Legislation Text

File #: 21-0979, **Version:** 1

Meeting Type: BCC Regular Meeting

Meeting Date: 6/15/2021

Item Status: Addendum

From: Joey Nunnally, County Engineer; Brian Peacock, CIS Director

Submitted by: Brian Peacock, CIS Director

ITEM TITLE

Tyler Technologies - Purchase of Asset Performance Module

STAFF RECOMMENDATION

Approve and authorize the Chairman to execute all documents related to the Tyler Technologies sales quotation for the Asset Performance Module in the amount of \$39,480.00 and an estimated travel expense of \$1,370.00.

BACKGROUND INFORMATION

Previous Commission action/date: 06/04/2019

Background: At its regularly scheduled meeting on June 4, 2019, the Commission approved and authorized the Chairman to sign all documents related to the purchase and installation of Tyler Technologies software and related services through a Sourcewell contract, formerly known as National Joint Powers Alliance, for the amount of \$1,140,220.00 with an additional estimated travel cost of \$97,270.00. Invoicing for all fees are set forth in the Investment Summary per Tyler Technologies' Invoicing and Payment Policy attached in the License and Services Agreement. (Agreement was effective June 11, 2019.)

As the third phase of project implementation began, it was determined by the County Highway Department that the optional Asset Performance module would be beneficial to enhance the Tyler Technologies EAM solution. This module will provide analytics, reporting, and asset lifecycle management. This additional tool will help manage priorities, budgets, and services levels related to assets.

FINANCIAL IMPACT

Total cost of recommendation:

Asset Performance module:

Total Tyler Software and Services	\$39,480.00
-----------------------------------	-------------

Estimated Travel Expense	\$1,370.00
