Importance: High

Barbara, please include this email from Mr. Brill's attorney, Mr. Jon Archer, to the agenda item going to the January 14th work session. Mr. Brill is asking for the Commission to waive its policy to allow for the public hearing to be set for his ABC license request, prior to him having his ADPH permit in place.

Subject: <EXTERNAL> RE: BCC Policy - Triple B Convenience Store, Inc.

Ms. Gary,

Thank you for speaking with me regarding (Ms. Judy Brill's) Triple B Convenience Store, Inc.'s ABC application and the needed County Commission approval. As we discussed, the building is currently under construction and we anticipate having the CO and Food Permit for the convenience store around February 1, 2020 which is when the applicant is planning to open the store. The applicant would like to begin the advertising process for the County Commission approval of the ABC application so that the ABC will be able to issue the ABC license in time for the planned opening. However the County's policy does not allow the application to be set on the Commission agenda until the Food Permit has been issued, and because there is a three-week advertising period, this will cause a substantial delay in the opening of the store. Therefore, the applicant respectfully requests that the Commission set the ABC application approval on its agenda so that the advertising of the application can begin as soon as possible. It is understood that an alcohol license cannot be issued until the Food Permit has been issued and the applicant will provide a copy of the Food Permit to the County as soon as it is issued.

You mentioned an upcoming work session and the applicant or I will be happy to attend to request the same and to answer any questions that the Commission may have. I can be reached on my cell phone at any time if anyone or any Commissioner has any questions. 251-978-4432. Thank you.
