13	COMMISSION
14	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
15	DAVIS: Okay. We understand that the Point Clear
16	Property on the RSA, that that group of opposition
17	has picked a spokesperson; is that correct?
18	AUDIENCE MEMBER: We have four people who
19	would like to talk at three to four minutes.
20	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
21	DAVIS: I couldn't quite hear you. But are you the
22	spokesperson?
23	AUDIENCE MEMBER: Yes.
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Okay. What we do on that is: We let the
26	spokesperson speak. And if there's something that
27	he missed or did not cover, then we give other
28	people an opportunity. Okay. Thank you.

1	AUDIENCE MEMBER: Thank you.
2	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
3	DAVIS: Now, we have one County Commissioner here
4	tonight, Jim Ball. Thank you for coming. I'm not
5	aware of any other commissioners here.
6	
7	7 - CONSIDERATION OF APPLICATIONS & REQUESTS:
8	SUBDIVISION CASES
9	
10	7-A - CASE S-19037, TENSAW ESTATES DEVELOPMENT
11	PERMIT APPROVAL
12	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
13	DAVIS: All right. First case is S-19037, Tensaw
14	Estates. Do we have staff report?
15	MS. MARY BOOTH: Good evening. S-19037 is
16	Tensaw Estates. Applicant is requested development
17	permit approval for a proposed 23-lot subdivision.
18	I do want to call your attention, on the
19	staff report when it was sent out, the map was
20	incorrect. There was an extra parcel highlighted at
21	the top. So there's only two parcels that are being
22	affected. But the map on the screen is correct.
23	This is located in District Four. It is
24	zoned RSF-1. It is located on the west side of
25	Highway 225, approximately one mile north of Bromley
26	Road. There are 23 proposed lots, 2,755 linear feet
27	of streets, 86.72 total acres. 1.29 acres is the
28	smallest lot size. Whitehouse Water will provide

1	water. Baldwin County Sewer Service will provide
2	sewer, and Baldwin EMC will provide the power.
3	At the time that the staff reports were
4	submitted, there were a few outstanding items that
5	we did not have. We have since received those, so
6	all deficiencies have been met. Staff recommends to
7	approve the development permit.
8	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
9	DAVIS: Any questions for staff?
10	COMMISSION MEMBER BONNIE LOWRY: Have they
11	received proper title identification yet?
12	MS. MARY BOOTH: Yes, ma'am.
13	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
14	DAVIS: Any other questions?
15	(No Response.)
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: Okay. Thank you. We'll open the public
18	hearing at this point. Is the applicant here? We
19	have two signed up to speak for. Are you one of the
20	applicants?
21	MR. LES PARNELL: Yes.
22	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
23	DAVIS: Are you Les?
24	MR. LES PARNELL: I'm Les. I don't need to
25	speak, unless I need to. Vince is our spokesperson.
26	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
27	DAVIS: So you're Vince?
28	MR. VINCE LaCOSTE: Yes.

1	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
2	DAVIS: Come on up to the podium.
3	MR. VINCE LaCOSTE: I'm Vince LaCoste with
4	Bethel Engineering. Sawgrass is the surveyor, but
5	I'm the engineer of record for the project, and
6	we're here to answer any questions we can. This is
7	obviously a, you know, an 86 acres, 23 lots. And so
8	we do have 1.3 acres is the smallest lot, but the
9	largest is 20 acres; average is about 4 acres per
10	lot.
11	We're trying to work with the land as much
12	as possible and just create large estate-sized lots.
13	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
14	DAVIS: Any questions for this gentleman?
15	(No Response.)
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: All right. Thank you sir. We only have one
18	person signed up in opposition, Calvin Rider. Would
19	you like to come up to the podium?
20	MR. CALVIN RIDER: Mr. Chairman, members of
21	the Board, thank you for your time. I'm a lifelong
22	residence of the Bromley community of 70 years this
23	month. I live in the property right here
24	(INDICATING.) That's my property.
25	When Mr. Parnell bought this property back
26	there, the word was that he was going to have large
27	lots like there, five, ten, 20-acre lots. I didn't
28	have any problem with that. Then he came back and

asked for a zone change for a warehouse -- I mean, an office building and storage buildings. He got that.

4 He almost took our fire house. We had to --5 After a lot of negotiation, we had to buy our fire 6 house back for the second time. Now, he's come back 7 with this proposal for these 23 lots, and it's 8 joining my property. He has three other entrances 9 to that property, and he bought that property next 10 to me to make a third entrance -- I mean, a fourth 11 I don't know why he needs that. entrance.

He's got property there off our house where he can make another entrance, which he won't do, because it was in the deed. I'll admit to that, which it got put in the deed, and our people didn't catch it -- that he can use our entrance to the fire house, which I don't think is right.

Les, as a person, as a neighbor, is okay. I have no problem with that. What he's trying to do to our community, I do have a problem with.

I served on that Board right up there that y'all are serving on for seven years. I was also chairman for the Planning Committee in zone four when we zoned for it, and we tried to keep it all residential, not a lot of subdivision. Things have changed.

But I oppose what he's trying to do with these 23 lots next to me. Thank you.

1	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
2	DAVIS: Thank you. Any questions for Mr. Rider?
3	(No Response.)
4	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
5	DAVIS: Thank you, sir. We always give the
6	applicant an opportunity to respond. Vince, would
7	you like to make any response?
8	MR. VINCE LaCOSTE: Guess I'll just mention,
9	in case you weren't aware, that the piece to the far
10	south is the piece he was talking about that was
11	rezoned for storage. Nothing in this complex,
12	nothing in this development or application is
13	commercial. This is all residential.
14	And that ten-acre piece that comes off the
15	road are you aware you know, there are six lots
16	that are all about an acre and a half or less. And
17	that's just, we were confined by the property that
18	was there. You can see it's kind of narrow, and
19	putting a street down there with three lots on each
20	side. The remainder of the lots are all very large.
21	What he mentioned about multiple access
22	points, the access point down by the fire house
23	would have required a very long road to go in for a
24	great distance without any lots on either side of
25	it. The other access is the north, which the
26	geometry just can't turn that 90-degree angle off
27	the end of I forget the name of that road, Wright
28	Road. And honestly, I don't know of the third

1 entrance he's referencing. 2 So basically we -- or Les made the decision 3 to purchase this ten acres to have a viable 4 entrance. 5 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 6 DAVIS: All right. Thank you. Any other questions for Vince? 7 8 (No Response.) 9 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 10 DAVIS: Thank you. We'll close the public hearing at this point. Staff has recommended -- Does the 11 12 staff have anything else to add? 13 MS. MARY BOOTH: No, sir. 14 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 15 DAVIS: Okay. The staff is recommending approval of 16 this permit. Is there a motion to do so? 17 COMMISSION MEMBER BRANDON BIAS: Mr. 18 Chairman, I'll make a motion that we approve this 19 case. 20 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 21 DAVIS: Okay. There's a motion to approve. Is 22 there a second? 23 COMMISSION MEMBER BONNIE LOWRY: Second. 24 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 25 DAVIS: Okay. There's a second. Can we have roll 26 call vote? 27 MS. MARY BOOTH: Sam Davis? 28 PLANNING AND ZONING COMMISSION CHAIRMAN SAM

1	DAVIS: I only vote in case of a tie.
2	MS. MARY BOOTH: Dewane Hayes?
3	(No Response.)
4	MS. MARY BOOTH: Kevin Murphy?
5	COMMISSION MEMBER KEVIN MURPHY: Yes.
6	MS. MARY BOOTH: Bonnie Lowry?
7	COMMISSION MEMBER BONNIE LOWRY: Yes.
8	MS. MARY BOOTH: Daniel Nance?
9	COMMISSION MEMBER DANIEL NANCE: Yes.
10	MS. MARY BOOTH: Arthur Oken?
11	(No Response.)
12	MS. MARY BOOTH: Brandon Bias?
13	COMMISSION MEMBER BRANDON BIAS: Yes.
14	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
15	DAVIS: What was the count?
16	(No Response.)
17	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
18	DAVIS: Hey, Vince, we're going to do roll call on
19	everything tonight. So if you can, kind of help me
20	out with that.
21	MRS. BOOTH: The count was four to zero.
22	
23	7-B - CASE S-19039, ISABELLA ESTATES DEVELOPMENT
24	PERMIT APPROVAL
25	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
26	DAVIS: The next case is S-19039, Isabella Estates,
27	development permit. Do we have staff report?
28	MS. MARY BOOTH: S-19039, Isabella Estates,

