BACKGROUND INFORMATION

Background: The Christmas Tree Recycling Program is an annual activity conducted by the Baldwin County Commission's Solid Waste Department which allows the citizens of Baldwin County to dispose of Christmas trees at no charge. Citizens are asked to utilize the locations listed in the staff recommendation to dispose of Christmas trees and refrain from placing their discarded Christmas trees along the roadsides with their household garbage. Christmas trees that are collected not only conserve valuable landfill space but also contribute material to the compost program. Compost created from vegetative materials is available for sale to the citizens of Baldwin County for \$25.00 per ton.
