BACKGROUND ON ACT NO. 90-449:

In 1990, Act No. 90-449 was adopted by the Alabama Legislature as a Local Act calling for a referendum election on the question of whether or not the qualified voters of Baldwin County desired to levy upon themselves a 1 ½ mill tax on all property for the specific use by the fire departments in the county. The referendum election was held on June 26, 1990, whereby the qualified voters of the county voted in the majority to install the "fire tax."

Act No. 90-449, specifically sets forth certain requirements of which one remains what the revenue can be spent for by each fire department.

Act No, 90-449, specifically at Section 3, states that revenue derived from the fire tax may be used for the following purposes:

"Section 3. (a) Fire departments which participate in the distribution of tax proceeds shall expend such funds only for the acquisition of fire trucks fire stations, fire equipment, communications, fire training, fire vehicle and station insurance, oil, gas, hydrants, utilities, and vehicle or station repair. Such funds shall not be used to pay salaries, purchase food or drink, or to hold fund raising projects.

"(b) Any exceptions to the above appending guidelines must be approved by the Baldwin County Fire Chiefs' Association and the Baldwin County Commission."
