Background:

On January 11, 2019, Baldwin County was approved for the 2019 High Risk Rural Roads Program for Unshielded Bridge Ends (Project No. 02-064-18). There were three (3) bridge locations that met the requirements under the program. The Project estimate is \$184,870.00 with 90% (\$166,383.00) being reimbursed through the program and the remaining 10% (\$18,487.00) coming from County matching funds.

On September 27, 2019, bids were opened by the Alabama Department of Transportation. The low bid received was \$205,895.95. Due to limited funding in the High Risk Rural Roads Program, the additional funding needed (\$84,183.50) will be deducted from Baldwin County's Federal Aid Balance (\$67,346.80) and the remaining 20% match provided by Baldwin County (\$16,836.70).

Baldwin County's total matching funds required for the project is now \$35,323.70 which includes funds approved during the regular meeting on March 19, 2019.