1	development permit approval. Applicant is
2	requesting development permit for a proposed six-lot
3	subdivision. This is located in District Five. It
4	is unzoned. It is located on the western side of
5	County Road 112 between Horseneck Road and
6	Phillipsville Road.
7	There are six proposed lots, 31.3 total
8	acres, three-point acres is the smallest lot size.
9	North Baldwin Utilities will provide water. Sewer

16	MR. DAVIS: Okay. Thank you. We'll open
17	the public hearing at this point. There is no one

22	DAVIS: Thank you. We'll close the public hearing.
23	Staff has recommended approval. Is there a motion
24	to do so?

26	motion to approve.
27	MR. DAVIS: Is there a second?
28	COMMISSION MEMBER BRANDON BIAS: Second.

1	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
2	DAVIS: Okay. Can we have roll call?
3	MS. MARY BOOTH: Yes, sir. Kevin Murphy?
4	COMMISSION MEMBER KEVIN MURPHY: Yes.
5	MS. MARY BOOTH: Bonnie Lowry?
6	COMMISSION MEMBER BONNIE LOWRY: Yes.
7	MS. MARY BOOTH: Daniel Nance?
8	COMMISSION MEMBER DANIEL NANCE: Yes.
9	MS. MARY BOOTH: Brandon Bias?
10	COMMISSION MEMBER BRANDON BIAS: Yes.
11	MS. MARY BOOTH: It carries four to zero.
12	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
13	DAVIS: Pass?
14	MS. MARY BOOTH: Pass.
15

10	(No Response.)
11	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
12	DAVIS: Okay. Thank you. There's no opposition on
13	this case. Casey Hill is here, I guess,

24	
25	8. CONSIDERATION OF APPLICATIONS AND REQUESTS:
26	RE-ZONING CASES
27	
28	

1	8-В – CASE Z-19028, SILCOX PROPERTY
2	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
3	DAVIS: Next case, Z-19028, Silcox Property. Do we
4	have a staff report?

5 MS. CELENA BOYKIN: This is a request to 6 zone 1.45 acres. The subject property consists of 7 3.6 acres, but they're only asking for 1.5 to be 8 rezoned. It's currently zoned RSF-E. And the 9 applicant is asking that it be rezoned to B-3 for a 10 retail store. And the subject property is located 11 on the east side of the Baldwin Beach Express, just 12 north of Oakdale Lane in Planning District 12.

As you can see, the subject property is surrounded by RSF-E zoning, which is residential. And to the south, there is a small parcel that is zoned B-4. Here is the 1.45 acres that they plan to rezone and would like to put a retail store on.

18 This map shows all of the commercial zoning 19 All these B-4s were rezoned from RA to in the area. 20 B-4 right after the Beach Express was built. And 21 you can see, the only parcel that is currently 22 developed as commercial is the most southern parcel, 23 the pie-shaped one. It's currently used as car 24 sales. And then there's Buc-ees, but that was 25 recently annexed into the Town of Loxley.

Right now, there's currently 94 acres that is zoned B-4, and only 1.6 of those has been developed commercially. And the reason staff has

1	recommended denial, due to the numerous commercial
2	zoning in the area.
3	And here's some pictures of the subject
4	property. And that's the car sales that's just
5	south of them.
6	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
7	DAVIS: Do you know what kind of retail store
8	they're planning on?
9	MS. CELENA BOYKIN: The applicant is the
10	Broadway Group. Usually when they submit, it's a
11	Dollar General.
12	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
13	DAVIS: Any other questions for staff?
14	(No Response.)
15	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
16	DAVIS: All right. Thank you. We'll open the
17	public hearing at this point. There's no opposition
18	to this, but Bonnie Lawley and Melissa Ballard are
19	here to speak in favor. Where are you at? Who
20	wants to go first?
21	MS. MELISSA BALLARD: I will. I brought a
22	presentation for you to look at.
23	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
24	DAVIS: Okay.
25	MS. MELISSA BALLARD: My name is Melissa
26	Ballard, and I am with the Broadway Group
27	representing the applicant. The packet that I
28	brought to you tonight to look at is begins with

some pictures of the property. I'm sure you're
familiar with the entire area there at the Baldwin
Beach Expressway.

We have, about the third page in, the site overlaid onto an aerial photograph of that property. We'll be asking for full-site access from Oakdale Road. There won't be any access off of the Expressway.

9 So I've included some other photos of the 10 front of the site and each side of the site that 11 we're asking for the rezone. And just some comments 12 from us, the 1.45 acres will be requesting a 13 subdivision, a two-lot subdivision of that property. 14 Ms. Lawley owns the property just to the east of 15 this, so that won't be landlocked. The back part of 16 that parcel won't be landlocked.

So we are proposing a 9100-square-foot single-tenant store to be developed on this property. So the B-3 district does provide for this to be a permitted use on the lot. There have been multiple rezones along the corridor. It's the perfect pathway to -- for a commercial development just off the interchange.

The building will meet all of the setbacks, the buffers, the building requirements, lighting and signage requirements, landscape buffering, and then access through the Highway Department. We'll be able to provide some convenient small shopping

4

5

6

7

1 experiences in that area. We tend to service the 2 immediate area. We really don't attract a lot of 3 traffic to that point, and we'll be creating some 4 job opportunities out there as well.

I have provided the copies of a zoning map. And they have given us some information on when all of those parcels along the Express have been rezoned. So in the last five years or so, there have been eight-plus parcels there that have been rezoned.

So when we got the recommendation from the staff for denial, we were a little bit surprised about that, because it's -- Like I said, it is a perfect corridor, that all of these have been developed. And with us rezoning this, it won't go undeveloped like some of the other parcels have.

There's been a consistent pattern of properties all along the Express have been rezoned to B-4. We're asking for B-3, which would be a more restrictive zone than a B-4.

And the master plan shows this area as residential. But like I've said, it is a pathway and a corridor perfect for businesses along there. And staff has recognized that the master plan is often amended. We don't pose any conflicts with existing planned public improvements.

And as I mentioned, the traffic on Oakdale, it's not expected -- We don't expect to increase

5

6

7

8

9

<sup>1</sup> traffic. We service the community and the traffic
<sup>2</sup> that's existing on the Oakdale Drive. And then we
<sup>3</sup> might have some people coming in off the Expressway,
<sup>4</sup> but they're already on the Expressway. We don't
<sup>5</sup> propose a destination store, like a mall or any of
<sup>6</sup> the larger stores.

We think that it would be appropriate in the community for our store to be built. We don't pose any adverse impacts on environmental, health, safety or welfare of the County or any of the vicinity.

<sup>11</sup> So we feel like even though the staff did <sup>12</sup> recommend for the denial, we do feel like there is <sup>13</sup> an overwhelming consideration for this particular <sup>14</sup> stretch of property that could be favorable for a <sup>15</sup> rezone, and we would appreciate a favorable vote to <sup>16</sup> the Commission.

PLANNING AND ZONING COMMISSION CHAIRMAN SAM
 DAVIS: Any questions for Ms. Ballard?

COMMISSION MEMBER BONNIE LOWRY: Do you plan
 on having any type of third-lane or whatever going
 in and out of Oakdale? Because you're on a very
 small street on Oakdale.

