Background: The Baldwin County Commission consented to accept Phase I and II Grants in the amount of \$5,000.00 each from the Gulf Coast Resource Conservation & Development Council (GCRC&D) to expand the Baldwin County Historic Driving Tour and Walking Tour App to encompass

other areas of Baldwin County to include South and Central Baldwin County and authorized the Chairman to execute the Cooperative Agreement between the GCRC&D and the Baldwin County Commission and any other documents related to the grant.

Staff continues to work to develop the Historic Driving and Walking Tour App for historic sites in Baldwin County for educational outreach as well as economic development and tourism. The app is marketed to visitors looking for a day trip to explore the County's history and culture and is promoted as an educational opportunity for residents and students looking to better understand the significant historic sites of Baldwin County. This app addresses all three of the GCRC&D focus areas. As an educational program for students and residents, the app allows for self-guided learning to accommodate a variety of educational and physical capabilities. Baldwin County's history is rich in agriculture and natural resources. This app offers the ability to gain a deeper understanding of how the county's agriculture and forestry industries have progressed through time. The goal is to teach users to appreciate and better care for the natural resources available in Baldwin County.

The grant amount is \$5,000.00 and staff requested the Commission to allocate \$15,000.00 toward the third phase of the project in FY2021-2022.
