BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: On April 9, 2020, the Baldwin County Highway Department approved the Final and “As-Built” construction plans for Magnolia Shores, Phase One (County Case No. S-14013) located in Foley. The required improvements have been inspected and are in accordance with the Subdivision Regulations.

The Baldwin County Subdivision Regulations, Article §7.42 - Maintenance Surety Document, requires the following:

a) Acceptance of Maintenance Surety Document. The surety document must first be reviewed by the County Engineer and Chief Legal Counsel, and then accepted and approved by the County Commission;

b) Value of Maintenance Surety Document. The maintenance surety shall be of an amount equal to or greater than 40 percent of the cost (*Itemized Engineer’s Cost Estimate*) of the full construction of the required roadway and drainage improvements within the public rights-of-way, including but not limited to grading, paving of the streets, and installation of stormwater structures. When the County Engineer identifies potential problems, conditions or reasons for further protection of the County and public funds a greater amount may be required by the County Engineer;

c) Term of Maintenance Surety Document. A maintenance surety document must state that it is “valid for a period of time” as prescribed in the *Subdivision Roadway and Drainage Improvement Acceptance Agreement*. A twenty-four (24) month warranty period will begin to run upon the occurrence of both of the following (a) the County Commission votes in the affirmative to accept for maintenance the roadway and drainage improvements, within the public rights-of-way; and (b) the maintenance surety document in acceptable form is delivered to the Baldwin County Commission.

Notwithstanding the above requirements, this warranty period shall be automatically extended in the event that an invoice has been sent to the Owner and the time of the subject invoice conflicts with, of the necessary repairs extend beyond, the final date of the twenty-four (24) month warranty period. In such event, said maintenance surety document shall remain in full effect until the Baldwin County Commission releases said surety document following the fulfillment of all obligations to the Baldwin County Commission as required by the *Subdivision Roadway and Drainage Improvement Acceptance Agreement*.

The value and terms of the surety have been reviewed by Highway Department Staff and are consistent with the requirements of the *Baldwin County Subdivision Regulations* (See attached Cost Estimate).