MS. MELISSA BALLARD: We have not discussed
any of the site plan with your Highway Department.
COMMISSION MEMBER BONNIE LOWRY: You stated
it would be an entrance off of Oakdale, is the
reason I'm asking.
MS. MELISSA BALLARD: Yes, ma'am. And we'll

1	be open to whatever the Highway Department feels is
2	safest for the community. They have not seen any of
3	our site layout yet, so I'm not real sure what
4	they'll require.
5	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
6	DAVIS: Any other questions for Ms. Ballard?
7	COUNTY ATTORNEY DAVID CONNER: I do want to
8	raise one issue. When do you plan to subdivide that
9	property?
10	MS. MELISSA BALLARD: Well, we will start
11	that process. We have a plat that is ready to be
12	submitted for consideration and approval, but we
13	haven't provided that yet. We were trying to get
14	past the rezone portion of it.
15	COUNTY ATTORNEY DAVID CONNER: And what kind
16	of timeframe are you wanting as it relates to that,
17	on getting the final subdivision plat approval and
18	rezone?
19	MS. MELISSA BALLARD: We can go ahead and
20	start that process now. We're ready to get that
21	going.
22	COUNTY ATTORNEY DAVID CONNER: I'm just
23	going I'm going to put a point out there that the
24	Planning Commission may act on a recommendation
25	tonight. But some issues have been raised regarding
26	rezoning a portion of a piece of property, and we
27	want to get those rezoned we want to get that
28	issue addressed prior to the County Commission

1	taking action.
2	MS. MELISSA BALLARD: Okay.
3	COUNTY ATTORNEY DAVID CONNER: And we'll
4	give you input about what our advice is going to be
5	when that time comes.
6	MS. MELISSA BALLARD: That would be great.
7	Thank you.
8	COUNTY ATTORNEY DAVID CONNER: I would
9	suggest that you go ahead and submit your
10	subdivision plat as quickly as possible. And in the
11	event we have to address that going forward, you
12	will be in a place to timely address that. Okay?
13	MS. MELISSA BALLARD: Okay. Thank you.
14	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
15	DAVIS: Any other questions for Ms. Ballard?
16	COMMISSION MEMBER BRANDON BIAS: Mr.
17	Chairman, the question may be for the applicant or
18	for staff, just based on the comment that David just
19	made.
20	Is this a rezoning of the whole current
21	property or a portion of the current property?
22	MS. MELISSA BALLARD: A 1.45-acre portion.
23	It will be subdivided.
24	COMMISSION MEMBER BRANDON BIAS: Thank you.
25	MS. MELISSA BALLARD: You're welcome.
26	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
27	DAVIS: Any other questions for Ms. Ballard?
28	(No Response.)

1	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
2	DAVIS: Thank you.
3	MS. MELISSA BALLARD: Thank you.
4	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
5	DAVIS: Ms. Lawley, do you have anything you would
6	like to add?
7	MS. BONNIE LAWLEY: Yes.
8	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
9	DAVIS: Okay. If you will, come on up to the
10	podium, please.
11	MS. BONNIE LAWLEY: Hi. I'm Bonnie Lawley.
12	I own the property on Oakdale Drive. As a matter of
13	fact, I don't know if it was mentioned, but I own
14	two of those properties, side by side. So that the
15	one next to it May I step over?
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: Certainly.
18	MS. BONNIE LAWLEY: The one next to it
19	This is the property for sale. I own this property,
20	and I own all this property. So what we were going
21	to do is add this property to this one, so it would
22	only still be two properties. We were going to sell
23	this
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Come on back to the mic. That way we can
26	hear you.
27	MS. BONNIE LAWLEY: I've never done this, so
28	I'm kind of nervous.

1	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
2	DAVIS: You're doing fine.
3	MS. BONNIE LAWLEY: I own both of those
4	properties. So what we were going to do is just
5	sell the acre and then add the rest of the property
6	to what I already own on the next door.
7	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
8	DAVIS: Which is residential?
9	MS. BONNIE LAWLEY: Yes, which is
10	residential. And it will stay residential as long
11	as I live there.
12	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
13	DAVIS: Any questions for Ms. Lawley?
14	MS. BONNIE LAWLEY: We have a lot of We
15	have 100 We have 20 neighbors, and all of them
16	are for this. As a matter of fact, we have
17	neighbors with us that are next door to me and next
18	door to her and on down, that are all for this, you
19	know?
20	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
21	DAVIS: Well, obviously no one has signed up in
22	opposition. So
23	MS. BONNIE LAWLEY: We appreciate it.
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Thank you very much. All right. We'll
26	close the public hearing at this point.
27	Staff has recommended denial for reasons
28	stated. There has been other properties out there

1	that staff had recommended denial and this
2	Commission did recommend an approval of it.
3	Is there a motion to do one or the other,
4	either to deny or recommend approval? And this
5	would be a recommendation to the County Commission.
6	COMMISSION MEMBER BRANDON BIAS: Mr.
7	Chairman, can I ask staff one more question?
8	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
9	DAVIS: Sure.
10	COMMISSION MEMBER BRANDON BIAS: Being one
11	of the newer members on the Commission, are there
12	any limitations to access along Foley Beach Express
13	from properties like this?
14	MS. CELENA BOYKIN: There is limited access
15	from the Baldwin Beach Express. I believe Highway
16	said they would have to use Oakdale Drive. And Seth
17	stated in his comments that they would require a
18	traffic study. But yes, there's limited access off
19	the Beach Express.
20	COMMISSION MEMBER BRANDON BIAS: Thank you.
21	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
22	DAVIS: Any other
23	COMMISSION MEMBER DANIEL NANCE: I have a
24	question for the staff.
25	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
26	DAVIS: Go ahead.
27	COMMISSION MEMBER DANIEL NANCE: As a
28	follow-up, we were discussing that. As it's named,

1 "Express" -- And I know on 32 we had to go in and 2 add a red light, the County did, because of traffic 3 accidents, fatalities, et cetera. 4 Are there any limitations as it relates to 5 it being an Expressway, as would continue to add 6 commercial -- but then that turns into 98? Is there 7 any statute written for that? 8 MS. CELENA BOYKIN: Let me -- I think Seth 9 should address that. 10 MR. SETH PETERSON: Good evening. The 11 County Commission has adopted access management 12 plans for the Foley Beach Express and the Baldwin 13 Beach Express. This section of the Baldwin Beach 14 Express does not allow any further traffic signals. 15 It would take an amendment of that access management 16 plan to do so. 17 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 18 DAVIS: Any other questions for staff? 19 COMMISSION MEMBER KEVIN MURPHY: Mr. 20 Chairman, I make a motion to recommend approval to 21 the County Commission. 22 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 23 DAVIS: All right. There's motion on the table to recommend approval of this rezoning to the County 24 25 Commission. Is there a second? 26 (No Response.) 27 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 28 Is there an alternate recommendation? DAVIS:

1	COMMISSION MEMBER DANIEL NANCE: Do you want
2	to second to vote on it?
3	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
4	DAVIS: Yeah. We have to have a second to Kevin's
5	to continue with that motion to approve or
6	recommend approval.
7	COMMISSION MEMBER DANIEL NANCE: I'll second
8	the motion.
9	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
10	DAVIS: Okay. There's a motion to recommend
11	approval of the rezoning to the County Commission
12	and a second. Can we have roll call vote?
13	MS. CELENA BOYKIN: Kevin?
14	COMMISSION MEMBER KEVIN MURPHY: Yes.
15	MS. CELENA BOYKIN: Ms. Lowry?
16	COMMISSION MEMBER BONNIE LOWRY: No.
17	MS. CELENA BOYKIN: Daniel Nance?
18	COMMISSION MEMBER DANIEL NANCE: Yes.
19	MS. CELENA BOYKIN: Brandon Bias?
20	COMMISSION MEMBER BRANDON BIAS: No.
21	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
22	DAVIS: Okay. My vote is yes.
23	MS. CELENA BOYKIN: So the motion passed.
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Thank, y'all.
26	
27	
28	

