BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: Baldwin County Sewer Service, LLC desires to install a 2-inch sewer force main on the west/south side of Ferry Road right-of-way from the intersection of Ferry Road and Keeney Drive, southward then eastward approximately 850 linear feet. A 1.5-inch service will also be installed at

16200 Ferry Road. (The Baldwin County Utility Permit Guidelines shall be utilized in pursuit of the attached Utility Permit #21119-S. Any damage to private property or County right-of-way shall be repaired to the previous state or improved as required by Baldwin County. Appropriate erosion and sediment control practices shall be utilized, and no clearing shall take place.)

The adjacent property owner previously received approval from the Baldwin County Planning and Zoning Department to use this unmaintained County right-of-way for ingress/egress in conjunction with an exempt family subdivision in 2019. Any future work along the right-of-way would require a License Agreement from the County.
