ITEM TITLE

State Expenditure Plan #13: Longevity, Stability and Water Quality Improvements, Bon Secour Dredge Material Disposal Area - Permission to Advertise

STAFF RECOMMENDATION

Take the following actions:

- 1) Authorize the Purchasing Director to advertise a competitive bid for State Expenditure Plan #13: Longevity, Stability and Water Quality Improvements, Bon Secour Dredge Material Disposal Area (DMDA) once the agreement, plans, and specifications are finalized; and
- 2) Authorize the Chairman to execute any project related documents.

BACKGROUND INFORMATION

Previous Commission action/date:

December 19, 2017 -

The Commission authorized the Highway Department to submit a grant application for the following projects:

New Stream-Gaging Station on Fish River at County Road 32
Lillian Park Beach Habitat and Shoreline Protection

Longevity, Stability & Water Quality Improvements, Bon Secour Dredge Material Disposal Area (DMDA)

And authorized the Chairman to execute any project related documents.

Background:

Baldwin County has been awarded funding under the Resources and Ecosystem Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (“RESTORE”) for implementation of the RESTORE Act Spill Impact project titled “State Expenditure Plan #13: Longevity, Stability and Water Quality Improvements, Bon Secour (DMDA)”. The purpose of this project is to construct a structurally sound weir, replacing the existing weir structure, at the Bon Secour Dredge Material Disposal Area.

The Subaward Grant Agreement for this project is also on the January 5, 2021 Commission meeting agenda.

FINANCIAL IMPACT

Total cost of recommendation: Baldwin County has been awarded \$276,644.00 in Grant Funding.

Budget line item(s) to be used: 205416.5150

If this is not a budgeted expenditure, does the recommendation create a need for funding?