1	8-C - CASE Z-19029, MIDDLETON PROPERTY
2	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
3	DAVIS: All right. The next case is Z-19029,
4	Middleton Property. Do we have staff report on it?
5	MR. VINCE JACKSON: This request involves
6	two parcels, which together consist of 6.25 acres.
7	The subject properties are currently zoned RSF-E,
8	which is the single-family residential estate
9	district.
10	The properties adjoin State Highway 59 to
11	the east and Rawls Road to the west. The adjoining
12	properties are residentials, agricultural, and
13	commercial. The requested designation is B-4, which
14	is the major commercial district.
15	And according to the information provided,
16	the purpose of the request is to promote the highest
17	and best use of the property with direct access to a
18	major traffic arterial. Proposed uses include RV
19	and boat storage, both indoor and outdoor, and
20	potential mini storage units.
21	Subject property is located on the west side
22	of State Highway 59, east of Rawls Road and north of
23	Devine Road in Planning District 12. Here's the
24	locator map showing the subject property. And you
25	can see the zoning of the surrounding parcels.
26	There is adjacent B-4 to the south, which is
27	the designation that has been requested, and there
28	is adjacent B-3 to the north with another area B-4

1 further north. And then here's the aerial. 2 And here's a map provided by the applicant 3 showing the property dimensions of the two parcels, 4 and then here are the pictures. As you can see with 5 the first picture, there is existing commercial 6 activity on the property. There are also accessory 7 structures and an existing dwelling. 8 And then here we have the adjoining 9 properties. And if you'll notice, the adjoining 10 property to the south is an existing business. And 11 this property is also zoned B-4, which is the major 12 commercial designation. 13 The staff recommends that this application 14 be recommended for approval to the County 15 Commission. And I would point out that with mini 16 storage, that can also be allowed by right under the 17 B-3 designation. With the boat and RV storage, that 18 raises it to the level that would meet a 19 conditional-use approval. 20 So B-3 could be applied in this situation, 21 but conditional use would be needed for the boat and 22 RV storage. In order to have that by right, you 23 need the B-4, major commercial, and that is what the 24 applicant has requested. 25 We feel like the B-4 is consistent because 26 of adjacent B-4. This area of Highway 59 has been 27 in transition for a number of years, and we feel 28 like that this rezoning is going to be consistent

1	with the development trends in the area.
2	If there is any hesitancy towards
3	recommending B-4, however, staff would encourage
4	consideration of B-3. However, this would require a
5	submission of a new application. And those are all
6	my comments at this time.
7	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
8	DAVIS: Any questions for Vince?
9	(No Response.)
10	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
11	DAVIS: Thank you, Vince. We'll open the public
12	hearing at this point. There is no one signed up in
13	opposition. Tom Granger is here representing the
14	applicant.
15	MR. TOM GRANGER: I'm here to answer any
16	questions you have.
17	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
18	DAVIS: All right. Is there any questions for Tom?
19	(No Response.)
20	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
21	DAVIS: Okay. We'll close the public hearing at
22	this point. Staff has recommended approval. Is
23	there any further questions for staff?
24	(No Response.)
25	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
26	DAVIS: All right. Staff's recommended approval.
27	This would be a recommendation to the County
28	Commission. Is there a motion to recommend

1 rezoning? 2 COMMISSION MEMBER DANIEL NANCE: I motion to 3 approve as presented. 4 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 5 DAVIS: Okay. There's a motion to recommend 6 approval to the Commission. Is there a second? 7 COMMISSION MEMBER BONNIE LOWRY: Second. 8 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 9 DAVIS: Thank you. Can we have roll call vote? 10 MR. VINCE JACKSON: Mr. Murphy? 11 COMMISSION MEMBER KEVIN MURPHY: Yes. 12 MR. VINCE JACKSON: Ms. Lowry? 13 (No Response.) 14 MR. VINCE JACKSON: Ms. Lowry? 15 COMMISSION MEMBER BONNIE LOWRY: Yes. 16 MR. VINCE JACKSON: Mr. Nance? 17 COMMISSION MEMBER DANIEL NANCE: Yes. 18 MR. VINCE JACKSON: And Mr. Bias? 19 COMMISSION MEMBER BRANDON BIAS: Yes. 20 MR. VINCE JACKSON: Motion carries 21 unanimously. 22 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 23 DAVIS: Thank you. 24 8-A - CASE Z-19025, RETIREMENT SYSTEMS OF ALABAMA 25 26 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 27 DAVIS: Okay. The last case of the night is Case 28 Z-19025, Retirement Systems of Alabama. Do we have
1	staff report?
2	COMMISSION MEMBER BRANDON BIAS: Mr.
3	Chairman, I have to recuse myself from this case.
4	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
5	DAVIS: Okay.
6	COMMISSION MEMBER DANIEL NANCE: Mr.
7	Chairman, I have to recuse myself from this case.
8	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
9	DAVIS: All right. Thank y'all.
10	COUNTY ATTORNEY DAVID CONNER: And just for
11	the record, it takes five Planning Commission
12	members to have a quorum. Those two gentlemen have
13	a conflict of interest, so they're not leaving the
14	room. They're staying in the room and I mean in
15	the room for purposes of having a quorum.
16	The remaining members can vote. But I may
17	have a further statement about that regarding
18	after the public hearing is concluded.
19	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
20	DAVIS: Vince, you ready?
21	MR. VINCE JACKSON: I'm ready. This is Case
22	Z-19025, Retirement Systems of Alabama property.
23	The subject property, which consists of
24	approximately 1.27 acres, is currently zoned TR,
25	tourist resort district. This property is part of a
26	larger 26.6-acre parcel, which is owned by the
27	Retirement Systems of Alabama.
28	The applicant is requesting a rezoning to

HDR, high-density residential district, in order to develop condominium units. As proposed, 12 units would be constructed in a four-story building. And I would point out this is our very first application requesting the HDR designation.

6 Subject property is located on the west side 7 of Scenic Highway 98 at the north end of the Grand 8 Hotel Marina in Planning District 26. And here is 9 the locator map showing the zoning and the location 10 of the property. The TR designation is unique to 11 Planning District 26, and it -- only the Grand Hotel 12 property carries that designation. And it appears 13 that it was created specifically for the Grand Hotel 14 when the zoning was adopted.

And then here is the aerial photography showing the subject property. And as you can see, you can see the yacht basin, the boat slips. And on the property, which is proposed for development, there are some structures and parking which are associated with the boat slips. And then here's a survey for the subject property and then pictures.

In this case, the staff has recommended that the case be denied. This is a recommendation to the County Commission. And our primary reasons for this recommendation, and they're spelled out in the staff report, first is: First, we have concerns over the appropriateness of a multifamily structure adjacent to a single-family structure.

1

2

3

4

1 In addition, we have concerns because the 2 subject property is located in what we refer as the 3 "V" zone. And a "V" zone is an area designated on 4 the flood insurance rate maps, to make it simple, so 5 that it can be subject to storm surge during storm 6 and seismic events. There are additional 7 requirements that are set up for properties within 8 "V" zones. There are structural requirements. 9 There are height requirements, additional height 10 requirements.

In this case, I believe the elevation is 12 to 13 feet. And also for the "V" zone, we have additional setbacks, which are 50 feet from the reach of mean-high tide. So it is a sensitive area, and we have concerns about a high-density residential of this type being constructed in the "V" zone.

Our third major concern has to do with the intent of the HDR designation when it was created and concern over the precedent which would be set due to the fact that this is the very first HDR rezoning request. And I can elaborate on that a little bit more following the public hearing.

As you can see, there are a number of people here who are interested in this request. We have received a number of letters, which you all are copied on. In fact, we were still receiving emails less than an hour ago. So there's very much -- very

1	significant interest in this case.
2	And I will step aside for right now with my
3	comments, but I may have some additional follow-up
4	comments at the end of the public hearing.
5	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
6	DAVIS: All right. Thank you, Vince. Any questions
7	for Vince at this point?
8	COMMISSION MEMBER BONNIE LOWRY: Vince, of
9	course this is on the water. But do they also have
10	a condominium back behind that street? Does RSA
11	also own that condominium that's behind Highway 98?
12	MR. VINCE JACKSON: Which one are you
13	referring to?
14	COMMISSION MEMBER BONNIE LOWRY: It's the
15	high-rise that's back there. It's not on the map.
16	Maybe the gentleman can answer it.
17	MR. VINCE JACKSON: You're referring to the
18	Colony?
19	COMMISSION MEMBER BONNIE LOWRY: Uh-huh.
20	MR. VINCE JACKSON: I believe that property
21	is actually in the City of Fairhope. Yeah, that's
22	in the City of Fairhope, so it's not subject to our
23	zoning.
24	COMMISSION MEMBER BONNIE LOWRY: It's in the
25	City of Fairhope?
26	MR. VINCE JACKSON: Yes, ma'am.
27	COMMISSION MEMBER BONNIE LOWRY: Okay. And
28	this is in their jurisdiction, right?

