ITEM TITLE

Request for Proposals (RFP) for Hazardous Waste Cleanup Services for the Baldwin County Commission

STAFF RECOMMENDATION

Award the Request for Proposals (RFP) for Hazardous Waste Cleanup Services to **PPM Consultants, Inc.**, and authorize the Chairman to execute the Contract for thirty-six (36) months. (Contract effective upon full execution.)

BACKGROUND INFORMATION

Previous Commission action/date:

04/19/2022: Authorized the Purchasing Director to solicit a Request for Proposals (RFP) for Hazardous Waste Cleanup Services for a three (3) year period for the Baldwin County Commission.

Background: The Request for Proposals were received in the Purchasing Office on May 25, 2022, at 2:30 p.m. Three (3) vendors submitted a proposal and after review by Wanda Gautney, Danon Smith, and Tom Tyler, PPM Consultants, Inc., was selected. The RFPs were tabulated on qualifications, completeness of proposal, and cost submitted. The committee feels PPM Consultants, Inc., met the requirements as put forth in our Request for Proposals. The Hazardous Waste Cleanup Services will be for a three (3) year period. Baldwin County is required to have a Spill Prevention Control and Counter Measures Plan (SPCC Plan) in accordance with the Environmental Protection

Agency (EPA) guidelines for all County backyard fueling sites. The SPCC Plan requires that you list a qualified company to perform the cleanup for any spills that may occur from County owned and operated fueling equipment. In order for the County to be eligible to participate in the Alabama Underground and Aboveground Storage Tank Trust Fund, the County has to have a Spill Prevention Plan in place for all fuel sites located on County property. PPM Rate Schedule is attached for review.
