Submitted by: Ashley Campbell, Natural Resource Planner

ITEM TITLE

University of Alabama - NOAA National Integrated Drought Information Service Grant Proposal - Letter of Support

STAFF RECOMMENDATION

Approve and authorize Chairman to execute a Letter of Support for the University of Alabama's NOAA National Integrated Drought Information Service Grant Proposal entitled "An Ecological Drought Forecasting Framework for Headwater Wetlands of the Southeast US Coastal Plain."

BACKGROUND INFORMATION

Previous Commission action/date: N/A

Background: The Environmental Advisory Committee received a request from the University of Alabama for a letter of support for Dr. Hamid Moradkhani's NOAA National Integrated Drought Information Service Grant Proposal, entitled "An Ecological Drought Forecasting Framework for Headwater Wetlands of the Southeast US Coastal Plain."

On November 2, 2021, the EAC discussed the request and determined that the planning and evaluation tools could be valuable to local natural resource planners. The EAC unanimously voted to support the University of Alabama's grant application and is asking the Commission to approve and execute the letter of support.

FINANCIAL IMPACT

Total cost of recommendation: N/A

Budget line item(s) to be used: N/A

If this is not a budgeted expenditure, does the recommendation create a need for funding?
N/A