1	MR. VINCE JACKSON: It's in their permitting
2	jurisdiction and their extraterritorial
3	jurisdiction, but it's under county zoning, Planning
4	District 26.
5	COMMISSION MEMBER BONNIE LOWRY: Thank you.
6	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
7	DAVIS: Any other questions for Vince at this point?
8	(No Response.)
9	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
10	DAVIS: Thank you, Vince. We'll open the public
11	hearing at this point. Let me ask: Is there anyone
12	here to speak for this development? Is anyone here
13	representing RSA?
14	MR. TIM LAWLEY: I'm here. I forgot to sign
15	up. I apologize.
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: Okay. If you want to come up to the podium.
18	MR. TIM LAWLEY: Good evening, Chairman and
19	Commissioners. I'm Tim Lawley with Goodwyn, Mills,
20	and Cawood. I'm going to keep it short, as I know
21	there's a lot of people here to speak in opposition.
22	Just to touch on, kind of, where we're
23	coming from in this application. The property is
24	currently zoned TR, as Vince stated. That includes
25	a multitude of buy-right uses. A lot of those uses
26	are commercial uses, hotels and motels, accessory
27	structures and shops within the motel. There's a
28	lot of uses you have to have special permit

special exception for approval.

1

2 So I've been working with RSA on the Colony 3 development as well as a lot of their other 4 developments around here for the past ten years or 5 so, and we have been discussing this property for 6 four to five years. And they have an intent to 7 develop something on it. And we honestly felt like 8 with the condominium approach, that we were 9 providing a step-down or a downgraded zoning going 10 from a hotel or a motel/restaurant use to a 11 privately-owned condominium use to kind of buffer 12 between the hotel and the single family.

13 In regards to what Vince says, that I think 14 what I just said covers item number one. The "V" 15 zone designation, we're well aware of that, and 16 we're well aware of the building requirements in 17 that zone. Obviously, pretty much the entire side 18 of the Bay on that side is developed within that 19 same "V" zone, so it's not something that cannot be 20 accomplished.

And as far as regarding or setting a precedent, again, I think this is a downgrade in zoning, going from TR to a residential zoning. So I don't think it would be setting a precedent for other single-family residentials to go with an upgrade to a high-density residence.

That's all I've got to say right now. I'm going to give these other folks an opportunity to

1	get up here and speak, and I'll be happy to address
2	any questions from y'all or them now or afterwards.
3	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
4	DAVIS: Is this property currently used for parking
5	and access to the Marina?
6	MR. TIM LAWLEY: It is.
7	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
8	DAVIS: Where would that go?
9	MR. TIM LAWLEY: It would stay there. The
10	preliminary proposed plans have additional parking
11	under the building as well as some additional
12	parking within the parking lot there.
13	I think the total number of spots we had was
14	two per unit, one per slip, and another 10 or 15
15	spots on the preliminary drawing.
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: Any other questions for this gentleman?
18	AUDIENCE MEMBER: What would be
19	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
20	DAVIS: Not from the audience, just from the
21	Commission up here. Any other questions for this
22	gentleman?
23	COMMISSION MEMBER BONNIE LOWRY: Do you have
24	an idea of how large this complex is going to be,
25	how many families, how many condos? You know, we
26	don't have any information.
27	MR. TIM LAWLEY: Yes, ma'am. As Vince
28	stated, the preliminary proposal is a four-story

1	building that would be very similar in architecture
2	to the hotel buildings that are there now. There
3	would be three units per floor, and those units are
4	two bedrooms and around 1600 to 1800 square feet per
5	unit.
6	COMMISSION MEMBER BONNIE LOWRY: Parking
7	underneath?
8	MR. TIM LAWLEY: And there would be Yes.
9	It would be a typical raised elevation on piers like
10	you see in coastal areas, and we would have parking
11	underneath the facility.
12	COMMISSION MEMBER BONNIE LOWRY: And how
13	many did you say? How many units?
14	MR. TIM LAWLEY: Twelve units total is
15	what's proposed.
16	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
17	DAVIS: So you would add additional 24 parking spots
18	that would take away from what's there now, which is
19	hardly sufficient for the Marina at this point.
20	MR. TIM LAWLEY: Right. Like I say, I don't
21	have the total count in front of me. But I want to
22	say it's in the high 40s or low 50s, what we had
23	sketched in the preliminary site front of the plan.
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Any other questions for this gentleman?
26	(No Response.)
27	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
28	DAVIS: Thank you, sir.

1	MR. TIM LAWLEY: Thank you.
2	- PLANNING AND ZONING COMMISSION CHAIRMAN SAM
3	DAVIS: Now, the spokesperson back in the back,
4	would you come on up and state your name?
5	In the meantime, could we have everyone
6	that's here in opposition to stand just we'll see
7	how many there are?
8	(AUDIENCE MEMBERS STAND.)
9	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
10	DAVIS: Okay. Thank, y'all.
11	MR. MICHAEL UPCHURCH: Commissioners, good
12	evening. My name is Michael Upchurch, and I
13	represent the Point Clear Property Owner's
14	Association. And I can assure you that every one of
15	these folks would love to get up and share their
16	thinking with you, but we have organized ourselves
17	to cover the issues that we think are important
18	among four different speakers. I hope that will be
19	acceptable.
20	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
21	DAVIS: As long as there's not repetition.
22	MR. MICHAEL UPCHURCH: Yes.
23	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
24	DAVIS: Because we have read all the letters and all
25	the emails. So we just don't want a lot of
26	repetition, but we'll listen to anything that's new
27	or has not been covered.
28	MR. MICHAEL UPCHURCH: Right. And we've

1	tried to design it so there won't be repetition.
2	Let me start out by saying by addressing
3	the comments that what's being proposed, the
4	condominiums, would be a downgrade. We disagree.
5	This is a almost exclusively single-family
6	residential area. It has three separate historic
7	districts that are on either side of the hotel, as
8	you can visually (SHOWS PICTURES) which is
9	what I'm talking about. The pink areas are the
10	historic districts, three different historic
11	districts. Then the Grand Hotel, which is historic
12	itself, and this little sliver here is what's
13	proposed to put condos on.
14	COUNTY ATTORNEY DAVID CONNER: Just for
15	purposes of the video, this is now on Facebook and
16	recording, so make sure you speak in the camera if
17	you can in the microphone if you can, because
18	nobody at home can hear it.
19	MR. MICHAEL UPCHURCH: Okay. And my point
20	is that the hotel in this community, the
21	single-family residence community, have grown up
22	together. And they are connected and always have
23	been. And it's a unique character of this community
24	that this community has worked for hard to protect.
25	What is completely incongruent, inconsistent
26	conflicting in this community and with the historic
27	nature of the Grand Hotel are multifamily
28	condominiums shoehorned into this very small sliver

of land by the yacht basin. It is a completely
offensive change to the character of the
neighborhood, which is why you have so many people
here in opposition.

5 What I'm going to talk about briefly is 6 something that Vince touched on, and that's the HDR 7 designation. Because I've looked at the transcripts 8 from your meetings several years ago when y'all 9 created that. It was a thoughtful meeting, a lot of 10 discussion, a lot of consideration.

11 And Vince explained at the time -- Vince 12 proposed it as something new, because the County was 13 missing out on controlling development and zoning, 14 because some developers adjacent to municipalities 15 were annexing in to be allowed to have 16 higher-density development. And the idea was for 17 the County to exercise some control over those 18 developments when they're adjacent to municipalities 19 -- which this is not. This sliver of property is not adjacent to a municipality. It is adjacent to a 20 21 residential county neighborhood.

