ITEM TITLE

Appropriation of Public Funds

STAFF RECOMMENDATION

Approve the following changes to the process of appropriating public funds:

1) For the Fiscal Year 2020 Budget Process and forward, approve changes to the appropriation agreements using the following schedule. Instead of the agreements requiring a written report of activities for the appropriation period for all appropriations, regardless of the amount of funding requested, use the following schedule:

\$5,000 or less - written report of activities for the appropriation period.

\$20,000 or less - written report of activities for the appropriation period and an annual report that includes the appropriation period.

\$20,001 or more - written report of activities for the appropriation period, an annual report that includes the appropriation period, and a copy of the most recent audited financial statements (must not be older than 2 years prior to the appropriation period).

2) For Fiscal Year 2021 forward, approve the creation of an online grant management system with application guidelines TBD at a later date. Additionally, for Fiscal Year 2021 forward, the appropriation agreements will utilize the same or a similar schedule that is being used for Fiscal Year 2020, but final details will be provided in the online grant management system.
