMESA) DOLLARS TO REDUCE THE NEED FOR TOLLING THE PROJECT

* 3) TELL ALDOT TO SCALE BACK ITS TAJ MAHAL BRIDGE TO SAVE COSTS!

**CALL GOV KAY IVEY AT, 334-242-7100, AND SAY NO TO THE ALDOT TOLL!