(HOLDING SIGNS OF TRANSCRIPT) I wanted to
 remind you of the conversation --

PLANNING AND ZONING COMMISSION CHAIRMAN SAM
 DAVIS: Since this is live streamed now, maybe
 someone else can hold the placard for you.
 MR. MICHAEL UPCHURCH: Let me start by
 saying something -- by reminding y'all of something

Commissioner Lowery had to say. And this isn't on the board, but Commissioner Lowery had concerns about the HDR development and how it was going to be used.

And she said -- and this is foreshadowing: "I don't think you should be able to use that one acre to put 12 units next to another acre that is an estate with one or two houses on it." That is exactly what we have on this proposal, homes on large Bay-front lots, single-family homes adjacent to a piece of property that someone is trying to put 12 units on.

13 David Conner, your excellent lawyer, pointed 14 out that, "HDR was only a tool to be used when you 15 and the County Commission think it can be used 16 correctly. Just because we have a designation 17 available doesn't mean you give it everywhere. 18 Just because they ask, we're not going to recommend 19 it necessarily. Another tool does not have to be 20 used on every property."

And Vince chimed in and said, "No, that's right."

And then David said, "I think you all" -meaning the Commissioners -- "would be more conservative in where you would use this district and how you would deal with development. In other words, given the nature of the HDR, you would be especially vigilant in how it was applied to make

1

11

1 sure it was applied correctly and not 2 indiscriminately."

3 And then Vince -- and I don't even need 4 these blow-ups to hide Vince since he's who I'm 5 talking about. Vince said, "Our County Commission 6 and our staff would exercise more discretion in 7 where we recommend this. It's not going to be 8 applied everywhere. There are some areas that it's 9 most certainly not appropriate." And this is 10 important: Then he said, "That's why we make 11 recommendations." And in this case, we know what 12 his recommendation is, what the staff's 13 recommendation is, and it's denial.

14 It was a tied vote. The Chair broke the It was a close call. And here we are today, 15 tie. 16 the first HDR request. And this is so important, 17 because this will set a precedent of how does a 18 community get ruined. How does Orange Beach happen? 19 It's one exception at a time. It's one precedent 20 that can be latched onto that creates momentum that 21 takes you down a path that is the wrong path. And 22 that's why all these folks are here this evening, 23 because we do not want Point Clear to go down that 24 path.

The citizens of District 26 voted back in the nineties to institute county zoning for tonight -- for a night just like tonight, when they would have an opportunity to have their voice heard and to have representatives -- their representatives control growth, to stop unwanted, inappropriate, destructive increases in density in their community. That's why they're here. That's why they voted to have zoning. So we think it's critical that this not be a allowed. This would open up the gate.

7 RSA -- I don't blame RSA. What RSA does is 8 develop. I think if I parked a flatbed truck out in 9 the street too long, they would put a condo on it. 10 I mean, it's what they do, and it's just the nature 11 of the beast. And they are creative, and they will 12 push the envelope, and they will keep developing 13 until they're stopped. They're not evil. Thev're 14 not bad, but it's their nature. And we are here to 15 not let what has happened in other communities to 16 destroy the unique nature of those communities 17 happen in Point Clear.

This is critical. It's also a tiny sliver of land entirely inappropriate for a high-density condominium. And if you have seen it, you know what I'm talking about. It is barely a little over 100 feet wide, a very low adjacent to a yacht basin, and it creates a buffer.

The TR zone was created for the Grand Hotel. It is the Grand Hotel. The TR zone is more restrictive in the setbacks than the HDR zone. That is why RSA is asking to rezone this one sliver of their property; not to do us a favor and to do something less than TR, but to do something they
can't do in the TR zone, which is put this building.
They cannot put this building of this size in the TR
zone with the existing setbacks.

So they're trying to take advantage of the new HDR zone to cram a condominium on this little piece of property and eliminate the buffer that this side of the yacht basin has presented for decades for the community.

And I'm sure that the owners of the hotel, the operators of the hotel, never dreamed when the TR zone was established, that somebody at some point was going to try to put condominiums on that little slice of land on the north side of the yacht basin. So that's my point.

And now, if you will allow Matt Mosteller, who has the house not adjacent to the proposed site but one beyond that, to speak to you, I would appreciate it.

PLANNING AND ZONING COMMISSION CHAIRMAN SAM
 DAVIS: All right. Let's have him up.

MR. MATTHEW MOSTELLER: Thank you. My name
is Matthew Mosteller. I live at 17999 Scenic
Highway 98. I live two doors -- My wife and I live
two doors north of the Grand Hotel Marina. I'm a
registered voter here in Baldwin County. My house
is homesteaded there. We have been there for almost
30 years.

1 I'm here as a representative of the Property 2 Owner's Association to tell you that there is a 3 group of 400 households that unanimously are against 4 this rezoning. I'd like to tell you a couple of 5 reasons why I personally am against it. 6 A few weeks ago when all the rumors were 7 going around regarding what was going to happen to the hotel and marina, we tried to get in touch with 8 9 RSA to find out what was going to happen, and we 10 were having a hard time meeting with them. 11 So if you need to find out something going 12 on in the Bay, who do you call to get all your 13 information? You call Jimbo Meador, okay? Jimbo 14 Meador has lived on the Bay his whole life. In his 15 letter of objection, he said he and his wife have 16 been here for 170 years. 17 So he told me, he said, "I don't want to 18 spread any rumors, but I heard they're going to 19 build a pig farm." 20 So I said, "Well, you know what? We need to 21 meet with RSA and find out what's really going to 22 happen." 23 So a couple of their executives from 24 Montgomery drove down. I think they were the 25 president and the vice president of the real estate 26 development. They came down and made their 27 presentation and told us they wanted to build 12 28 They realized they were in a flood zone. units.

They realized that it was going to be next to R-1, that they were going to be in a historic district, that they were going to be the first high-density residential. They agreed to all of that, but it didn't really bother them that much.

6 The point that I want to make is that if you 7 drive down Scenic Highway 98 on any day, you got 8 runners, bikers, people walking their dogs, pushing 9 their children. We have the Jill Hall Bike Path and 10 Running Path. That's the only place we can safely 11 walk now. You would not want to walk down Section 12 Street anymore. You don't want to walk 181 or 13. 13 You go down Scenic Highway 98.

And I think it's only going to get worse because RSA, as you know, is going to build -- they have permission to build over 800 houses between Section Street and Twin Beach. And all of that is going to funnel into Section Street and funnel into Twin Beach. That leaves Scenic Highway 98 for our pedestrians, and we want to keep it that way.

21 This past spring, there was a physician from 22 Fairhope was going around the curve on his bicycle. 23 There's a lot of pedestrian crosswalk there now. 24 There's even two stop zones on that curve. His 25 brakes locked with a pedestrian, he broke his back. 26 He was Life Flighted out of there. He ended up in 27 Atlanta for six weeks of rehab. He's back at work. 28 But if we keep increasing density, we're going to

	28	north of this land that's supposed to be rezoned

that request to rezone, and it's been in my wife's family for a lot of years. Her dad, who grew up in New Jersey and traveled the world in the shipping business, used to say that there's no finer place in the world than Point Clear, Alabama. And that's what we're trying to preserve.

7 The handout that I've given you -- and 8 Michael Upchurch, by the way, has said a lot of what 9 I was going to say, so I'm going to skip through it. 10 But the handout I've given you just highlights some 11 points that the Baldwin County Commission has stated 12 its support for the very thing we're here about 13 today.

Because if you look in the brochure I gave you, it says, "The Baldwin County Commission will preserve the excellent and unique quality of life for Baldwin County."

The master plan says -- in the booklet that says, among other things, "Growth on the Eastern Shore will need to characteristically fit with its history." Interestingly, the Grand Hotel touts the unique, quiet residential nature of our neighborhood.

They, on their website, they site magazine articles, including one that quotes Fannie Flag saying, among other things, "There's always been something magical about Fairhope." And she was referring to an earlier visit. And now so many years later, there still is Fairhope. It's unlike in other small town.

Another article, "Fairhope and its surrounding area is one of those rare places that remains deeply itself despite the world changing around it." I don't know if it's going to continue to be itself after those 800 houses, but anyway, it used to be.

9 And then the general manager over the hotel 10 is quoted as saying, "The local community is so 11 important to the hotel." But it seems to me there's 12 a disconnect between the people in the hotel who 13 appreciate the quiet residential neighbor -- nature 14 of the neighborhood in which the hotel exists, and 15 the disconnect between them and the business people 16 in Montgomery or wherever they are who want to 17 squeeze dollars out of dirt.

18 And so they said it in the letter that they 19 wrote to you, that they have been trying to figure 20 out a way to make money out of this land, and they 21 finally came up with this, is what they could come 22 up with. Well, I call your attention also to the 23 Baldwin County Zoning Ordinance, section 19.6 for 24 changes, and it has some criteria. Vince addressed 25 them in his report, and I've addressed them here. 26 And in my opinion, they have not met a single one of 27 those criteria.

As been said, this zoning has existed since

28

1 1993. They bought the property in 1999. Nothing 2 has changed. It's still a residential area. That 3 marina is just like it's been for over 70 years. So 4 one other things in the criteria for zoning changes, 5 under subparagraph "F," it makes a very important 6 statement. "Economic considerations pertaining to 7 the applicant shall not be a consideration." So the 8 fact they want to make money out of it is not an 9 issue and not to be considered.

So I just repeat what Michael said, a
 community can be destroyed one exception at a time,
 and we ask you to please preserve the quality on our
 community in Point Clear. Thank you.

PLANNING AND ZONING COMMISSION CHAIRMAN SAM
 DAVIS: Thank you.

MR. ALLAN CHASON: Mr. Chairman, members of the Commission, I'm Allan Chason. I live on Scenic Highway 98, a short distance south from the Grand Hotel, and I'm here in opposition to this application.

District 26 where this property is situated runs along Scenic 98, a short distance away from the Bay, just a narrow corridor down the Bay from the south city limits of Fairhope at the north end to Pelican Point and Weeks Bay on the south end. So I've not measured that distance, but five or six -seven miles, something like that.

I haven't counted the number of parcels in

1 District 26, but I feel sure it's in excess of 1,000 2 parcels. Whatever number there are, my conservative 3 judgment is that more than 95 percent of them are zoned either RSF-1 or RSF-2. This is a low-density, 4 5 single-family community, unlike any other district 6 in this County. There's not another one. Maqnolia 7 Springs used to be like that, and it's a city now. 8 Orange Beach was like that one time.

9 I had an unusual experience two weeks ago. 10 I talked to Griffin Powell, who is the planner at 11 the City of Orange Beach, about a client I have 12 there who has a single-family lot, 100-foot lot on 13 the Gulf zoned single family, one of the few left. 14 He is surrounded by 14-story buildings. And he 15 finally gave in, and he said, "I want to sell mine 16 for a bunch of money."

17 Would you believe that now after some 30 18 years since Hurricane Frederick, Orange Beach has 19 now decided they made a mistake in their 20 high-density development? The traffic is swallowing 21 They allow 42 units an acre in their them. 22 high-density district. District 26 in Point Clear 23 on the other hand, 95-plus percent of it allows 24 either one or two units an acre. Those are two very 25 different communities, and we want to keep ours like 26 it is.

The County master plan that was only adopted a few years ago recognizes this fact. It recognizes

1	that Point Clear is a low-density district. The HDR
2	that is proposed here would not be one or two units
3	an acre. It would be 12 units an acre, which is
4	unprecedented in Point Clear. There is no
5	12-unit-an-acre development. And the development
6	that Commissioner Lowry mentioned is not in District
7	26. It's in the City of Fairhope, and so the
8	citizens of Fairhope will have to discuss that. We
9	do not want to turn Scenic Highway 98 into another
10	Highway 181 or even a South Section Street. We want
11	it to remain scenic.

12 I was in the Bicycle Shop last Saturday 13 I went to the hardware store, and I saw morning. 14 the Bicycle Shop and thought I'd stop in there and 15 see what they think of this. The lady at the 16 counter turned her computer around and said, "This 17 is the website that bicyclists use when they decide 18 where they're going for their races and to take a 19 Saturday morning ride." It's Speeder.com or 20 something like that. They had a bright red line on 21 Scenic 98 south of Fairhope advertising to all the 22 world that that's a great place to ride their 23 They can't ride on 181 anymore. bicvcle.

And we've had a number of -- Any day, particularly on Saturday and Sundays, you see a constant stream of bicycles up and down that street. They don't like to ride on the Eastern Shore Trail that Teko Wiseman built. For the most part, that's the pedestrians on the trail, and the bicyclists like to use the highway. And if you get behind a pack of six or eight of them, you just go slow. You find a way to get around them.

To add another 12 units of people into that environment is not good, particularly at that curve in Point Clear where the hotel had to put parking on the east side of 98 because they don't have enough parking on the west side. And now you've got pedestrian walkways across the highway for both guests and employees to go back and forth.

12 Mr. Chairman, you mentioned the size of this 13 property. There's a survey attached to the 14 application, and it's very irregular. I tried to 15 scale it, and I'm not sure about what the dimensions 16 of it. It says 1.27 acres. But the west end of it 17 is a "J." I mean, you can reach from one side to 18 the other. The widest place I see looks like they 19 might have 120-foot square right in the middle of it 20 to build something.

21 Well, now, Vince mentioned the velocity "V" 22 zone from the flood ordinance requires a 50-foot 23 setback. I think that's going to be from the south 24 side, which is against the sea wall against the 25 yacht basin. The buffering requirements of the 26 zoning ordinance require 25-foot setback where it's 27 up against single-family residential. So if it's 28 120 feet wide, they got 75 feet of setbacks. So

5

6

7

8

9

10

they've only got less than 50 feet, the way I've looked at it to build something on. And several people mentioned squeezing in a condominium. That is squeezing in a condominium.

5 Another question that you alluded to, 6 Mr. Chairman, what happens to the yacht basin? 7 Because right now, it is not undeveloped. I bought 8 fuel there last Sunday. It has a fuel dock, and it 9 has a two-story harbormaster office where they 10 monitor channel 16 on the marine radio. And those 11 uses are what's called "accessory uses" in the 12 ordinance, and they can be there as long as it's TR.

But if they rezone it to HDR residential, they can't have fuel sales. They can can't have a harbormaster's office. And the south side of the yacht basin is built up, so I don't know where those uses would go. Now, that's something for them to explain.

19 There's 36 boat slips in that yacht basin. 20 There's got to be parking for those people, and 21 there's got to be 24 or so parking spaces for the 22 new development. There's just not enough room. 23 They don't have enough parking spaces now. The 24 ordinance requires the hotel to have 1.25 spaces per 25 guest bedroom. They advertise they got 405 26 bedrooms, therefore, they've got to have 506 parking 27 spaces. They ain't got it now.

The last thing I want to say is that

28

1

2

3

1	Mr. Lawley mentioned that the justification for
2	this was that they could put a restaurant and a
3	night club, this, that, and the other, so it's
4	really no big deal to put HDR. With all due
5	respect, he's mistaken. If you read the uses, it
6	can be made in a TR, it does reference night clubs,
7	taverns, bed and breakfast, tourist home,
8	convenience stores, restaurants, and offices. But
9	those are only permitted by special exception.
10	They're not they cannot be put there as a matter
11	of right.
12	That application for a special exception, I
13	believe, would have to go to the Board of
14	Adjustments, number two, made up of local people
15	over there and I don't believe that would be

15 over there, and I don't believe that would be 16 granted. Similarly, he says that in the HDR, that 17 they can put food service, gift or novelty shop, 18 barber shop, or beauty shops. That's not right 19 Those uses can only be made if they're either. 20 accessory uses, which is defined under the 21 ordinance, to the hotel. So if they've got 22 condominiums, they wouldn't be accessory units to 23 the hotel.

24 So our point is: There's a very big 25 difference between HDR and TR, and we don't think 26 you ought to allow the change.

PLANNING AND ZONING COMMISSION CHAIRMAN SAM
 DAVIS: Thank you, sir.

1 COMMISSION MEMBER BONNIE LOWRY: Mr. Chason, 2 do you happen to know the elevation of the property? 3 MR. ALLAN CHASON: It wasn't reflected on 4 the survey. But from experience, I would say that 5 the mean high tide is maybe -- the grade elevation 6 is maybe three feet at high tide, maybe four. But 7 the water there is affected by the ebb and flow of 8 the tide. There's a sign on the channel going out 9 into the Bay that cautions boaters, that you may hit 10 bottom on low tide. 11 I mean it's -- It is definitely public water 12 that I think you definitely measure that velocity 13 "V" zone from the south side against that tidal 14 water which cuts down the usable width of this lot 15 to something less than 50 feet. 16 COMMISSION MEMBER BONNIE LOWRY: Well, the 17 reason I was asking is because you have to have 18 parking underneath whatever's built there. And of 19 course, it's two cars per bedroom that has to be 20 available. And if it's in a flood-zone area, those 21 cars are not safe and neither is anybody going to 22 them. 23 MR. ALLAN CHASON: I agree completely. 24 Thank you, Mr. Chairman. 25 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 26 DAVIS: Thank you. And I'm sorry, but the 27 representative, I forget your name. 28 MR. TIM LAWLEY: I'm Tim Lawley.

251.433.2678

1 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 2 Would you like to come back up? DAVIS: 3 MR. TIM LAWLEY: Tim Lawley with Goodwyn, 4 Mills, and Cawood. I want to thank everybody for 5 coming out tonight and all the comments. I do want 6 to address the first gentleman that spoke. Т 7 believe his name was something-Upchurch. 8 In regards to the -- He stated the reason we 9 wanted to go to HDR is because it had more generous 10 setbacks, and something to that effect. That is 11 actually the opposite. The pertinent setback in 12 that area would be the side setback, which would be 13 the north setback. The TR district allows a 20-foot 14 setback. HDR actually allows a 25-foot setback, so it does actually increase the setback on that north 15 16 property line to go from TR to HDR. 17 Really, well, there's a lot of information 18 out there. And I think at this time, we would like 19 to maybe table this application and give us some 20 more time to respond to some of these comments and 21 provide some more information to the County, if the 22 Planning Commission would find that appropriate? 23 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 24 DAVIS: All right. Thank you. I think our attorney 25 wants to make a statement as well. 26 MR. TIM LAWLEY: Okay. Thank you. 27 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 28 DAVIS: Thank you.

1	COUNTY ATTORNEY DAVID CONNER: Are you
2	wanting to table it indefinitely, or are you asking
3	that it be tabled to the next meeting? What are you
4	asking for?
5	MR. TIM LAWLEY: Tabled to the next meeting.
6	COUNTY ATTORNEY DAVID CONNER: That's
7	certainly within the Planning Commission's
8	prerogative to do that. There are several issues
9	that I think y'all need to address, some that have
10	not been spoken here tonight
11	MR. TIM LAWLEY: Okay.
12	COUNTY ATTORNEY DAVID CONNER: as it
13	relates to that. And also we have I think that's
14	a good idea, because we have an unusual situation to
15	where we have only three members that can vote out
16	of nine, and one of them votes if there's a tie.
17	And so on such a decision that I think of the
18	magnitude of this, I think it would be prudent to
19	have more eyes and ears looking at this.
20	And so what I would recommend as part of
21	that is to not only to table the action, but also to
22	if there's no one else to speak and you
23	haven't asked that question yet, if there's anybody
24	to speak would be to recess the public hearing
25	and to reconvene at that hearing with the completed
26	information that you have. And that way you can
27	reopen the public hearing, give anybody else a
28	chance to speak if they need to, and hopefully we'd

1 have more people here. 2 Now, I'm not saying that it would be illegal 3 here if a vote was taken, but it's just an odd 4 scenario to have this few people in this 5 circumstance voting on something that is that 6 important to that community. 7 So I like your idea of tabling. I would 8 recommend that. But I also recommend that once the 9 public hearing is done tonight, that you just recess 10 the public hearing to that next meeting and then 11 reopen it to allow additional people to speak. 12 PLANNING AND ZONING COMMISSION CHAIRMAN SAM 13 Don't we have two things going on? If the DAVIS: 14 applicant is asking to table it, that would be 15 basically withdrawing this, wouldn't it? So --16 COUNTY ATTORNEY DAVID CONNER: No, it's not 17 withdrawing it. He's just asking for you to take 18 the action -- or postpone the action, is probably 19 the better word -- to postpone the action to the 20 next meeting or table it to the next meeting. It 21 will come up at the next meeting for consideration. 22 And the reason that I add about the recess 23 in there is that if you close the public hearing 24 tonight, you can always open it back up. But if 25 something was to change, it might be a notice 26 questions. So if you recess this meeting and you 27 reconvene it and there's no notice requirements, 28 everybody here has knowledge as well as the public,

1	and then it will come up on the agenda as well.
2	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
3	DAVIS: So we'd have to recess the public hearing
4	before we ask for the motion to table?
5	COUNTY ATTORNEY DAVID CONNER: Right.
6	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
7	DAVIS: Okay.
8	COUNTY ATTORNEY DAVID CONNER: Right; recess
9	and reconvene.
10	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
11	DAVIS: Thank you.
12	MR. TIM LAWLEY: All right. Thank you.
13	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
14	DAVIS: Okay. We will recess the public hearing at
15	this point to be reopened at the next meeting.
16	Applicant has asked to table. Is there a motion to
17	do so?
18	COMMISSION MEMBER KEVIN MURPHY: I make a
19	motion to accept this.
20	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
21	DAVIS: Okay. There's a motion to table this until
22	the next meeting. Is there a second?
23	COMMISSION MEMBER BONNIE LOWRY: Second.
24	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
25	DAVIS: Okay. There's a second. All in favor, say
26	"aye."

28	PLANNING AND ZONING COMMISSION CHAIRMAN SAM

1	DAVIS: Motion to table passed.

3	9 - PUBLIC COMMENT
4	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
5	DAVIS: That concludes the meeting for tonight.
6	With the exception of any public comment?
7	MR. VINCE JACKSON: I don't believe there's
8	any additional public comment, Mr. Chairman.
9	
10	10 - OLD BUSINESS
11	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
12	DAVIS: Any old business?

18	PLANNING AND ZONING COMMISSION CHAIRMAN SAM

23	
24	12-A - STAFF REPORTS
25	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
26	DAVIS: Any other staff reports?
27	MR. VINCE JACKSON: I just wanted to
28	mention, and you mentioned this earlier in the

3	District Two nominee, and we do have some potential
4	nominees from that that we will present to

7	12-B - LEGAL COUNSEL REPORT
8	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
9	DAVIS: Great. Is there a legal counsel report?
10	COUNTY ATTORNEY DAVID CONNER: No report.
11	PLANNING AND ZONING COMMISSION CHAIRMAN SAM
12	DAVIS: All right. Bonnie, you had a question?
13	COMMISSION MEMBER BONNIE LOWRY: It was a
14	question about the property. What was the zoning
15	before TR? Can you find that, or do you know?
16	MR. VINCE JACKSON: I don't know right
17	offhand. When zoning was first adopted, each zoned
18	planning district had its own ordinance. That way
19	and the planning and zoning for District 26 was
20	adopted in 1993. I'm not 100 percent sure that the
21	district was called TR at that time. There have
22	been some changes.
23	We consolidated those original ordinances
24	into one ordinance in 1999, and then there have been
25	other changes, new designations, consolidated
26	designations, changes in nomenclature, and that type
27	of thing. But I will check. I do have a copy of
28	that old ordinance, and I will check to see what

1 that designation --2 COMMISSION MEMBER BONNIE LOWRY: Thank you. 3 I was just wondering if it was single family. MR. VINCE JACKSON: I don't think it was 4 5 single family.
